EXHIBIT C
MCRP POLICY & PROCEDURE MANUAL

Butte County Probation Department

Male Community Reentry Program Policy & Procedure Manual

October 2016

1. **PURPOSE:**

- A. The purpose of this document is to establish a written policy and procedure manual for the Butte County Male Community Reentry Program (MCRP).

2. **BACKGROUND:**

- A. The MCRP is a collaborative effort between the California Department of Corrections and Rehabilitation (CDCR), Division of Rehabilitative Programs (DRP) and the Butte County Probation Department (Probation). The MCRP provides and/or arranges linkage to a range of community-based rehabilitative services that assist with substance use disorders, mental health care, medical care, employment, education, housing, family reunification, and social support. The MCRP is designed to help felony offenders successfully reintegrate into the community from prison and reduce recidivism.
- B. The MCRP allows eligible inmates (participants) committed to State prison to serve the end of their sentences at a Department of Health Care Services licensed Alcohol or Other Drug Treatment Facility with 24 hour supervision. Probation has contracted with Tri County Treatment (Treatment) to provide such services located at 2740 Oro Dam Blvd. East, Oroville, CA 95966.
- C. The MCRP programming and rehabilitative services will be provided at the Probation and Community Services office located at 1370 Ridgewood Drive, Suite 22 in Chico, CA 95928 and Tri County Treatment Facility (facility). The facility accommodates up to twenty (20) participants.
- D. CDCR reserves the right to make the final decision regarding MCRP placements and retains the right to remove participants from the MCRP at any time.

3. **POLICIES AND PROCEDURES:**

- A. Probation will follow and adhere to all CDCR's rules and policies, including the California Code of Regulations (CCR), Title 15, Division 3, which may be found at <http://www.oal.ca.gov/ccr.htm>
- B. Probation recognizes that the majority of inmates incarcerated will be released into the community either on parole, probation or by discharge. In order to increase the potential for successful reintegration into the community, it is beneficial for inmates to be provided with certain programming and information.
- C. Probation developed and implemented the MCRP for inmates who will be released into the community. The MCRP provides participants with an opportunity to have their release needs identified and considered. Probation and Treatment staff utilize all available resources to accomplish this goal.
- D. The MCRP focuses on providing community-based programming relative to the participants' criminogenic needs as identified through Probation's Assessment and case planning tool provided by Noble Software Group. Programming will be provided by Probation staff, Treatment staff, and referrals to community-based organizations for services. Time spent in the MCRP prior to parole shall serve as a period of transition and reintegration from State prison to the community.

- E. Reasonable accommodations for participants with disabilities, in accordance with Title II of the Americans with Disabilities Act (ADA), 42 U.S.C. Section 12131 shall be provided.
- F. Probation shall provide a drug-free work environment for the safekeeping, care, and programming needs of participants. All participants are required to participate in random breathalyzer and/or urinalysis testing for alcohol and drugs at least once a week.
- G. Probation may accept participants under the jurisdiction of other Counties into the MCRP provided beds are available. Please keep this handbook to use as a quick reference guide. It is designed to assist you in becoming familiar with the rules, expectations, and obligations of your participation in the MCRP.

Questions regarding the content of the handbook should be directed to your Probation Officer, Department of Corrections and Rehabilitation (CDCR) staff, or Tri County Treatment (Treatment) staff. As part of the ongoing success of the MCRP, all participants are encouraged to provide feedback, input, or ideas to staff members either verbally or by written statement.

I hereby acknowledge receipt of the handbook. I have read, understand and agree to all conditions of the handbook. I acknowledge and understand that should I fail to participate fully in the MCRP, disciplinary actions or removal and termination from the MCRP may result.

WELCOME

Welcome to and thank you for your interest in the MCRP. The Probation Department (Probation) is dedicated to providing services and programs that will assist in a successful return to your community. This is a voluntary program and as a participant you have agreed to abide by the requirements of MCRP participation.

