County of Nevada State of California

Comprehensive Annual Financial Report

For the Fiscal Year Ended June 30, 2016

Truckee River

Marcia L. Salter Auditor-Controller

In eastern Nevada County, the Truckee River provides many recreational opportunities including white water rafting, fishing, swimming, biking and walking. From April through September, white water rafting trips take place on the Truckee River from the historical town site of Boca, now home to Boca Reservoir, to the Floriston Gorge. There are Class II/III rapids, relaxing pools to swim in and beautiful Tahoe National Forest scenery. Visit gowhitewater.com for more information.

Within the last few years, the Truckee River Legacy Trail was created. The trail took nearly 20 years of planning and collaboration. This is a Class I Bikeway and Multi-Use trail. The Legacy Trail is five miles long and the focal point of the trail is the Truckee River with all its natural beauty and historical significance. Visit townoftruckee.com for more information.

MARCIA L. SALTER - Auditor-Controller

Auditor-Controller 950 Maidu Avenue Nevada City CA 95959 (530) 265-1244 Fax: (530) 265-9843

Email: auditor.controller@co.nevada.ca.us

December 28, 2016

To the Honorable Board of Supervisors and the Citizens of the County of Nevada:

The Comprehensive Annual Financial Report (CAFR) of the County of Nevada for the fiscal year ended June 30, 2016 is hereby submitted in compliance with Sections 25250 & 25253 of the Government Code of the State of California. These statutes require all general-purpose local governments to issue an annual report on the financial position and activities of that government. The report must be presented in conformance with generally accepted accounting principles (GAAP) and must be audited by an independent firm of certified public accountants in conformance with generally accepted auditing standards (GAAS). The financial statements contained in this CAFR meet these requirements.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Since the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The financial statements contained in this CAFR have been audited by Gallina LLP, a Professional Partnership of Certified Public Accountants. Their audit was performed in accordance with GAAS. The auditors have concluded, based on their audit, that the financial statements combined with the accompanying footnotes present fairly, in all material respects, the financial condition of Nevada County as of June 30, 2016. A copy of their report is located at the front of the financial section of this CAFR. In planning and performing the audit of the financial statements, Gallina considered the internal control structure of the County in order to determine appropriate audit procedures. During this review, no required reportable conditions were noted.

Management is required by GAAP to provide a management discussion and analysis (MD&A) in conjunction with financial statement reporting. The purpose of the MD&A is to introduce the basic financial statements and to provide an analytical overview of the financial activities of the County. The MD&A can be found immediately following the report of the independent auditors.

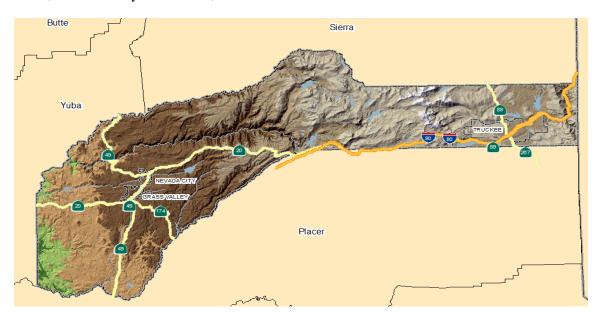

In addition to the annual audit of this CAFR, the County is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984, the 1996 amendments to that act, and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Information related to the single audit, including the schedule of expenditures of federal awards, findings and recommendations, and the auditors' report on the internal control and compliance with applicable laws and regulations, are presented in a separate publication.

i

PROFILE OF THE COUNTY OF NEVADA

General Information

With an area of about 978 square miles, the County of Nevada is situated in the gold country of northern California. The County is located about 45 miles northeast of Sacramento, 130 miles northeast of San Francisco, and 12 miles southwest of Reno, Nevada. It is bordered by Sierra County to the north, Yuba County to the west, Placer County to the south, and the State of Nevada to the east.

County Government

Nevada County was organized by an act of the legislature, approved May 18, 1851. Before that time it had been a part of Yuba County, but the growth of population and business following the gold rush of 1849-50, plus the distance of the courts for trial of important criminal and civil business, resulted in the move for a separate county organization.

The County is a general law county and is governed by a five-member Board of Supervisors, elected to serve four-year terms. Each is elected from one of the five supervisorial districts of the County. Supervisors from District 3 and 4 are elected in gubernatorial election years (2010, 2014 etc) while supervisors from Districts 1, 2 and 5 are elected in presidential years (2012, 2016 etc.). District boundaries are adjusted after every federal census to equalize district population as closely as possible.

The Board of Supervisors is the legislative and executive body of County government and also serves as the governing body of the Nevada County Sanitation District No.1. In addition, members of the Board represent the County on numerous intergovernmental bodies. In its legislative duties, the Board adopts ordinances, resolutions and rules within the limits prescribed by State law and are responsible for seeing that all Federal and State mandated functions are properly discharged.

As an executive body, the Board determines annual budget allocation; approves contracts for public improvement projects and other specialized services; conducts public hearings on matters such as zoning appeals and planning issues; provides for the compensation of all County officials and employees; creates offices, boards and commissions as needed, appointing members and fixing the terms of office; directs an annual audit of all County financial records; provides policy direction to the County Executive Officer for the operation and administration of County departments; and exercises executive authority for the provision of

local government services to County residents.

The remaining elected officials are the Assessor, the Auditor-Controller, the Clerk-Recorder, the District Attorney, the Sheriff and the Treasurer-Tax Collector. The County Executive Officer (CEO) is appointed by the Board to run the day-to-day operations of the County.

County Services

The County, with an average 780 full-time equivalent employees, provides a full range of services to its residents including public safety protection; corrections and probation; construction and maintenance of roads, bridges and other infrastructure; health services; public assistance programs; sanitation services; environmental services; libraries; and a variety of other general governmental services. Every resident of the County, directly or indirectly, benefits from these services. Most services performed by the County are provided for all residents, regardless of whether those residents live in cities or unincorporated areas. The County prides itself on being innovative in the delivery of services to its citizens. The following is a sampling of service enhancements recently deployed:

- The Sheriff's Office in conjunction with Probation Department and the Health and Human Services Agency (HHSA) began providing in-house wraparound services to inmates that have been sentenced to local detention pursuant the California AB109 legislation. Services include mental health counseling, job preparedness, substance abuse counseling and other evidence based treatment programs.
- The Library began a grant funded project to create a Mobile Technology Center that will bring technology classes and access to underserved area of the County.
- Behavioral Health worked closely with staff from Sierra Nevada Memorial Hospital on the creation of a grant funded Crisis Stabilization Unit at the hospital.
- Building Inspection Department implemented an Over-the-Counter Plan Review Program to enable same day permitting for multiple residential and commercial projects.
- The HHSA's Brighton Green Resource Center opened for business with the collaborations efforts of with seven different HHSA divisions and the NORTEC Business and Careers Center contractor. The center embodies the Agency's "No Wrong Door" approach which improves customer service and increases service delivery.
- Geographic Information Systems Division deployed a new Open Data Portal which allows the public to view, query and download all publicly available GIS data.

Accounting Information

The accounts of the County are organized on the basis of funds, each of which is considered a separate entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which the spending activities are controlled.

The governmental reporting entity consists of the County and its component units. Component units are legally separate organizations for which the Board of Supervisors is financially accountable or other organizations for which the nature and significant relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The following blended component units are considered to be part of the primary government for reporting purposes: Nevada County Sanitation District, the Nevada County Finance Authority, Special Districts governed by the Board, and Special Assessment Debt with County commitment. Note 1 of the Notes to the Financial Statements contains additional information on these entities.

Budgetary Process

The County is required by State law to adopt a balanced budget by October 2nd of each fiscal year. The County's established practice is to complete the budget process and formally adopt by July 1. The process begins in February with budget instructions issued to departments by the County Executive Officer (CEO). Department heads are responsible for preparing and managing their budgets. The County Executive Office reviews departmental projections for expenditure and income accuracy, consistency with budget policies, and planned attainment of the County's goals and objectives. As a recommending body to the CEO, a Budget Subcommittee is appointed, whose members provide a comprehensive review of department requests for service levels, funding, and staffing. The subcommittee consists of two members of the Board of Supervisors. Also serving as advisors are the elected Auditor-Controller, the County Executive Officer and the Deputy County Executive Officer. The Board of Supervisors is responsible for adopting the budget, after considering it as a whole, and gauging its success in reflecting County goals and priorities for the community. After adoption of the budget, the County Executive Officer's staff reviews and monitors revenues and expenditures quarterly and assists departments in fiscal management as necessary.

The County Auditor-Controller is responsible for monitoring and reporting expenditures within budgeted appropriations. Budget information is presented in the statements that follow for the general and special revenue funds. This budget data is prepared on the modified accrual basis consistent with comparable actual amounts. Budgets are also adopted for the enterprise and internal service funds. Budget appropriations represent original amounts adjusted by budget transfers and appropriation amendments. Encumbrance accounting is utilized during the year for budget control purposes. However, encumbrances outstanding at year-end do not constitute expenditures or liabilities, but rather reserves of fund balances. Unencumbered budget appropriations lapse at the end of the fiscal year.

The CEO may approve transfers of appropriations between major objects of expenditure within the same service budget unit (SBU) and fund. The Board must approve amendments or transfers of appropriations between SBUs within any fund and supplemental appropriations necessary and normally financed by unanticipated revenues during the year. Any deficiency of budgeted revenues and other financing sources over expenditures and other financing uses is financed by beginning available fund balances.

LOCAL ECONOMY

The County of Nevada is a rural community located within a convenient distance from urban centers in Sacramento, San Francisco Bay Area and Reno. The major sectors of employers in the government's boundaries include Education & Health Services, Leisure & Hospitality, and Federal, State and Local governments.

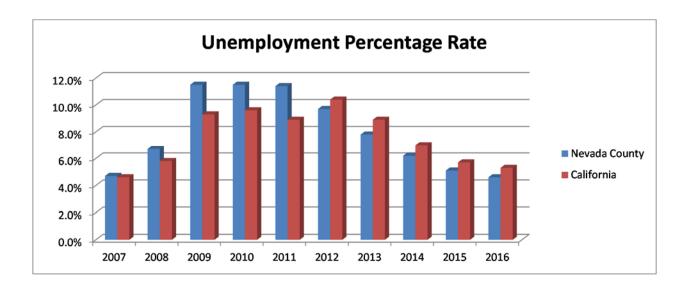

Population

The 2016 estimated population figures, as provided by the State Department of Finance for the County are 98,095. This is a slight increase from 2015 with about 67% or 66,431 of the residents living in the unincorporated areas. The Town of Truckee is the largest of the three cities within the County, with approximately 15,370 residents in 2015. The City of Grass Valley is the second largest city within the boundaries of the County with a population of 12,955. Nevada City serves as the County seat with a population of 3,260.

Labor Force

The County's June 2016 labor force totaled 49,040, which was an increase of 330 from the 2015 figure for the

same month. Nevada County's unemployment rate in June 2016 was 4.9% which was a small decrease from June 2015's unemployment rate of 5.3%, California's statewide rate was 5.7% for the same June time period. The median household income within the County of Nevada is \$57,118 (in 2014 dollars as provided by the US Census Bureau). This is slightly lower than the California median household income of \$61,927.

The County, like many other rural counties, is in the economic recovery cycle and seeing strong indicators of improvements. The 1% Local Sales and Use Tax revenue to the County increased 14.55% from year over year which is an indicator consumer confidence is rising helping the local economy rebound. Sales tax revenue is estimated to increase an additional 5.2% in the subsequent fiscal year.

Housing

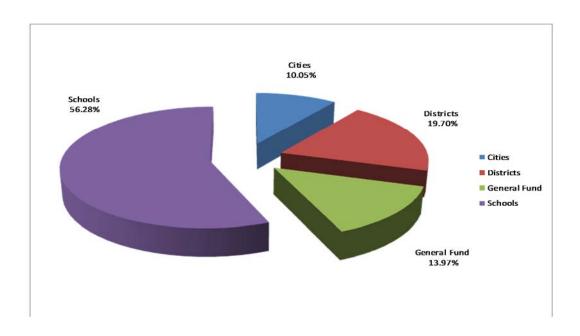

The real estate market continues to show improvement with housing prices on the increase. Per RealtyTrac, the median residential property price in Nevada County increased 3% from \$360,000 in September 2015 to \$372,000 in September of 2016. The real estate market in the eastern portion of the county remains solid with the median sales reported at \$480,000, which is a 2% decrease from 2015. New construction permits are on a slight uptick, however, new construction activity remains far below the pre-recession highs.

Property Tax Collection and Apportionment

Property taxes levied countywide (secured, unsecured and unitary) rose in fiscal year 2015-16 to \$168,882,506. This was a 5.52% increase over the previous fiscal year total of \$160,043,315. The rising home values reflected in the activity in the real estate market along with the adjustments to assessed values for those properties under the California Prop 8 assessment program attributed to this growth in property tax revenue.

The Auditor-Controller calculates the local property tax bills based on assessed values as provided by the Assessor. The Treasurer-Tax Collector then mails the tax bills and is charged with the collection. The Auditor-Controller apportions all property tax revenues to the various taxing entities within the boundaries of the County.

County of Nevada 2015-2016 Distribution of 1% Ad Valorem Property Taxes

The continuing recovery of property values has a positive and direct effect on the County General Fund as property taxes are the largest source of discretionary dollars. The County's 2016-17 Adopted Budget does include an estimated 6% growth in property tax revenues from the prior year.

Debt Administration

Contained within the County's tax code area are numerous municipalities, school districts and special-purpose districts providing public services. These entities have outstanding bonds issued in the form of general obligation bonds.

Direct debt constitutes debt directly issued by the County while overlapping debt constitutes that portion of the debt issued by different public entities within the same tax code area as the County's. The County is not responsible for overlapping debt of the other local agencies.

The County has \$32,147,058 in direct debt outstanding as of June 30, 2016. This includes the 2011 Certificates of Participation, capital leases, special assessment debt and loans payable. This amount also includes the Sanitation District's State Revolving Fund loans for three major plant upgrades.

Nevada County's credit rating remains strong with an A+ from Standard & Poor's Rating Services.

RELEVANT FINANCIAL POLICIES

Budget Policies

The Board of Supervisors adopted several policies to guide the preparation of the budget. The following are several key items:

- Every effort will be made to provide same level service as the prior year. This may require the reorganization or streamlining of current resources.
- There will be no unfunded positions included in the budget. All vacancies will be reviewed for need and potential elimination. Revenue contingent positions that lose their State and Federal funding will be eliminated first before other cuts are enacted.
- The budget will only use reserve funds for emergency and one-time expenditures or for purposes designated to fund. Every effort will be used to preserve reserve funds.
- There will be a high level of fiscal discipline by the Department Heads, Budget Subcommittee, County Executive Office and Board of Supervisors. Every effort will be made to maximize County assets, achieve a high level of funding for employee retirement promises, evaluate cost per service item and develop and maintain contracts with vendors within Nevada County.

Financial Management Policies

Fund Balance Policy

The Board of Supervisors adopted an updated comprehensive fund balance policy for the County's General fund in June 2015. In an effort to maintain the County's credit rating and meet seasonal cash flow shortfalls, the Board has established and committed to maintain a minimum unrestricted fund balance in the General Fund equal to 15% budgeted net General Fund appropriations for expenditures (appropriations less capital outlay, contributions to reserves, and operating contingencies). The policy establishes the guidance for prudent levels of fund balance and reserves to provide the ability to sustain services and planned capital projects with a minimal disruption during cyclical downturns.

Debt Management Policy

The Board of Supervisors adopted a debt management policy in early 2016. The objectives of this policy are to maintain financial discipline and long-term stability; enhance the quality of decisions by establishing a systematic and prudent approach to debt issuance and debt management; facilitate approval of debt issuance using predetermined policies; protect the County's good credit worthiness and minimize the County's borrowing costs; and incorporate debt management practices into the County's planning and project management activities.

Long-term Financial Planning

The County's long term financial planning has focused on the capital and infrastructure improvements needs of Facilities and Roads. Each year a five-year Road Maintenance and Capital Improvement Plan (CIP) is prepared for and approved by the County Board of Supervisors. The CIP is a plan for short range and long-range plans to improve or rehabilitate the 562 miles of County-owned roads. While the CIP covers a five-year planning period, it is updated each year to reflect ongoing changes as new projects are added, existing projects modified, and completed projects deleted from the plan document. The 2016 CIP represents a five-year, \$84 million program from 2016 through 2020. The funding for the CIP projects is a mix of Federal, State and local sources and subject to availability.

The County's Capital Facilities Master Plan is reviewed and updated on a periodic basis. The current plan was presented and adopted by the Board in 2012. The plan document contains a facilities condition assessment of all buildings, the life expectancy of systems and finishes, and the priority of identified projects. The plan provides information on future facility needs and estimated costs. The County has assigned a portion of the General Fund's available fund balance to build toward the funding for future projects.

