

RESOLUTION No. 23-435

OF THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA

RESOLUTION APPROVING A GRANT AWARD AGREEMENT BETWEEN THE COUNTY OF NEVADA AND TRUCKEE RIVER WATERSHED COUNCIL FOR AN OUTDOOR VISITOR SAFETY FUND GRANT FOR \$40,000 AND AUTHORIZING THE CHAIR OF THE BOARD OF SUPERVISORS TO EXECUTE AGREEMENT WITH AWARDEE

WHEREAS, the American Rescue Plan Act of 2021 (ARPA) is a \$1.9 trillion economic stimulus package passed by Congress and signed by President Joseph Biden on March 11, 2021, in response to the ongoing COVID-19 pandemic and associated economic challenges. ARPA included \$350 billion in State and Local Aid, which included \$65.1 billion in direct funding to counties. Based on US Treasury allocations, Nevada County has been allocated \$19,376,239 in funding; and

WHEREAS, on April 27, 2021, staff brought a preliminary ARPA Expenditure Plan to the Board for direction. The plan included a recommendation to allocate 30% of ARPA funds (\$5.8M) to “Community & Economic Resiliency” projects. This included one loan program and four grants, including the “Outdoor Visitor Safety Fund” program, which was allotted between \$800,000-\$1,000,000 for improvements to major river crossings and trailheads impacted by increased visitation; and

WHEREAS at the February 8, 2022, Board of Supervisors regular meeting the preliminary plan was further refined and ratified with the adoption of Recreation as an objective, including additional funding augmenting ARPA funds for recreation with a subsequent Recreation budget unit established within the Community Development Agency; and

WHEREAS the goal of the Recreation Board Objective is “to promote sustainable recreation in partnership with community providers and other jurisdictions to enhance recreational access, support public health and safety, realize economic opportunities, and preserve natural resource assets” with a specific initiative to “Identify and implement strategies to promote health and safety at river crossings, lakes, trailheads, and other high-use or high-risk areas”; and

WHEREAS, the Outdoor Visitor Safety Fund is comprised of \$450,000 in ARPA Funds and \$400,000 General Fund Economic Infrastructure Assignment dollars; and

WHEREAS, the County awarded a first round of Outdoor Visitor Safety Fund grants totaling \$415,570 to eligible entities which included nonprofit organizations, for-profit businesses, special purpose districts, and pending availability of general fund moneys, State and Federal agencies, to respond to the negative economic impacts of the COVID-19 pandemic with proposals that will increase resiliency and promote health and safety at highly impacted outdoor recreation destinations; and

WHEREAS, remaining funds total \$34,430 in ARPA and \$400,000 in General Funds in the Recreation budget unit 0101-70102-325-1000-521520; and

WHEREAS, the County released a request for applications for a second round of Outdoor Visitor Safety Fund grants on February 8, 2023, from eligible entities; and

WHEREAS, 20 concept proposals were received from 18 different organizations; and

WHEREAS, a 7-member evaluation panel (Panel), consisting of three community members and four county staff, reviewed, and scored concept proposals; and

WHEREAS, 12 proposals from 11 different organizations were invited to submit a full proposal; and

WHEREAS, the County received 11 final full proposals from 9 individual eligible entities totaling \$815,230; and

WHEREAS, the same evaluation panel again reviewed and scored applications with a recommended list of eight projects from seven eligible awardees; and

WHEREAS, Grant Award Recipient Agreements were developed on a case-by-case basis and reviewed with the Auditor-Controller to ensure the grantees are in good standing with the County; and

WHEREAS, Grant Award Recipients will enter in the attached “Grant Award Recipient Agreement” with the County, and additionally specifying that grant recipients will provide quarterly reports beginning in January 2024; and

WHEREAS, to promote transparency, required quarterly reporting will be posted on the County of Nevada’s American Rescue Plan “ARPA” and Recreation web pages; and

WHEREAS, the grant funds are approved in the Fiscal Year 2023/24 County Budget; and

WHEREAS, Truckee River Watershed Council was among the seven awardees approved for funding.

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Nevada, State of California, that:

1. The Grant Award Recipient Agreement awarding \$40,000 in an “Outdoor Visitor Safety Fund Grant” to Truckee River Watershed Council is hereby approved.
2. The Chair of the Board of Supervisors is authorized to execute the grant agreement on behalf of the County of Nevada for the “Outdoor Visitor Safety Fund” which is hereby approved and attached hereto.

PASSED AND ADOPTED by the Board of Supervisors of the County of Nevada at a regular meeting of said Board, held on the 8th day of August, 2023, by the following vote of said Board:

- Ayes: Supervisors Heidi Hall, Edward C. Scofield, Lisa Swarouth, Susan Hoek and Hardy Bullock.
- Noes: None.
- Absent: None.
- Abstain: None.

Grant Award Allocation No. SR 23-4133

Description: Outdoor Visitor Safety Fund Grant Program

GRANT AWARD RECIPIENT AGREEMENT

THIS Agreement (“Agreement”) is made at Nevada City, California, by and between the County of Nevada (“County”), and Truckee River Watershed Council (“Grant Recipient”) who agree as follows:

1. **Use of Funds:** Grant recipient agrees to use the General Fund allocation for “Community & Economic Resiliency” for the purposes set forth in Exhibit A.
2. **Grant Fund Allocation:** The sole source of funding by County for this disbursement is from the Community Development Agency Recreation Budget Allocation Fund 0101-70102-325-1000-521520. No other County funding source shall be held liable for any obligations set forth in this Agreement. **The amount of funding shall not exceed Forty-Thousand Dollars (\$40,000).**
3. **Term:** This agreement shall be effective upon the date on which the last party hereto has executed this Agreement (“Effective Date”). All grant funds provided by this Agreement shall be expended before December 31, 2024 and reported on per the requirements stated in Exhibit C. **Agreement Termination Date of 12/31/2024.**
4. **Exhibits:** All exhibits referred to herein and attached hereto are incorporated herein by this reference.
5. **Electronic Signatures:** The parties acknowledge and agree that this Agreement may be executed by electronic signature, which shall be considered as an original signature for all purposes and shall have the same force and effect as an original signature. Without limitation, “electronic signature” shall include faxed or emailed versions of an original signature or electronically scanned and transmitted versions (e.g. via pdf) of an original signature.
6. **Hold Harmless and Indemnification Agreement:** To the fullest extent permitted by law, each party (the “Indemnifying Party”) hereby agrees to protect, defend, indemnify, and hold the other party (the “Indemnified Party”), its officers, agents, employees, and volunteers, free and harmless from any and all losses, claims, liens, demands, and causes of action of every kind and character resulting from the Indemnifying Party’s negligent act, willful misconduct, or error or omission, including, but not limited to, the amounts of judgments, penalties, interest, court costs, legal fees, and all other expenses incurred by the Indemnified Party arising in favor of any party, including claims, liens, debts, personal injuries, death, or damages to property (including employees or property of the Indemnified Party) and without limitation, all other claims or demands of every character occurring or in any way incident to, in connection with or arising directly or indirectly out of, the Agreement and the expenditures of the ARPA funding. The Indemnifying Party agrees to investigate, handle, respond to, provide defense for, and defend any such claims, demand, or suit at the sole expense of the Indemnifying Party, using legal counsel approved in writing by Indemnified Party. Indemnifying Party also agrees to bear all other costs and expenses related thereto, even if the claim or claims alleged are groundless, false, or fraudulent. This provision is not intended to create any