BACKGROUND

The MCRP is a collaborative effort between the California Department of Corrections and Rehabilitation (CDCR), Division of Rehabilitative Programs (DRP), Probation, Treatment, and a variety of community-based service providers to help participants successfully reintegrate into the community from a state prison.

The MCRP was developed for male inmates who meet the eligibility criteria and who have approximately 180 days to 30 days prior to the Earliest Possible Release Date (EPRD) left to serve in a state prison. The MCRP allows eligible inmates committed to a state prison to serve the end of their sentences in the community in lieu of incarceration.

Participants will reside in a Residential Alcohol and Drug Abuse Recovery Treatment facility (facility) located in the County of Butte. Off-site programming will be provided at the Probation and Community Services (PAC) office.

JURISDICTION/PAROLE ELIGIBILITY

Under the MCRP participants will remain under the jurisdiction of CDCR and will be supervised by both CDCR and Probation. One day of participation in the MCRP will be in lieu of one day of incarceration in a state prison.

Participants will receive the same sentence reduction credits as if they served their sentence in a state prison. It should be noted that participants may be returned to an institution to serve the remainder of their state prison term at any time, with or without cause.

Participants will be placed on Electronic In-Home Detention (EID) [Global Positioning System monitoring] and be monitored by CDCR staff.

MCRP SUCCESS

While in the MCRP, as in the community, it is important for you to show appropriate behaviors and follow the rules. Your cooperation and attitude towards yourself, the staff, and other participants play an important role in success.

The MCRP will focus on providing a range of community-based services relative to the participants' criminogenic needs. Programming will consist of a variety of cognitive behavioral and evidence-based treatment programs. Probation will provide or arrange access to services including, but not limited to, rehabilitative services that assist with substance use disorders, mental health care, medical care, life-skills, employment readiness, education, family

reunification, vocational training, and social support. Staff will help participants in their efforts to obtain financial stability, employment and housing prior to the completion of the MCRP.

Probation is aware of the many challenges you face and, at times it may seem like an uphill climb. In addition, you may have considered your relationship with CDCR or Probation somewhat adversarial. However, it is important to know that staff are truly here to help you.

Successful participants will take this opportunity seriously and will make every effort to utilize the services offered to help them reintegrate into the community and make better lives for themselves. It is important to have the mindset of wanting to change.

CULTURAL COMPETENCY

The MCRP is a culturally competent program that allows staff and participants to respectfully and effectively respond to individuals of all cultures, languages, classes, races, ethnic backgrounds, disabilities, religions, genders, sexual orientations and any other diversities.

All participants of the MCRP are required to respect others' individuality, encouraged to value diversity, and develop the capacity for cultural self-assessment. Staff are conscious of the dynamics inherent when cultures interact, institutionalize cultural knowledge, and reflect an understanding of diversity between and within cultures.

PERSONAL RESPONSIBILITIES

You are expected to comply fully with all MCRP rules and expectations. Any violations of rules will result in progressive discipline up to, and including, termination from the MCRP.

MCRP participants must:

- Take care of personal hygiene (shower and brush teeth daily).
- Wash personal clothing and bedding, at least once per week.
- Pick up after themselves, make their bed daily, and keep their room free from clutter.
- Keep the facility clean and orderly.
- Participate in weekly in-house work crew assignments (If a participant is unable perform a work crew assignment, he will need to discuss this with staff immediately. No trading of work crew assignments will be permitted without staff approval).
- Perform other facility duties or other work as needed.

- Be supportive of others in the program.
- Display appropriate behavior at all times.
- Own up to mistakes and take responsibility for actions.
- Submit requests for approval of pass/appointment ahead of time to ensure approval ahead of time. Failure to do so may result in requests not being approved.
- Be honest and forthright at all times
- Fully participate in groups and programs assigned.
- Be on time for groups and appointments inside and outside of the house.