Major Initiatives

The County Board of Supervisors annually reviews and adopts the County's guiding <u>Vision, Mission and Value Statements</u> which sets the tone from the top on serving our citizens, providing needed services and operating the government in a fiscally responsible manner.

The County's Value Statements include Collaboration (both internal and external partners) and Innovation. In keeping with these two values and the County's Mission statement to '. . . deliver excellent services in a fiscally responsible manner", the county management looks for opportunities to provide needed services through various alternative delivery options. The primary service model that has proven to be most effective is based upon contracting with a qualified independent service provider which includes for-profit and not-for-profit entities. The most prevalent service area that has embraced this model is in the mental health services. Other service areas that have successfully transitioned to this model include the Animal Shelter services, Para-Transit services and a segment of the Housing and Community Services programs all which are being managed and operated by not-for-profit organizations as well as the and Solid Waste franchise which includes the western county transfer operations by for-profit firm.

The continued success of the alternative service delivery option has provided the County with a means to control a portion of its largest expenditure category, the salaries and benefits of its workforce, while still maintaining the level and quality of services. Staffing levels have gone from a high of 1,055 in 2001-02 to 786 authorized full time equivalent positions for the 2016-17 adopted budget.

Other Factors Affecting Financial Condition

California local governments are particularly susceptible to State and Federal budgetary constraints and legislated changes. The State acts as a pass-through entity for much of the County's program revenues which are a mix of federal and state funding. A change in the funding formulas or shift of programs can cause great concern for the local agency that is required to maintain the program and services.

The recent trend by the State is for the realignment of certain programs. Beginning with the 2011-12 fiscal year, the state shifted \$12.1 million dollars of funding for certain realigned programs in the areas of criminal justice, law enforcement, mental health, Cal WORKS, child welfare, foster care, and adoptions. While this shift promotes local control for service delivery, there is a concern as to whether an adequate flow of funds will be available in the future to support the on-going programs. The County remains cautious on impacts that could occur on funding in the future.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the Certificate of Achievement for Excellence in Financial Reporting to the County of Nevada for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2015. This was the ninth consecutive year that the Auditor-Controller's Office has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR whose contents conform to program standards. Such CAFRs must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this Comprehensive Annual Financial Report was possible with the combined efforts of numerous individuals. I wish to express my sincere appreciation to the staff in the Auditor-Controller's Office for their concerted effort and commitment to the preparation and review of this report. I would like to thank all the departments and agencies who contributed financial information to this report along with our independent auditors, Gallina LLP and staff, for their assistance and guidance in producing this CAFR. Lastly, I would like to thank the Board of Supervisors and the County Executive Office for their leadership and fiscally conservative policies to maintain the financial health of the County.

Respectfully Submitted,

INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors and Grand Jury County of Nevada Nevada City, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Nevada, California (County), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2016, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

To the Board of Supervisors and Grand Jury County of Nevada

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of changes in net pension liability and related ratios, the schedule of funding progress – OPEB, infrastructure assets reported using the modified approach, and budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual nonmajor fund financial statements (supplementary information) is presented for purposes of additional analysis and is not a required part of the basic financial statements.

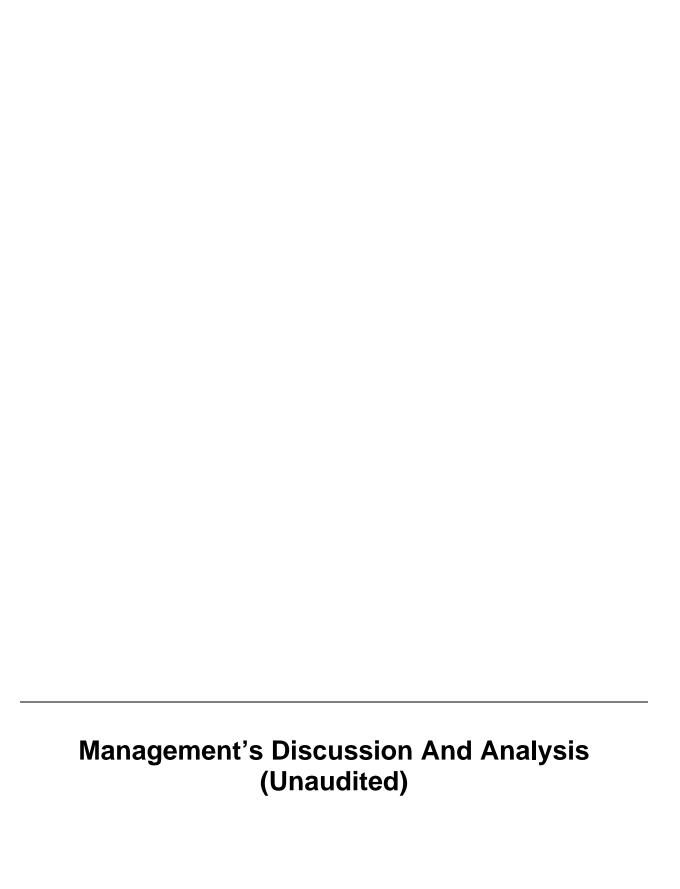

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 28, 2016 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Roseville, California December 28, 2016

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

This section of the County of Nevada's (County's) comprehensive annual financial report (CAFR) provides an overview and analysis of the County's financial activities for the fiscal year ended June 30, 2016. Please read it in conjunction with the transmittal letter at the front of this report and the County's basic financial statements and notes to the financial statements following this section.

FINANCIAL HIGHLIGHTS

- The County's total net position increased \$14,215,198, or 6%, over the prior year.
- At the end of the fiscal year, the General Fund fund balance increased \$2,159,924 or 7.6% to \$30,447,882. This represents 50.9% of the total General Fund expenditures for the year.
- The County's total long-term debt decreased from \$52,557,055 to \$49,087,382. This decrease of \$3,469,673, or 6.6%, was related to scheduled payments on the Certificates of Participation and loans.
- The governmental activities net position at year-end is \$207,378,296. This represents the amount the assets and deferred outflows of the governmental activities of the County exceeded its liabilities and deferred inflows. Of this amount, \$53,802,320 is restricted for specific purposes (restricted net position), and \$260,166,951 is the net investment in capital assets, while unrestricted net position is a negative (\$106,590,975).
- As of June 30, 2016, the County's governmental fund balance increased \$387,025 to \$82,601,805. Amounts available for spending include *restricted, committed, assigned and unassigned fund balance,* totaling \$82,479,738. Of this amount, \$48,647,789 is restricted by law or externally imposed requirements, \$8,559,507 has been formally committed for specific purposes, and \$22,298,307 has been earmarked for certain uses.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) **Government-wide** financial statements, 2) **Fund** financial statements, and 3) **Notes** to the basic financial statements. Required Supplementary Information is included in addition to the basic financial statements.

Government-wide Financial Statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the County's assets, deferred outflows, liabilities and deferred inflows, with the difference, as illustrated below, reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

Net Position = (Assets + Deferred Outflows of Resources) - (Liabilities + Deferred Inflows of Resources)

The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in a future fiscal period (e.g., uncollected taxes and earned but unused vacation leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

intended to recover all or a portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public protection, public ways and facilities, health and sanitation, public assistance, education and recreation. The business-type activities of the County include Western Nevada County Solid Waste, Eastern Nevada County Solid Waste, the Sanitation District, Transit Services, and the Airport.

Component units are included in our basic financial statements and consist of legally separate entities for which the County is financially accountable and that have substantially the same board as the County or provide services entirely to the County. The County's component units are: Nevada County Sanitation District, Nevada County Finance Authority, Special Districts Governed by the Board, and Special Assessment Debt with County Commitment.

The government-wide financial statements can be found on pages 21-23 of this report.

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows* and *outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains one hundred thirty-nine individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund and other major governmental funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual and grouped fund data for the non-major governmental funds are provided in the form of *combining statements* elsewhere in this report.

The governmental fund financial statements can be found on pages 26-32 of this report.

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

Proprietary funds are maintained in two ways. Enterprise funds are used to report the same functions presented as *business-type activities* in the government-wide financial statements. *Internal service funds* are used to accumulate and allocate costs internally among the County's various functions. The County maintains thirty-three individual proprietary funds. The Western Nevada County Solid Waste, Eastern Nevada County Solid Waste, the Airport, Transit Services and Sanitation District are used for business-type activity. The County uses internal service funds to account for its Fleet Management, Vision Insurance, Unemployment Insurance, Liability Insurance, Dental Insurance and Central Services. As these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Western Nevada County Solid Waste, the Airport, Transit Services and the Sanitation District are considered to be major funds of the County and are presented individually. The County's six non-major internal service funds are combined into single, aggregated presentations in the proprietary fund financial statements. Individual fund data for each of these non-major enterprise and internal service funds are provided in the form of *combining statements* elsewhere in this report.

The proprietary fund financial statements can be found on pages 34-41 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The County maintains two hundred and ninety nine fiduciary funds.

The fiduciary fund financial statements can be found on pages 42-43 of this report.

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes can be found on pages 45-89 of this report.

Required Supplementary Information consists of funding progress schedules for the County Defined Benefit Pension Plan and Other Post Employment Benefit Plan; the County's General Fund budgetary schedule to demonstrate compliance with the County's adopted budget; the budgetary comparison schedules for all Major Funds, and infrastructure assets reported using the modified approach to account for the County's road subsystem.

Required supplementary information can be found on pages 91-104 of this report.

Combining and individual fund statements and schedules referred to earlier provide information for non-major governmental funds, internal service funds, and fiduciary funds and are presented immediately following the required supplementary information.

Combining and individual fund statements and schedules can be found on pages 105-172 of this report.

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve as a useful indicator of the County's financial position over time. On June 30, 2016, the County's total assets and deferred outflows exceeded its liabilities and deferred inflows (net position) by \$249,882.965.

County's Net Position June 30, 2016 and 2015

	Governmental			Business-Type								
	Activities			Activities				Total				Variance
	2016		2015		2016		2015		2016		2015

As shown in the schedule above, at June 30, 2016, the County's total assets are \$452,115,976. The total assets held increased \$6,947,160 or 1.6% from the June 30, 2015 balance of \$445,168,816. The increase in total assets was due primarily to an increase in cash and investments, increase in accounts receivable and to the acquisition of capital assets from other governments during the year. Deferred outflows of \$13,386,424 primarily represents pension contributions made by the County during fiscal year 2015-16, but after the pension liability measurement date of June 30, 2015.

The County's total liabilities increased by \$4,981,565 during the current fiscal year to \$204,630,431. The increase resulted from the increase in net pension liability and was partially mitigated by the reduction in loan and COP balances due to scheduled principal payments. Deferred inflows of \$10,989,004 are related to the various components that affect pension liability such as the impact of investment changes, changes in actuarial assumptions and differences between actual and expected projections.

The County's total net position increased from the prior year by \$14,215,198, or 6%. Unrestricted net position of the County at June 30, 2016 was negative (\$99,616,276). The negative position reflects the recognition of net pension liability. On a positive note, Unrestricted Net Position improved \$9,379,325 from prior year.

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

The following table shows the revenue, expenses and changes in net position for governmental and business-type activities:

County's Change in Net Position June 30, 2016 and 2015

	Governmental		Busines	s-Type

Net Position 06/30	\$ 207,378,296	\$198,142,540	\$42,504,669	\$37,525,227	\$249,882,965	\$235,667,767	6.0%

As the chart above indicates, revenues increase \$4,180,646 or 2.7%. Expenses increased \$3,345,096 or 2.3%. The net result was an increase in net position of \$14,215,198.

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

The chart below presents the percentage of total revenues by source for governmental activities totaling \$145,051,446 for the fiscal year ended 2015/16:

Revenues by Source - Governmental Activities

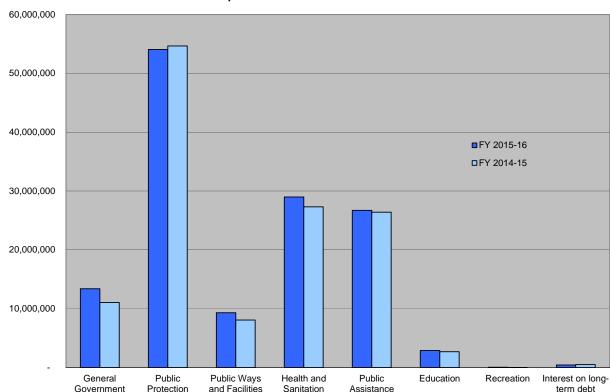

Key factors of the increase/decrease in revenues in the governmental activities:

- Charges for Services recorded an overall decrease of \$1,178,863 or 6.2% from the prior year. This decrease is actually a return to normal revenues for the County after abnormally high revenues in fiscal year 2014/15. In general, the County continues to provide services to its users county residents and other agencies at a similar level of service as in previous fiscal years.
- Operating Grants and Contributions, increased by \$3,159,767 or 4.2%. Much of this is due to increased realignment sales tax revenues to Public Protection departments.
- Capital Grants and Contributions increased by \$999,125 or 104% due to an increase in Federal revenue related to roads of \$379,595 as well as a \$500,000 state grant for the Crisis Stabilization Unit to the Health and Human Services Agency.
- *Property Taxes* increased by 5.5% or \$1,840,341 over the prior fiscal year directly related to the improvement in the real estate values within the County.

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

- The *Other Taxes* category increased by \$473,255 due to an increase in sales tax revenues of \$227,136, property transfer taxes of \$103,851 and franchise taxes of \$118,249.
- Unrestricted Interest and Investments increased \$458,546 related to investment activities.
- The Miscellaneous revenue category increased by \$294,886 or 13.2%. The largest increases were in the Community Development Agency and the Public Library. CDA revenues were higher due to unanticipated insurance proceeds transferred from General Liability as repayment for legal costs within the Planning Department, while the Grass Valley branch of the library received a generous donation of \$116,917.

The chart below presents the two-year comparison of the total expenses by function for governmental activities totaling \$135,815,690 for the fiscal year ended 2015/16:

Expenses - Governmental Activities

Key factors of the increase/decrease in *expenses* in the governmental activities:

- General Government expenses increased by \$2,323,223 or 21%. Salaries and benefits increased \$1,762,915 with the greatest portion being retirement benefits and worker's compensation. In addition, professional services increased by \$864,373.
- *Public Protection* expenses decreased \$602,151 representing a 1.1% change over the prior year. The decrease is due to an adjustment of the pension expense.

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

- Public Ways and Facilities expenses increased by \$1,250,300 or 15.5% from prior year levels due to work on multiple bridge projects.
- Health and Sanitation expenses increased by \$1,680,446 or 6.2% over prior year levels. The increase was due to increased out-patient services for adult programs amounting to \$893,731, increased salaries and benefits of \$662,702 and a software purchase of \$184,806.
- *Public Assistance* increased by \$322,972 or 1.2% in relation to the prior year levels. This increase was mainly due to increased salaries and benefits within Health and Human Services Agency (HHSA).

Unlike the governmental activities discussed above, which are principally supported by taxes and intergovernmental revenues, business-type activities intend to recover all or a portion of their costs through user fees and charges.

The chart below presents the percentage of total revenues by source for business-type activities which totaled \$15,152,384 for the year ended 2015/16:

Capital Grants and Contributions Operating Grants and 14.12% Contributions **Property Taxes** 0.06% 8.77% **Unrestricted Interest** and Investment Other Taxes Earnings 11.12% 1.03% Charges for Services 64.90%

Revenue by Source - Business-Type Activities

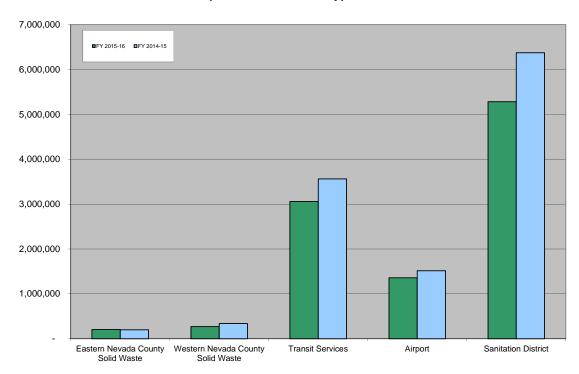

Key factors of the increase/decrease in revenues in the business-type activities:

 Charges for Services decreased by \$18,625 or .2% from prior year levels. The decrease can be primarily attributed to decreased Eastern Solid Waste special assessments and decreased Airport fuel sales.

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

- Operating Grants and Contributions increased \$861,273 or 184% due to receipt of additional State Public Transportation, Modernization and Service Enhancement Account in the Transit Division.
- Capital Grants and Contributions increased \$1,600,103, or 296.7%. Funding in fiscal year 2015/16 was higher due to the receipt of State Public Transportation, Modernization and Service Enhancement Account Funds in the Transit Division.
- The Other Taxes category decreased \$809,446 or 32.4%. This was due to reduced Local Transportation Funds eligibility to Transit due to increased Federal Funding.
- *Unrestricted Interest and Investment Earnings* increased from \$120,466 in the prior year to \$155,688 in fiscal year 2015/16. This increase was due to improved investment returns.

