NEVADA COUNTY BOARD OF SUPERVISORS
Board Agenda Memo

MEETING DATE: October 11, 2022

TO: Board of Supervisors

FROM: **Phebe Bell**

SUBJECT: Resolution approving execution of Amendment No. 1 to the Contract with California Psychiatric Transitions, Inc. for Mental Health Rehabilitation Center (MHRC) / Institute for Mental Disease (IMD) Services for Mentally Disordered persons to increase the contract price from \$213,900 to \$222,700 (an increase of \$8,800) and amend Exhibit "B" Schedule of Charges and Payments to reflect the increase in the maximum contract price for the contract term of July 1, 2021, through June 30, 2022. (RES 21-221)

RECOMMENDATION: Approve the attached Resolution.

FUNDING: These services are mandated. The contract is supported by Behavioral Health's 2011 Realignment funds for Managed Care, Medi-Cal Reimbursement, and 1991 Realignment as needed for referred uninsured indigent clients. There are no county general funds required.

BACKGROUND:

On June 15, 2021 per Resolution 21-221, the Nevada County executed a contract with California Psychiatric Transitions, Inc. for Mental Health Rehabilitation Center (MHRC) / Institute for Mental Disease (IMD) Services for Mentally Disordered persons. Under this Agreement, California Psychiatric Transitions (CPT) is a fully licensed Mental Health Rehabilitation Center. CPT offers inpatient psychiatric treatment and rehabilitation services to seriously mentally ill adults over the age of eighteen. With two on-site psychiatrists and a medical doctor along with a 24-hour nursing staff, CPT has the ability to render constant and immediate attention.

Contractor's Main Program is dedicated to addressing specific psychiatric needs of the mental health community as well as developing self-reliant individuals with good communication and social skills. CPT employs a highly structured daily program that allows both developmental growth and self-reliance.

Contractor's Disruptive Behavioral Unit Program provides individuals an intensive therapeutic program that will focus directly on disruptive behaviors. This highly structured program creates an atmosphere that minimizes distraction and focuses on recovery.

Contractor's Diversion Program is designed to serve court ordered diversion and Incompetent to Stand Trial- Penal Code 1370 (IST 1370) individuals. The program goal is to use a structured daily program to allow for competency restoration and diversionary programs. By treating these individuals, Contractor can assess whether or not an individual is competent to stand trial or is in need of further psychiatric evaluation and treatment.

It is recommended that the Board approve this Amendment to allow for payment of placement for Behavioral Health's most difficult cases to receive these critical services. The exact amount was not known until receipt of the final invoice for FY 21/22 which we now have.

Item Initiated and Approved by: Phebe Bell, MSW, Behavioral Health Director
