**Subject:** Mental Health Board and Committees Resignation

Dear Friends,  
I had thought that my resignation from all the Boards and Organizations in which I held a position of responsibility had been notified of my need to resign after what I choose to call a "Brief Encounter with the Grim Reaper" on July 10th. [REDACTED]

[REDACTED]

As you know, serving on that Board and the various BH committees has been a valued opportunity for me to continue to "work for the common good". So I will continue to follow your actions, appreciate being on Annette's mailing list, but need to give you the opportunity to select some one else as the Member of the Board.

Thank you all for what you do ----  
Helen