DAILY PROGRAM SCHEDULE (Services)

As part of the MCRP, you will be assessed individually and will be required to participate fully in an individualized daily program which may include, but not be limited to, the following:

Step I: Indoctrination/Orientation

The word “orientation” means to become familiar with and adapt to an environment. The Orientation Phase of the MCRP is the first phase of the program and can last up to 30 days. The goal of the Orientation Phase is for you to familiarize yourself with the community, the program, and the program rules. You will learn what to expect from the MCRP and staff, as well as what is considered acceptable behavior.

During this time, you will begin to establish relationships with staff and other residents. You will be evaluated by and work with staff to develop an Individualized Reintegration Plan (IRP). It is imperative to the success of the MCRP that you believe in the program and make a commitment to reintegration.

Prior to being moved to Step II, you will be required to complete the following:

- Meet with Butte County Behavioral Health staff and be assessed for eligibility to receive services.
- If you don't already have medical coverage, you will be enrolled in a suitable coverage plan (*i.e. Affordable Care Act, Medi-Cal*).
- You will begin the process of obtaining necessary important documents (*i.e. California Driver's License or Identification Card, Social Security Card, Selective Service Card, birth certificates etc.*) that you may not already have.
- You will have an initial assessment and interview with the Department of Employment and Social Services (DESS).
- You will be enrolled, and participate in, appropriate evidence based and cognitive behavioral programs assigned to you by your Probation Officer.

- You will be required to enroll, and participate in, the Courage for Change and Forward Thinking Journaling programs. Probation Officers will assign specific journals based on your assessed criminogenic needs.
- You will be enrolled, and participate in, on-site substance use and disorder counseling.
- You will be assigned a program Mentor (if available) to help you with transitioning into the program, to review what you can expect from the program, and to provide support during this challenging time.

Being on time for groups, appointments and meetings is an important life skill and is a requirement of the MCRP. In addition, during step one you will not be allowed to leave the MCRP facility without direct staff supervision.

Step II: Programming

During this phase you will work on your IRP and assigned evidence based and cognitive behavioral programs. During Step II, you may be required to complete any of the following as assigned by your Probation Officer:

- Complete a Job Readiness Program
- Learn how to budget money and live within your means.
- If appropriate, enroll in, and complete, a computer literacy class.
- If appropriate, enroll in School/BCOE-Adult Education/GED program/College.
- If appropriate, enroll in an Anger Management/Domestic Violence/Parenting/Strengthening Family etc., program(s).
- Continue with already established programming.
- Participate in supervised community service (if available).

The length of this step can vary depending on each individual participant and Steps II and III can often overlap. Once in step II, you may be allowed to leave the facility without direct staff supervision. This does not mean you will be unsupervised. You are required to wear a GPS monitor and will be contacted by staff at any time to ensure you are in compliance with your reported activity.

Step III: Community Reintegration/Reentry

This is the last step of the MCRP. You will prepare yourself for independent transition back into the community. You will be required to continue with your assigned programming, but will also begin to look for appropriate housing (i.e. home, continued residential treatment or sober living environments) and seek financial stability through either financial aid (i.e. SSI/SSD) or employment. You will also be required to complete any of the following as assigned by your Probation Officer:

- Conduct job searches and complete job applications.
- Participate in appropriate vocational trainings or internships if available.
- If appropriate, enroll in and attend school.
- Attempt to obtain employment if able to work and not permanently disabled.
- Continue with supervised community service as approved by your Probation Officer as long as it does not interfere with your work or programming.
- Search for, and attempt to secure, appropriate independent community living arrangements for after completion of the MCRP.
- Mentor new participants during this step. This is an important function in developing life skills and helping others in the MCRP.
- Work with staff to complete an exit plan and complete a review of the MCRP prior to completion of the program.

This step can be one of the most challenging of the program. Participants may become anxious or nervous about their impending release into the community. You are encouraged to communicate any concerns you may have and to seek out help from staff or other participants as needed. This program is designed to help you, and it is important for you to utilize all the tools and services offered to have a successful reentry into the community.

GROUPS AND CLASSES

Groups and classes are a primary function of the MCRP. You are required to attend (on time), and participate in, any groups and classes to which you are assigned. Some groups require more participant interaction than others. Group activities can often produce strong emotional responses. It is expected that you will conduct yourself responsibly and interact appropriately.