cause of action in favor of any third party against either party or to enlarge in any way either party's liability but is intended solely to provide for indemnification of the Indemnified party from liability for damages, or injuries to third persons or property, arising from or in connection with Indemnifying Party's performance pursuant to this Agreement. This obligation is independent of, and shall not in any way be limited by, the minimum insurance obligations contained in this Agreement. These Hold Harmless and Indemnification provisions shall survive the termination of this Agreement.

7. **Drug-Free Workplace:** Senate Bill 1120, (Chapter 1170, Statutes of 1990), requires recipients of state grants to maintain a "drug-free workplace". Every person or organization awarded a contract for the procurement of any property or services shall certify as required under Government Code sections 8355-8357 that it will provide a drug-free workplace.
8. **Political Activities:** Grant Recipient shall in no instance expend funds or use resources derived from this Agreement on any political activities.
9. **Reporting Requirements:** Grant Recipient will be required to maintain records and provide project information to the County or its Contract Administrator as provided in Exhibit C.
10. **Conflict of Interest:** Grant Recipient certifies that no official or employee of the County, nor any business entity in which an official of the County has an interest, has been employed or retained to solicit or aid in the procuring of this Agreement. In addition, Grant Recipient agrees that no such person will be employed in the performance of this Agreement unless first agreed to in writing by County. This includes prior Nevada County employment in accordance with County Personnel Code.
11. **Entirety of Agreement:** This Agreement contains the entire agreement of County and Grant Recipient with respect to the subject matter hereof, and no other agreement, statement, or promise made by any party, or to any employee, officer, or agent of any party, which is not contained in this Agreement, shall be binding or valid.
12. **Alteration:** No waiver, alteration, modification, or termination of this Agreement shall be valid unless made in writing and signed by all parties, except as expressly provided in Section 19, Termination.
13. **Governing Law and Venue:** This Agreement is executed and intended to be performed in the State of California, and the laws of that State shall govern its interpretation and effect. The venue for any legal proceedings regarding this Agreement shall be the County of Nevada, State of California. Each party waives any Federal court removal and/or original jurisdiction rights it may have.
14. **Compliance with Applicable Laws:** Grant Recipient shall comply with any and all federal, state, and local laws, codes, ordinances, rules, and regulations which relate to, concern or affect the Services to be provided by this Agreement.
15. **Prevailing Wage:** The services described herein may be considered "public works" as defined by California Labor Code section 1720 et seq. Any funds expended as a result of this award Grant Recipient will be responsible for compliance with all applicable prevailing wage laws, as well as any and all applicable state or federal wage laws, for services under the awarded Agreement.

16. **Notification:** Any notice or demand desired or required to be given hereunder shall be in writing and deemed given when personally delivered or deposited in the mail, postage prepaid, and addressed to the parties as follows:

SCHEDULE OF PAYMENTS

The Grant Recipient will receive the grant award for the purpose and use established in Exhibit A of this Agreement, based on the following schedule of payments.

Total Grant Award Amount: \$40,000

Payment Schedule

	Amount	Payment Timing (Pending Met Conditions if applicable)	Applicable Contingencies to be met prior to Payment
Payment 1:	75% of the Grant Award per fiscal year*	Within 60 Days of executed Agreement	Submission of a vendor quote or other demonstration of intended award use
Payment 2:	25% of the Grant Award per fiscal year*	Once all funds have been spent, documentation on expenditures has been provided to County, and the recipient has completed at least one round of reporting (see Exhibit C for reporting requirements)	

**NOTE: For multi-year requests, payments will be percentage of request per fiscal year.*

EXHIBIT C

REPORTING REQUIREMENTS

1. COUNTY-REQUIRED REPORTING.

- a. Grant Recipient will be required to submit quarterly "Project and Expenditure Reports" until the funded project is completed, to the County or its designated Contract Administrator.
- b. The first report will be due on or about January 10, 2024.
- c. The County, or its Contract Administrator, will provide a reporting template and instructions.

2. MAINTENANCE AND ACCESS TO RECORDS AND REPORTS.

- a. Records of Support: Grant Recipient shall maintain records and financial documents sufficient to evidence compliance with the American Rescue Plan Act, Treasury's regulations, and guidance. (Please see: [SLFRF-Compliance-and-Reporting-Guidance.pdf \(treasury.gov\)](#)) The County recommends Grant Recipients collect the following records to support compliance, which may include, but are not limited to, copies of the following:
 - i. General ledger and subsidiary ledgers used to account for (a) the receipt of ARPA Fund payments and (b) the disbursements from such payments to meet eligible expenses related to the public health emergency due to COVID-19;
 - ii. budget records during the grant performance period;
 - iii. payroll, time records, human resource records to support costs incurred for payroll expenses related to addressing the public health emergency due to COVID-19;
 - iv. receipts of purchases made related to project;
 - v. contracts and subcontracts entered into using ARPA Fund payments and all documents related to such contracts;
 - vi. all documentation of reports, audits, and other monitoring of contractors, including subcontractors;
 - vii. all documentation supporting the performance outcomes of contracts, subcontracts, grant awards, and grant recipient subawards; and
 - viii. all internal and external email/electronic communications related to use of ARPA Fund payments.
- b. The County Auditor-Controller, or their authorized representatives, shall have the right of access to records (electronic and otherwise) of Grant Recipient in order to conduct audits or other investigations.
- c. Records shall be maintained by Grant Recipient for a period of five (5) years after all funds have been expended or returned to County, whichever is later.
- d. Grant Recipient shall maintain, at all times, complete detailed records with regard to work performed under this Agreement in a form acceptable to County. Grant Recipient agrees to provide documentation or reports, compile data, or make its internal practices and records available to County, the County's Contract Administrator, or federal agencies, for purpose of determining compliance with this Agreement or other applicable legal obligations. County will have the right to inspect or obtain copies of such records during usual business hours upon reasonable notice.
- e. Upon completion or termination of this Agreement, County may request Grant Recipient deliver originals or copies of all records to County. County will have full ownership and control of all such records. If County does not request all records from Grant Recipient, then Grant Recipient shall maintain records as defined below