The chart below presents the two-year comparison of the total expenses among business-type activities totaling \$10,172,942 for the fiscal year ended 2015/16:

Expenses - Business-Type Activities

Key factors of the increase/decrease in expenses in the business-type activities:

- Western Nevada County Solid Waste expenses declined \$65,147 or 19.4% compared to the prior year. The decrease was a combination of decreased services and supplies spending offset by increased reimbursements.
- Expenses for Transit Services decreased by \$503,236 or 14.1% over prior year levels. This
 decrease was due to entries adjusting the pension liability.

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

- Airport operating expenses decreased \$158,691 or 10.5% from the prior year. This was primarily
 due to a reduction in the purchase of fuel for sale correlated with a reduction in fuel sales for the
 same period.
- Sanitation District operating expenses decreased \$1,091,554 or 17.1% over prior year levels. This decrease is was due to the entries adjusting the pension liability.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The general government functions are contained in the General Fund, Special Revenue, Debt Service, and Capital Project Funds. Included in these funds are the special districts governed by the Board of Supervisors. The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *total fund balance less the nonspendable portion* may serve as a useful measure of the County's net resources available for spending at the end of the fiscal year.

As of June 30, 2016, the County's governmental funds reported condensed ending fund balances in the amount of \$107,634,087, an increase of 5.4% or \$5,553,235 from the prior year's ending fund balance. Approximately \$82,479,738 of the total fund balance of \$82,601,805 is available to meet the County's current and future spending needs. Additional information on the County's fund balances can be found in Note 11 on pages 74-76 of this report.

Governmental Funds Condensed Balance Sheet June 30, 2016 and 2015

	2016	2015	Variance	Change
Total Assets and Deferred Outflows of Resources	\$ 107,634,087	\$ 102,080,852	5.4%	\$ 5,553,235
Total Liabilities	19,629,493	15,525,563	26.4%	4,103,930
Deferred Inflows of Resources	5,402,789	4,340,509	24.5%	1,062,280
Total Fund Balance	82,601,805	82,214,780	0.5%	387,025
Total Liabilities, Deferred Inflows, and Fund Balance	\$107,634,087	\$ 102,080,852	5.4%	\$ 5,553,235

The Board of Supervisors may commit or assign a portion of the spendable fund balance in the current year within the constraints applied to the various categories of fund balance. Spendable fund balances are available for appropriation at any time, with the exception of the general reserve portion of the committed fund balance, which can only be decreased at the time the budget is adopted, except in cases of a legally declared emergency. An explanation of the various components of fund balance are defined and detailed below.

Unassigned		2,974,135		-		-		2,974,135
Total Fund Balances		30,447,882		21,976,216		30,177,707		82,601,805
Total Liabilities, Deferred Inflows of Resources & Fund Balances	\$	34,992,561	\$	35,763,070	\$	36,878,456	\$	107,634,087

The components of total fund balance are as follows:

Nonspendable fund balance \$122,067 are amounts that are not spendable in form, or are legally or contractually required to be maintained intact, and are made up of prepaid expenses of \$83,451 and inventory of \$38,616.

Restricted fund balance, \$48,647,789 consists of amounts with externally imposed constraints put on their use by creditors, grantors, contributors, laws, regulations or enabling legislation. Examples of restrictions on funds are those for road improvement projects, whereby funds are restricted in the Road Fund; debt service reserve requirements; and amounts reserved for legislatively realigned Health and Human Service programs.

Committed fund balance, \$8,559,507 are amounts established by the Board of Supervisors for a specified purpose before fiscal year-end and requires board action to appropriate. The General Fund general reserve of \$7,080,000 is included in this amount.

Assigned fund balance, \$22,298,307 is established by the Board of Supervisors for specified purposes. These items require Board action and may expire at any time. Included in this balance is \$7,187,000 set aside for PERS liability, \$5,450,302 for capital facilities planning, \$1,656,616 for information systems infrastructure, \$1,650,000 for accumulated leave balances, \$750,000 for the next General Plan Update and \$609,000 for Economic Development Infrastructure.

Unassigned fund balance represents the remaining fund balance that has not been committed or assigned by the Board of Supervisors.

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

The General Fund is the chief operating fund of the County. At June 30, 2016, the total fund balance was \$30,447,882, an increase of \$2,159,924 from the prior fiscal year. The nonspendable portion of fund balance increased to \$83,451, while the spendable portion increased to \$30,364,431.

As a measure of the General Fund's liquidity, it is useful to compare both total fund balance and spendable fund balance to total fund expenditures. The total fund balance equates to 50.9% of total General Fund expenditures, while spendable fund balance equates to 50.7% of total General Fund expenditures. Of the General Fund spendable fund balance, \$784,297, or 2.6% is restricted and \$7,080,000 or 23.3% is committed.

One factor that may impact fund balance is the change in revenues from year to year. The following provides explanations for year over year revenue fluctuations by source:

Revenues Classified by Source General Fund

					Increase	
		Percent of		Percent of	(Decrease)	Percentage of
Revenue Type	FY 2016 Amount	Total	FY 2015 Amount	Total	Amount	Change
Taxes and assessments	\$ 39,703,305	69.02%	\$ 37,349,227	65.96%	\$ 2,354,078	6.30%
License and permits	2,726,503	4.74%	2,636,472	4.66%	90,031	3.41%
Fines and forfeitures	2,665,441	4.63%	2,941,968	5.20%	(276,527)	-9.40%
Use of money and property	416,777	0.72%	343,693	0.61%	73,084	21.26%
Intergovernmental	3,159,385	5.49%	4,278,351	7.56%	(1,118,966)	-26.15%
Charges for service	7,726,611	13.43%	8,011,244	14.15%	(284,633)	-3.55%
Other revenues	1,127,911	1.96%	1,063,236	1.88%	64,675	6.08%
Total	\$ 57,525,933	100.00%	\$ 56,624,191	100.00%	\$ 901,742	1.59%
•						_

Taxes and Assessments – Increased \$2,354,078 primarily due to a general increase in taxes over the prior year which reflects the improved assessed values throughout the County.

License and Permits – Increased \$90,031 from prior year due to higher franchise revenues for the solid waste franchise agreement of \$37,026, increased Cable TV and Utility franchise revenues of \$19,919 and increased animal license fees of \$12,826.

Fines and Forfeitures – Revenues decreased \$276,527 primarily due to a reduction in delinquent property tax penalties.

Use of Money and Property - Revenues increased \$73,084 due to higher return on investments.

Intergovernmental – There was a large decrease in this category of \$1,118,966, or 26.15%. This was primarily due to one-time payments received in the prior year for state mandated cost reimbursements, dating back to 2004, that did not reoccur at the same rate in the current year.

Charges for Services – Revenues generated from charges for services saw an overall decrease of \$284,633 from the prior year. This was primarily due to a \$204,215 decrease in Election services revenue reflecting a non-election year.

Other Revenues – The \$64,675 increase in revenues is the result of unanticipated insurance proceeds from CSAC litigation reimbursement.

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

The following provides an explanation of changes in expenditures by function compared to the prior year levels:

Expenditures by Function General Fund

					Increase	
		Percent of		Percent of	(Decrease)	Percentage of
Expenditures by Function	FY 2016 Amount	Total	FY 2015 Amount	Total	Amount	Change
General government	\$ 10,624,832	17.75%	\$ 10,304,475	18.28%	\$ 320,357	3.11%
Public protection	47,787,442	79.81%	44,664,441	79.24%	3,123,001	6.99%
Health and sanitation	108,023	0.18%	133,842	0.24%	(25,819)	-19.29%
Public assistance	339,377	0.57%	314,487	0.56%	24,890	7.91%
Education	48,352	0.08%	42,690	0.08%	5,662	13.26%
Capital outlay	965,361	1.61%	906,355	1.61%	59,006	6.51%
Debt service	-	0.00%	-	0.00%	-	0.00%
Total	\$ 59,873,387	100.00%	\$ 56,366,290	100.00%	\$ 3,507,097	6.22%
•		_				

Public Protection – The components of the \$3,123,001 increase for this category was due to negotiated salary and benefit increases as well as significant changes in county overhead charges.

Health and Sanitation – The \$25,819 decrease in this area was due to reduced salaries and benefits expenditures due to position vacancies for part of the year.

Public Assistance – The \$24,890 increase is related to negotiated salary and benefit increases.

Capital outlay – Capital outlay expenditures were \$59,006 higher in 2015/16 due to increased software expenditures for a new timekeeping system.

Other Major Funds Highlights

The Road Fund is used to account for the activities associated with the construction and maintenance of county roads and bridges. Overall revenues decreased by \$256,623 or 3.4%. Revenues from State and Federal Highway User Taxes and Federal Aid to Roads decreased. Public Ways and Facilities expenditures increased \$1,387,116 or 19.7% due to increased road maintenance costs. Capital expenditures increased by a total of \$1,527,517 or 69.1% due to the completion of several projects including the Brunswick Road Intersection, Cooper Road, Penn Valley Drive and Scotts Valley Road. The combined effect of the above is that the Road Fund's fund balance decreased by \$2,690,518 or 39.8%.

The Community Development Agency (CDA) Fund is used to account for Planning, Building, Environmental Health and Code Enforcement department activities. Revenues increased \$435,438 overall or 9.4% due to a \$257,092 increase in licenses and permits for Building Inspection and a \$166,061 increase in charges for services mainly due to Planning engineering services and Environmental Health land use services. As a result of the above, fund balance in the CDA Fund increased \$331,146 or nearly 11%.

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

The Health and Human Services Agency Fund is used to account for the majority of the Public Health, Behavioral Health and Social Service programs. Total revenues declined \$1,542,473. This was primarily driven by decreases in intergovernmental Motor Vehicle License Fee (MVLF) revenues. Program expenses were up \$1,347,391 in Health and Sanitation and \$1,564,347 in Public Assistance. The net result was fund balance decreased \$1,013,861.

The Health and Welfare Realignment Fund is used to account for direct allocations from the State for sales tax revenues dedicated to certain Health, Mental Health and Social Service programs. Revenues increased \$2,676,608 as a general reflection of an improved statewide economy. Likewise, program spending increased \$2,633,234. The changes combined, resulted in a fund balance increase of \$137,161, or 1.5%, to a total of \$9,262,873.

The Local Realignment Fund is used to account for the State's realignment of revenues and services for law enforcement that were previously performed by the State and subsequently transferred to counties. Revenues were \$1,947,838 higher than prior year due to increased realignment sales tax revenues. Expenses and transfers did not increase at the same rate, so the result was an increase in fund balance of \$1,512,445.

Proprietary funds. The County's proprietary funds are utilized in two ways: Enterprise funds and Internal Service Funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements, but in more detail. Internal Service Funds are used to accumulate and allocate costs internally among the County's various functions. As such, they are included with the governmental activity analysis and are excluded from the following analysis.

Enterprise Funds Condensed Balance Sheet June 30, 2016

	Western Nevada County Solid Waste	Airport	Sanitation District	Transit Services	Nonmajor Proprietary Funds	Total Proprietary Funds	
	County Solid Waste	Allport	Sanitation District	Transit Services	Froprietary Furius	Fullus	
Total Assets	\$ 12,742,665	\$ 5,819,856	\$ 54,533,677	\$ 4,532,747	\$ 143,591	\$ 77,772,536	
Deferred Outflows - pensions	45,594	43,327	297,797	172,578	-	559,296	
Total Liabilities	7,006,184	604,677	24,337,240	3,572,885	124,042	35,645,028	
Deferred Inflows - pensions	32,642	31,018	213,194	123,549	-	400,403	
Net Position							
Net Investment in Capital Assets	793,721	5,343,703	26,485,730	2,880,407	26,409	35,529,970	
Unrestricted	4,955,712	(116,215)	3,795,310	(1,871,516)	(6,860)	6,756,431	
Total Net Position	\$ 5,749,433	\$ 5,227,488	\$ 30,281,040	\$ 1,008,891	\$ 19,549	\$ 42,286,401	

Unrestricted net position of the Western Nevada County Solid Waste at June 30, 2016 was \$4,955,712. The unrestricted net position saw an increase due to a \$464,413 reduction in the estimate for post-closure liability and an \$819,646 increase in cash and investments.

The unrestricted net position of the Airport enterprise operation improved \$101,585 to a negative (\$116,215) for the fiscal year ending June 30, 2016. This balance reflects the recognition of the unfunded pension liability.

The Sanitation District's unrestricted net position increased \$1,994,584 to \$3,795,310 compared to the prior year. This was primarily due to recording depreciation entries for the year causing the net investment in capital assets to decrease and a corresponding increase in Unrestricted Net Position.

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

Transit Services fund balance increased \$1,496,732 primarily due to an increase in investment in capital assets of \$1,013,485.

GENERAL FUND BUDGETARY HIGHLIGHTS

The difference between the original expenditure budget and the final amended budget was a \$4,345,699 net increase in appropriations (excluding other financing sources and uses). Explanations of significant changes for this increase are as follows:

- The Public Protection budget category increased by \$2,727,231. Of this amount Sheriff Admin Support increased \$992,238 primarily in professional services, automobile equipment purchases, rent and conflict indigent defense. Operations at the Wayne Brown Correctional Facility (WBCF) for salaries and benefits as well as inmate medical costs increased \$669,578. Finally, Probation saw an increase in their budget of \$278,989 for additional professional services.
- Total budgeted Capital Outlay increased by \$1,684,094 with \$676,000 for Information Systems moved from 2014/15 to 2015/16 to budget for capital software expenditures related to the future upgrade of the property tax accounting system. Additional appropriations were made for new time and attendance system, \$142,000, Sheriff mobile data units of \$272,750, Brighton Greens Facilities and development of a Crisis Stabilization Unit for behavioral health patients.

The difference between the final amended budget and the actual results at fiscal year-end was a \$4,515,395 net increase in the ending General Fund fund balance compared to the balance anticipated in the final amended budget. Actual revenues were higher than the budgetary estimate by \$212,789 and expenditures were under the budgetary estimates by \$4,985,434 or 7.7%. Explanations of significant differences between budgeted and actual expenditures are as follows:

- The General Government actual expenditures were \$1,581,550 less than budgeted expenditure levels. Information Systems had the largest variance in expenditures, \$528,014, as planned expenditures for salaries and benefits, software licenses and maintenance were less than anticipated. The next largest variance was in Facilities Management who saw reduced expenditures of \$165,588 primarily in the area of salaries and benefits. In addition, sources and uses decreased \$166,326.
- Public Protection actual expenses were less than budgeted by \$2,456,768, primarily in the area of salaries and benefits. Of this variance, \$372,000 occurred in Probation, \$777,760 in Sheriff's Administrative Support Services, and \$303,052 in the in the District Attorney's office.
- Actual expenditures for Capital Outlay were less than the amounts budgeted by \$881,358 related to the delay in the purchase of software for the new property tax accounting system.

Additional information on the General Fund and other major funds' budget can be found on pages 96-104.

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital assets The County's investment in capital assets for its governmental and business-type activities as of June 30, 2016 amounted to \$326,874,735 (net of accumulated depreciation). This investment in capital assets includes land, infrastructure, buildings and improvements, equipment and software.

County's Capital Assets (Net of Depreciation)

	Govern	mental	Busines	ss-Type			
	Activ	ities	Activ	rities	То	Variance	
	2016	2015	2016	2015	2016	2015	
Land and Easements	\$ 105,338,479	\$105,297,359	\$ 3,596,250	\$ 3,596,250	\$108,934,729	\$108,893,609	0.04%
Infrastructure (Road Sys)	108,574,970	105,870,330			108,574,970	105,870,330	2.55%
Infrastructure	17,534,666	18,064,926	46,626,708	49,188,099	64,161,374	67,253,025	-4.60%
Structures and Improvements	29,366,126	29,887,548	2,474,123	2,594,484	31,840,249	32,482,032	-1.98%
Construction in Progress	4,420,769	3,054,069	1,378,436	491,897	5,799,205	3,545,966	63.54%
Equipment	5,296,900	5,463,569	1,981,103	821,582	7,278,003	6,285,151	15.80%
Intangible Assets	286,205	240,040			286,205	240,040	19.23%
Total	\$ 270,818,115	\$ 267,877,841	\$56,056,620	\$ 56,692,312	\$ 326,874,735	\$324,570,153	0.71%

Infrastructure (Road System) – The \$2,704,640 increase in road system infrastructure is due to the completion of Brunswick Road intersection, Cooper Road, Penn Valley Drive and Scotts Valley Road. Infrastructure – The total decrease of \$3,091,651 is a result of annual depreciation in the amount of \$530,260 in governmental activities and \$2,561,391 in the business-type activities.

Structures and Improvements – The \$120,361 decrease in business-type activities is due to annual depreciation. Governmental activities decreased by \$521,422 due to depreciation in the amount of \$1,031,089, offset by the addition of the Crisis Stabilization Unit modular for \$509,667.