Group rules will vary, but in all groups you will be required to be respectful. Outbursts, threats, veiled threats or violence will not be tolerated. You may not get out of your seat or leave the group without staff or facilitator permission. Confidentiality in groups or classes is often required and, in those situations, it is imperative that you respect the confidentiality of the group.

PEER SUPPORT

Enrolling in the MCRP can be quite stressful. Peer support can often help alleviate the stress and help new participants become accustomed to their surroundings and feel welcome. If more tenured participants are available, staff may assign them to help new participants with their transition into the program. If chosen to do so, it is expected that participants will work cooperatively with their assigned enrollees and “show them the ropes.” This is an important function within the program and will help develop necessary life skills as well as help other participants.

PROGRAM RULES, PARTICIPATION AND RESPONSIBILITIES

Although participants must volunteer to enroll in the MCRP, complete participation in the program, once you are accepted, is mandatory. As part of the program, you are required to participate fully in all groups, classes and programs to which you are assigned. Failure to complete assigned tasks, groups or classes will result in disciplinary actions up to, and including, removal and termination from the program.

You are expected to follow all program rules at all times. Rules include, but are not limited to the following:

- Adhere to all terms and conditions of release ordered by both CDCR and the Butte County Probation Department.
- Do not engage in any contact prohibited by law (state, federal, county or municipal).
- Participate in Electronic In-Home Detention (EID) [Global Positioning System monitoring] through CDCR. Participants will follow all rules of the monitoring program, including proper charging of the electronic device. Any failure to charge, or attempt to alter, tamper or remove this device will result in a serious violation of MCRP rules.
- Do not leave the facility at any time without first obtaining written staff permission. Failure to return, or failure to return on time, from a pass is a serious violation of MCRP rules and could result in the filing of escape charges.
- Do not use, possess, or sell any illicit narcotics or prescription medications or bring any contraband to the facility.
- Follow MCRP rules and display appropriate behaviors at all times. Participants shall make no threats, veiled threats, acts of coercion, or other acts of violence while in the MCRP. Sexual behavior or misconduct, of any kind, while in the program, will not be tolerated and is a serious violation of MCRP rules.

Failure to follow any program rules or procedures may result in disciplinary actions from verbal reprimands up to, and including, termination from the program and/or the filing of new criminal charges.

SMOKING

Indoor smoking is prohibited at the MCRP facility in accordance with state law. "NO-SMOKING" signs are posted in all classrooms, designated visiting areas, hallways, and in the main office of the MCRP facility.

Smoking will only be permitted in designated "smoking" areas outside of the MCRP facility.

MEALS

Meals will be provided by the MCRP. For meal times, please refer to the MCRP facility schedule.

LAUNDRY

All clothing coming into the facility must be inspected and washed prior to being taken to your room. Laundry will be completed according to the schedule posted in the laundry room.

VISITING

Visiting is a privilege and not a right. All visitors to the MCRP facilities must be familiar with the rules. They must sign and return the General Visiting Rules sheet, confirming they have read and understand all rules and regulations. All visitors will be approved through the CDCR visitation procedures. Visitors who are not currently approved may request a visiting form from the Correctional Officer (C/O) and submit it for approval. All authorized visitors must have identification and sign in and out of the facility.

Visiting hours are from 9:00 am to 12:30 pm and 1:30 pm to 4:30 pm on Saturday and Sunday. These hours will be posted at the front desk. Child Protective Services (CPS) visits will take place as required by CPS and will be properly documented in the daily log.

All visitors must be positive influences on participants and the MCRP facility community. All visitors must behave in an appropriate manner at all times. You are responsible for the behavior of your children and other visitors during visiting hours.

No cell phones/pagers/electronic devices are permitted during your visits.

Visitors who display any symptoms of being under the influence of alcohol or a controlled substance will not be allowed to visit. Any visitors bringing contraband into the MCRP facility will be permanently banned from the facility. Anyone in possession of illegal contraband will be prosecuted.