after completion or termination of the Agreement. If for some reason Grant Recipient is unable to continue its maintenance obligations, Grant Recipient shall give notice to County within 30 business days for County to take steps to ensure proper continued maintenance of records.

- f. County and the Comptroller General of the United States, and other authorized Federal agencies and representatives shall have the right to examine Grant Recipient's records at any reasonable time.
- g. Transfer of Records: In the event that Grant Recipient ceases operation, all files that are subject to audit shall be transferred to the County for proper storage of physical records and electronic data. Grant Recipient shall notify County of impending closure as soon as such closure has been determined and provide County with a complete list of records in its possession pertaining to activities related to the Grant Award Agreement. County shall promptly advise Grant Recipient which records are to be transferred to the custody of County.

TAB A: ENTITY DESCRIPTION

a. Established in 1996, the Truckee River Watershed Council's (TRWC) mission is: To bring the community "together for the Truckee" to protect, enhance and restore the Truckee River Watershed. We identify, coordinate, fund and implement restoration and protection projects directly related to the health, beauty and economy of the watershed. Combining sound science and a deep understanding of our region's values, we focus on the root causes of threats to the Truckee River, working to protect the resiliency of our natural resources while supporting the vibrancy of our local community.

Our primary work is in three areas: Projects, People, and Policy.

1) Projects - We restore degraded meadows, streams, and forests. We spearhead large-scale restoration projects to reverse historic land use impacts to 1) increase forest, meadow, and stream resiliency, and supporting key management objectives such as sustainable recreation and 2) increase our community's ability to mitigate climate change impacts such as fire, flood, and drought. Each year, our projects restore hundreds of acres of forest, meadow and wetland and miles of stream.

2) People - We work with landowners, individuals, and businesses. Volunteers help us implement our work.

3) Policy - We advocate for beneficial in-stream flows in our rivers and streams.

b. Lisa Wallace, Executive Director, Truckee River Watershed Council. Ms. Wallace has managed financial planning, schedules, contracts, and reporting for all projects implemented under her leadership, totaling approximately \$25,000,000. She has been the project director for dozens of successful meadow, stream and forest restoration projects completed by the Watershed Council and has extensive experience in financial and project management.

Eben Swain, M.S., Project Director, Truckee River Watershed Council. For the past 18 years, Mr. Swain has been managing projects and programs related to resource protection and management in the Truckee River watershed. Mr. Swain has also managed and coordinated small-and large scale restoration projects related to stream and habitat improvements, revegetation and meadow restoration, and has managed grant funding totaling over \$5,000,000 that has been allocated towards project assessment, design and implementation. He will be the primary contact for the Nevada County Outdoor Visitor Safety Fund grant, if awarded funding.

c. The Watershed Council works in and serves the Truckee-Tahoe region including Placer and Nevada Counties. Our geographic area of work includes the Middle Truckee River Watershed – Martis Valley, Tahoe City to Truckee, Donner Summit to Truckee, and HWY 89N to Little Truckee Summit. This geography includes unincorporated areas of Nevada County such as Russel Valley and Euer Valley. In bringing the Community Together for the Truckee, we enhance environmental and ecological function to provide benefits for both local residents and visitors to the Truckee-Tahoe area.

TAB B: COVID-19 IMPACTS

a. Direct impacts of the pandemic to the Truckee River Watershed Council includes a 20% financial loss (\$80,000) in fundraising dollars in 2020. We had 100% cancellation of 2020 volunteer-based invasive weed management, water quality monitoring, and on-the-ground restoration work-- an estimated loss of 4000 volunteer hours.

Funding distributed via the ARPA Bill will help to support project costs utilized to address the significant influx of recreational users to the greater Truckee area and to continue to rebuild a stronger, more equitable economy, while also protecting the regions natural resources.

b. The Town of Truckee is a mountain town known as a national and international destination, with tourism being the primary driver of the local economy. After experiencing significant loss of revenue due to stay-at-home mandates and business closure, the greater Truckee area has realized a very high influx of visitors (post 2020 shutdowns) who seek out the abundant recreational opportunities provided within our National Forest lands, State Parks and other publicly accessed open space areas, such as those provided by Tahoe Donner.

The increased influx in visitors has resulted in an increased need to address recreational impacts to our natural resources. Because tourism represents the largest segment of our economy, TRWC and our partners are aiming to ensure increased tourism and recreational use can be effectively managed in a way that keeps our natural environment pristine and enjoyable, while at the same time ensuring that the local economy and community is supported by people who live in and visit the greater Truckee area.

c. Current project conditions show an improperly constructed stream crossing consisting of anchored plywood walkway set over corrugated metal culverts. Improper construction of the stream crossing has increased public safety concerns, especially with the large influx of recreational users in the past three years and is causing significant loss of meadow/riparian habitat and bank erosion. In addition, heavy recreational use, exasperated since the beginning of the pandemic in 2020, has disrupted natural hydrologic flow and has further degraded important meadow habitat.

The high influx of visitors has resulted in over-use of recreational facilities and significantly increased degradation of natural resources and habitat areas within the project area. This Project will construct sustainable recreational facilities and will improve dilapidated infrastructure while minimizing environmental impacts, protecting natural resources and enhancing user experience. These actions support the goals and mission of the Truckee River Watershed Council and the Tahoe Donner Association and will serve as a model for the Truckee region in maintaining a commitment to prioritizing the natural beauty and the abundant recreational opportunities that establishes our community as a desirable location for both residents and visitors.

