Subject: Ratification of the amendments to the 2016 California Fire Code in the Truckee Fire Protection District

Honorable Members of the Board;

The Building and Accessibility Standard Board of Appeals recommends ratifying the changes made to the 2016 California Fire Code in the Truckee Fire Protection District excluding Section 903.2.8 related to the installation of residential fire sprinklers for certain building alteration and addition projects. The amendments are, as being reasonably necessary, based on local climate, geologic, and/or topographic conditions as findings for each.

Respectfully submitted,

John Payne
Chair of the Building and Accessibility Standards Board of Appeals
