

United Way Kick-off Campaign

Presented By:

Steven Rose, Director of Human Resources

Megan Timpany, Executive Director

United Way of Nevada County

United Way of Nevada County

United Way of Nevada County Board and Staff would like to thank the County for all the hard work, dedication and generosity shown to United Way and our community throughout the years. United Way is looking forward to working with county employees to have a successful campaign . Through the payroll pledge process employees can give to any non-profit of there choice.

United Way's mission is to improve lives by directing community resources to local needs.

We strive to assure individuals and families in Nevada County are able to meet their basic need for food, emergency shelter and access to healthcare.

United Way's Local Impact in 2020

United Way of Nevada County currently has 19 partner organizations as part of our Partner Network. We collaborate with our partners to fill gaps in services. Through these collaborative efforts, we have formed three programs aimed at providing services to those in need.

1) United Way collaborated with California CareForce to bring the Free 2-day Health Clinic to Grass Valley in Jan. 2020. **850** patients were served over the two-day period. There are plans to bring the clinic back in 2022.

United Way's Local Impact in 2020

2) In 2017, United Way partnered with Interfaith Food Ministry (IFM) to form Food Access Saturday(FAS). Since the program was formed in 2017, **8500** bags of food were distributed to over **3700** individuals.

Food insecure individuals and families may get bags of nutritious food every second Saturday of the month.

Due to COVID-19, FAS has changed to a drive-thru food distribution.

United Way's Local Impact in 2020

3) Working with IFM and high school officials, the High School Food Pantry program was created in 2020 to make nutritious food available to students in crisis and their families. It began at Nevada Union, and now includes Bear River and Silver Springs.

Due to COVID-19, the distribution has become a drive-thru rather than the original pantry located at local high schools. So far hundreds of bags of food have been provided to those in need.

Thanks again for supporting United Way , we are looking forward to working with the county during this campaign season .