TAB C: PROJECT DESCRIPTION

a. The Project is located in Euer Valley, just northwest of the Town of Truckee in eastern Nevada County and will be co-managed in partnership between the Truckee River Watershed Council (TRWC) and the Tahoe Donner Association (TDA). The project site is owned and managed by the Tahoe Donner Association (TDA). TDA owns and manages over 680 acres in Euer Valley for purposes of conservation of open lands, recreational use, and access for both TDA members and the general public. Summertime use of Euer Valley and surrounding lands includes multi-use trails for mountain bikers, equestrians, hikers, and wildlife viewing, while winter usage includes groomed cross-county ski trails and snowshoe access. Euer Valley is the western most access point in the greater Truckee area that allows for recreational connectivity to the Pacific Crest Trail to the North and to the Donner Lake Rim Trail to the South. Project Proponents also anticipate that Euer and Carpenter Valleys will also likely see increased usage as the area is in close proximity to the proposed Pines to Mines trail, connecting Nevada City to the Town of Truckee.

The purpose of the Project is to protect 30 acres of high-quality meadow and stream habitat by promoting sustainable recreational access for approximately 30,000 annual visitors to lands owned and managed by Tahoe Donner Association. Recreational improvement goals for the Project are as follows:

- Provide accessible trail over wetted meadow earlier in the year that will minimize impacts to meadow and wetland areas;
- Provide year-round access across the creek that will not impact the creek and is usable by recreationists and snow grooming equipment;
- Increase visitor safety by replacing dilapidated infrastructure with sustainable and updated bridge and boardwalk structures that will accommodate multi-use recreationists.

The project goals will be accomplished by implementing a series of restoration actions, including: 1) removing the existing failed, unsafe culverted crossing across South Prosser Creek and installing a 150' bridge span to allow for the return of natural flow regimes, while providing summer and winter access for recreational users; 2) restoring existing erosive trail networks that are negatively impacting meadow habitat and hydrology with a 500' boardwalk to accommodate mountain bikers, hikers and equestrians; 3) repairing drainage and erosion failures along South Euer Valley road to restore ecosystem functionality and maintain recreational access along the roadway, and 4) implementing stream habitat improvements along a ½ mile reach of South Prosser Creek.

In addition, the protection and restoration of 30 acres of montane meadow and ½ mile of stream channel located within the project reach will substantially improve habitat conditions in the key headwaters of Prosser Creek, a tributary to the Truckee River.

b. Project implementation will begin with site preparation and mobilization of contractor crews and equipment. Mobilization is anticipated to begin no later than August 15th, 2023.

Working in parallel, contractor crews will begin removing existing infrastructure in preparation for bridge construction and will begin implementation of the stream/habitat improvements along ½ mile of South Fork of Prosser Creek. Bridge construction and stream/habitat improvements are anticipated to be completed by October 15th, 2023.

Both bridge construction and stream/habitat improvements are project elements that are considered to be the highest priority in this multi-component restoration project due to the identified need to increase public safety and to protect natural resources. The cost for bridge construction and stream/habitat improvements are estimated to be approximately \$1.4 million.

Seasonal de-mobilization, site stabilization and winterization will be completed by October 30th, 2023.

Contractor crews and equipment will re-mobilize in 2024 by August 1st in preparation for construction of boardwalk infrastructure and implementation of drainage improvements for a one-mile reach of South Euer Valley Road. Boardwalk construction and decommissioning of existing erosive trail networks will be completed by October 15th, 2024 and, upon completion, will be a key component in protecting high quality meadow habitat.

Once boardwalk construction and trail decommissioning is completed, the final task will be to implement drainage improvements and enhance recreational access along South Euer Valley Road with an anticipated completion date of November 15th, 2024. The cost for boardwalk construction, trail decommissioning and improvements to South Euer Valley Road is estimated to be approximately \$675 thousand.

In addition to implementation of project specific components, project proponents will conduct education and outreach activities to project stakeholders and interested members of the public beginning in summer of 2023 and extending through late fall of 2024. Education and outreach will include leading project site tours, producing interpretive signage, and publishing articles in our on-line and print newsletters.

c. A recent report released by the Truckee Chamber of Commerce reported that the Truckee area realized a continuous increase in annual tourism revenue with visitors to the area spending over \$360 million, helping to support over 3,700 jobs in the region. Through recognition of the importance of promoting regional tourism and continued economic development, project partners are proposing significant improvements to existing recreational infrastructure that will provide accommodations for multiple recreational uses in both summer and winter seasons, while also helping to mitigate public safety concerns and ensuring sustainable use and access within Euer Valley.

Board and staff members of both TRWC and TDA have a high understanding and appreciation of existing natural resources within the 7,000+ acres of Tahoe Donner managed lands, which fosters and influences responsible environmental stewardship and effective natural resource management to provide a quality recreational, nature-based and conservation-oriented experience. Improvements in recreational infrastructure align with, and support, a tourism-based economy in the greater Truckee area and Nevada County. Improvements in infrastructure and protection of open space also directly align with ARPA guidelines by providing investments related to improving outdoor spaces within an impacted industry of travel/tourism and recreation (Final Rule FAQ 2.22). This project intends to increase both environmental and economic resiliency within the greater Truckee area in order to promote health, safety and environmental stewardship at highly impacted outdoor recreation destinations within Euer Valley.

TAB D: COMMUNITY BENEFIT

a. This project will provide improved access for all Californians to recreational opportunities in the Region. The recreational amenities and provision of well-maintained trail systems in Tahoe Donner, including the proposed infrastructure improvements in Euer Valley, aligns well with the tourism industry in the greater Truckee area.

TDA is a recreational-oriented mountain residential community whose mutual benefit association of 6,500 owners provides for the standards, regular operation and long-term maintenance of programs, facilities and open space. Through continuous improvements and strategic planning, TDA maintains leading standards of natural resource stewardship, facilities, programs and services to benefit both TDA members and the greater public.