Visitors are allowed to bring your personal items (clothes, food, hygiene etc.) **ONLY** during visiting hours, with the exception of the initial contact, upon your arrival at the facility.

At no time are visitors allowed in the hallways or participants' rooms.

ROOMS

Room and bed assignments will be arranged prior to your arrival at the MCRP facility. No bed changes will be allowed without staff approval. If you have an issue with your assignment, you are encouraged to try and find an acceptable resolution. Staff will assist as needed.

You will be provided a bed frame, a box spring, a mattress, and a mattress pad cover. Sheets, blankets, and pillows will also be provided. You will also be provided a closet and dresser for clothing storage.

No unauthorized persons, visitors or other participants will be allowed in your room.

If you must stay in your room during programming time, for any reason, you must complete a medical slip and receive approval from staff. For safety and security reasons MCRP staff need to know where all participants are at all times.

RELIGION

The MCRP is not a faith based program. Religion and spirituality are very personal matters. You are encouraged to conduct your own spiritual exploration and make your own decisions about your religious and/or spiritual path. You may participate in religious services as long as it does not interfere with your MCRP program. Passes to attend church services will need to be approved ahead of time by CDCR or Probation staff.

PERSONAL PROPERTY

All personal property will be screened and approved by CDCR or Probation staff regardless of its source.

As space is very limited, only certain items of personal property will be approved. All property that is brought into the facility will be documented and itemized. If you bring in additional property, it must be approved by CDCR or Probation staff and added to your property list.

The MCRP is not responsible for property brought into the facility. In order to protect you and all participants from possible theft, large amounts of personal property and valuables will need to be stored elsewhere.

Electronic equipment such as computers, laptops (work related may be allowed), and TVs are not appropriate for the facility. If you own any of these items, you are to make immediate arrangements to store them elsewhere.

CDCR, Tri-County Treatment and the Probation Department are not responsible for lost or stolen property.

If you make arrangements for your belongings to be picked up by a third party, you must complete and sign a release form stating that said third party has been given permission to pick up the items.

Any personal property left at the MCRP upon your departure (for any reason) will be held in a secure storage facility for no longer than thirty (30) calendar days.

If you are returned to a CDCR institution, your personal property will be transported with you.

Any property left beyond thirty (30) calendar days will be forfeited.

WORK ASSIGNMENTS

MCRP staff will assign weekly on-site work crew duties which may include, but are not limited to: building maintenance, housekeeping and food services.

If you cannot perform a work crew assignment, you may discuss this with staff immediately. No trading of work crew assignments will be permitted without staff approval.

HOUSE KEEPING

It is your responsibility to ensure that the MCRP facility remains clean and orderly. While participating in the program, you will be required to perform your share of house duties and may be asked to help with other work as needed, such as minor maintenance and janitorial services in the MCRP facility.

TELEPHONE SERVICES

You will have supervised access to a land line telephone during pre-determined time frames for calls to family, friends, employers, prospective employers, or services. All incoming calls will be evaluated to determine whether or not the call will be allowed to proceed. During the initial 2 week black out period, calls are not allowed with the exception of one supervised call to request clothing and necessities, i.e.; toiletries, etc., and one supervised call to any children, for family reunification purposes.

You will complete a "Tri County Treatment Visitors & Phone Request" form, signing up for a specific time slot (15 minute slots) on a sign-up sheet located in Room #1 (Probation office).

Phone calls are allowed 7 days a week from 5 pm to 10 pm. You will be allowed four (4) calls per week. If you have children, you will be allowed four (4) additional calls per week for family reunification purposes.

Cellular telephones are not allowed in the MCRP facility.

PASSES

Passes are a privilege not a right. **No participant shall leave the MCRP facility without first obtaining written permission from CDCR or Probation staff.** Passes can only be granted by CDCR or Probation staff and will only be granted for appropriate reasons. If you wish to obtain a pass, you must complete a pass request form and turn it in to MCRP staff in a timely manner. Pass requests must be submitted by Thursday of the week prior to your requested pass day. Last minute pass requests will only be approved for activities in which you do not have sufficient notice to submit a regular pass request, i.e.; a business call for a job interview the next day.

