NEVADA COUNTY BOARD OF SUPERVISORS

Board Agenda Memo

MEETING DATE: March 12, 2019

TO: Board of Supervisors

FROM: **Jill Blake**

SUBJECT: Resolution approving execution of Amendment 01 to Agreement No. 17-10177 with the California Department of Public Health for Public Health Emergency Preparedness (PHEP), Pandemic Influenza (Pan Flu), and Hospital Preparedness Program (HPP) funding in the total maximum amount of \$1,741,255 for the term of July 1, 2017 through June 30, 2022.

RECOMMENDATION: Approve the attached Resolution.

FUNDING: The California Department of Public Health (CDPH) administers state and federal funds for local public health emergency preparedness. Under this five-year Agreement, the County is to receive: \$763,600 in PHEP funds; \$661,665 in HPP funds; and \$315,990 in Pan Flu funds for a total maximum amount of \$1,741,255. Funding was anticipated in the Department's budget and there are no county general fund dollars required in the Agreement.

BACKGROUND: The Public Health Department in partnership with the Office of Emergency Services, Environmental Health, and other local emergency responders, continues to make strides towards developing a stronger infrastructure to ensure an immediate and adequate response to acts or threats of bioterrorism, infectious disease outbreaks, and other public health threats or emergencies.

The California Department of Public Health provides counties with funding for the Public Health Emergency Preparedness (PHEP) Program, the Hospital Preparedness Program (HPP) to enable health care facilities within counties to develop and maintain disaster preparedness, and State General Funds for Pandemic Influenza preparedness. These funds are passed through to local health jurisdictions via a Comprehensive Agreement, which represents an integration of efforts across funding streams. Public Health is funded for work plans for each of these program areas as approved by the state for providing strategies and meeting critical task performance requirements for each of these program components.

The purpose of this proposed Amendment 01 is to revise the Exhibit B – Budget, to shift funding between categories to allow the County to complete services outlined in the Scope of Work (SOW). It is recommended that the Board of Supervisors approve Amendment 01 to the Agreement to assure that Nevada County is better prepared to address emergency events and any pandemic influenza outbreaks that may surface. This funding provides lasting benefits for public health and the County’s ability to prevent and respond to a variety of disasters or disease outbreaks.

Item Initiated and Approved by: Jill Blake, MPA, Director of Public Health