Project elements are designed to create or improve new/existing recreational amenities/infrastructure that provide multiple benefits. The Euer Valley Project is a component of Tahoe Donner's 5-year implementation plan which involves existing trail and road rehabilitation and rerouting of existing trails and new trail construction along approximately 22 miles. New infrastructure (500' of boardwalk and bridge installation), will be created to provide accommodations for multiple recreational uses including biking, hiking, and equestrian use in the summer and cross-country skiing and snowshoeing in the winter. Project implementation will provide opportunities for non-motorized transportation, recreation, education and nature appreciation and will ensure sustainable use and access within Euer Valley and will contribute to sustainable economic growth in the greater Truckee region, while also protecting sensitive environmental and cultural resources.

Project construction components and infrastructure will be consistent with Tahoe Donner and Nevada County standards and best management practices to ensure project goals and access considerations are achieved, while minimizing natural resource impacts to provide for long term sustainability.

TAB E: LEVERAGING PARTNERSHIPS AND RESOURCES

a. Design plan sets have been completed to the 90% level and CEQA and environmental compliance permitting is complete for this project. Funding provided by Nevada County will leverage over \$2.3 million in additional funding that is already secured (State of California, Tahoe Donner Association) or is pending (Sierra Meadows Partnership). Funding from Nevada County will help to close the existing funding gap to complete construction of the proposed recreational infrastructure providing for continued use and protection of key natural resource areas in Euer Valley and the headwaters of Prosser Creek.

Funding provided by Nevada County also leverages partnerships and collaborative efforts for the Euer Valley Project. Based on an existing Memorandum of Understanding (MOU) TRWC and Tahoe Donner have agreed to co-manage the project with TRWC providing direct project management, grant reporting, contracting, environmental permitting, construction management, and monitoring. As co-manager, Tahoe Donner will participate in design review, construction oversight, public communication, and outreach.

In addition, the project design team has completed all initial field/topographic surveys, hydraulic modeling and structural engineering design recommendations that provide the basis for project design and implementation of recommended restoration actions. This highly qualified team provides invaluable experience in design development and project oversight. Funding provided by Nevada County helps to move these design elements forward to project implementation and completion.

This project has received wide support from multiple agencies and adjacent landowners including Tahoe Donner Association (Landowner) Nevada County (CEQA lead) and State of California (Cost share). Euer Valley is a key headwaters tributary of both the main stem of Prosser Creek and the Truckee River, and thus, there is a recognized need to provide support for significant investment in supporting ecological restoration and recreational opportunities in Euer Valley that will lead to improvements in habitat conditions, ecosystem functionality and sustainable recreation.

TAB F: MANAGEMENT CAPACITY AND MEASURABLE OUTCOMES

a. As noted above, TRWC and Tahoe Donner have agreed to co-manage the project with TRWC providing direct project management, grant reporting, contracting, environmental permitting, construction management, and monitoring. As co-manager, Tahoe Donner will participate in design review, construction oversight, public communication, and outreach.

Project implementation will consist of multiple components including the necessity to complete pre-project monitoring for purposes of environmental compliance and minimization of sensitive species/habitat impacts, hiring of contractors and consultant teams to implement project elements and provide construction oversight, determination of project success criteria through post-project monitoring and evaluation of appropriate and sustainable recreation use.

As a component of the guiding CEQA document, and per environmental regulatory permits, consultant teams will be hired to conduct pre-construction surveys for the necessary biological, archeological and sensitive species/habitat evaluation.

A construction contractor will be hired to complete all planned infrastructure and restoration components, which follows TRWC's standard bid process including evaluation of qualifications, work completed on similar projects and cost efficiencies. TRWC is currently in the process of negotiating with a qualified contractor who has been selected for project implementation for final contract award. The lead consultant team for project design will be contracted to assist with project oversight.

As a determination of project success, post-project monitoring will incorporate a comparison of existing baseline conditions with improvements made within the project site to evaluate improvements to recreational infrastructure, stream/habitat conditions, hydrological connectivity, and functional ecological systems. A component of this evaluation will also include overall site stability and safety factors related to recreational use.

Project reporting will include a summary of the project design and implementation, key results of monitoring, habitat improvement components, recreational use habits and improvements and a discussion of the overall project success and project benefits. Project progress reports may be submitted on a quarterly basis throughout the length of the grant agreement or compiled as a final report at the end of the grant agreement.

Specific measurable project outcomes will include:

- 1) Install 600' of boardwalk to mitigate impacts related to dispersed recreation and protect meadow habitat;
- 2) Replace the existing failed culvert crossing with a sustainable bridge crossing, allowing multi-use recreational access and a return to more natural flow regimes in the headwaters of Prosser Creek
- 3) Install or repair up to 30 features such as culverts and rolling dips along one-mile of degraded roadway to restore hydrologic connectivity and improve conditions for recreational users.
- 4) Install a minimum of 15 instream and streambank features such as riffles, woody debris and root-wad revetments to improve aquatic habitat along a ½ mile reach of degraded stream channel.

TAB G: BUDGET AND FINANCIALS

- a. Total funding request for the Project from Nevada County is \$116,500.
- b. The following narrative provides justification for all project costs for the Project including project management/personnel, construction oversight, project implementation and project materials.

TRWC Personnel – (Project Director, Executive Director, Bookkeeper/Accountant). Required to manage all aspects of project including overseeing subcontractors, grant management stakeholder coordination, monitoring data collection and analysis and permit compliance.

Total Cost: \$54,660. Nevada County Request: \$14,160

Mileage/Travel. Paid at current state rate per mile. Expenses incurred will be costs to travel to project site and to project meetings. Estimated using current IRS rate (\$0.655/mile).

Total Cost: \$1,200. NV County Request: \$250

Construction Oversight. The broader category of construction oversight accounts for 1) costs of engineering design firm to complete project layout, perform construction oversight and conduct SWPPP inspections and training; and 2) costs to conduct biological monitoring during construction and provide oversight related to vegetation components and aquatic habitat

Total Cost: \$78,825. Nevada County Request: NA

Project Implementation. Heavy equipment and labor costs to complete project construction. Current estimate is based on engineers cost estimate of project scope and recent construction bids received for similar work. The following breakdown of expenses is anticipated:

Mobilization/demobilization, site preparation, de-watering.

Total Cost: \$73,480. Nevada County Request: NA

Boardwalk construction. **Total Cost: \$642,700. Nevada County Request: \$31,745.**

Bridge construction. **Total Cost: \$913,830. Nevada County Request: \$64,145.**

Meadow restoration/Trail rehabilitation. **Total Cost: \$207,300. Nevada County Request: \$4,000.**

Stream channel restoration and drainage improvements for South Euer Valley Road.

