NEVADA COUNTY BOARD OF SUPERVISORS
Board Agenda Memo

MEETING DATE: September 24, 2019
TO: Board of Supervisors
FROM: David A. Garcia, Jr., Solid Waste Program Manager
SUBJECT: **Resolution to Award the Contract for the 2019 McCourtney Road Landfill Leachate Management Improvements to Deschaine Enterprises, Inc., for a total amount not to exceed \$429,000 and approving a Budget Amendment (4/5 Affirmative Vote Required).**

RECOMMENDATION: Approve the attached Resolution

FUNDING: This contract impacts the Fiscal Year 2019/20 Solid Waste Western Budgets. There is no impact to the General Fund. A budget amendment is included for consideration.

BACKGROUND: On June 25, 2019, the Nevada County Board of Supervisors adopted Resolution No. 19-341 that approved the plans, specifications and cost estimate for the subject project and instructed the Nevada County Purchasing Division to advertise for bids. The bid was advertised in accordance with the Public Contract Code and posted on the County's ePurchasing website. Bid notifications were emailed to nine hundred sixty-four firms. Forty-six firms accessed the documents, and formal responses were received from five firms.

The bids were opened on August 8, 2019, and are listed below:

	Bidder	Bid
1.	Edward T. Navickis	\$347,900.00
2.	Deschaine Enterprises, Inc.	\$390,000.00
3.	Innovative Construction Solutions	\$459,800.00
4.	Blue Flame Crew West LLC	\$471,100.00
5.	SCS Field Services	\$533,600.00
	Engineer's Estimate	\$299,000.00

The low bidder has been deemed non-responsive due to the Notary not signing the bid bond as required. No bid protests were received. It is recommended that the contract be awarded to the 2nd low bidder, Deschaine Enterprises, Inc. at the bid price of \$390,000.00, plus a 10% contingency of \$39,000.00, for a total of \$429,000.00.

The proposed project consists of procuring and installing four, 15,000-gallon polyethylene aboveground storage tanks, construction of new tank pad, and procurement and installation of a new backup leachate transfer pump. Work is scheduled to begin in October of 2019, and be completed within 120 working days, as allowed for in the contract.

Item Initiated by: David A. Garcia, Jr., Solid Waste Program Manager
