

9-21-19

Dear Supervisor Heidi Hall,

As a resident of Nevada County, I am honored to express my support for the Nisenan people of the Nevada City Rancheria in their quest to restore their status as a federally-recognized Native American "Indian" Tribe. As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

Mr. Anje Waters

Dear Heidi Hall

Dear Senator Harris,

As your constituent, I support the efforts of the Nevada City Rancheria Nisenan Tribe to restore the status of their community as a federally recognized Indian Tribe and to reverse the federal government's termination of the Nevada City Rancheria in 1964. As you may know, the United States promoted a federal policy of "Indian termination" in the mid 1900s. Congress passed several laws, including the California Rancheria Termination Act of 1958, focused on terminating Rancherias and removing their statuses as federally recognized Native American Tribes. In the 1970s these terminations were deemed illegal and over 30 Tribes have since been restored, through either litigation or legislation. In 2010, Nevada City Rancheria took the federal government to court, but lost their case due to the six year Statute of Limitations. While the courts are bound by the Statute of Limitations, Congress is not. And as a terminated Tribe, legislation is the only recourse. Because the Nevada City Rancheria remains in a state of termination, they now rely on you to put forth legislation to restore their status as a federally recognized Tribe. It is only through the restoration of their Tribal sovereignty and self-determination that the Nisenan can rightfully protect and preserve their culture for future generations. Please prioritize righting this injustice.

Sincerely,

Jerry Price

As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

Dear Heidi Hall,

As a resident of Nevada County, I am honored to express my support for the Nisenan people of the Nevada City Rancheria in their quest to restore their status as a federally-recognized Native American "Indian" Tribe. As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. November 5, 2018

Dear Ms. Hall,

As a resident of Nevada County, I stand with my neighbors to express my support for the Nisenan people of the Nevada City Rancheria in their quest to restore their status as a federally-recognized Native American "Indian" Tribe. As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As I'm sure you know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. - Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr, Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition. Your action can help get the job done.

I understand a resolution in Nevada County in support of Nisenan goals can be instrumental in the process of introducing a bill in Congress. I ask for your support to act as the Board of Supervisors of Sonoma County did in August 2018 when they unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to work with the rest of the Board to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your service and consideration of my request.

Sincerely,

Alexa Hauser
506 Redbud Way
Nevada City, CA 95959

Dear Heidi Hall

But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

Carl R. Hall
CARL R. HALL

DEAR HEIDI HALL

As a resident of Nevada County, I am honored to express my support for the Nisenan people of the Nevada City Rancheria in their quest to restore their status as a federally-recognized Native American "Indian" Tribe. As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Dear Heidi Hall

As a resident of Nevada County, I am honored to express my support for the Nisenan people of the Nevada City Rancheria in their quest to restore their status as a federally-recognized Native American "Indian" Tribe. As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

Sincerely,

Miles Baker 

15092 Manzanita Diggins Dr, N C, CA 95959

Dear Heidi Hall,

As a resident of Nevada County, I am honored to express my support for the Nisenan people of the Nevada City Rancheria in their quest to restore their status as a federally-recognized Native American "Indian" Tribe. As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

As a resident of Nevada County, I am honored to express my support for the Nisenan people of the Nevada City Rancheria in their quest to restore their status as a federally-recognized Native American "Indian" Tribe. As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

District 1

Heidi Hall,

As a resident of Nevada County, I am honored to express my support for the Nisenan people of the Nevada City Rancheria in their quest to restore their status as a federally-recognized Native American "Indian" Tribe. As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As a resident of Nevada County, I am honored to express my support for the Nisenan people of the Nevada City Rancheria in their quest to restore their status as a federally-recognized Native American "Indian" Tribe. As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

Sincerely,

Annie Anderson

As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

Dear Heidi Hall

As a resident of Nevada County, I am honored to express my support for the Nisenan people of the Nevada City Rancheria in their quest to restore their status as a federally-recognized Native American "Indian" Tribe. As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. Dear Supervisor Hall,

As an important organization that serves Nevada County, we are happy to express our support for the Nisenan people of the Nevada City Rancheria in their quest to restore their status as a federally-recognized Native American "Indian" Tribe. As part of our community fabric, our organization asks that you prioritize public expression of our community's support for their efforts.

