

**FEDERAL FISCAL YEAR 2015 CERTIFICATIONS AND ASSURANCES FOR
FEDERAL TRANSIT ADMINISTRATION ASSISTANCE PROGRAMS
CALIFORNIA DEPARTMENT OF TRANSPORTATION
DIVISION OF RAIL AND MASS TRANSPORTATION**

PREFACE

In accordance with 49 U.S.C. 5323(n), the following certifications and assurances have been compiled for the Federal Transit Administration (FTA) assistance programs. FTA requests each Subrecipient of the California Department of Transportation (Department) to provide as many certifications and assurances as needed for all programs for which the Subrecipient intends to seek FTA assistance during Federal Fiscal Year (FY) 2015. Before the FTA may award Federal transit assistance (funding or funds) to support a project, the Subrecipient must provide certain certifications and assurances required by Federal law or regulation.

The Department has consolidated the FTA certifications and assurances into 16 groups. At a minimum, the Subrecipient must provide the assurances in Group 01. If the Subrecipient requests more than \$100,000, the Subrecipient must also provide the Lobbying certification in Group 02, unless the Subrecipient is an Indian tribe or organization or a tribal organization. Depending on the nature of the Subrecipient and its Project, the Subrecipient may need to provide some of the certifications and assurances in Groups 03 through 16. However, instead of selecting individual groups of certifications and assurances, the Subrecipient may make a single selection that will encompass all sixteen (16) groups of certifications and assurances applicable to all FTA programs. FTA and the Department understand and agree that not every provision of these certifications and assurances will apply to every Subrecipient or every project FTA funds. The type of project and Subrecipient will determine which certifications and assurances apply.

The Subrecipient also understands and agrees that these Certifications and Assurances are pre-award requirements, generally required by Federal law or regulation, and do not include all Federal requirements that may apply to the Subrecipient or its Project. Our FTA Master Agreement MA(21) for Federal FY 2015, <http://www.fta.dot.gov/documents/21-Master.pdf>, contains a list of most of those requirements.

The Subrecipient is ultimately responsible for compliance with the Certifications and Assurances that apply to itself or its Project, even if a Third Party Contractor may be involved in the Subrecipient's Project, except as FTA determines otherwise in writing. For this reason, we strongly encourage the Subrecipient to take appropriate measures, including, but not limited to, obtaining sufficient documentation from each Third Party Contractor to assure the validity of applicable Certifications and Assurances selected.

The Subrecipient understands and agrees that when it applies for funding on behalf of a consortium, joint venture, partnership, or team, it must identify the activities each member will perform and the extent to which each member of that consortium, joint venture, partnership, or team will be responsible for compliance with the Certifications and Assurances it selects, except as FTA determines otherwise in writing.

These Certifications and Assurances have been prepared in light of:

- *FTA's latest authorization legislation, Moving Ahead for Progress in the 21st Century Act (MAP-21), Pub. L. 112-141, June 6, 2012,*
- *FTA's authorizing legislation in effect in FY 2012 or a previous fiscal year, except as superseded by MAP-21 cross-cutting requirements that apply,*
- *The Highway and Transportation Funding Act of 2014, Pub. L. 113-159, August 8, 2014, and*
- *Continuing Appropriations Resolution, 2015, Pub. L. 113-164, September 19, 2014 and other Appropriations Acts or Continuing Resolutions funding the Department of Transportation during Fiscal Year 2015.*

With certain exceptions, projects financed in FY 2015 with funds appropriated or made available or appropriated for FY 2012 or a previous fiscal year must be in compliance with the requirements for that type of project in effect during the fiscal year for which the funding was derived, except as superseded by MAP-21 cross-cutting requirements that apply.

GROUP 01. REQUIRED CERTIFICATIONS AND ASSURANCES FOR EACH SUBRECIPIENT.

The Subrecipient must select the Certifications and Assurances in Group 01 except as FTA determines otherwise in writing.

The Subrecipient is ultimately responsible for compliance with the Certifications and Assurances that apply to itself or its Project, even if a Third Party Contractor may be involved in the Subrecipient's Project, except as FTA determines otherwise in writing. For this reason, we strongly encourage the Subrecipient to take appropriate measures, including, but not limited to, obtaining sufficient documentation from each Third Party Contractor to assure the validity of applicable Certifications and Assurances selected the Subrecipient.

Except as FTA determines otherwise in writing, before FTA may provide funding for the Subrecipient's Project, the Subrecipient must select the Certifications and Assurances in Group 01. Any provision of the Certifications and Assurances in Group 01 that does not apply will not be enforced.

Except as FTA determines otherwise in writing, the Subrecipient must select the Certifications in Group 13 if the Subrecipient seeks financing for its:

Attorney for Subrecipient

Each Subrecipient for FTA funding and each FTA Grantee with an active Capital or Formula Project must provide an Affirmation of Subrecipient's Attorney pertaining to the Subrecipient's legal capacity. The Subrecipient may enter its signature in lieu of the Attorney's signature, provided the Subrecipient has on file this Affirmation, signed by the attorney and dated this Federal fiscal year.