Construction in Progress – Business-type construction in progress increased by \$886,539 due to the Penn Valley Pipeline project and County Airport runway improvements. Governmental-type construction I progress increased by \$1,366,700 mainly due to road and bridge improvement projects. Design work has continued on property purchased to re-locate the Corporation yard.

Equipment – Increases are attributable largely due to the purchase and upgrades of buses by Transit Services in the amount of \$1,292,096.

Intangible Assets – Increase is attributable to addition of a new timekeeping system, IntelliTime.

Additional information on the County's capital assets can be found in Note 4 on pages 61-62 of this report.

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

Long-term debt. At June 30, 2016, the County had total debt outstanding of \$49,087,382.

County's Outstanding Debt

	Govern	me	ntal	Business-Type		-Туре					
	Activ	itie	s		Activities				Tot	al	Variance
	2016		2015		2016		2015	2016		2015	
Certificate of Participation	\$ 4,361,623	\$	5,594,528					\$	4,361,623	\$ 5,594,528	-22.0%
Loans	6,053,574		6,447,393	2	0,517,650		22,101,845	\$	26,571,224	28,549,238	-6.9%
Special Assessment Debt	221,000		236,000		9,000		12,000	\$	230,000	248,000	-7.3%
Capital Leases	14,967		17,900					\$	14,967	17,900	100.0%
Landfill Post Closure					6,494,193		6,957,881	\$	6,494,193	6,957,881	-6.7%
Compensated Absences	5,447,058		5,101,499		169,649		167,885	\$	5,616,707	5,269,384	6.6%
Accrued Claims Liability	1,263,055		1,340,050					\$	1,263,055	1,340,050	-5.7%
OPEB Obligation	4,273,720		4,316,501		261,893		263,573	\$	4,535,613	4,580,074	-1.0%
Total	\$ 21,634,997	\$	23,053,871	\$ 2	7,452,385	\$	29,503,184	\$	49,087,382	\$52,557,055	-6.6%

The County's total outstanding debt decreased by \$3,469,673, or 6.6%, during the fiscal year. The outstanding debt can be classified in one of two ways – issued debt and liability recognition. For issued debt the key factors for the decrease were the annual scheduled principal payments on the Certificates of Participation of \$1,232,905 and loan obligations of \$1,978,014.

For liability recognition, the key factors for the decrease was a reduction of \$463,688 in the estimated liability for the landfill post closure costs and other scheduled principal payments for loans and COPs. The County's Net OPEB Obligation (NOO) decreased by \$44,461, continuing the trend from the prior year. As an offset to reductions in liability recognition, the accrued claims liability decreased by \$76,995 due to an adjustment in the actuarially determined unpaid claim amounts.

Additional information on the County's long-term debt can be found in Note 6 on pages 66-71 of this report.

Infrastructure Assets Reported Under the Modified Approach

The County is using the modified approach to account for the maintained road system. This method is in-lieu of the depreciation method used for all other assets. The County has set their average Pavement Condition Index (PCI) rating at 62. The rating must be achieved for each three year assessment period. The most recent complete three year assessment occurred in fiscal year 2014/15 with an average PCI rating of 63.7.

Road System Infrastructure Assets Using Modified Approach Summary Activity for Fiscal Year ending June 30, 2016

	Capital	Preservation	General	
Expenditures	Improvements	Maintenance	Maintenance	Total Cost
Planned	4,295,718	3,976,250	3,724,286	11,996,254
Actual	3,647,233	2,169,358	3,246,671	9,063,262
Difference	(648,485)	(1,806,892)	(477,615)	(2,932,992)

The reduction in capital improvement expenses from planned levels was due to lower than planned actual expenditures for two projects - Newtown and Empress bike lanes.

Planned preservation maintenance expenditures decreased due to projects planned but postponed until 2016/17.

Management's Discussion and Analysis Required Supplementary Information June 30, 2016

Additional information on the County's use of the Modified Approach can be found in Required Supplementary Information (RSI) on pages 94-95 of this report.

Economic Factors and Next Year's Budget for FY 2016/17

The fiscal year 2016/17 adopted budget for all County funds totals \$213,963,886, a 6% increase when compared to the prior year. General fund spending is projected to be \$71,499,277 or less than 1% higher than prior year. Ending fund balance for the general fund is projected at \$28,541,012.

The local economy is strengthening and much of the County's revenues are recovering as well. The following factors were considered as the budget for fiscal year 2016/17 was prepared.

- The fiscal year 2016/17 budget reflects a 6.0% growth in property tax related revenues to the County. This includes secured, unsecured, and unitary as well as the property transfer tax and supplemental property tax revenues.
 - The annual adjustment of property base year values is tied to the consumer price index (inflationary) factor, and historically, has been a factor of 1.02. The Assessor, however, has continued to review and to adjust property values as allowed by California law to reflect the current fair market value. This activity, in conjunction with the increase in sales prices, resulted in 4.8% positive growth in the assessed values countywide for the fiscal year 2016/17.
- The fiscal year 2016/17 budget contemplates a 2% increase in the sales and use tax revenue stream. This has a direct effect on the sales tax revenue source for the Library fund as well as the Realignment program revenues and other County programs with a direct share of various State allocations based on sales tax collections.

The 2016/17 budget documents are available online at: www.mynevadacounty.com/nc/ceo/Pages/budgetmain.aspx

Request for Information

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Nevada County Auditor-Controller, Marcia L. Salter, 950 Maidu Avenue, Nevada City CA 95959. This entire report is available online at www.mynevadacounty.com/nc/auditor/Pages/Home.aspx

Reconciliation of the Governmental Funds Balance Sheet to the Government-Wide Statement of Net Position - Governmental Activities June 30, 2016

Fund Balance - total governmental funds (pages 26 and 27)	\$ 82,601,805
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds balance sheets.	269,670,599
Other long term assets are not available to pay for current period expenditures and therefore, are reported as unavailable revenues in the governmental funds.	5,402,789
Deferred outflows of resources reported in the Statement of Net Position	12,674,666
Interest payable on long-term debt does not require the use of current financial resources and, therefore, is not accrued as a liability in the governmental fund balance sheets.	(117,715)
Certain liabilities are not due and payable in the current period and therefore, are not reported in the governmental funds.	
Certificates of participation	(4,361,623)
Bonds payable	(221,000)
Loans payable	(6,053,574)
Compensated absences	(5,398,232)
Net OPEB obligation	(4,220,087)
Net pension liability	(136,294,076)
Deferred inflows of resources reported in the Statement of Net Position	(10,479,453)
Internal service funds are used by management to charge the cost of certain activities, such as insurance and equipment maintenance and operations, to individual funds. The assets	
and liabilities of the internal service funds must be added to the statement of net position.	 4,174,197
Net position of governmental activities (page 21)	\$ 207,378,296

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Government-Wide Statement of Activities - Governmental Activities For the Year Ended June 30, 2016

Net change to fund balance - total governmental funds (pages 30 and 31)		\$ 387,025
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Expenditures for general capital assets, infrastructure, and other		
related capital assets adjustments	5,169,924	0 707 404
Less: current year depreciation	(2,462,790)	2,707,134
Unavailable revenues are reported as deferred inflows of resources in the		
governmental funds, but are recognized as revenues in the statement of actitivities.		1,062,280
or actitivities.		1,002,200
Long-term debt proceeds provide current resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds but the repayment reduces long-term liabilities in the statement of net position.		
Principal retirements		1,573,819
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		
Change in compensated absences payable	(348,368)	
Change in net OPEB obligation	42,284	
Change in accrued interest on long-term debt	18,447	
Amortization of premium	67,905	0.040.700
Change in net pension liability	2,832,454	2,612,722
Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue of certain activities		
of the internal service funds is reported with governmental activities.		 892,776
Change in net position of governmental activities (pages 22 and 23)		\$ 9,235,756

Basic Financial Statements Notes to Basic Financial Statements

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of County of Nevada (County) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental agencies. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the County's accounting policies are described below.

A. Reporting Entity

The County operates under an Administrator-Board of Supervisors form of government and provides various services on a county wide basis including law and justice, education, detention, social, health, road construction, road maintenance, transportation, elections and records, communications, planning, zoning and tax collection.

Generally accepted accounting principles require government financial statements to include the primary government and its component units. Component units of a governmental entity are legally separate entities for which the primary government is considered to be financially accountable and for which the nature and significance of their relationship with the primary government are such that exclusion would cause the combined financial statements to be misleading. The primary government is considered to be financially accountable if it appoints a majority of an organization's governing body and is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the primary government.

Reporting for component units on the County's financial statements can be blended or discretely presented. Blended component units are, although legally separate entities, in substance part of the County's operations and, therefore, data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, would be reported in a separate column in the government-wide financial statements to emphasize it is legally separate from the government.

For financial reporting purposes, the County's basic financial statements include all financial activities that are controlled by or are dependent upon actions taken by the Board of Supervisors. The financial statements of the individual component units may be obtained by writing to the County of Nevada, Auditor-Controller's Office, 950 Maidu Avenue, Nevada City, CA 95959 or via the web at www.mynevadacounty.com/nc/auditor.

Blended Component Units

Special Districts Governed by the Board of Supervisors – The County Board of Supervisors is the governing body of a number of special purpose district funds administered by the Department of Public Works. Among its duties, the County Board of Supervisors approves the budgets, special taxes and fees of these special districts. As an integral part of the County, these special districts are reported as a nonmajor special revenue fund in the County's financial statements.

Special Assessment Debt with County Commitment – These funds were established to administer bonds issued by the County of Nevada on behalf of the County Service Area 22 Assessment District under the Improvement Bond Act of 1915. The County Board of Supervisors is the governing body of these funds and approves all payments. As an integral part of the County, these funds are reported as a nonmajor debt service fund in the County's financial statements.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Reporting Entity (continued)

Blended Component Units (continued)

Finance Authority – The Finance Authority was formed to assist the County in the financing of real or personal property for the benefit of Nevada County. The Finance Authority is the lessor for the County's Certificates of Participation (2011 Refunding) and the Crown Point Building Loan and makes debt service payments on behalf of the County. The County Board of Supervisors appoints the governing body of the Finance Authority and because its financial and operational relationship with the County is closely integrated, the Finance Authority is reported as a nonmajor debt service fund in the County's financial statements.

Sanitation District – The County Board of Supervisors is the governing body of the Sanitation District. The Sanitation District accounts for activity related to providing customers with sanitation management and billing for services provided. As an integral part of the County, this special district is reported as a major enterprise fund in the County's financial statements.

Discretely Presented Component Units

These are no component units of the County which meet the criteria for discrete presentation.

Joint Agencies

The County is a member of the California State Association of Counties Excess Insurance Authority (CSAC). CSAC is a joint powers authority organized for the purpose of developing and funding excess insurance programs for member counties. CSAC operates public entity risk pools for workers' compensation, comprehensive liability, property, and medical malpractice, and the pool purchases excess insurance and services for members. CSAC is under the control and direction of a board of directors consisting of representatives of the fifty member counties. Complete audited financial statements can be obtained from CSAC's office at 75 Iron Point Circle, Suite 200, Folsom, California 95630. The County is not financially accountable for this organization and therefore it is not a component unit under Statement Nos. 14, 39 and 61 of the Governmental Accounting Standards Board.

B. Basis of Presentation

Government-Wide Financial Statements

The statement of net position and statement of activities display information on all of the nonfiduciary activities of the County and its blended component units. These statements include the financial activities of the overall government, except fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the County. Governmental activities, which are normally supported by taxes and inter-governmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (continued)

Government-Wide Financial Statements (continued)

The statement of activities presents a comparison between direct expenses and program revenues for each different identifiable activity of the County's business-type activities and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and; therefore, are clearly identifiable to a particular function. Certain indirect costs, which cannot be identified and broken down, are included in the program expense reported for individual functions and activities. Program revenues include (1) charges paid by the recipients of goods and services offered by the program, (2) operating grants and contributions, and (3) capital grants and contributions. Taxes and other items not properly included among program revenues are presented instead as general revenues.

Fund Financial Statements

The fund financial statements provide information about the County's funds, including fiduciary funds and blended component units. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis is placed on major funds within the governmental and proprietary categories; each is displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as nonmajor funds.

The County reports the following major governmental funds:

- The General fund is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the County that are not accounted for through other funds. For the County, the General Fund includes such activities as public protection, health and sanitation, public assistance, and education services.
- The Road fund is a special revenue fund used to account for the revenues and expenditures for streets and road expansion. Funding comes primarily from state highway users taxes, state and federal highway improvement grants and local funding.
- The Community Development Agency fund is a special revenue fund used to account for the operation
 of community development programs. Funding comes primarily from construction permit and
 inspection fees, state grants and charges for various services.
- The Human Services Agency fund is a special revenue fund used to account for revenues and expenditures for human service programs. Funding comes primarily from state and federal revenues.
- The Health and Welfare Realignment fund is a special revenue fund used to account for revenues and expenditures for public and mental health and social services programs. Funding comes primarily from state realignment revenues.
- The Local Revenue Fund 2011 Realignment fund is a special revenue fund used to account for revenues and expenditures related to public safety programs. Funding comes primarily from state realignment revenues.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (continued)

Fund Financial Statements (continued)

The County reports the following enterprise funds:

- The Western Nevada County Solid Waste fund is an enterprise fund used to account for activity related to providing customers with solid waste management and landfill postclosure maintenance services.
- The Airport fund is an enterprise fund used to account for activity related to the County Airport and billing for services provided by the County.
- The Sanitation District fund is an enterprise fund used to account for activity related to providing customers with sanitation management and billing for services provided by the County.
- The Transit Services fund is an enterprise fund that accounts for administration and delivery of public transit and paratransit services, primarily in Western Nevada County.
- The Nonmajor Enterprise Fund is the Eastern Nevada County Solid Waste Fund which accounts for the solid waste support services in Eastern Nevada County.

The County reports the following additional fund types:

- Internal Service Funds account for the County's fleet maintenance, mail and self-insurance programs which provide services to other departments on a cost reimbursement basis.
- The Investment Trust Funds account for the assets of legally separate entities that deposit cash with the County Treasurer. The assets of these funds are held in trust for other agencies and are part of the County's external pool. The external investment pool is made up of five separate funds; Special Districts governed by Local Boards, School Districts, School Districts Debt Service, Courts and Jury/Witness and Local Transportation Authority. The County is obligated to disburse monies from these funds on demand.
- Agency Funds account for the receipt and disbursement of various taxes, deposits, deductions, and
 property collected by the County, acting in the capacity of an agent for distribution to other
 governmental units or other organizations. The agency funds maintained by the County include two
 separate components.

Accrued Trust Funds – Accounts for property tax receipts awaiting apportionment to other local government agencies and investment earnings awaiting apportionment to other local government agencies.

County Departmental Agency – Accounts for all assets under the control of County departments which are held in a fiduciary capacity.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (continued)

Fund Financial Statements (continued)

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales tax, grants, entitlements, and donations. Under the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

C. Basis of Accounting and Measurement Focus

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property and sales taxes, interest, certain state and federal grants and charges for services are considered susceptible to accrual and are accrued when their receipt occurs within sixty days after the end of the fiscal year. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to claims and judgments are recorded only when payment is due. General capital assets acquisitions are reported as expenditures in the various functions of the governmental funds. Proceeds of governmental long-term debt and acquisitions under capital leases are reported as other financing sources.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise and internal service funds are charges to customers for sales and services. Operating expenses for enterprise and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Fiduciary funds include trust funds and agency funds. All trust funds are reported using the economic resources measurement focus and the accrual basis of accounting. Agency funds are reported using the accrual basis of accounting to recognize receivables and payables.

D. Non-Current Governmental Assets/Liabilities

Non-current governmental assets and liabilities, such as capital assets and long-term liabilities, are reported in the governmental activities column in the government-wide statement of net position.

E. Cash, Cash Equivalents and Investments

The County sponsors an investment pool that is managed by the County Treasurer. The Treasurer invests on behalf of most funds of the County and external participants in accordance with the California State Government Code and the County's investment policy.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Cash, Cash Equivalents and Investments (continued)

Investment transactions are recorded on the trade date. Investments are reported at fair value which is determined using selected bases annually. The fair value represents the amount the County could reasonably expect to receive for an investment in a current sale between a willing buyer and seller. Short term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Corporate notes are valued by the safekeeping institution and by the County brokerage firm. Cash deposits are reported at carrying amount which reasonably estimates fair value. Managed funds not listed on an established market are reported at the estimated fair value as determined by the respective fund managers based on quoted sales prices of the underlying securities.

Participant's equity in the investment pool is determined by the dollar amount of participant deposits, adjusted for withdrawals and distributed investment income. Investment income is determined on an amortized cost basis. Amortized premiums and accreted discounts, accrued interest, and realized gains and losses, net of expenses, are apportioned to pool participants every quarter. This method differs from the fair value method used to value investments in these financial statements, as unrealized gains or losses are not apportioned to pool participants. During the fiscal year ended June 30, 2016, the County Treasurer has not entered into any legally binding guarantees to support the value of participant equity in the investment pool.