You must report to the appropriate staff before leaving and upon returning from a pass and you must keep the pass on your person while you are away from the facility. In addition, you must sign in/out of the facility in the Temporary Release Book at the entrance.

All excursions away from the facility will be monitored and any deviation from the approved destination is prohibited. You will be drug tested upon returning from your time away from the facility.

You will not be allowed to leave the program prior to 6:00 am and must sign back into the program no later than 8:00 pm unless prior approval is obtained. Returning late is not acceptable. If you are going to be late, you must call before the time you are due back. If you fail to call prior to your scheduled return time, you may be reported as having escaped the facility and may face new charges. It should be noted that calling in to report a late return does not guarantee lack of consequences.

TRANSPORTATION

Transportation to and from authorized appointments, groups or other program activities will be provided as necessary. Local bus passes will be available if needed.

MEDICAL PROCEDURES

If you are unable to participate in the daily program, due to illness or injury, you must complete a medical slip and submit it to MCRP staff as soon as possible. If necessary, transportation to and from medical care will be provided.

You are to have all medical, dental and mental health appointments approved by both CDCR and Probation staff prior to the appointment. Transportation to the appointments will be provided if necessary. Any deviation from the approved destinations will not be allowed and will result in a violation of MCRP rules.

If you are prescribed any medication (prescription or over the counter), it will remain in a locked medicine cabinet in a controlled area of the facility, under MCRP staff supervision.

Staff will dispense medication at the prescribed times and in the prescribed dosages. All outdated, discarded and/or unclaimed medications will be properly disposed of pursuant to federal guidelines.

If for any reason you are unable to participate in the MCRP for a prolonged period of time, due to injury or illness, your case will be reviewed by CDCR, Tri County Treatment and Probation staff and a decision will be made as to whether or not you will be allowed to continue in the MCRP.

MENTAL HEALTH SERVICES

Upon arrival at the MCRP facility, you will be required to meet with Butte County Behavioral Health (BCBH) staff to assess any mental health needs. You are required to participate in any recommended treatment or mental health services. If you have any mental health issues that need to be addressed, you are to inform your assigned Probation Officer or CDCR staff immediately.

MAIL

You are encouraged to send and receive mail while in the MCRP. Receipt and sending of mail will be consistent with acceptable practices of the United States Postal

Service (USPS) and the safety and security guidelines established by CDCR policy CCR Title 15 Article 4.

All mail (incoming or outgoing) will be subject to inspection by MCRP staff. Any mail that is deemed inappropriate or containing contraband will be withheld and staff will provide you with written notification regarding the infraction.

When sending mail, you will put your last name, CDCR#, "MCRP" and the MCRP facility address on the return address portion of the envelope. Enclose all items (letters, photos, etc.) to be mailed in the addressed envelope, leave the envelope unsealed, and place it in the "outgoing mail" box located in the C/O office (room #3).

If you have approved CDCR 1074 (correspondence approval forms), you may write letters to other inmates. You will be required to place a copy of the approved 1074 in the envelope.

Incoming general mail will be inspected by the 3rd watch C/O and then delivered to recipients.

On a daily (Monday through Friday) basis, Probation staff will send all inspected/ sealed mail to the Probation office to ensure the postage is paid and the mail is delivered to the US Post Office.

PARTICIPANT FUNDS

You may have personal funds while in the MCRP and these funds will be handled as follows:

The Probation Department will manage all participant funds (including, but not limited to, Inmate Trust Fund, Inmate Welfare Fund, and restitution) and will maintain records to account for all transactions affecting these funds. Should you gain fiscal stability, the Probation Department will establish a trust fund on your behalf. The Probation Department will ensure that a minimum of 75% of participant earnings are deposited into this trust fund.