Total Cost: \$342,010. Nevada County Request: NA

Project Materials. Includes purchase of native seed and plantings for purposes of project restoration and revegetation activities and for presentation materials and project signage.

Total Cost: \$20,695. Nevada County Request: \$2,200

Cost Share from State of California (\$1,193,200); from Tahoe Donner Association (\$425,000) is secured and will supplement funds provided by Nevada County, if received, to complete the project tasks outlined in the Project Description. TRWC also has a pending grant application with the Sierra Meadows Partnership in the amount of \$500,000.

INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Board of Directors
Truckee River Watershed Council
Truckee, CA

I have reviewed the accompanying financial statements of Truckee River Watershed Council (a nonprofit corporation) which comprise the statement of financial position as of December 31, 2021, the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, I do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

My responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require me to perform procedures to obtain limited assurance as a basis for reporting whether I am aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. I believe that the results of my procedures provide a reasonable basis for my conclusion.

I am required to be independent of Truckee River Watershed Council and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements related to my review.

Accountant's Conclusion

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

Budget Information for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the basic financial statements. This supplementary information was compiled by me based on information provided by management. As such, it is the responsibility of management. I have not audited or reviewed such information and, accordingly, I do not express an opinion, a conclusion, or provide any assurance on it.

(See Independent Accountant's Review Report)

1. Form of Organization

Truckee River Watershed Council (the "Watershed Council") was incorporated in March 1998 in the State California. The Watershed Council is organized as a not for profit corporation for the purpose of implementing locally developed public-private collaborative solutions to protect and improve water quality and biological resources for the sustainable environmental and economic health of the Truckee River watershed. The geography covered is the Middle Truckee River watershed which is the 35-mile stretch of river that runs northeast from Tahoe City, CA to the California/Nevada state line and all the tributaries that feed into this stretch of the river, including all the upland areas. The Watershed Council is funded primarily by Federal, State, and foundation grants and local contributions.

2. Summary of Significant Accounting Policies

Method of Accounting

The financial statements of the Watershed Council have been prepared on the accrual basis of accounting. Thus, revenues are reported in the year earned rather than when collected, and expenses are reported in the year incurred rather than when paid.

Basis of Presentation

Information regarding its financial position and activities are classified according to two classes of net assets based upon the existence or absence of donor-imposed restrictions, as follows:

Without donor restrictions are resources that are not subject to donor-imposed stipulations.

With donor restrictions consist of donor restricted contributions. These include amounts restricted by the donor for a particular purpose, time period or required to be held in perpetuity. These are reported as net assets with donor restrictions in revenue when received and such unexpended amounts are reported as net assets with donor restrictions at year end. At December 31, 2021 there were no net assets required to be held in perpetuity by donors.

When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as "net assets released from restrictions."

(See Independent Accountant's Review Report)

Cash and Cash Equivalents

For the purposes of the statement of cash flow, cash is defined as amounts held in checking and savings accounts and highly liquid investments with remaining maturities of three months or less at the time of purchase.

Contributions Receivable

Contributions receivable that are expected to be collected within one year are recorded at net realizable value. Contributions receivable expected to be collected in future years are initially recorded at fair value using present value techniques incorporating risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the asset. In subsequent years, amortization of the discounts is included in contribution revenue in the statement of activities. At December 31, 2021, all receivables were due within one year and there was no discount required.

Allowance for Doubtful Accounts

An allowance for doubtful accounts is created when an account's collectability is uncertain. The Watershed Council estimates doubtful accounts based on factors related to the specific payer's ability to pay and current economic trends. Management believes that substantially all outstanding receivables are collectable in full and therefore, an allowance for uncollectible accounts was not considered necessary.

Fixed Assets and Depreciation

Property, furniture and equipment, and related costs are capitalized individually at \$5,000 and above and stated at cost. Additions and betterments of \$5,000 or more are also capitalized, while maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed. The fair market value of donated fixed assets and leasehold improvements are similarly capitalized.

Depreciation is computed on the straight-line basis over the useful lives of the assets. When items are disposed of, the cost and accumulated depreciation are eliminated from the records of account.

Compensated Absences

Accrued vacation is payable upon separation of employment and is included in these financial statements.

Fair Value Measurements

The carrying amounts of financial instruments are carried at cost on the balance sheet, which approximates fair value due to the short term, highly liquid nature.

Truckee River Watershed Council
Notes to the Financial Statements
December 31, 2021

(See Independent Accountant's Review Report)

These instruments include cash and cash equivalents, prepaid expenses, accounts payable, accrued expenses, and, when applicable, deferred revenue.

Liquidity Presentation

In order to provide information about liquidity, assets have been sequenced according to their nearness to conversion to cash and liabilities have been sequenced according to the nearness of their maturity and resulting use of cash.

Revenue and Revenue Recognition

Contributions are recorded at fair value when an unconditional commitment is received from the donor. Contributions received with donor stipulations that limit their use are recorded as donor support with donor restrictions. Conditional contributions and grants are recognized when the conditions are substantially met.

A portion of the Watershed Council's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Watershed Council has incurred expenditures in compliance with specific contract or grant provisions. At December 31, 2021, the Watershed Council received cost-reimbursable grants that have not been recognized because qualifying expenditures have not yet been incurred in the amount of \$2,913,205. No conditional amounts have been received in advance under our federal and state contracts and grants.

Donated Goods and Services

Donations of property, furniture, equipment and stock rarely occur. Generally items with a value of \$500 or more are recorded at their estimated fair value at the time of donation. Such donations are reported as gifts without donor restrictions unless the donor has stipulated how long the asset must be used or has restricted the asset for a specific purpose.

Contributions of services are recognized at fair value if the services received create or enhance nonfinancial assets or require specialized skills, are provided by individuals possessing these skills and would typically need to be purchased if not provided by donation.

Many individuals volunteer their time and perform a variety of tasks that assist the Watershed Council; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles.

Truckee River Watershed Council
Notes to the Financial Statements
December 31, 2021

(See Independent Accountant's Review Report)

Functional Expenses

The Watershed Council's expenses are recorded into the functional expense categories of program, management and general, and fundraising based on a combination of direct identification and, when significant, allocation.