Income from pooled investments is allocated to the individual funds or external participants based on the fund or participant's average daily cash balance at quarter end in relation to the total pool investments. Interest income earned in agency funds where there are no interest earnings requirements are assigned to the General Fund per County policy. Income from non-pooled investments is recorded based on the specific investments held by the fund. The interest income is recorded in the fund that earned the interest.

For purposes of the accompanying statement of cash flows, the County considers all highly liquid investments with a maturity of three months or less when purchased, including cash with fiscal agents and restricted cash, and their equity in the County Treasurer's investment pool, to be cash equivalents.

F. Restricted Cash and Investments

Restricted assets in the governmental funds represent cash and investments held with the Finance Authority for debt service in the amount of \$872,245.

In addition, the Agency funds reflect cash and investments held for various restricted purposes as restricted cash of \$518,523.

G. Receivables

Receivables for governmental activities consist mainly of accounts, taxes and intergovernmental. Receivables in business-type activities consist mainly of user fees and intergovernmental. Management believes its receivables are fully collectible and, accordingly, no allowance for doubtful accounts is required.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Other Assets

Inventory

Inventories are stated at average cost for governmental and proprietary funds. Inventory recorded by governmental funds includes materials and supplies for roads. Governmental fund inventories are recorded as expenditures at the time the inventory is consumed. Inventory recorded by proprietary funds includes supplies for internal service funds. Proprietary fund inventories are recorded as expenses at the time the inventory is consumed.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

I. Loans Receivable

For the purpose of the governmental fund financial statements, special revenue fund expenditures relating to long-term loans receivable arising from mortgage subsidy programs are charged to operations upon funding and the loans receivable are recorded. The balance of the long-term receivable includes loans that may be forgiven if certain terms and conditions of the loans are met.

J. Capital Assets

Capital assets, including public domain (infrastructure such as roads, bridges, sidewalks, sewer, and similar items), are defined by the County as assets with a cost of more than \$5,000 for equipment, \$25,000 for intangibles and \$50,000 for structures and infrastructure and an estimated useful life of more than one year. Capital assets are recorded at historical or estimated historical cost if actual historical cost is unavailable. Contributed capital assets are recorded at their estimated fair market value at the date of donation.

The County has elected to use the modified approach to report its maintained road system. Under the modified approach depreciation is not reported for this system and all expenditures, except for betterments and major improvements made to the system, are expensed.

The County manages its maintained road system using the Metropolitan Transportation Commission's Pavement Management program (Program) and accounts for them using the modified approach. The Program establishes a Pavement Condition Index (PCI) on a scale from zero to one hundred (0-100) for each road segment being maintained by the Department of Public Works. The Program has defined the pavement of roads with PCIs of 40 or better to be in a "Fair" or better condition and roads with a PCI of 55 or better to be in a "Good" or better condition. The system-wide average PCI number for all paved or chip sealed roads in the County maintained road system is calculated on a weighted by section, road area basis. The amount that an individual road section's condition contributes to the overall system average rating is proportionate to the amount of the total systems' surfaced area that the individual segment contains. It is the County's policy relative to maintaining the maintained road system to keep an average PCI rating of 62. This rating must be achieved over a three year period.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Capital Assets (continued)

Capital assets used in operations are depreciated or amortized using the straight line method over the assets estimated useful life in the government-wide financial statements. The range of estimated useful lives by type of asset is as follows:

Depreciable Asset	Estimated Lives
Equipment Structures and improvements Infrastructure (except for the maintained road system) Intangibles (Computer Software)	2-25 years 5-50 years 20-75 years 5 years

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

K. Property Tax

The State of California's (State) Constitution Article XIIIA provides that the combined maximum property tax rate on any given property may not exceed 1 percent of its assessed value unless an additional amount for general obligation debt has been approved by voters. Assessed value is calculated at 100 percent of market value, as defined by Article XIIIA, and may be increased by no more than 2 percent per fiscal year unless the property is sold or transferred. The State Legislature has determined the method of distribution of receipts from a 1 percent tax levy among the County, cities, school districts, and other districts.

The County of Nevada is responsible for assessing, collecting, and distributing property taxes in accordance with State law. Property taxes are levied on both secured (real property) and unsecured (personal property other than land and buildings) property. Supplemental property taxes are assessed upon transfer of ownership in property or completion of new construction.

The County levies, bills, and collects taxes as follows:

	Secured	Unsecured		
Valuation/lien dates	January 1	January 1		
Due dates	November 1 (1st installment)	July 1		
	February 1 (2 nd installment)	•		
Delinquent dates	December 11 (1st installment)	August 31		
	April 11 (2 nd installment)			

The County of Nevada apportions secured property tax revenue in accordance with the alternate methods of distribution, the "Teeter Plan", as described by Sections 4701 through 4717 of the California Revenue and Taxation code. Under the Teeter Plan, the County Auditor-Controller, an elected official is authorized to pay 100 percent of the property taxes billed (secured, supplemental, and debt service) to the taxing agencies within the County. The County recognizes property tax revenues in the period for which the taxes are levied. Previously, such taxes were allocated and paid as the taxes were collected.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Property Tax (continued)

To fund the advances, the County borrowed from its pooled cash and investments. The advances are secured by delinquent taxes receivable and will be repaid as delinquencies plus penalties (10 percent) and interest (18 percent, per annum or 1.5% per month) when collected, per R&T code §4103. As of June 30, 2016, the outstanding net borrowing totaled \$2,298,105 and was recorded as a reduction of cash in the General fund with a corresponding due from other funds.

L. Interfund Transactions

Interfund transactions are reflected as either loans, services provided or used, reimbursements or transfers.

Loans reported as receivables and payables are referred to as either "due to/from other funds" (i.e. the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans) as appropriate and are subject to elimination upon consolidation. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances".

Services provided or used, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. These services provide information on the net cost of each government function and therefore are not eliminated in the process of preparing the government-wide statement of activities.

Reimbursements occur when the funds responsible for particular expenditures or expenses repay the funds that initially paid for them. Such reimbursements are reflected as expenditures or expenses in the reimbursing fund and reductions to expenditures or expenses in the reimbursed fund.

All other interfund transactions are treated as transfers. Transfers between funds are netted as part of the reconciliation to the government-wide presentation.

M. Unearned Revenue

Under the accrual and modified accrual basis of accounting, revenue may be recognized only when it is earned. When assets are recognized in connection with a transaction before the earnings process is complete, those assets are offset by a corresponding liability for unearned revenue.

N. Compensated Absences

It is the County's policy to permit employees to accumulate a limited amount of earned but unused vacation or personal paid leave. An unlimited amount of sick leave may be accrued in accordance with each bargaining unit's MOU and, upon separation from County's service, will either be paid to employees or converted to PERS service credit. In the government-wide financial statements the accrued compensated absences is recorded as an expense and related liability, with the current portion estimated based on historical trends. In the governmental fund financial statements the expenditures and liabilities related to those obligations are recognized only when they mature. In the proprietary funds the accrued compensated absences is recorded as an expense and related liability in the year earned. The County includes its share of social security and medicare taxes payable on behalf of the employees in the accrual for compensated absences.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has deferred outflows of resources related to pensions.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The County has deferred inflows of resources related to unavailable revenues reported under the modified accrual basis of accounting in the governmental funds balance sheet and related to pensions in its proprietary and government-wide statements. The governmental funds report unavailable revenues for receivables that have not been received within the modified accrual period. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

P. Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2: STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

B. Rebatable Arbitrage

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years. During the current year, the County performed calculations of excess investment earnings on various bonds and financing and at June 30, 2016, does not expect to incur a liability.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 3: CASH AND INVESTMENTS

The County Treasurer manages, in accordance with California Government Code Section 53600, funds deposited in the investment pool by the County, all County school districts, various districts, and some cities within the County. The County investment pool is not registered with the Securities and Exchange Commission as an investment company. California Government Code and the County's investment policy govern the investment pool activity. The objectives of the policy are in order of priority, safety, liquidity, yield and public trust. The pool attempts to match maturities with planned outlays and maximize the return on investment over various market cycles. Yield is considered only after safety and credit quality have been met, consistent with limiting risk and prudent investment principles.

The Board of Supervisors monitor and review the management of the public funds maintained in the investment pool in accordance with Article 6 Section 27131 of the California Government Code. The Board of Supervisors review and approve the investment policy annually. The County Treasurer prepares and submits a comprehensive investment report to the members of the Board of Supervisors and the investment pool participants every month. The report covers the type of investments in the pool, maturity dates, par value, actual cost and fair value. All cash and investments with the exception of deposits and investments with fiscal agents are considered part of the investment pool.

The County sponsored investment pool includes both internal and external participants. The portion of the pool attributable to external pool participants, which are considered involuntary participants, are included in the primary government as an Investment Trust Fund which does not have separate financial reports. The State of California statutes require certain special districts and other governmental entities to maintain their cash surplus with the County Treasurer. The investments of involuntary participants in the investment pool totaled \$78,437,320 at June 30, 2016.

A. Financial Statement Presentation

As of June 30, 2016, the County's cash and investments are reported in the financial statements as follows:

Primary government	\$	97,996,267
Investment trust fund		78,437,320
Agency funds		3,358,291
Total Cash and Investments	\$	179,791,878
	_	, - ,

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 3: CASH AND INVESTMENTS (CONTINUED)

As of June 30, 2016, the County's cash and investments consisted of the following:

Cash:	
Cash on hand	\$ 88,142
Deposits in Treasurer's Pool (less outstanding warrants)	8,446,071
Total Cash in County Pool	8,534,213
Investments:	
In Treasurer's Pool	170,385,420
Total Investments in County Pool	170,385,420
Investments with fiscal agents	 872,245
Total Investments	171,257,665
Total Cash and Investments	\$ 179,791,878

B: Cash

At year end, the carrying amount of the County's cash deposits (including amount in checking accounts, money market accounts and deposits with fiscal agents) was \$9,406,062 and the bank balance was \$11,389,209. The difference between the bank balance and the carrying amount represents outstanding warrants and deposits in transit. In addition, the County had cash on hand of \$88,142.

Custodial Credit Risk For Deposits – Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the County will not be able to recover its deposits or collateral securities that are in the possession of an outside party. The County's investment policy requires that deposits in banks must meet the requirements of the California Government Code. Under this code, deposits of more than \$250,000 must be collateralized at 105 percent to 150 percent of the value of the deposit to guarantee the safety of the public funds. The first \$250,000 of the County's deposits are insured by the Federal Deposit Insurance Corporation (FDIC). Deposits more than the \$250,000 insured amount are collateralized.

C. Investments

The investment policy provides the basis for the management of a prudent, conservative investment program. Funds are invested to provide the maximum security of principal with secondary emphasis on achieving the highest return, while meeting daily cash flow needs. All investments are made in accordance with the Government Code and, in general, the investment policy is more restrictive than state law. Under the provisions of the County's investment policy the County may invest or deposit in the following:

Banker's Acceptances
Commercial Paper
Local Agency Investment Fund
Medium Term Corporate Notes
Money Market Funds
Negotiable Certificates of Deposit
Repurchase Agreements
Reverse Repurchase Agreements

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 3: CASH AND INVESTMENTS (CONTINUED)

C. Investments (continued)

Securities of the Federal Government or its Agencies California State Registered Warrants, Treasury Notes and Bonds Local Agency Obligations Certificates of Deposit Pass-Through Security

Interest Rate Risk – Interest rate risk is the risk of loss due to the fair value of an investment falling due to interest rates rising. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the County manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations. The County limits its exposure to interest rate risk inherent in its portfolio by limiting individual maturities to 5 years or less.

As of June 30, 2016, the County had the following investments, all of which had a maturity of 5 years or less:

			Mat	uritie	es				
Investment Type	Interest Rates		0-1 Year		1-5 Years		Book Value	Fair Value	Weighted Average Maturity (Years)
Pooled Investments									
Government Agencies	.375 - 2.875%	\$	12,009,732	\$	43,051,287	\$	55,061,019	\$ 55,754,380	2.42

Credit Risk – Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code or the County's investment policy, and the actual rating as of year-end for each investment type.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 3: CASH AND INVESTMENTS (CONTINUED)

C. Investments (continued)

Custodial Credit Risk for Investments – Custodial credit risk for investments is the risk that, in the event of the failure of a depository financial institution, the County will not be able to recover its deposits or collateral securities that are in the possession of an outside party. To mitigate the custodial credit risk the County requires that all of its managed investments be held in safekeeping by a third party under contract with the County. At June 30, 2016, the County's investment pool had no securities exposed to custodial credit risk.

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of the County's investment in a single issuer of securities. When investments are concentrated in one issuer, this concentration presents a heightened risk of potential loss. State law and the investment policy of the County contain limitations on the amount that can be invested in any one issuer. Investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) at June 30, 2016, that represent 5 percent or more of total County investments are as follows:

Investment Type	Amount Invested	Percentage of Investments		
Federal Home Loan Mortgage Corporation	\$ 19,115,130	11.114%		
Federal Home Loan Bank	10,359,960	6.024%		
Federal National Mortgage Association	24,241,050	14.094%		

D. Investment in External Investment Pools

Investment in Local Agency Investment Fund – The County of Nevada is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code and is managed by the Treasurer of the State of California. The Local Investment Advisory Board (LAIF Board) has oversight responsibility for LAIF. The LAIF Board consists of five members as designated by State statute.

Investments in LAIF are available on demand and are stated at amortized cost, which approximates fair value. The fair value of the County's position in the pool is the same as the value of the pooled shares. At June 30, 2016 the County's investment position in LAIF was \$40,008,968. The total amount invested by all public agencies in LAIF on that day was \$75,368,904,612. Of that amount, 97.19% is invested in non-derivative financial products and 2.81% in structured notes and asset-backed securities.

Investment in California Asset Management Program – The County of Nevada also maintains an investment in the California Asset Management Program (CAMP) a California JPA established in 1989 by the treasurers and finance directors of several California agencies. CAMP was created to provide professional investment services to California public agencies at a reasonable cost. The County's investment with CAMP as of June 30, 2016, was \$47,289, which approximates fair value.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 3: CASH AND INVESTMENTS (CONTINUED)

E. Fair Value Measurement

The Pool categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. These principles recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Investments reflect prices quoted in active markets;
- Level 2: Investments reflect prices that are based on similar observable assets either directly or indirectly, which may include inputs in markets that are no considered to be active; and,
- Level 3: Investments reflect prices based upon unobservable sources.

			Fair Value Hierarchy						
	Tota	al	Level 1	Level 2	<u> </u>	Level	3

NOTE 5: INTERFUND TRANSACTIONS

Due To/From Other Funds

During the course of operations, transactions occur between funds to account for goods received or services rendered. These receivables and payables are classified as due from or due to other funds. In addition, when funds overdraw their share of pooled cash, the receivables and payables are also classified as due from or due to other funds. The following are due from and due to balances as of June 30, 2016:

Total Business-Type Activities	\$ 29,503,184	\$ 483,397	\$ (2,534,196)	\$ 27,452,385	\$ 2,218,982

Internal service funds predominately serve the governmental funds. Accordingly, long-term liabilities for these funds are included as part of the above totals for governmental activities. Estimated claims are liquidated by charges for services collected through individual internal service funds. The capital lease liability is liquidated by lease payments made by the departments leasing the equipment. Compensated absences for the governmental activities are generally liquidated by the fund where the accrued liability occurred. The net other postemployment benefit obligation for the governmental activities is generally liquidated by the fund where the accrued liability occurred.

Special assessment bonds with County commitment are not a direct responsibility of the County. Principal and interest payments are funded from the collection of special assessments. For the governmental activities, the debt is accounted for in the Special Assessment Debt with County Commitment component unit debt service fund. For the business-type activities, the debt is accounted for in the Sanitation District component unit enterprise fund. The County is obligated for special assessment debt only to the extent of special assessments collected.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 6: LONG-TERM LIABILITIES (CONTINUED)

Individual issues of debt payable outstanding at June 30, 2016, are as follows:

Governmental Activities

Certificates of Participation:

Certificates of Participation (2012 Refunding), issued July 5, 2012, in the amount of \$8,610,000 and payable in annual installments of \$105,000 to \$1,290,000, with an interest rate of 2.00% to 5.00% and maturity on October 1, 2019. These bonds were used to refinance the 2001 Certificates of Participation which were used to defease 1991 and 1993 Certificates of Participation financing the acquisition and construction of the County Administration building.

