## **NEVADA COUNTY BOARD OF SUPERVISORS**

### **BOARD AGENDA MEMO**

---

**MEETING DATE:** August 23, 2022

**TO:** Board of Supervisors

**FROM:** Hardy Bullock, District 5

**SUBJECT:** Presentation on the Truckee River Watershed Council from its Executive Director Lisa Wallace

---

**RECOMMENDATION:** Receive the presentation from the Truckee River Watershed Council

**FUNDING:** N/A

**BACKGROUND:** The Truckee River Watershed Council is a 501(c)(3) nonprofit organization that works on multiple large-scale restoration projects, assessments and prevention efforts along the Truckee River and surrounding watershed. The organization was founded in 1996 and organized around the first annual Truckee River Day to complete ten (10) stream, meadow and wetland restoration projects with three hundred volunteers showing up to participate. While the event still continues more than 25 years later, the organization has led 50 large-scale projects since the first Truckee River Day, mobilized 4752,000 volunteers, and raised over \$11.5 million in funding for its efforts throughout that time.

As such, the Truckee River Watershed Council Executive Director, Lisa Wallace will provide the Board of Supervisors with an overview presentation on the work of the Council, including an overview of its timeline and history of the shared projects between the County and a myriad of other stakeholders from 2012 to today. Moreover, Lisa will provide the Board with an outline of upcoming opportunities for partnership for forest, meadow, and wetland restoration projects to advance its goals to restore and preserve the Truckee River watershed.

Item Initiated: Jeffrey Thorsby, Senior Management Analyst

Approved: Julie Paterson Hunter, Clerk of the Board
