Terms

Each term of this Contract below specifically incorporates the information set forth in the Summary at page one (1) above as to each respective section (§) therein, as the case may be.

Services

1. Scope of Services:

Contractor shall provide all of the services, materials and products (herein "Services") generally described in **Exhibit "A"**, according to a performance schedule, if applicable, as set forth in said exhibit (herein "Performance Schedule") . If requested, Contractor agrees to serve as an expert witness for County in any third party action or proceeding arising out of this Contract.

Payment

2. Charges and Payments:

The charges (herein "Charges") for furnishing the aforesaid Services under this Contract are set forth in **Exhibit "B"**, including, if applicable, hourly rates, unit pricing, and expense, mileage and cost limits. Said Charges shall be presented monthly by invoice, and shall be due within thirty (30) days of receipt unless payment is otherwise set forth in said **Exhibit "B"**, and shall remain in effect for the entire term of this Contract, and any extension hereof. In no event will the cost to County for Services to be provided under this Contract, including direct non-salary expenses, exceed the **Maximum Contract Price** set forth at §2, page one (1), above.

Time for Performance

3. Contract Term:

This Contract shall commence on the **Contract Beginning Date** set forth at §3, page one (1), above. All Services required to be provided by this Contract shall be completed and ready for acceptance no later than the **Contract Termination Date** set forth at §3, page one (1), above. (**Exhibit C**)

4. Liquidated Damages:

County and Contractor agree that damages to County due to delays in timely providing Services in accordance with the aforesaid Performance Schedule and Contract Termination Date are impractical and difficult to ascertain. Therefore, if §4 at page one (1) hereof shall indicate a daily amount as **Liquidated Damages**, County shall have the right to assess said daily sum, not as a penalty, but as and for damages to County due to delays in providing Services not in accordance with the said Performance Schedule, or later than the Contract Termination Date (herein "Delay"). Liquidated Damages shall be offset against amounts owing to Contractor, including retention sums.

To the extent that any Delay is a result of matters or circumstances wholly beyond the control of Contractor, County may excuse said Liquidated Damages; provided however, that County may condition such excuse upon Contractor having given prompt notice to County of such delay immediately by telephone and thereafter by written explanation within a reasonable time. The time for Contractor's performance shall be extended by the period of delay, or such other period as County may elect.

5. Time of the Essence:

Time is of the essence with respect to Contractor's performance under this Contract. Delay in meeting the time commitments contemplated herein will result in the assessment of liquidated damages, if indicated at §4 at page one (1), hereof. If Liquidated Damages are not so indicated, damages shall be as otherwise provided by law.

Insurance

6. Commercial General Liability Insurance: (County Resolution No. 90674)

If §6 at page one (1) hereof shall indicate a **Commercial General Liability** insurance policy is required, Contractor shall promptly provide proof of such insurance evidenced by a certificate of insurance with properly executed endorsements attached, which insurance shall include the following:

- (i) Broad form coverage for liability for death or bodily injury to a person or persons, and for property damage, combined single limit coverage, in the minimum amount indicated at said §6;
- (ii) An endorsement naming County as an additional insured under said policy, with respect to claims or suits arising from the Services provided or the relationships created under this Contract;
- (iii) A provision that said insurance shall be primary and other insurance maintained by the County of Nevada shall be excess only and not contributing with Contractor's insurance;
- (iv) A provision that said insurance shall provide for thirty (30) days written notice to County of any termination or change in coverage protection, or reduction in coverage limits (except ten (10) days notice for non-payment of premium).

7. Automobile Liability Insurance: (County Resolution No. 90676)

If §7 at page one (1) hereof shall require either a Business Rated or a **Commercial Automobile Liability** insurance policy, for each vehicle used including non-owned and hired automobiles, Contractor shall promptly provide proof of such insurance evidenced by a certificate of insurance with properly executed endorsements attached, which insurance shall include the following provisions:

- (i) Liability protection for death or bodily injury to a person or persons, property damage, and uninsured and underinsured coverage, combined single limit coverage, in the minimum amount indicated at said §7;
- (ii) An endorsement naming County as an additional insured under said policy, with respect to claims or suits arising from the Services provided or the relationships created under this Contract;
- (iii) A provision that said insurance shall be primary and other insurance maintained by the County of Nevada shall be excess only and not contributing with Contractor's insurance;
- (iv) A provision that said insurance shall provide for thirty (30) days written notice to County of any termination or change in coverage protection, or reduction in coverage limits (except ten (10) days notice for non-payment of premium).

If §7 at page one (1) hereof shall require a Personal Auto policy, for each vehicle used including non-owned and hired automobiles, Contractor shall promptly provide proof of such insurance for a minimum of three hundred thousand dollars, (\$300,000), in combined single limits, and naming the County as additionally insured.

8. Worker's Compensation: (County Resolution No. 90674)

If §8 at page one (1) hereof shall indicate a **Worker's Compensation** insurance policy is required, Contractor shall maintain said policy as required by law, and shall promptly provide proof of such insurance evidenced by a certificate of insurance, or other documentation acceptable to County.

Before commencing to utilize employees in providing Services under this Contract, Contractor warrants that it will comply with the provisions of the California Labor Code, requiring Contractor to be insured for worker's compensation liability or to undertake a program of self-insurance therefore.

9. Errors and Omissions:

(See §13, ¶2, below, as these provisions additionally apply to subcontractors.)