\$ 4,090,000

NOTE 7: LEASES

Operating Leases

The County leases office buildings and equipment under non-cancellable operating leases. Total costs for these leases was \$622,676 for the year ended June 30, 2016. The future minimum lease payments are as follows:

Year Ended June 30	Lease Obligations
2017	\$ 717,188
2018	404,044
2019	388,297
2020	381,305
2021	32,259
2022-2025	124,423_
Total	\$ 2,047,516

Capital Leases

Included in property and equipment are assets held under capital leases as follows:

Equipment	\$ 17,900
Less accumulated depreciation	(3,580)
Total	\$ 14,320

Future minimum lease payments over the next several years are as follows:

Year Ended December 31	Amount
2017	4,511
2018	4,511
2019	4,511
2020	4,511
Total minimum lease payments	18,044
Less amount representing interest	3,077
Present value of net minimum lease payments	14,967
Current maturities of capital lease obligations	3,229

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 8: CLOSURE/POSTCLOSURE

The County is responsible for two closed solid waste landfill sites. State and federal laws and regulations require the County to place a final cover on its landfill sites when they stop accepting waste and to perform certain maintenance and monitoring functions at the landfill sites for thirty years after closure. GASB Statement No. 18 requires a portion of these closure and postclosure care costs be reported as an operating expense in each period based on landfill capacity used as of each statement of net assets date. Since the landfills are no longer accepting waste, the entire estimated expense and related liability have been reported.

As of June 30, 2016 the County's estimated remaining liability for postclosure maintenance costs for the closed landfills was \$6,494,193. This estimate is based on the amount that would be paid if all equipment, facilities, and services required to close and/or monitor the landfills were acquired as of June 30, 2016. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. The County has applied the annual inflation factor to the liability each year and has reduced the liability by actual expenses incurred.

The County is required by the California Code of Regulations to demonstrate financial responsibility for postclosure maintenance costs through a pledge of revenues. The County has met this requirement for one closed landfill through a pledge of annual parcel charges. The other closed landfill is exempt from this requirement and is utilizing the remaining fund balance for postclosure maintenance costs.

NOTE 9: SERVICE CONCESSION ARRANGEMENT

The County entered into an agreement with USA Waste of California (Waste Management of Nevada County) beginning July 1, 2012 to collect, transport, process and dispose of solid waste and operate the transfer stations in the western county area for the next 20 years. Under the terms of the agreement, Waste Management will be entitled to all collection service fee and tipping fee revenues during the 20 year period. Waste Management will remit to the County a franchise fee of 12% of all collection service revenues and a franchise host fee of \$20 per ton of solid waste and \$10.50 per ton of construction and demolition waste leaving the transfer station. In addition, Waste Management will provide up to \$5.6 million for the construction of a new or improvements to the existing transfer stations. Waste Management is responsible for complying with all applicable state and federal regulations in the performance of services related to this agreement. The County entered into the agreement to improve long range planning and cost stability; facilitate transfer station improvements; reduce risk from changes in regulations; and to facilitate the achievement of the waste diversion mandates and objectives specified in the California Public Resources Code. The County reports the transfer stations and related equipment as capital assets with a carrying amount of \$472,749 at year-end.

NOTE 10: NET POSITION

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted.

Net investment in capital assets – Consists of capital assets including restricted capital assets, net of
accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or
other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 10: NET POSITION (CONTINUED)

- Restricted net position Consists of net position with constraints placed on the use either by
 (1) external groups such as creditors, grantors, contributors or laws or regulations of other
 governments; or (2) law through constitutional provisions or enabling legislation. These principally
 include restrictions for capital projects, debt service requirements and other special revenue fund
 purposes.
- Unrestricted net position All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

Net Position Flow Assumption

When a government funds outlays for a particular purpose from both restricted and unrestricted resources, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted net position is available, it is considered that restricted resources are used first, followed by the unrestricted resources.

Net Position Restricted by Enabling Legislation

The government-wide Statement of Net Position reports \$54,049,627 of restricted net position, of which \$12,095,521 is restricted by enabling legislation.

NOTE 11: FUND BALANCES

As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2016, fund balance for governmental funds is made up of the following:

- Nonspendable fund balance amounts that cannot be spent because they are either (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example: inventories and prepaid amounts.
- Restricted fund balance amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed fund balance amounts that can only be used for the specific purposes determined by formal action of the County's highest level of decision-making authority. The Board of Supervisors is the highest level of decision making authority for the County that can, by adoption of an ordinance commit fund balance. Once adopted, the limitation imposed remains in place until a similar action is taken to remove or revise the limitation. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period. The General Reserve portion of committed fund balance is further limited by California Government Code Section 29086 which stated that the general reserve may only be established, canceled, increased or decreased at the time of adopting the budget except in cases of a declared emergency.
- Assigned fund balance amounts that are constrained by the County's intent to be used for specific
 purposes. The intent can be established at either the highest level of decision-making, or by a body or
 an official designated for that purpose. Fund balance is assigned by the Board of Supervisors by
 resolution and may be changed after the close of the reporting period.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 11: FUND BALANCES (CONTINUED)

Unassigned fund balance – the residual classification for the County's General fund that includes all
amounts not contained in the other classifications. In other funds, the unassigned classification is used
only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or
assigned to those purposes.

The fund balances for all major and nonmajor governmental funds as of June 30, 2016, were distributed as follows:

Fund Balance Flow Assumption

When a government funds outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance), a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted fund balance is available, it is considered that restricted fund balance is depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

NOTE 12: EMPLOYEES' RETIREMENT PLAN

A. Pensions

In government-wide financial statements, retirement plans are required to be recognized and disclosed using the accrual basis of accounting, regardless of the amount recognized as pension expenditures on the governmental fund statements, which use the modified accrual basis of accounting.

In general, the County recognizes a net pension liability, which represents the County's proportionate share of the excess of the total pension liability over the fiduciary net position of the pension reflected in the actuarial report provided by the California Public Employees' Retirement System (CalPERS). The net pension liability is measured as of the County's prior fiscal year-end. Changes in the net pension liability are recorded, in the period incurred, as pension expense or as deferred inflows of resources or deferred outflows of resources depending on the nature of the change. The changes in net pension liability that are recorded as deferred inflows of resources or deferred outflows of resources (that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience) are amortized over the weighted average remaining service life of all participants in the respective pension plan and are recorded as a component of pension expense beginning with the period in which they are incurred.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 12: EMPLOYEES' RETIREMENT PLAN (CONTINUED)

A. Pensions (continued)

For purposes of measuring the net pension liability and deferred outflows/inflows of resources relating to pensions and pension expense, information about the fiduciary net position of the County's pension plan with CalPERS and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Projected earnings on pension investments are recognized as a component of pension expense. Differences between projected and actual investment earnings are reported as deferred inflows of resources or deferred outflows of resources and amortized as a component of pension expense on a closed basis over a five-year period beginning with the period in which the difference occurred. Each subsequent year will incorporate an additional closed basis five-year period recognition.

B. General Information about the Pension Plans

Plan Description

All qualified permanent and probationary employees are eligible to participate in the County's Safety (sheriff and certain district attorney members) or Miscellaneous (all others) Plans. The County's Safety Plan is a cost-sharing multiple-employer defined benefit plan while the Miscellaneous Plan is an agent multiple-employer defined benefit pension plan. The County's Safety and Miscellaneous Plans are part of the California Public Employees Retirement System (PERS), a public employee retirement system which acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and other requirements are established by State statute and County resolution. The County's defined benefit pension plans provide retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and their beneficiaries. The County selects optional benefit provisions by contract with CalPERS and adopts those benefits through County ordinance. CalPERS issues a separate comprehensive annual financial report; however, a separate report for the County's Safety and Miscellaneous Plans are not available. Copies of CalPERS annual financial reports which include required supplementary information (RSI) for each plan may be obtained from CalPERS Executive Offices, Lincoln Plaza North, 400 Q Street, Sacramento, CA 95811.

Benefits Provided

All pension plans provide benefits, upon retirement, disability or death of members. Retirement benefits are based on years of service, final average compensation, and retirement age. Employees terminating before accruing five years of retirement service credit forfeit the right to receive retirement benefits unless they establish reciprocity with another public agency within a prescribed time period. Non-vested employees who terminate service are entitled to withdraw their accumulated contributions plus accrued interest. Employees who terminate service after earning five years of retirement service credit may leave their contributions on deposit and elect to take a deferred retirement. Differences between expected and actual experience for vested and non-vested benefits may result in an increase or decrease to pension expense and net pension liability.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 12: EMPLOYEES' RETIREMENT PLAN (CONTINUED)

B. General Information about the Pension Plans (continued)

Service related disability benefits are provided to safety members and are based on final compensation. Non-service related disability benefits are provided to both safety and miscellaneous members. The benefit is based on final compensation, multiplied by *service*, which is determined as follows:

- service is CalPERS credited service, for members with less than 10 years of service or greater than 18.518 years of service; or
- service is CalPERS credited service plus the additional number of years that the member would have worked until age 60, for members with at least 10 years but not more than 18.518 years of service.

Death benefits are based upon a variety of factors including whether the participant was retired or not.

Annual cost-of-living adjustments (COLAs) after retirement are provided in all plans. COLAs are granted to retired members each May based upon the Bureau of Labor Statistics Average Consumer Price Index for All Urban Consumers for the previous calendar year and is subject to a maximum of 2% per annum.

The Plans' provisions and benefits in effect at June 30, 2016, are summarized as follows:

NOTE 12: EMPLOYEES' RETIREMENT PLAN (CONTINUED)

B. General Information about the Pension Plans (continued)

Employees Covered

At June 30, 2016, the following employees were covered by the benefit terms for the Miscellaneous Plan.

	Miscellaneous
Inactive employees or beneficiaries currently receiving benefits	459
Inactive employees entitled to but not yet receiving benefits	1,500
Active employees	656_
	<u> </u>
Total	2,615

The corresponding data is not available for employees included in the Safety Plan as the plan is a cost-sharing multiple employer plan.

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The County is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

C. Net Pension Liability

The County's net pension liability for each Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of each of the Plans is measured as of June 30, 2015, using an annual actuarial valuation as of June 30, 2014 rolled forward to June 30, 2015 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is shown below.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 12: EMPLOYEES' RETIREMENT PLAN (CONTINUED)

B. General Information about the Pension Plans (continued)

Actuarial Assumptions

The total pension liabilities in the June 30, 2015 actuarial valuations were determined using the following actuarial assumptions:

	<u>Miscellaneous</u>	<u>Safety</u>
Valuation Date	June 30, 2014	June 30, 2014
Measurement Date	June 30, 2015	June 30, 2015
Actuarial Cost Method	Entry-Age Norr	nal Cost Method
Actuarial Assumptions:		
Discount Rate	7.65%	7.65%
Inflation	2.75%	2.75%
Payroll Growth	3.00%	3.00%
Projected Salary Increase	(1)	(1)
Investment Rate of Return (2)	7.50%	7.50%
Mortality (3)		

- (1) Depending on age, service and type of employment
- (2) Net of pension plan investment expenses, including inflation
- (3) The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2014 valuation were based on the results of a 2010 actuarial experience study for the period 1997 to 2007. Further details of the Experience Study can be found on the CalPERS website.

Discount Rate

The discount rate used to measure the total pension liability was 7.65% for each Plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.65 percent discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long term expected discount rate of 7.65 percent will be applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report that can be obtained from the CalPERS website.

CalPERS is scheduled to review all actuarial assumptions as part of its regular Asset Liability Management (ALM) review cycle that is scheduled to be completed in February 2018. Any changes to the discount rate will require Board action and proper stakeholder outreach. For these reasons, CalPERS expects to continue using a discount rate net of administrative expenses for GASB 67 and 68 calculations through at least the 2017-2018 fiscal year. CalPERS will continue to check the materiality of the difference in calculation until there is a change in methodology.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 12: EMPLOYEES' RETIREMENT PLAN (CONTINUED)

C. Net Pension Liability (continued)

The long-term expected rate of return includes both short-term and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

	New Stategic	Real Return	Real Return
Asset Class	Allocation	Years 1-10 (a)	Years 11+ (b)
Global Equity	47.0%	5.25%	5.71%
Global Fixed Income	19.0	0.99	2.43
Inflation Sensitive	6.0	0.45	3.36
Private Equity	12.0	6.83	6.95
Real Estate	11.0	4.50	5.13
Infrastructure and Forestland	3.0	4.50	5.09
Liquidity	2.0	(0.55)	(1.05)

- (a) An expected inflation of 2.5% used for this period
- (b) An expected inflation of 3.0% used for this period

NOTE 12: EMPLOYEES' RETIREMENT PLAN (CONTINUED)

D. Changes in the Net Pension Liability

The changes in the Net Pension Liability for the County's Miscellaneous Plan follows:

	Increase (Decrease)		
	Total Pension	Plan Fiduciary	Net Pension
Miscellaneous Plan	Liability	Net Position	Liability/(Asset)
Balance at June 30, 2014	\$ 381,274,803	\$ 264,132,539	\$ 117,142,264
Change in the year:			
Service cost	7,556,293	-	7,556,293
Interest on total pension liability	27,758,176	-	27,758,176
Changes of assumptions	(6,284,639)	-	(6,284,639)
Differences between expected and actual experience	(5,598,923)	(523,198)	(5,075,725)
Plan to plan resource movement	-	1,309	(1,309)
Contributions - employer	-	10,588,846	(10,588,846)
Contributions - employee	-	3,057,528	(3,057,528)
Net investment income	-	5,862,079	(5,862,079)
Benefit payments, including refunds of employee			
contributions	(20,634,843)	(20,634,843)	-
Administrative expenses	-	(297,262)	297,262
Net changes	2,796,063	(1,945,542)	4,741,605
Balance at June 30, 2015	\$ 384,070,865	\$ 262,186,997	\$ 121,883,869

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 12: EMPLOYEES' RETIREMENT PLAN (CONTINUED)

D. Changes in the Net Pension Liability (continued)

Sensitivity of the Net Pension Liability to Change in the Discount Rate

The following presents the net pension liability of the County for each Plan, calculated using the discount rate for each Plan, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage points lower or 1-percentage point higher than the current rate:

Miscellaneous	Discount	Discount	Discount
	Rate	Rate	Rate
	1% (6.65%)	(7.65%)	+1% (8.65%)
Net Pension Liability	\$ 169,087,353	\$ 121,883,869	\$ 82,544,713
Safety	Discount	Discount	Discount
	Rate	Rate	Rate
	-1% (6.65%)	(7.65%)	+1% (8.65%)
Net Pension Liability	\$ 35,262,986	\$ 21,487,171	\$ 11,112,598

Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

E. Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2016, the County recognized pension expense of \$13,338,330.

Pension expense represents the change in the net pension liability during the measurement period, adjusted for actual contributions and the deferred recognition of changes in investment gain/loss, actuarial gain/loss, actuarial assumptions or method, and plan benefits. At June 30, 2016, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 12: EMPLOYEES' RETIREMENT PLAN (CONTINUED)

E. Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions (continued)

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 13,340,723	\$ -
Changes in assumptions	-	(4,835,789)
Differences between expected and actual experience	-	(3,016,818)
Change in proportion	31,132	-
Change in employer's proportion and differences between the employer's contributions and the employer's		
proportionate share of contributions	14,569	-
Net difference between projected and actual earnings		
on plan investments		(3,136,397)
Total	\$ 13,386,424	\$ (10,989,004)

\$13,340,723 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30	
2017 2018 2019 2020	\$ (7,126,392) (3,739,512) (2,287,990) 2,340,701
2021	(130,110)
Thereafter	_

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 13: OTHER POSTEMPLOYMENT BENEFITS (OPEB)

A. Plan Description

The County of Nevada provides, under a defined benefit plan, retiree healthcare benefits to qualifying employees retiring directly from the County. The benefit level is determined by date of hire and length of service. The County has contracted for medical coverage to be provided through an agent multiple-employer CalPERS Healthcare (PEMHCA) plan.

The County pays the least expensive available plan single premium up to Medicare eligible age for retirees with more than 20 years of County Service. Employees hired before July 1, 2000, with less than 20 years of County service at retirement, receive a fixed stipend amount. After reaching Medicare eligible age, the County also pays 80% of the least expensive Medicare supplemental plan single premium for all retirees hired before July 1, 2000 and for employees hired after July 1, 2000 with 20 years of County service. For safety employees with disability retirement, the County pays 100% of the least expensive medical single premium for life.

Employees Hired On or After July 1, 2008—Employees hired on or after July 1, 2008, and who retire from the County, the County will continue to provide access to medical insurance coverage for those employees who retire from employment with the County and who constitute "annuitants" as defined by the Public Employees Medical and Hospital Care Act (PEMHCA) only.

B. Funding Policy

The OPEB funding policy provides for periodic contributions by the County. The contribution rate is determined on an annual basis by an independent actuary and is authorized by the County Board of Supervisors. The contribution rate is based on the annual required contribution (ARC), an amount that is actuarially determined in accordance with the parameters of GASB Statement No. 45, Accounting and Financial Reporting By Employers for Postemployment Benefits Other Than Pensions.

The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities as a level percent of pay over a 30 year (closed) period beginning June 30, 2009 and to account for assumption changes and experience gain/losses over a 15 year fixed (closed) period.