The Nevada City Rancheria Nisenan were the only Natives with a federally-recognized reservation within Nevada County. In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

We understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. Therefore, we ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria with legislation.(H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

We urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

Ms Heidi Hall

As a resident of Nevada County, I am honored to express my support for the Nisenan people of the Nevada City Rancheria in their quest to restore their status as a federally-recognized Native American "Indian" Tribe. As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias: The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

Dear Supervisor Hall,

As a resident of Nevada County, I am honored to express my support for the Nisenan people of the Nevada City Rancheria in their quest to restore their status as a federally-recognized Native American "Indian" Tribe. As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

Karen Clark

Dear Heidi Hall,

As a resident of Nevada County, I am honored to express my support for the Nisenan people of the Nevada City Rancheria in their quest to restore their status as a federally-recognized Native American "Indian" Tribe. As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

Dear Heidi Hall,

As an important organization that serves Nevada County, we are happy to express our support for the Nisenan people of the Nevada City Rancheria in their quest to restore their status as a federally-recognized Native American "Indian" Tribe. As part of our community fabric, our organization asks that you prioritize public expression of our community's support for their efforts.

The Nevada City Rancheria Nisenan were the only Natives with a federally-recognized reservation within Nevada County. In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

We understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. Therefore, we ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria with legislation.(H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

We urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

Sincerely,

Lise Gaffney

Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

Sincerely,
Alexa Hauser

Supervisor Heidi Hall
Nevada County Board of Supervisors
950 Maidu Ave
Nevada City, CA 95959

Dear Ms. Hall,

As residents of Nevada County, we are honored to express our support for the Nevada City Rancheria Nisenan Tribe in their quest to regain their status as a federally recognized Native American "Indian" Tribe. As your constituents, we ask that you prioritize public expression of community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County.

Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter, Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended and the majority of California Rancherias have now been restored." The Nisenan are amongst those still working to regain their federal recognition.

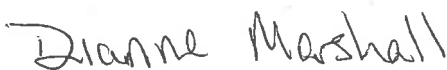

We understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in Congress. We ask your support just as in August, 2018, the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria which is seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 201 (H.R. 597).

Our local Tribe needs local government support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, we urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria.

Thank you for your time and consideration

Sincerely,

Dianne Marshall

and

Lawren Giles

As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.

I understand a resolution in Nevada County in support of Nisenan goals is instrumental in the process of introducing a bill in congress. I ask for your support just as in August 2018 the Board of Supervisors of Sonoma County unanimously supported the Lytton Rancheria, which is currently seeking to regain a home on their original territory through the Lytton Rancheria Homelands Act of 2017 (H.R. 597). Our local tribe needs local governmental support. If the tribe is able to flourish, it will benefit the community at large.

As your constituent, I urge you to quickly pass a resolution codifying community support of the federal recognition restoration efforts of the Nisenan people of the Nevada City Rancheria. Thank you for your time and consideration.

As a resident of Nevada County, I am honored to express my support for the Nisenan people of the Nevada City Rancheria in their quest to restore their status as a federally-recognized Native American "Indian" Tribe. As your constituent, I ask that you prioritize public expression of our community's support for their efforts.

As you may know, Native American reservations in California are known as Rancherias. The Nisenan were the only Natives with a federally-recognized Rancheria reservation within Nevada County. Please note that sometimes people mistakenly say the Nisenan were the only Tribe with territory in Nevada County, but the Washoe had some territory on the Eastern edge of the county near the state border.

In the 1950's and 1960's, more than 40 California Rancherias were illegally terminated. Since the 1980's, there has been a continual effort to rectify these terminations. As Jack Potter Jr., Chairperson of the Redding Rancheria, said, "The tragic and disgraceful era of federal termination of Indian Tribes has ended, and the majority of California Rancherias have now been restored." But the Nisenan are amongst those still working to regain their federal recognition.
