SPECIAL COVENANTS OR REMARKS

1.
 - A. The ADMINISTERING AGENCY will advertise, award and administer this project in accordance with the current published Local Assistance Procedures Manual.
 - B. ADMINISTERING AGENCY agrees that it will only proceed with work authorized for specific phase(s) with an "Authorization to Proceed" and will not proceed with future phase(s) of this project prior to receiving an "Authorization to Proceed" from the STATE for that phase(s) unless no further State or Federal funds are needed for those future phase(s).
 - C. STATE and ADMINISTERING AGENCY agree that any additional funds which might be made available by future Federal obligations will be encumbered on this PROJECT by use of a STATE-approved "Authorization to Proceed" and Finance Letter. ADMINISTERING AGENCY agrees that Federal funds available for reimbursement will be limited to the amounts obligated by the Federal Highway Administration.
 - D. Award information shall be submitted by the ADMINISTERING AGENCY to the District Local Assistance Engineer within 60 days of project contract award and prior to the submittal of the ADMINISTERING AGENCY'S first invoice for the construction contract.

Failure to do so will cause a delay in the State processing invoices for the construction phase. Attention is directed to Section 15.6 "Award Package" of the Local Assistance Procedures Manual.

 - E. ADMINISTERING AGENCY agrees, as a minimum, to submit invoices at least once every six months commencing after the funds are encumbered for each phase by the execution of this Project Program Supplement Agreement, or by STATE's approval of an applicable Finance Letter. STATE reserves the right to suspend future authorizations/obligations for Federal aid projects, or encumbrances for State funded projects, as well as to suspend invoice payments for any on-going or future project by ADMINISTERING AGENCY if PROJECT costs have not been invoiced by ADMINISTERING AGENCY for a six-month period.

If no costs have been invoiced for a six-month period, ADMINISTERING AGENCY agrees to submit for each phase a written explanation of the absence of PROJECT activity along with target billing date and target billing amount.

ADMINISTERING AGENCY agrees to submit the final report documents that collectively constitute a "Report of Expenditures" within one hundred eighty (180) days of PROJECT completion. Failure of ADMINISTERING AGENCY to submit a "Final Report of Expenditures" within 180 days of PROJECT completion will result in STATE imposing sanctions upon ADMINISTERING AGENCY in accordance with the current Local Assistance Procedures Manual.

SPECIAL COVENANTS OR REMARKS

F. Administering Agency shall not discriminate on the basis of race, religion, age, disability, color, national origin, or sex in the award and performance of any Federal-assisted contract or in the administration of its DBE Program Implementation Agreement. The Administering Agency shall take all necessary and reasonable steps under 49 CFR Part 26 to ensure nondiscrimination in the award and administration of Federal-assisted contracts. The Administering Agency's DBE Implementation Agreement is incorporated by reference in this Agreement. Implementation of the DBE Implementation Agreement, including but not limited to timely reporting of DBE commitments and utilization, is a legal obligation and failure to carry out its terms shall be treated as a violation of this Agreement. Upon notification to the Administering Agency of its failure to carry out its DBE Implementation Agreement, the State may impose sanctions as provided for under 49 CFR Part 26 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. 3801 et seq.).

G. Any State and Federal funds that may have been encumbered for this project are available for disbursement for limited periods of time. For each fund encumbrance the limited period is from the start of the fiscal year that the specific fund was appropriated within the State Budget Act to the applicable fund Reversion Date shown on the State approved project finance letter. Per Government Code Section 16304, all project funds not liquidated within these periods will revert unless an executed Cooperative Work Agreement extending these dates is requested by the ADMINISTERING AGENCY and approved by the California Department of Finance.

ADMINISTERING AGENCY should ensure that invoices are submitted to the District Local Assistance Engineer at least 75 days prior to the applicable fund Reversion Date to avoid the lapse of applicable funds. Pursuant to a directive from the State Controller's Office and the Department of Finance; in order for payment to be made, the last date the District Local Assistance Engineer can forward an invoice for payment to the Department's Local Programs Accounting Office for reimbursable work for funds that are going to revert at the end of a particular fiscal year is May 15th of the particular fiscal year. Notwithstanding the unliquidated sums of project specific State and Federal funding remaining and available to fund project work, any invoice for reimbursement involving applicable funds that is not received by the Department's Local Programs Accounting Office at least 45 days prior to the applicable fixed fund Reversion Date will not be paid. These unexpended funds will be irrevocably reverted by the Department's Division of Accounting on the applicable fund Reversion Date.