To the extent possible, expenses are recorded in the functional category that receives the most benefit. Expenses requiring allocation are allocated based on a reasonable basis that is consistently applied. Wages and benefits are allocated on the basis of estimates for time and effort. Rent and utilities are allocated based on a combination of square footage and an estimate of time and effort of the employees that occupy the square footage of each office. Insignificant indirect expenses, such as, office supplies and telephone are recorded as management and general.

Advertising

Advertising costs are expensed when paid. Advertising expense for the year ended December 31, 2021 was \$3,000.

Income Taxes

The Watershed Council is exempt from federal income taxes under the provisions of Internal Revenue Code Section 501(c)(3) and a similar exemption for California purposes. The Watershed Council is not classified as a private foundation. Unrelated business income, if any, is taxed at regular corporate tax rates.

Management believes the Watershed Council has met the requirements to maintain its tax-exempt status and has no income subject to unrelated business income tax, therefore, no provision for taxes has been provided in these financial statements. The Watershed Council's Federal tax returns for the past three years and State tax returns for the past four years are subject to examination by tax authorities.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(See Independent Accountant's Review Report)

Paycheck Protection Program (PPP) Loan Proceeds

As a result of the economic uncertainty stemming from the impact of the COVID-19 pandemic, the Watershed Council received a \$101,037 loan in March 2021 under the Paycheck Protection Program administered by the Small Business Administration (SBA). The loan provided for conditional forgiveness if the proceeds were utilized for admissible expenses, including qualifying payroll, rent and utility expenses, and maintained employment and compensation levels for a specified period of time. During 2021 the Watershed Council used the proceeds according to the stipulations of the loan agreement and loan forgiveness was granted from the SBA in September 2021. The Watershed Council elected to account for its PPP loan as a conditional contribution in accordance with Subtopic 958-605. As such, the full loan amount is recognized in restricted contributions and released from restrictions for the year ended December 2021.

COVID-19

The COVID-19 outbreak in the United States has caused varying degrees of disruption across substantially all businesses. For the Watershed Council, except for disruptions in the way that operations are carried out (staff working from home, virtual meetings, etc.), with the receipt of the PPP loan, there has been minimal financial impact to date.

3. Concentration of Credit Risk

The Watershed Council maintains accounts at a local bank. The Federal Deposit Insurance Corporation ("FDIC") insures accounts at this financial institution up to \$250,000. The balances in these accounts, may, at times exceed federally insured limits.

The Watershed Council minimizes credit risk associated with cash by periodically evaluating the credit quality of its financial institutions. Additionally, no losses have been experienced on any such accounts and management believes the Watershed Council is not exposed to any significant credit risk related to cash.

4. Investments

At times the Watershed Council receives stock donations. These donations are recorded at fair value at the date of donation and are sold immediately after receipt. Investments and related income net of fees are, therefore, typically minimal.

Truckee River Watershed Council
Notes to the Financial Statements
December 31, 2021

(See Independent Accountant’s Review Report)

If donated stock is held at year end, it is stated at fair value on the statement of financial position with related investment income included in the change in net assets in the statement of activities using quoted prices in active markets for identical assets. Donated stocks are usually those that are actively traded in established markets which fall within Level 1 of the GAAP hierarchy for fair value measurement.

	Level 1	Level 2	Level 3
Equities	\$ 3,800	\$ -0-	\$ -0-

5. Net Assets With Donor Restrictions

Net assets with donor restrictions are available to support programs or restoration projects in the following areas:

Net Assets With Donor Restrictions:	
Prosser West	\$ 54,000
Watershed/Recreation Plan	330,969
Restoration	425,000
Total	\$ 809,969

Interest income generated by funds with donor restrictions is available for appropriation by the Board of Directors.

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose specified by the donors.

6. Concentrations

A majority of the Watershed Council’s revenue is received from a few sources. In the event that funding from one of these sources decreases in any one year, operations could be affected. For the year ended December 31, 2021, approximately 66% of The Watershed Council’s revenue was provided by three funding sources. Management is monitoring and evaluating these risks and takes them into consideration during the planning process.

Additionally, for the year ended December 31, 2021 approximately 62% of The Watershed Council’s receivables was due from governmental entities residing in the state of California. Management has evaluated this concentration and believes that the amounts due are not at risk.

Truckee River Watershed Council
Notes to the Financial Statements
December 31, 2021

(See Independent Accountant's Review Report)

7. Lease Commitments

The Watershed Council entered into an agreement on August 1, 2020 to lease office space. The agreement calls for monthly payments of \$2,055 plus common area maintenance costs. The lease expires July 31, 2022.

Rent expense for the year ended December 31, 2021 was \$26,715. Future minimum rental payments for the remainder of the lease, 2022, are \$12,330.

The lease provides for an option to renew on August 1, 2022 for an additional two (2) year term subject to an increase based on the consumer price index for all urban consumers, San Francisco Area (CPI-U).

8. Liquidity and Availability of Financial Assets

The Watershed Council has significant expenses each year related to construction projects to repair and maintain the watershed. These expenses are primarily sub-contracted and vary from year to year depending upon the scope and number of projects. Funds with donor restrictions are secured prior to the adoption of these projects and are the primary source of funding. In order to manage the payment of expenses related to these projects, the Watershed Council has a "pay when paid policy" written into vendor contracts which means that vendors are not paid until the revenue with donor restrictions related to the expense is collected from grantors. Additionally, a portion of each grant is structured to cover wages and overhead directly related to each project.

General expenditures (GE), which include routine operating expenses such as wages and related, facility costs, insurance and other supplies and fees, are paid for through a combination of funds with and without donor restrictions.

The Watershed Council manages cash flow using a 12 month forecasting model that is updated and monitored monthly. When liquidity is projected to decrease in the following quarter the Watershed Council uses a combination of the following, as deemed necessary; invoke more strictly the pay when paid policy, follow up with slow paying grantors, consider changing the timing of fundraising appeals, and consider applying for a line of credit.

Excess cash, as determined by the cash flow forecast, is invested conservatively in certificates of deposit. The Watershed Council does not invest in riskier securities such as stocks and bonds. Certificates of deposits are purchased with maturities

that provide a reasonable rate of return with manageable early redemption options to assist with liquidity management, if needed.

