**Subject:** Day Center

To the County Board of Supervisors,

I understand the land is bought on Old Tunnel Road, and the plan is underway!

PLEASE "NO" TRANSIENT-HOMELESS DAY CARE CENTER (CLUB HOUSE), AND 40 BED UNIT IN GRASS VALLEY!!!!

I also know this has been moving forward on the down-low, behind the scenes for a long time and are just now letting the public know after the fact.

The property on Old Tunnel Road is directly across the street from existing senior housing apartments. AND MY MOM LIVES THERE!!

Meantime the transient-"homeless" that infest Glenbrook Basin (The Swamp) have been breaking in and "living" in business, Aggressively pan handle, confronting women at their cars scaring them, walk around in the streets (we're all just waiting to hit one and be sued), some walk around with knives, openly doing drugs, I can go on further! These are the exact transient-"homeless" that you want to build a "Day Care Center" for on Old Tunnel Road. Then these types of criminal, vagrant, transients can use the "Day Care Center" during the day to do laundry, take showers, get fed, watch TV, hang out and then go back into "The Swamp" to panhandle, steal, do drugs, drink, loiter, fight, trespass and illegally "camp".

These are the worst types of transient-"homeless". Most of them have no interest in "getting back on track", they have no interest in using the homeless shelter or following any rules. Some of them are "lifestyle homeless-transients"!! And you the County, and City want to spend 5 MILLION DOLLARS to build a "Day Care Center" for these wonderful people? REALLY! Word will spread about this awesome "FREE" hotel and "MORE WILL COME"!!!

And my Mom lives right there! When are they going to start breaking in there? Or hassling them! My Mom has a beautiful apartment there, where she has lived for 18 years! I ask you why should she move to feel safe?

We have lived here for 42 years, raised our 3 children here, now have our 5 grandchildren here, our children are all professionals here, teachers, medical assistant, and a contractor! It was a beautiful place to raise kids, now it's turned into a little bit of "HELL"!!

Please do not build it, PLEASE...

Truthfully,  
Ann Gilberg

**Subject:** NO transient day care

Board of Supervisors,

From what I've personally seen in the Brunswick Basin and around both of our lovely towns, I have to believe most of the following Facebook post below is true.

I believe your current plan enables homeless and transients to continue to depend on others, rather than learn how to manage their lives and achieve some self respect.

Please consider a very low rent apartment building, consisting of mostly single studio apartments, with some very modest family units, available to drug and alcohol free persons.

- A. For those on any type of assistance, attach the assistance for rent & utilities.
- B. For others, provide housing in exchange for maintenance work. If they are not able to work, assist with applications for assistance and return to plan A above.
- C. For those entrepreneurs wanting to build more housing in Nevada County, add a fee to pay for the cost of maintaining and policing these units.

By providing homeless free day care, you are perpetuating an escalating problem and creating a bigger blight in our beautiful County.

Thank you for reconsidering this expenditure of our tax payer dollars.

Submitted by Elsie Durgin, a retired 29 year Nevada County Employee and resident of Nevada County for 70 years.

From Facebook:

Build a 5 MILLION DOLLAR transient-homeless "Day Care Center" in Glenbrook Basin?

Send an email to the County Board of Supervisors ASAP and tell them "NO" transient-homeless Day Care Center in Grass Valley!

Contact the Board of Supervisors by sending an email to: [bdofsupervisors@co.nevada.ca.us](mailto:bdofsupervisors@co.nevada.ca.us)

The County, City of Grass Valley and the homeless shelter are working to fund (taxpayers \$\$), approve and build a 5 MILLION DOLLAR transient-homeless "Day Care Center" (club house) on Old Tunnel Road, directly behind the Sutton Safeway and directly across the street from existing senior housing apartments. They have been moving this forward on the down-low, behind the scenes for a long time and are just now letting the public know after the fact.

Here's three arrests of trespassing, druggie transient-"homeless" last night at 2059 NEVADA CITY HIGHWAY. The location is the empty office building next to the Dollar General, across from the Lumberjacks Restaurant. Soon this building will be torn down and a new auto parts store will be built in its place.

Meantime the transient-"homeless" that infest Glenbrook Basin (The Swamp) have been breaking in and "living" on the property and in the building. There has been many reports of this ongoing mess and GVPD took some action last night and made some arrests.

From The Union Police Blotter for Wednesday, 1:33 p.m. — A caller near the corner of Nevada City Highway and Gates Place reported transients on the upper floors of a building. The people used milk crates to get over the fence.

These are the exact transient-"homeless" that they want to build a "Day Care Center" for on Old Tunnel Road. Then these types of criminal, vagrant, transients can use the "Day Care Center" during the day to do laundry, take showers, get fed, watch TV, hang out and then go back into "The Swamp" to panhandle, steal, do drugs, drink, loiter, fight, trespass and illegally "camp".

These are the worst types of transient-"homeless". They have no interest in "getting back on track", they have no interest in using the homeless shelter or following any rules. These are "lifestyle homeless-transients" and the County, City and homeless shelter want to spend 5 MILLION DOLLARS to build a "Day Care Center" (Clubhouse) in Glenbrook Basin for them.

Here's the arrests from last night at the vacant office building:

Dear Supervisor Miller,

I want to voice the opinion of my household that we are EXTREMELY OPPOSED to a day use shelter or any other additional services for the homeless in our area. Build it and they will come. I know for a fact that surrounding counties encourage indigents to go to Nevada County they have services! Tired of our town overrun with these druggie criminals. Tired of enabling people who could care less! Tired of my representatives not representing me!  
Vicky Richardson

Subject: Homeless shelter

Dear Supervisors,

I am against the transient/homeless Day Care Center in Grass Valley. The HH had rules regarding day use of their facility for a reason. There are consequences for breaking the laws. The court system should hold them accountable. This county does not have a strong tax base. Spending the amount of money it requires to buy and build on five acres of land is not an economical solution. Are you now going to tax us to support out of county transients?

Sincerely and Honestly,  
Theresa Kingsbury  
A voter and tax payer
