III Statement of the specific provisions which are being appealed:

Item #1 continued:

It is questioned whether or not a Fire Truck and Emergency Vehicles could get passed the parked cars and make the turn to residents at parcel 3 and 4. This narrow Slow Poke Lane crosses over Little Wolf Creek with a culvert carrying the water to State Park Land. At both the entrance and exit of this culvert there remains debris and during the winter it is a big issue with debris backing up on the road and flooding. Appendix C1, C2

Item #6 continued:

The request for additional on site parking due to the increased business employees, customers and deliveries was denied as was restricting employees to park in the existing parking slots on Byer's site was not required. It was decided that employees and customers can continue to park across the street on the already narrow Slow Poke Lane (Appendix D1). Reason given for this decision was Byers did not want to inconvenience their employees. It is evident that the off site parking area that has been offered by Byers and approved by the Nevada County Commissioners for employee parking is on State Park Land where State Park rules prohibit parking.(Appendix E1, E2, E3). It is noted that the State Park fencing and signs appear to have been taken down. In addition, Byer's is allowing parking at the entrance of the State Department trail entrance and restricting the turning radius of large vehicles and towing vehicles from doing so safely. (Appendix F1, F2, F3)

IV. Statement of the changes or action requested of the Board of Supervisors.

Item #2 continued:

All businesses must provide for legal parking for their employees and customers, Byer's is no different and should not be excused from this requirement. Secondly, according to the Survey Map Drawing # 30293 the current off-site parking property belongs to the Empire Mine State Historic Park (Appendix E3). This State Park land should be returned with installed fencing and signage.

V. Summation of Arguments - continued:

The value and respect and safety of our neighborhood and residents should always be of concern to all of us who reside in Nevada County.

We ask that consideration be made to widening Slow Poke Lane to accommodate the commercial traffic and increased cars and trucks upon expansion to a two way road. That Slow Poke Lane not be reduced in width from 20' to 15' and also, that the Slow Poke Lane Road Easement not be reduced from 50' to 20'. Secondly, that all employees' and customers' parking be within the Byer's property in parking set aside for the square footage of their new building. Last, the encroachment on State Park Department property not be approved for off site parking.