11. Indemnity:

Nothing herein shall be construed as a limitation of Contractor's liability, and Contractor shall indemnify, defend and hold harmless the County and its officers, officials, employees, agents and volunteers from any and all liabilities, claims, demands, damages, losses and expenses (including, without limitation, defense costs and attorney fees of litigation) which result from the negligent act, willful misconduct, or error or omission of Contractor, except such loss or damage which was caused by the sole negligence or willful misconduct of County or its officers, officials, employees, agents and volunteers.

Section II

Duties and Responsibilities

CONTRACTOR

Contractor will locate and maintain a base operation Facility within Western Nevada County that will adequately house all required personnel, vehicles and equipment. All vehicles will be parked in a secured area at said facility.

(b) Paratransit Service Area

Contractor will serve a paratransit service area, including the ADA corridor, which covers three-quarters of a mile on either side of the Gold Country Stage fixed route service, as well as defined local areas throughout western Nevada County, Grass Valley, Nevada City, Rough and Ready and Penn Valley. In addition, Contractor will provide paratransit services throughout an outlying defined paratransit area as service hours and resources are available. The paratransit service area is defined and determined by the Transit Services Commission of western Nevada County. Exhibit D identifies the current paratransit service area.

(c) Level of Service

The current level of paratransit service hours in Fiscal Year 2013/14, for Monday through Friday service is a maximum of 16,200 service hours annually, with an additional 1,400 service hours annually for a limited fixed route Saturday service. The maximum number of annual paratransit service hours shall be determined by the Transit Services Commission and reflected in the County's adopted annual budget. Contractor will be notified by County, before July 1st of each Contract fiscal year of the maximum number of service hours for the fiscal year and of the target number of service hours for each month of said fiscal year.

Service hours are defined as the hours operated by a Contracted paratransit vehicle while in revenue service. A vehicle is in revenue service only when the vehicle is available to the public and there is a reasonable expectation of transporting passengers who either directly pay fares or are fare subsidized through other agreements or arrangements. Contracted service hours are billable hours. Deadhead hours are not billable.

Contractor will not exceed the target maximum service hours in any given month by five (5) percent or more without first obtaining written approval from County. Contractor is responsible for all necessary and required insurance on all vehicles used for contracted paratransit services regardless of ownership of vehicles. These terms and conditions are identified in the letter of certification from the U.S. DOL to FTA applicable to the FTA Recipient's project from which Federal assistance is provided to support work on the underlying contract. The CONTRACTOR agrees to carry out that work in compliance with the conditions stated in that U.S. DOL letter. The requirements of this subsection (1), however, do not apply to any contract financed with Federal assistance provided by FTA either for projects for elderly individuals and individuals with disabilities authorized by 49 U.S.C. § 5310(a)(2), or for projects for nonurbanized areas authorized by 49 U.S.C. § 5311.  - II. Transit Employee Protective Requirements for Projects Authorized by 49 U.S.C. § 5310(a)(2) for Elderly Individuals and Individuals with Disabilities - If the contract involves transit operations financed in whole or in part with Federal assistance authorized by 49 U.S.C. § 5310(a)(2), and if the U.S. Secretary of Transportation has determined or determines in the future that the employee protective requirements of 49 U.S.C. § 5333(b) are necessary or appropriate for the state and the public body sub recipient for which work is performed on the underlying contract, the CONTRACTOR agrees to carry out the Project in compliance with the terms and conditions determined by the U.S. Secretary of Labor to meet the requirements of 49 U.S.C. § 5333(b), U.S. DOL guidelines at 29 C.F.R. Part 215, and any amendments thereto. These terms and conditions are identified in the U.S. DOL's letter of certification to FTA, the date of which is set forth Grant Agreement or Cooperative Agreement with the state. The CONTRACTOR agrees to perform transit operations in connection with the underlying contract in compliance with the conditions stated in that U.S. DOL letter.

The CONTRACTOR shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of this DOT-assisted Contract. Failure by the CONTRACTOR to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as COUNTY deems appropriate. Each subcontract the CONTRACTOR signs with a Subcontractor must include the assurance in this paragraph (see 49 CFR 26.13(b)).
- C. The successful Proposer will be required to report its DBE participation obtained through race-neutral means throughout the period of performance.
- D. The CONTRACTOR shall pay its subcontractors or suppliers within seven (7) calendar days of receipt of each progress payment from the COUNTY. The CONTRACTOR shall pay for the amount of work performed or materials supplied by each subcontractor or supplier as accepted and approved by the COUNTY with each progress payment. In addition, any reduction of retention by the COUNTY to the Contract shall result in a corresponding reduction to subcontractors or suppliers who have performed satisfactory work. CONTRACTOR shall pay subcontractors or suppliers the reduced retention within fourteen (14) calendar days of the payment of the reduction of the retention to the CONTRACTOR. No contract between CONTRACTOR and its subcontractors and suppliers may materially alter the rights of any subcontractor or supplier to receive prompt payment and retention reduction as provided herein. If the CONTRACTOR fails to make payments in accordance with these provisions, the COUNTY may take any one or more of the following actions and CONTRACTOR agrees that the COUNTY may take such actions: (1) to hold the CONTRACTOR in default under this Contract; (2) withhold future payments including retention until proper payment has been made to subcontractors or suppliers in accordance with these provisions; (3) reject all future bids from the CONTRACTOR for a period not to exceed one (1) year from substantial completion date of this project; or (4) terminate Contract.

The CONTRACTOR must promptly notify the COUNTY whenever a DBE subcontractor performing work related to this Contract is terminated or fails to complete its work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. The CONTRACTOR may not terminate any DBE subcontractor and
