Mr. Foss reported that the purpose of the Program is to provide one-time grant funding to regions and jurisdictions for technical assistance, preparation and adoption of planning documents, and process improvements. The County has been awarded \$300,000; projects identified for the funding include Master Housing Plans, and an update to the Higgins Area Plan.

Mr. Griesbach reviewed the Housing Master Plan, which includes 6 master plans ranging from a tiny home to 3 bed/2 bath dwellings. Designs will be affordable and easy to construct by both seasoned contractors and/owner-builders. He stressed that the permit processing will be faster and permitting costs will be lower. Mr. Griesbach explained that the designs are catered to the needs of the Nevada County community.

Mr. Foss reported that the Higgins Area Plan is over 20 years old; the update to the Plan will guide the planning of the Area into the future. Mr. Foss suggested the timeline could be an 18-24 month process, and is expected to begin January 2021. He reported that staff will be holding many public workshops and steering committee meetings, as well as hiring consultants for public engagement and technical studies.

AFTERNOON SESSION**SCHEDULED ITEM: 1:30 P.M.****Planning Director: Brian Foss**

24. [SR 21-0031](#) Public hearing to consider amendments to Chapter II of the Nevada County Land Use and Development Code Section L-II 3.3 and Section L-II 6.1 regarding banning Industrial Hemp. The amendments include the following: 1) Add the definition of Industrial Hemp to Section L-II 3.3, subsection B. 2) Add the prohibition of Industrial hemp in all zoning districts. 3) Clarify that Crop and Tree Farming, Section L-II 3.3; C (1) does not include the cultivation of Industrial Hemp. 4) Add the definition of Industrial Hemp to Section L-II 6.1, subsection I. 5) Clarify that the definition of Nursery, Retail and Nursery Wholesale, Section L-II 6.1, subsection N, does not include Industrial Hemp.

(Introduce/Waive further reading/Adopt) An Ordinance amending Zoning Regulations Sections L-II 3.3 and L-II 6.1 of Chapter II of the Nevada County Land Use and Development Code regarding Industrial Hemp cultivation.

Waived further reading and adopted.

Enactment No: ORD-2489

ACTION TAKEN: Following lunch recess, Chair Miller called the meeting back into order and Mr. Brian Foss, Planning Director, and Mr. Chris de Nijs, Agricultural Commissioner, provided a PowerPoint presentation regarding the Ordinance proposing to continue the ban on Industrial Hemp cultivation.

Mr. de Nijs explained that Hemp is a strain of the Cannabis sativa plant that contains no more than 0.3% THC, the psychoactive ingredient in Cannabis that causes the feeling of being 'high'. The plant cannot be distinguished from Cannabis in the field, which could cause issues for Law Enforcement and Code Compliance officers. It is used to create paper, textiles, clothing, biodegradable plastics, and cannabidiol (CBD). The 2018 Farm Bill was signed into law allowing hemp cultivation, although California's approval is still under review by the federal government, and Nevada County currently has no regulations in place for Industrial Hemp cultivation. Mr. de Nijs noted that there is very little regulatory oversight on the harvested product, and he stressed that today's request relates to the cultivation of Industrial Hemp.

Mr. Foss explained that regulations are needed at the State and County level; although they are continuing to evolve at the State. Industrial hemp does not fall under the County's allowed Medical Cannabis Cultivation Ordinance, and an additional issue is the likelihood of cross-pollination with cannabis. Mr. Foss clarified that the Board previously directed staff to codify the Industrial Hemp ban to allow time for the State program to be adopted; time for study of the compatibility with cannabis cultivation; and time to develop standards.

Mr. Foss reported on the proposed amendments to the Land Use and Development Code relating to Industrial Hemp cultivation, including an addition of the definition of Industrial Hemp. He explained that the Planning Commission approved the Ordinance on December 10, 2020, and recommended the Board adopt the proposed Ordinance.

Chair Miller opened the public hearing for public comment, and the following members of the public provided comments: Ms. Diana Gamzon, Executive Director, Nevada County Cannabis Alliance; Mr. Daniel, District IV resident; Mr. Abraham Valensky, District IV resident; Ms. Sarah Smale, District IV resident; Mr. Mark Shafer, District IV resident; Mr. John Foley, District IV resident; and Mr. Wade Laughter, District I resident. There being no further members of the public wishing to speak, Chair Miller closed the public comment portion of the public hearing.

Board questioning and discussion ensued. In response to Supervisor Hoek's question, Mr. de Nijs clarified that the ban addressed cultivation only; manufacturing of products from Hemp grown elsewhere is allowed under County Code.

MOTION: Motion made by Supervisor Hoek, seconded by Supervisor Bullock, to introduce, waive further reading, and adopt Ordinance 2489. On a roll call vote, the motion passed unanimously.

ADJOURNMENT:

Chair Miller adjourned the meeting at 2:12 p.m.