While in the MCRP, you will not be permitted to make any substantial purchases (*i.e. automobiles, motorcycles, stereo sets, or jewelry*). If you are obligated to pay restitution, child support or family support, the amount of withholding may be reduced on a case by case basis with the approval of the Deputy Director of the Division of Rehabilitative Programs (DRP) or designee.

Any funds owed to you will be provided at the time of completion and release from the program.

If you are returned to a CDCR institution, your funds will be sent to CDCR within 10 business days.

RESTITUTION

If you owe restitution, monies will be withheld from your wages and other account deposits pursuant to §2085.5 PC and further detailed in CCR, Title 15, section 3097. The current restitution amount deducted is 50%, plus an administrative fee of 10% of the

restitution deduction, not to exceed a maximum of 55% of wages and deposits, taking into consideration Title 15, subsection 3097(j) exemptions.

If you voluntarily make a restitution payment from your Trust account, the Administration fee will be waived.

FACILITY SECURITY

No unauthorized persons are allowed on MCRP facility grounds. Inspections of the facility and grounds are conducted daily.

Any contraband discovered will be documented and confiscated. If any illegal contraband is found in your possession, you will be subject to disciplinary actions up to, and including, termination from the MCRP and the filing of new criminal charges.

MCRP staff conducts daily head counts to ensure the whereabouts of all participants.

Should you see any security issues, it is your responsibility to inform MCRP staff immediately.

SEARCHES

Participants, their belongings, and all portions of the MCRP facility are subject to search at any time, day or night, with or without cause.

Weekly and random searches are conducted to ensure a safe and secure facility. Any contraband discovered will be documented and confiscated. If any illegal contraband is located in your possession, you will be subject to disciplinary actions up to, and including, termination from the MCRP and the filing of new criminal charges.

EMERGENCY PROCEDURES

Upon your arrival at the MCRP facility, you will be informed of all emergency procedures, fire prevention and safety requirements for the program. These procedures are outlined in the Butte County MCRP Emergency Operations Control Plan (EOCP). A copy of the EOCP is available at the front desk.

PROGRAM DISCIPLINE

While at the MCRP, you are required to follow all MCRP rules and procedures. Any violations of the rules or procedures will be reviewed on a case by case basis and will be subject to progressive disciplinary action. Disciplinary action can range from verbal reprimand up to, and including, termination from the MCRP and return to a CDCR institution.

Conduct prohibited by law may result in arrest, charge and prosecution under California law in addition to any sanctions imposed by the MCRP.

APPEALS PROCESS

If you feel your rights have been violated or you have been treated unfairly you can file an appeal using the approved CDCR form 22, *Inmate/Parolee Request for Interview, Item, or Service*, CDCR Form 602, *Inmate/Parolee Appeals*, and CDCR Form 1824, *Reasonable Modification or Accommodation Request*. These forms are located at the front desk area.

You must submit a completed CDCR form 22, CDCR form 602, or CDCR form 1824 to CDCR staff. Completed forms will be forwarded to the MCRP appeals coordinator. CDCR on-site staff will make a decision or take appropriate action on the complaint. If you are dissatisfied or disagree with the response, you may submit the completed CDCR form 22, with Section C completed, to the CDCR staff supervisor. The completed CDCR form 602 will be submitted to the DAPO Regional Appeals Coordinator. The first level of response regarding a CDCR Form 602 will be rendered by the on-site DRP CC III. If you are dissatisfied with that decision, you may pursue a second level appeal from the Deputy Director of DRP or designee. If you continue to be dissatisfied with the decision, the third level of appeal is to the Chief of the Inmate Appeals Branch.

PROGRAM COMPLETION AND CONTINUUM OF CARE

Upon completion of the program, MCRP staff will aid in your transition to either State Parole or Post Release Community Supervision through the County to ensure a continuum of care is provided.

The MCRP will hold completion ceremonies approximately every four months to honor those participants who have successfully completed the program. All current and past MCRP participants, their families and friends, along with numerous dignitaries from the community, CDCR, Probation, State and County Agencies will be invited to attend. This is an important achievement in each participant's transition back into the community and should be celebrated and remembered.
