Education/Employment Experience

General Engineering Contractor, Private and commercial pilot with Instrument Rating, Single Engine Land, Single Engine Sea, Multiengine Land

Community Experience and Affiliations

I perform public works projects, in which I have constant interaction with the community. I have lived in Nevada County for over 50 years and a private pilot at the Nevada County Airport for 24 years. I have been a long-time supporter of the Nevada County Air Show and support our local community by contributing to fundraisers and attending community events.

Other Experience

I have been a private pilot for 24 years. I have visited many airports around the country, allowing me first-hand experience in seeing how other airports operate both effectively and ineffectively. I have also done extensive work on other airport facilities, such as Sacramento International, Eagles Nest, and Truckee Tahoe Airport. I believe this experience will allow me insight into helping our county ensure the vitality, growth, and effective operation of the airport for the benefit of the community.
