Subject: Resignation from MAC

Hi Jeffrey, and fellow MAC members.

My apologies for the delay in formally submitting my resignation from the council, but I do intend to step away after thoroughly enjoying the past two years, the work we achieved and all that I learned through the process.

A huge thank you to Supervisor Scofield for this opportunity to learn and serve our community, and certainly as well as for the chance to work with all of you. I think this MAC has become a great conduit for our community to connect with its supervisor. Thank you for that, Ed!

Thank you all for making a contribution like this to our community! I'll certainly be following along the work ahead and appreciate the opportunity to have such local discussions available about our neck of the woods for all to attend.

Thank you in advance for all that you take on with what's ahead to that end!

All the best,

Brian