The County has established an irrevocable trust with CalPERS – California Employers' Retiree Benefit Trust Fund (CERBT) to deposit the contributions above the current year pay-as-you-go portion. CERBT issues a publicly available financial report including GASB 43 disclosure information in the aggregate with the other CERBT participating employers. That report may be obtained by contacting CalPERS, P.O. Box 942703, Sacramento, CA 94229-2703 or www.calpers.ca.gov.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 13: OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)

C. Annual OPEB Cost and Net OPEB Obligation

The following table shows the County's annual OPEB cost for the year, the amount actually contributed to the plan, and the resulting net OPEB obligation.

Annual required contribution Interest on prior year net OPEB obligation Amortization of prior year net OPEB obligation	\$ 3,976,000 336,000 (380,000)
Annual OPEB Cost	3,932,000
Contributions Made: Pay as you go contribution Additional funding contribution	(2,154,461) (1,822,000)
Decrease in net OPEB obligation Net OPEB Obligation - Beginning of Year	(44,461) 4,580,074
Net OPEB Obligation - End of Year	\$ 4,535,613

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the current and prior two years are as follows:

		Percentage	
	Annual	of Annual	
Fiscal Year	OPEB	OPEB Cost	Net OPEB
Ended	Cost	Contributed	Obligation
6/30/2014	4,258,000	83.5%	4,626,050
6/30/2015	3,824,000	101.2%	4,580,074
6/30/2016	3,932,000	101.1%	4,535,613

The quantifications of costs set forth above should not be interpreted in any way as vesting such benefits: rather the disclosures are made solely to comply with the County's reporting obligations under GASB 45, as the County understands these obligations.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 13: OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)

D. Funded Status and Funding Progress

The unfunded actuarial accrued liability is being amortized as a level percentage of payroll over a closed 30 year period beginning July 1, 2009. The funded status of the plan as of June 30, 2016 (the most recent actuarial valuation date), was as follows:

Actuarial accrued liability (AAL) Actuarial value of plan assets	\$ 55,147,000 19,990,000
Unfunded actuarial accrued liability (UAAL)	\$ 35,157,000
Funded ratio (actuarial value of plan assets/AAL)	36.2%
Covered payroll (active plan members)	\$ 47,565,000
UAAL as a percentage of covered payroll	73.9%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

E. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of the valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. In the June 30, 2016, actuarial valuation, the entry age normal actuarial cost method was used. The actuarial assumptions included a 7.25% discount rate, and annual healthcare cost trends for HMO and PPO that start with 8.0% and 8.3%, respectively, and declines to 5.0% over seven years for both plan types. The actuarial assumptions included an annual 3.0% inflation rate and a 3.25% per annum aggregate payroll increases.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 14: RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has Risk Management Funds (Internal Service Funds) to account for and finance self-insured risks of loss for public liability, unemployment, dental, and vision. The County is a member of the California State Association of Counties Excess Insurance Authority, a public entity risk pool currently operating as a common risk management and insurance program for Counties. Should actual loss among participants be greater than anticipated, the County will be assessed its pro rata share of the deficiency. Conversely, if the actual losses are less than anticipated, the County will be refunded its pro rata share of the excess.

The County is a member of the County Supervisors Association of California Excess Insurance Authority, a public entity risk pool currently operating as a common risk management and insurance program for Counties. The Authority is solvent. Under this program, the Risk Management Funds provide coverage for up to a maximum of \$100,000 for each general liability claim, and \$10,000 for each unemployment claim.

Should actual loss among participants be greater than anticipated, the County will be assessed its prorata share of the deficiency. Conversely, if the actual losses are less than anticipated, the County will be refunded its prorata share of the excess. Settled claims have not exceeded commercial coverage in any of the past three fiscal years.

Actual claims unpaid as of June 30, 2016, including any estimates for incurred but not reported (IBNR) amounts, constitute claims payable. The claims liability at June 30, 2016, was as follows:

Unemployment Liability	\$ 511,055 752,000	
Total	\$ 1,263,055	

All funds of the County participate in the program and make payments to the Risk Management Funds based on estimates of the amounts needed to pay prior and current year claims. At June 30, 2016, the Risk Management Fund's fund equity was \$1,194,092. The claims liability of \$1,263,056 reported in the funds at June 30, 2016, is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably determined.

Changes in the County's claims liability amount for the fiscal years 2014, 2015, and 2016 were as follows:

	Balance at Beginning of Fiscal Year	Claims and Changes in Estimates	Claims Payments	Balance at End of Fiscal Year
2014	\$ 1,244,756	\$ 1,126,784	\$ 1,186,990	\$ 1,184,550
2015	1,184,550	1,407,076	1,251,576	1,340,050
2016	1,340,050	1,090,834	1,167,829	1,263,055

The ultimate settlement of specific claims against the County cannot presently be determined and no provision for any other liability that may result has been made in the financial statements. Non-incremental claims adjustment expenses are included as part of liability for claims and judgments.

Notes to Basic Financial Statements For the Year Ended June 30, 2016

NOTE 15: OTHER INFORMATION

A. Commitments and Contingencies

The County had active construction projects as of June 30, 2016, including County facility, road, bridge, airport, and wastewater improvements. At year end the County's commitments with contractors were as follows:

	Spent-to-Date		Remaining mmitments
County facility improvements Road and bridge infrastructure	\$	- 3,621,504	\$ 74,507 3,990,893
Wastewater pipeline		1,074,700	97,577
Total	\$	4,907,694	\$ 4,162,976

Encumbrances

The County has entered into contracts to purchase goods and services from various vendors. These encumbrances are payable upon future performance and are summarized below as of June 30, 2016:

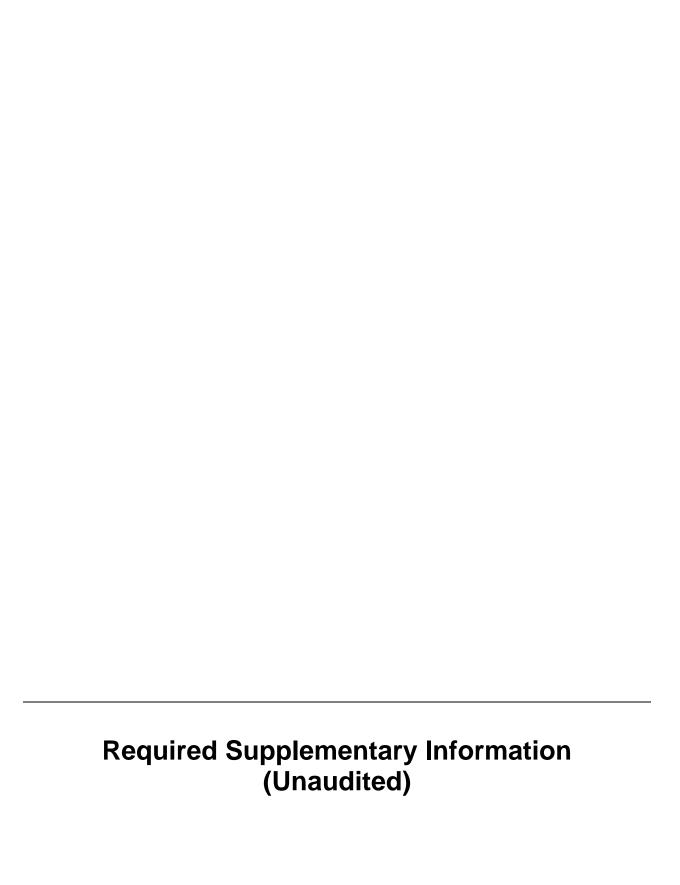

General Fund	\$ 9,907,532
Human Services Agency Fund	2,187,990
Total	\$ 12,095,522

NOTE 16: SUBSEQUENT EVENTS

Management has evaluated events subsequent to June 30, 2016 through December 28, 2016, the date on which the financial statements were available for issuance. Management has determined that there were no subsequent events other than the following:

On August 16, 2016, the County approved the issuance of approximately \$10.8 million of New Clean Renewable Energy Bonds (NCREBS), and approximately \$2.0 million of Tax Exempt Bonds (total funding of approximately \$12.8 million) to fund, respectively, the solar equipment and energy conservation measures for the Energy Conservation and Generation Project.

Notes to schedule

Valuation date: 6/30/2014

Methods and assumptions used to determine contribution rates:

Amortization methhod For details, see June 30, 2014 Funding Valuation Report.

Asset valuation method Actuarial value of assets. For details, see June 30, 2014 Funding Valuation Report.

Inflation 2.75%

Salary increases Varies by Entry Age and Service

Payroll growth 3.00%

Investment rate of return 7.50% Net of Pension Plan Investment and Administrative Expense; includes Inflation.

Retirement age The probabilities of retirement are based on the 2010 CalPERS Experience Study for the period from 1997 to 2007.

Mortality The probabilities of mortality are based on the 2010 CalPERS Experience Study for the period from 1997 to 2007.

Pre-retirement and post-retirement mortality rates include 5 years of projected mortality improvement using Scale AA

published by the Society of Actuaries.

Required Supplementary Information For the Year Ended June 30, 2016

2. SCHEDULE OF FUNDING PROGRESS - OTHER POSTEMPLOYMENT BENEFITS (OPEB)

The Schedule of Funding Progress – Other Postemployment Benefits provides a consolidated snapshot of the County's ability to meet current and future liabilities with the plan assets. Of particular interest to most is the funded status ratio. This ratio conveys a plan's level of assets to liabilities, an important indicator to determine the financial health of the OPEB plan. The closer the plan is to a 100% funded status, the better position it will be in to meet all of its future liabilities.

The table below shows a three year analysis of the actuarial value of assets as a percentage of the actuarial accrued liability and the unfunded actuarial accrued liability as a percentage of the annual covered payroll for the County Other Post-Employment Benefit Plan.

Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability (AAL) Entry Age	Unfunded AAL (UAAL)	Funded Ratio	Covered Payroll	UAAL as a % of Covered Payroll
June 30, 2014	14,412,000	52,430,000	38,018,000	27.50%	51,647,000	73.60%
June 30, 2015	16,907,000	52,927,000	36,020,000	31.90%	45,337,000	79.40%
June 30, 2016	19,990,000	55,147,000	35,157,000	36.25%	47,565,000	73.90%

3. INFRASTRUCTURE ASSETS REPORTED USING THE MODIFIED APPROACH

The County's infrastructure assets are recorded at historical cost in the government-wide financial statements as required by the Governmental Accounting Standards Board (GASB) Statement No. 34. The County has elected to use the modified approach to report its maintained road system. Infrastructure assets reported under the modified approach are not subject to depreciation per GASB Statement No. 34.

The County manages its maintained road system using the Metropolitan Transportation Commission's Pavement Management program (Program) and accounts for them using the modified approach. The Program establishes a Pavement Condition Index (PCI) on a scale from zero to one hundred (0-100) for each road segment being maintained by the Department of Public Works. The Program has defined the pavement of roads with PCIs of 40 or better to be in a "Fair" or better condition and roads with a PCI of 55 or better to be in a "Good" or better condition. The system-wide average PCI number for all paved or chip sealed roads in the County maintained road system is calculated on a weighted by section, road area basis. The amount that an individual road section's condition contributes to the overall system average rating is proportionate to the amount of the total systems surfaced area that the individual segment contains. It is the County's policy relative to maintaining the maintained road system to keep an average PCI rating of 62. This rating must be achieved over a three year period.

One third of the County maintained roads are assessed each year, with a complete condition assessment calculated every three years. The last complete condition assessment was completed in fiscal year 2015 with an average PCI rating of 63.7. The overall condition of the County maintained roads decreased from the fiscal year 2012 average PCI rating of 65.3. The history of the condition assessments is provided below.

Required Supplementary Information For the Year Ended June 30, 2016

3. INFRASTRUCTURE ASSETS REPORTED USING THE MODIFIED APPROACH (CONTINUED)

	Year 1	Year 2	Year 3	Average
2015	66	62	63	63.7
2012	64	66	66	65.3
2009	65	66	64	65.0
2006	68	67	65	66.7

For the year ended June 30, 2016, actual maintenance and preservation costs were \$5,416,029, which was \$2,284,507 or 29.7% less than estimated. The decrease was due to lower than expected maintenance costs. A five year history of planned to actual maintenance and preservation costs is provided in the following table.

Maintenance	ጲ	Preservation	Cost
Mannenance	(X	i icacivalidii	COST

Fiscal Year	Estimated Costs	Actual Costs	Variance
2012	5,929,387	6,588,781	(659,394)

Required Supplementary Information Note to Budgetary Comparison Schedules For the Year Ended June 30, 2016

BUDGETARY BASIS OF ACCOUNTING

Formal budgetary integration is employed as a management control device during the year. The County presents a comparison of annual budgets to actual results for the County's General, Special Revenue and Debt Service funds. The amounts reported on the budgetary basis are generally on a basis consistent with accounting principles generally accepted in the United States of America (GAAP).

In accordance with the provisions of Sections 29000 and 29143, inclusive, of the California Government Code and other statutory provisions, commonly known as the County Budget Act, the County prepares a budget for each fiscal year on or before August 30. Budgeted expenditures are enacted into law through the passage of an Appropriation Ordinance. This ordinance mandates the maximum authorized expenditures for the fiscal year and cannot be exceeded except by subsequent amendments to the budget by the County's Board of Supervisors.

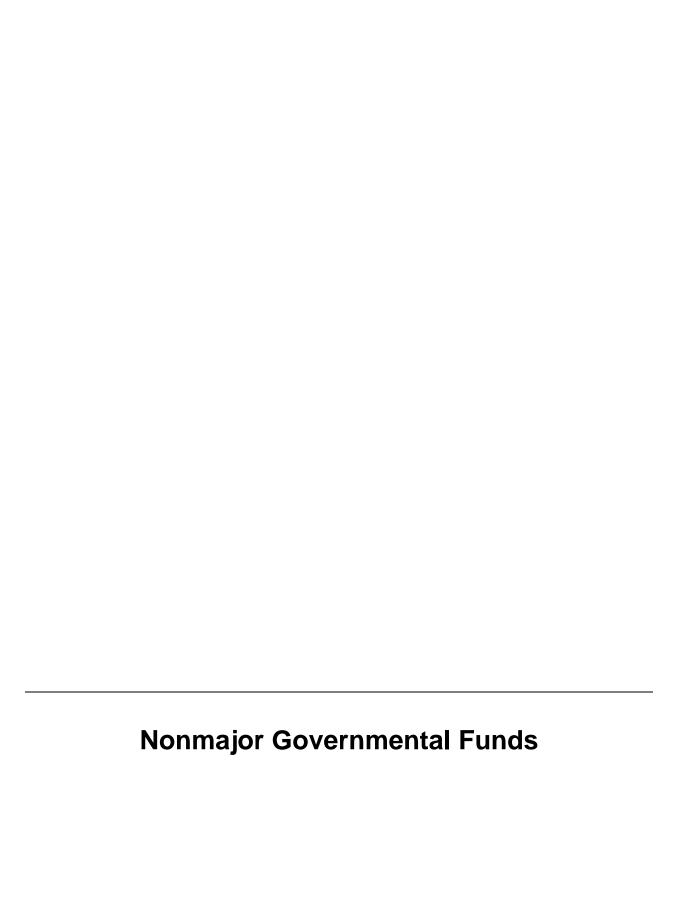

The following procedures are performed by the County in establishing the budgetary data reflected in the financial statements:

- (1) The County Executive Officer submits to the Board of Supervisors a recommended draft budget for the fiscal year commencing the following July 1. The budget includes recommended expenditures and the means of financing them.
- (2) The Board of Supervisors reviews the recommended budget at regularly scheduled meetings, which are open to the public. The Board also conducts a public hearing on the recommended budget to obtain comments from interested persons.
- (3) Prior to July 1, the budget is adopted through the passage of a resolution.
- (4) From the effective date of the budget, which is adopted and controlled at the service budget unit, the amounts stated therein as recommended expenditures, become appropriations to the various County service budget units. The Board of Supervisors may amend the budget by motion during the fiscal year. The County Executive Officer may authorize transfers from one object or purpose to another within the same service budget unit.

The County uses an encumbrance system as an extension of normal budgetary accounting for the general and other governmental funds. Under this system, purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of applicable appropriations. Encumbrances outstanding at year end are recorded as restricted, committed or assigned fund balance since they do not constitute expenditures or liabilities. Unencumbered appropriations lapse at year-end. Encumbered appropriations are carried forward in the ensuing year's budget.

Nonmajor Governmental Funds Special Revenue Funds

Nonmajor Special Revenue Funds

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects. Nonmajor special revenue funds used by the County are listed below:

FISH AND GAME

The fund provides for expenditures, which are used for the protection and propagation of fish and game. Revenues are from the County's share of fines collected for violations of fish and game laws.

CHILD SUPPORT SERVICES

The fund provides for services to establish paternity, obtains and enforces court orders for child support, collects and distributes payments, and provides community outreach about those services for the benefit of minor children.