At December 31, 2021, the following financial assets were available to meet general expenditures over the next twelve months:

Financial Assets at Year End	\$ 1,907,255
Adjustments:	
Retention on Grants Receivable	-432,415
Net Assets With Donor Restrictions (NAWDR)	-809,969
Estimated Portion of NAWDR available for GE	80,800
Long Term Deposits	-250
Financial Assets Available	<u>\$ 745,421</u>

In addition to financial assets available to meet general expenditures over the next 12 months, the Watershed Council operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by resources with donor (grantor) restrictions.

9. Contingencies

The Watershed Council's grants are subject to inspection and audit by the appropriate governmental funding agencies in order to determine whether program funds were used in accordance with their respective guidelines and regulations. The potential exists for disallowance of previously funded program costs. The ultimate liability, if any, which may result from these governmental audits cannot be reasonably estimated at this time although management does not expect such amounts, if any, to materially affect the financial statements.

10. Related Parties

The Watershed Council may purchase goods or services at commercially reasonable rates from companies that are affiliated with or owned by board members directly or indirectly. Most items purchased are generally considered to be insignificant to the financial statements.

There were no related party transactions during 2021.

11. Restated Net Assets

During 2022, the Watershed Council’s financial statements were subject to a single audit for the year ending December 31, 2020. During the audit, it was determined that a multi-year grant from a non-government entity that was treated as conditional was unconditional and therefore, required recognition in full back to a previous year. As a result of this recognition net assets with donor restrictions was increased by \$287,881 for the year ended December 31, 2020.

Net Assets:	Previously Reported	Restated	Difference
Without Donor Restrictions	\$ 581,764	\$ 581,764	\$ -0-
With Donor Restrictions	323,412	1,151,293	827,881
Total Net Assets	\$ 905,176	\$ 1,733,057	\$ 827,881

12. Subsequent Events

The Watershed Council evaluates events occurring subsequent to the date of the financial statements when determining the accounting for and disclosure of transactions and events that affect the financial statements. Management has determined that there were no events that occurred that require recognition or additional disclosure in these financial statements. Subsequent events have been evaluated through June 10, 2022, the date that the statements were available for issuance.

Section A. All Supporting Organizations

	Yes	No
1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If 'No,' describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.		
2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If 'Yes,' explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).		
3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If 'Yes,' answer lines 3b and 3c below.		
b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If 'Yes,' describe in Part VI when and how the organization made the determination.		
c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If 'Yes,' explain in Part VI what controls the organization put in place to ensure such use.		
4a Was any supported organization not organized in the United States ('foreign supported organization')? If 'Yes' and if you checked box 12a or 12b in Part I, answer lines 4b and 4c below.		
b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If 'Yes,' describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.		
c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If 'Yes,' explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.		
5a Did the organization add, substitute, or remove any supported organizations during the tax year? If 'Yes,' answer lines 5b and 5c below (if applicable). Also, provide detail in Part VI , including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).		
b Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?		
c Substitutions only. Was the substitution the result of an event beyond the organization's control?		
6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? If 'Yes,' provide detail in Part VI .		
7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? If 'Yes,' complete Part I of Schedule L (Form 990).		
8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described on line 7? If 'Yes,' complete Part I of Schedule L (Form 990).		
9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons, as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If 'Yes,' provide detail in Part VI .		
b Did one or more disqualified persons (as defined on line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? If 'Yes,' provide detail in Part VI .		
c Did a disqualified person (as defined on line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? If 'Yes,' provide detail in Part VI .		
10a Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? If 'Yes,' answer line 10b below.		
b Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)		

Part IV Supporting Organizations (continued)

		Yes	No
11	Has the organization accepted a gift or contribution from any of the following persons?		
a	A person who directly or indirectly controls, either alone or together with persons described on lines 11b and 11c below, the governing body of a supported organization?	11a	
b	A family member of a person described on line 11a above?	11b	
c	A 35% controlled entity of a person described on line 11a or 11b above? <i>If 'Yes' to line 11a, 11b, or 11c, provide detail in Part VI.</i>	11c	

Section B. Type I Supporting Organizations

		Yes	No
1	Did the governing body, members of the governing body, officers acting in their official capacity, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's officers, directors, or trustees at all times during the tax year? <i>If 'No,' describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove officers, directors, or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.</i>	1	
2	Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? <i>If 'Yes,' explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised, or controlled the supporting organization.</i>	2	

Section C. Type II Supporting Organizations

		Yes	No
1	Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? <i>If 'No,' describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).</i>	1	

Section D. All Type III Supporting Organizations

		Yes	No
1	Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (i) a written notice describing the type and amount of support provided during the prior tax year, (ii) a copy of the Form 990 that was most recently filed as of the date of notification, and (iii) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?	1	
2	Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? <i>If 'No,' explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).</i>	2	
3	By reason of the relationship described on line 2, above, did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? <i>If 'Yes,' describe in Part VI the role the organization's supported organizations played in this regard.</i>	3	

Section E. Type III Functionally Integrated Supporting Organizations

1 Check the box next to the method that the organization used to satisfy the Integral Part Test during the year (see instructions).

a The organization satisfied the Activities Test. Complete line 2 below.

b The organization is the parent of each of its supported organizations. Complete line 3 below.

c The organization supported a governmental entity. Describe in Part VI how you supported a governmental entity (see instructions).

2 Activities Test. Answer lines 2a and 2b below.

		Yes	No
a	Did substantially all of the organization's activities during the tax year directly further the exempt purposes of the supported organization(s) to which the organization was responsive? <i>If 'Yes,' then in Part VI identify those supported organizations and explain how these activities directly furthered their exempt purposes, how the organization was responsive to those supported organizations, and how the organization determined that these activities constituted substantially all of its activities.</i>	2a	
b	Did the activities described on line 2a, above, constitute activities that, but for the organization's involvement, one or more of the organization's supported organization(s) would have been engaged in? <i>If 'Yes,' explain in Part VI the reasons for the organization's position that its supported organization(s) would have engaged in these activities but for the organization's involvement.</i>	2b	
3	Parent of Supported Organizations. Answer lines 3a and 3b below.		
a	Did the organization have the power to regularly appoint or elect a majority of the officers, directors, or trustees of each of the supported organizations? <i>If 'Yes' or 'No,' provide details in Part VI.</i>	3a	
b	Did the organization exercise a substantial degree of direction over the policies, programs, and activities of each of its supported organizations? <i>If 'Yes,' describe in Part VI the role played by the organization in this regard.</i>	3b