H. As a condition for receiving federal-aid highway funds for the PROJECT, the Administering Agency certifies that NO members of the elected board, council, or other key decision makers are on the Federal Government Exclusion List. Exclusions can be found at www.sam.gov.

STATE REMARKS

04/25/2016 SEQ 1 - 04/25/16: Authorizing PE as pro rata appropriation, PE is 100% federally funded utilizing toll credits in lieu of non-federal match.

****Final design shall not start until NEPA is approved.****

04/26/2016 SEQ 1 - 04/26/16: This bridge 17C0046 was originally authorized under FPN 5917(076) for demolition. The scope has changed to rehabilitation, which is being authorized under this FPN. This project is related to 5917(076) for PE.

11/22/2019 This request is for Right of Way authorization. Toll Credits are being utilized in lieu of non-Federal match, resulting in a Federal share of 100% for Right of Way phase.

06/22/2023 Sequence #3 is a request to extend the project end date (PED) from 12/15/22 to 12/20/25. The project was delayed by contentious right of way acquisition negotiations. Any expenditures incurred from 12/15/22 to the FHWA approval date of this PED extension are ineligible for federal reimbursement. There are

no other actions requested.

02/20/2024 SEQ 4: RFA for CON. Project is utilizing toll credits at 100% federal reimbursement rate, and \$31,550 non participating.

02/22/2024 SEQ 4: Initial authorization of CON/CE. Non-part. cost: \$31,550. Project will be awarded under same contract with related FPN 5917(092).

* The Y123 fund code is at 100% without the use of Toll Credit.

"Please note that the Y123 fund code is funding from the Bridge Formula Program (BFP) and has specific timely use of funds rule. The Y123 funds expire on 09/30/2031 and will not be available for reimbursement past this date. Invoices must be submitted to allow for sufficient time for invoice processing. Any unexpended BFP funds that expire will not be backfilled and will be the fiscal obligation of the local agency."

11/13/2024 SEQ 5: Fund Y233, RFA for PE cost adjustment and CON/CE award cost adjustment. HBP approved BD. Toll Credits utilized.

12/01/2024 SEQ 5: PE, CON and CE Cost Adjustment. The cost increase for CON/CE is due to the increase in inflation and interest rates, traffic control costs, new metal railing types, high DBE goal, and cost increase in construction support for the County and the design team. Additional PE costs are due to the bridge going through multiple rounds of review and additional studies from Caltrans structure team. This is a post-programming change and funds were approved by HBP manager. Toll Credits continue to be utilized.

05/21/2025 SEQ 6: CON and CE Cost Adjustment. This is a post-programming change and funds were approved by HBP manager. Toll Credits continue to be utilized. Y123 fund code is at 100% without the use of Toll Credits. Please note that the Y123 fund code is funding from the Bridge Formula Program (BFP) and has specific timely use of funds rule. The Y123 funds expire on 09/30/2031 and will not be available for reimbursement past this date. Invoices must be submitted to allow for sufficient time for invoice processing. Any unexpended BFP funds that expire will not be backfilled and will be the final obligation of the local agency.

06/03/2025 SEQ 6: CON/CE Cost Adjustment. This funding request is for additional CON/CE needed for design support. The cost increase for CE is due to the increased cost of engineering support during construction including submittal reviews, answering RFIs, biological support during construction, archaeological support during construction to monitor the ESA fencing in accordance with the Mitigation Monitoring and Reporting Program, and architectural historian support services during construction including multiple site visits. This is a post-programming change and funds were approved by HBP manager. This obligation is funded with this code at 100% without the use of toll credits. "Please note that the Y124 fund code is funding from the Bridge Formula Program (BFP) and has specific timely use of funds rule. The Y124 funds expire on 09/30/2032 and will not be available for reimbursement past this date. Invoices must be submitted to allow for sufficient time for invoice processing. Any unexpended BFP funds that expire will not be backfilled and will be the fiscal obligation of the local agency."