RECYCLED OIL BLOCK GRANT

The fund was established to record funds received from the State for the California Oil Recycling Enhancement Act to implement the collection of used oil at the County transfer station.

PROBATION FIRE INSURANCE ADMIN GRANT

The fund provides for the administration of the insurance claims relating to the Probation Department Fire on March 20, 2002.

MOTOR VEHICLE LICENSE

Fees imposed by State and distributed to Counties. Fund established to track general fund 50% contribution to Roads per Measure F passed by County voters to enhance road maintenance and repairs.

PUBLIC LIBRARY

The fund finances public library services for 3 branches and 2 stations located in the unincorporated and incorporated areas within the County.

INET MAINTENANCE

The fund was established for cable franchise agreements that provide payment of grants to support the development of an institutional network (INET) to purchase equipment and to support public, educational and governmental television programming.

WORKERS' COMPENSATION

The fund provides claims management and pays the premium costs for workers' compensation.

NONMAJOR HUMAN SERVICE AGENCY

ALCOHOL EDUCATION PROGRAM PC 1463.16

The fund was established per Penal Code 1463.16 for the County's Alcohol Program Plan which is submitted to the State Department of Alcohol and Drug Programs.

DRUG EDUCATION TRUST

The fund was established per Health and Safety Code 11372.7 to maintain a drug program fund, mounts to be deposited into the fund shall be allocated by the administrator of the County's Drug Program.

ALCOHOL EDUCATION PG PC 1463.25

The fund was established per Penal Code 1463.25 pursuant to Vehicle Code Section 23196 and utilized pursuant to Health and Safety Code Section 11802, amounts deposited into the fund shall be allocated by the administrator of the County's Drug Program.

Nonmajor Special Revenue Funds

NONMAJOR HUMAN SERVICE AGENCY (CONTINUED)

EMERGENCY MEDICAL SERVICES

The fund was established to support emergency medical services pursuant to Chapter 2.5, Division 2.5 of the Health and Safety Code.

LOCAL BIOTERRORISM PREPAREDNESS

The fund accounts for funding from CA. Dept. of Health Services for public health emergency preparedness including pandemic influenza and other potential emergencies.

CHILDREN'S TRUST AB-2994

The fund was established pursuant to Assembly Bill 2994 for child abuse prevention and treatment services.

HEALTH - VRIP

The fund provides for the Vital Records Improvement Program.

HPP

To track receipt and expenditure of Local Hospital Preparedness Program (HPP) for vaccination, antiviral distribution/dispensing and administration, epidemiology, laboratory, surveillance and other associated pandemic preparedness and response activities.

ADMINISTRATION

FOREST RESERVES

The fund provides for disbursement of Title III funds at the County's discretion as long as the projects meet the requirements established in the law. Examples of authorized uses are: search, rescue and emergency services to reimburse a County or Sheriff's department for services performed on Federal lands; easement purchases to provide access to public lands; forest related educational opportunities and fire prevention planning.

COMMUNITY FACILITIES DISTRICT #1990-1 WILDWOOD ESTATES

The fund accounts for the restricted proceeds of certain amounts related to the workout plan of Wildwood Estates and related infrastructure.

WILDWOOD ESTATES MELLO-ROOS

The fund accounts for special taxes and bonds used to finance development projects in Wildwood Estates.

CRIMINAL JUSTICE TEMPORARY FACILITY CONSTRUCTION

The fund provides for Criminal Justice construction projects pursuant to Government Code Section 761010.

PUBLIC SAFETY AUGMENT

The fund provides for the receipting of and disbursement of Public Safety Augmentation Funds (Proposition 172), according to the agreed upon allocations per County resolution.

DISPUTE RESOLUTION

The Dispute Resolution Programs Act of 1986 provided for the local establishment and funding of informal dispute resolution. The County is authorized to allocate up to \$8 from filing fees in superior, municipal and justice court actions to generate new revenues for these local programs.

Nonmajor Special Revenue Funds

COMMUNITY DEVELOPMENT AGENCY

PROPERTY MAINTENANCE/NUISANCE ABATEMENT

This fund was established to deposit building code, fire code, zoning fines and is for the ongoing abatement of violations under regulatory authority in order to improve the quality of life and resolve safety issues within neighborhoods. Nuisance abatement is often a component of problem oriented or community policing programs.

RECREATION MITIGATION

Funds setup for deposit of fees for the purpose of developing new or rehabilitating existing neighborhood or community park or recreation facilities.

ENVIRONMENTAL HEALTH PENALTIES

Fund setup for deposit of fines and penalties related to underground storage tanks and tracks expenditures exclusively related to enforcement.

CAPITAL FACILITY MITIGATION

Fund setup for the receipt and disbursement of Capital Facility Mitigation fees collected under CEQA statutes from subdivisions for fair-share contributions.

DISTRICT ATTORNEY

DUI LAB FEES

To pay the costs of performing analysis of blood, breath or urine for alcohol content or the presence of drugs and the related costs for criminal lab services. Funded by a fee collected for the conviction of specific Vehicle Code Sections.

ASSET FORFEITURE

The fund was established to hold proceeds from property seized.

ENVIRONMENTAL ENFORCEMENT

Funds to be used to support environmental enforcement activities, including litigation, training and related expenses.

PROBATION

DOMESTIC VIOLENCE PROGRAM

This fund was established by statute for the deposit of fee per marriage license issued by the County Clerk-Recorder to be used to fund domestic violence shelter-based programs.

CORRECTIONAL TRAINING

The fund was established for training of eligible juvenile counselors and probation officers to improve the level of competence of such staff. Such application and approval is governed by regulation and procedures established by the Board, subject to the availability of funds.

WARD WELFARE FUND

This fund was established by statute for the deposit of any funds received from a telephone company that is attributable to the use of pay telephones which are primarily used by confined wards while incarcerated, and to be used for the benefit, education and welfare of the wards detained.

ASSET FORFEITURE

This fund was established to hold proceeds from property seized.

Nonmajor Special Revenue Funds

PROBATION (CONTINUED)

YOUTHFUL OFFENDER BLOCK GRANT

Fund established to track the revenues and expenditures related to the Youthful Offender Block Grant allocation. The fund is to be used to provide the appropriate rehabilitative, intervention and supervision services.

JJCPA

To provide for front-line law enforcement services specific to juveniles as part of the Juvenile Justice Crime Prevention Act.

RECORDER

The fund provides for repository of official and vital records for the County and files or records a variety of documents, maintains a record of those documents for posterity, and makes certified copies available to the public.

SHERIFF

AUTOMATED WARRANT SYSTEM

The fund was established to track vehicle code 40508.5 fines for development and operation of the automated warrant system.

CIVIL FEE - AB709

The fund was established per Assembly Bill 709, funds to be used for implementation, maintenance and purchase of equipment and furnishings for Sheriff-Civil.

ATTACHMENT ASSESSMENT FEE

The fund was established per Government Code Section 26746, funds to be used for County's cost for vehicle fleet replacement and equipment for the Sheriff.

RURAL & SMALL COUNTIES LAP (LOCAL ASSISTANCE PROGRAM)

Grant funds to be used for paying expenses related to law enforcement.

CORRECTIONAL TRAINING

The fund was established for training of eligible corrections officers to improve the level of competence of such staff. Such application and approval is governed by regulation and procedures established by the Board, subject to the availability of funds.

LDFF - LOCAL DETENTION FACILITY FUND

Allocation from State for the operation, remodeling and construction of local detention facilities. Fees charged to outside agencies if no appropriation.

INMATE WELFARE FUND

The fund was created by statute primarily for the benefit, education and welfare of the inmates confined within the jail.

ANIMAL HEALTH FUND

The fund was established to provide treatment for stray animals that could become adoptable with reasonable efforts, Food & Agriculture Code 17005.

SPAY AND NEUTER FUND

The fund is utilized as a collection for donations and large animal spay and neuter deposit fees that are to be used for the spay and neuter program, public education and administration of the program.

Nonmajor Special Revenue Funds

SHERIFF (CONTINUED)

KREA SPAY AND NEUTER PROGRAM FUND

The fund was established for a voucher program with set dollar amounts to help defray the costs to the public and ensure dogs and cats are spayed and neutered. The Estate of Nickolaus Krea made a donation for the specific purpose of spaying and neutering dogs and cats.

WILSON FAMILY TRUST

The fund was established exclusively for food and medical care of the animals under their control and not for administrative, labor, overhead expenses of the like. The Wilson Family Trust made a donation for this specific purpose.

FEDERAL ASSET FORFEITURE FUND

The fund was established to hold proceeds from property seized until a Federal court order allocates the distribution per Code Section 11489.

FINGERPRINT IDENTIFICATION

Fund was established for the enhancement of fingerprint facilities funded by monies levied from fines, fee and forfeitures on criminal offenses. Monies are to be used only for the purchase, lease, operation, including personnel and related costs, and maintenance of automated fingerprint equipment, or for the reimbursement to agencies that had previously performed any of these functions.

LAW ENFORCEMENT SERVICES

Also known as the Citizens for Public Safety grant (COPS). These funds are allocated to the Sheriff – Jail (12.5%) for county jail construction and operations, the District Attorney (12.5%) for the prosecution of criminals and 75% to the County and the cities within the County local front line law enforcement services.

GC76104.6 ST DNA ACT

The fund was established to collect fines from the DNA Penalty Assessment (Proposition 69). These funds are used for Administrative costs; collection of samples; processing/analysis/tracking and storage of DNA crime scene samples; equipment; software and other.

ANTI-DRUG ABUSE/GANG DIVERSION

This fund was established per Health and Safety Code. Funds are a portion of State Asset Forfeiture distributions and are to be used solely to fund programs designed to combat drug abuse and divert gang activity.

STATE ASSET FORFEITURE

The fund was established to hold proceeds from property seized until a State court order allocates the distribution per Code Section 11489.

SPECIAL DISTRICTS GOVERNED BY THE BOARD OF SUPERVISORS

These funds support a number of special purpose district funds administered by the Department of Public Works. Funding is provided by tax levies and service charges.

PUBLIC WORKS

The fund provides for the construction and maintenance of county roads, along with transportation planning activities.

HOUSING AND COMMUNITY SERVICES

The fund provides for the securing of State and Federal grants for affordable housing, economic development, energy assistance, community facilities and various low-income community services.

Nonmajor Governmental Funds Debt Service Funds

Nonmajor Debt Service Funds

Debt Service Funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for principal and interest. Nonmajor debt service funds used by the County are listed below:

GOVERNMENT DEBT SERVICE

Fund accounts for other financing requirements of the County, including for Laura Wilcox Memorial building. Amounts are transferred into, and payments made out of, this fund.

SPECIAL ASSESSMENT DEBT WITH COUNTY COMMITMENT

These funds were established to administer bonds issued by the County of Nevada on behalf of the County Service Area 22 Assessment District under the Improvement Bond Act of 1915.

FINANCE AUTHORITY

Fund accounts for finance and refinance of any real or personal property for the benefit of Nevada County. The Finance Authority is the lessor for the County's Certificates of Participation, and makes debt service payments on behalf of the County.

Nonmajor Proprietary Funds Enterprise Funds

Nonmajor Enterprise Funds

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed primarily through user charges; or where the County has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Nonmajor enterprise funds of the County are listed below:

EASTERN NEVADA COUNTY SOLID WASTE

Fund accounts for the solid waste support services in Eastern Nevada County. Includes administration of refuse collection franchise in Eastern Nevada County. Fees collected from property owners in unincorporated Eastern Nevada County and used for residential refuse collection, recycling, and disposal activities. Also used to administer the Hirschdale Landfill closure and provide post-closure monitoring services.

Internal Service Funds

Internal service funds are used to account for the financing of good or services provided by one department or agency to other departments on a cost-reimbursement basis. Internal Service Funds used at the County are listed below:

FLEET MANAGEMENT

The fund accounts for the management of a program to ensure that both current and future vehicle needs are met for all County departments.

VISION INSURANCE

The fund accounts for the vision insurance component of the self-insurance services provided to County employees.

UNEMPLOYMENT INSURANCE

The fund accounts for the management of unemployment insurance for the County's self-funded plan.

LIABILITY INSURANCE

The fund accounts for the services related to the protection of the County from general liability exposures. It provides claims management services, and pays the premium costs for general liability insurance.

CENTRAL SERVICES

The fund accounts for printing, copier, mail, pool car scheduling, answering the County information line, and scanning services provided to County departments and outside agencies.

DENTAL INSURANCE

The fund accounts for the dental insurance component of the self-insurance services provided to County employees.

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore cannot be used to support the government's own programs. Fiduciary funds include investment trust funds and agency funds.

INVESTMENT TRUST FUNDS

The assets of these funds are held in trust for other agencies and are part of the County's external pool. The external investment pool is made up of five separate funds; Independent Districts, School Districts, School Districts Debt Service, Courts and Jury/Witness and Local Transportation Authority. The County is obligated to disburse monies from these funds on demand.

AGENCY FUNDS

To account for the receipt and disbursement of various taxes, deposits, deductions, and property collected by the County, acting in the capacity of an agent for distribution to other governmental units or other organizations. The agency funds maintained by the County include two separate components.

Accrued Trust Funds - Accounts for property tax receipts awaiting apportionment to other local governmental agencies and investment earnings awaiting apportionment to other local government agencies.

County Departmental Agency Funds - Accounts for all assets under the control of County departments which are held in a fiduciary capacity.

STATISTICAL SECTION (UNAUDITED)

This part of the County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time	174-183
Revenue Capacity These schedules contain information to help the reader assess the factors affecting the County's ability to generate its property and sales taxes.	184-187
Debt Capacity These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	188-191
Economic and Demographic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place and to help make comparisons over time and with other governments.	192-193
Operating Information These schedules contain information about the County's operations and resources to help the reader understand how the County's financial information relates to the services the County provides and the activities it performs.	194-199

Note: The County began reporting accrual information when it implemented GASB Statement No. 34 in FY 2003-04 Source: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial reports for the relevant year.

⁽¹⁾ Net expense is the difference between the expenses and program revenues of a function or program. It indicates the degree to which a function or program supports itself with its own fees and grants versus its reliance upon funding from taxes and general revenues. Numbers in parentheses are net expenses, indicating that expenses were greater than program revenues and therefore general revenues were needed to finance that function or program.

Note: Accrual-basis financial information for the county government as a whole is available back to 2002/03 only, the year GASB Statement 34 was implemented

Notes: In FY 2010-11 the County implemented GASB 54 under which governmental fund balances are reported as nonspendable, restricted, committed, assigned, and unassigned.

The implementation of GASB Statement 34 in fiscal year 2003 resulted in the reclassification of funds from fiduciary to governmental in accordance with the expanded definition of governmental fund types. These and other changes necessitated by the implementation of GASB Statement 34 make the information prior to and after the implementation incomparable.

Notes:

Article XIIIA, added to California Constitution by Proposition 13 in 1978, fixed the base for valuation of property subject to taxes at the full cash value which appeared on the Assessor's 1975-76 assessment roll. Thereafter, full cash value can be increased to reflect:

- a) annual inflation up to 2 percent; or
- b) fair market value at the time of ownership change; or
- c) fair value for new construction

Estimated actual value of taxable property cannot easily be determined as the property in the County is not reassessed annually. Reassessment normally occurs when ownership changes.

- (1) Includes aircrafts

- (1) On June 6, 1978, California voters approved a constitutional amendment to Article XIIIA of the California Constitution, commonly known as Proposition 13, that limits the taxing power of California public agencies. Legislation to implement Article XIIIA (Statutes of 1978, Chapter 292, as amended) provides that notwithstanding any other law, local agencies may not levy property taxes except to pay debt service on indebtedness approved by voters prior to July 1, 1978 or any bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978 by two-thirds of the voting public.
- (2) Proposition 13 allows each county to levy a maximum of \$1 per \$100 of full cash value. Full cash value is equivalent to assessed value pursuant to Statutes of 1978, Senate Bill 1656.

Notes:

(1) The levy & collection amounts include special assessments, penalties, cost, and any applicable interest. They do not include Supplemental taxes. Also, the levy is based on the equalized roll and all escaped assessments and assessor's roll corrections processed within the fiscal year.

This reflects the current levies unpaid at year-end. Currently, the County's property tax system does not have the ability to track delinquent collections by the respective year of levy.

Total Net Debt Applicable to the Limit as a Percentage of Debt Limit	14.65%	17.63%	20.28%	21.37%

⁽¹⁾ Assessed value is equal to full cash value.

Source: County of Nevada Audited Financial Statements

⁽²⁾ The legal debt limit is 1.25% of assessed valuation

⁽³⁾ General bonded debt Includes bonds, notes, certificates of participation, loans and capital leases. Does not include compensated absences, net pension obligations, landfill postclosure costs or claims and judgments.

⁽⁴⁾ Legal debt margin is computed by subtracting the County legal general obligation bonded debt from the legal debt limit.
