Grass Valley, CA 95945

SUBJECT: Fees for Solid Waste

Dear Mayor Fouyer and Council Members:

On behalf of the Nevada County Board of Supervisors, I am requesting your concurrence to the implementation of parcel charges within your jurisdiction. This action is taken pursuant to State of California, Government Code Section 25830.

In order to facilitate the County's actions in levying and collecting parcel charges and to minimize the expenses involved in billing, the County would like to impose the fees under the authority contained in Government Code Section 25830. Accordingly, on behalf of the Board of Supervisors, I hereby request that your Council concur with the imposition of parcel charges in the City for the 2015/16 Fiscal Year as provided in Section 25830. Please respond to our office by June 1, 2015.

The proposed parcel charges for Western Nevada County are as follows:

Single Family Residence	\$29.70 per year
Multi-Family Units	\$23.14 per year
Mobile Home Park Units	\$20.72 per year
Non-residential	\$27.19 per ton

These parcel charges reflect a continuation of the temporary reduction approved in 2012 and reflects decreases in our annual operating expenses and the ability of our current reserve fund to address potential post-closure liabilities. I appreciate your consideration in this matter and anticipate your Council's acceptance of the current rates.

If you have any questions regarding the ordinances or budget in advance of your Council meeting, please contact the Public Works Department staff at (530) 265-1416.

Sincerely,

Honorable Edward C. Scofield
Chair, Board of Supervisors
