| 2.D- CalFresh Readiness | 8 |
| 3. Exhibits | 27 |

SECTION 1: D-CALFRESH ROLES AND RESPONSIBILITIES

The D-CalFresh Roles and Responsibilities section is used to provide contact information and responsibilities for several key partners who play a role during D-CalFresh operations. Please reference the CalFresh Emergency Handbook for information pertaining to this section.

THE ROLE OF COUNTY HUMAN SERVICES OFFICE(S)

<u>Points of Contact.</u> See Exhibit A for names, positions, and phone numbers of county/local, State and Federal government officials and their back-ups who are key contact persons during a disaster (including the State agency disaster coordinator).

Role of Nevada County Department of Social Services. Nevada County Department of Social Services (DSS) is informed of significant emergency conditions as they arise through notifications from including but not limited to the Office of Emergency Services, Nevada County Board of Supervisors, County Safety Officer, and/or Social Services Department Safety Officer in the event of an actual disaster. This notification will trigger a response consistent with the responsibilities and roles of the Agency.

In past years, Social Services staff have held a lead role in emergency situations which may include, but are not limited to, assisting emergency personnel as needed, staffing an emergency shelter, and operating and manning a temporary office for the duties and tasks associated with D-CalFresh.

In the event an emergency site is required, the coordination (logistics, site, staffing, etc.) will be coordinated through the County Emergency Operations Center. After notification of the disaster or emergency, Social Services Eligibility Program Manager or designee will locate appropriate facilities for the operation of D-CalFresh.

In the event of a major disaster designated Social Services staff will perform the following actions.

- Evaluate the need for a Disaster CalFresh Program (D-CalFresh).
- Prepare and submit a Letter of Request to the California Department of Social Services (CDSS) to operate a D-CalFresh program.
- Provide staff to operate the Disaster Center.
- Provide staff to interview customers and process D-CalFresh applications.
- Provide immediate supervisory review of all denied benefits.
- Provide training to staff as needed.
- Issue D-CalFresh benefits.
- Provide press releases and coordinate public service announcements in collaboration with Department of Social Services Public Service Officers.
- Provide daily reports of benefit issuance totals to CDSS, and the Food and Nutrition Services (FNS) as required.
- Report the total number of persons certified for disaster benefits, and the total amount of benefits issued to CDSS and FNS within 30 days after the disaster.

 Act as a resource to neighboring counties in the event a neighboring County requires assistance, including but not limited to Butte County, El Dorado County, Placer County, Sutter County and Yuba County.

This Plan of Action shall:

- Be maintained at a high level of readiness:
- Be operational within 24 hours of activation; and
- Maintain sustained operations for up to 30 days.

THE ROLE OF LOCAL LAW ENFORCEMENT

Security is a concern in the event of a disaster. In very large disasters, crowds may disrupt disaster assistance efforts. If a situation escalates past the abilities of CWD security staff, police presence may be required to:

- Ensure peace and safety for customers and county staff.
- Assist with unruly crowds or dissatisfied customers.
- Assist customers with concerns not related to the issuance of benefits.

Security operations at a Local Assistance Center (LAC) will be coordinated by the OES who will arrange security personnel for the site and who has the authority to contact local law enforcement as well as grant onsite authority to contact local law enforcement if needed. In cooperation with local law enforcement, security personnel will be responsible for the onsite security of the area, facility, and operations.

<u>Points of Contact.</u> See Exhibit A for names, positions, and phone numbers of county/local, State and Federal government officials and their back-ups who are key contact persons during a disaster (including the State agency disaster coordinator).

THE ROLE OF LOCAL FIRE DEPARTMENT

Health and hazards can become a concern in the event of a disaster. The Fire Department may assist in the following ways:

- Determine if any hazardous substances are affecting the issuance sites.
- Provide medical assistance if needed.

<u>Points of Contact.</u> See Exhibit A for names, positions, and phone numbers of county/local, State and Federal government officials and their back-ups who are key contact persons during a disaster (including the State agency disaster coordinator). OES will be the main point of contact for contacting local fire departments and for granting authority for onsite employees to contact the local fire department if needed.

THE ROLE OF LOCAL EMERGENCY RESPONDERS

Role of the Office of Emergency Service (OES). The OES coordinates the overall county response to disasters. OES is responsible for:

- Locating appropriate facilities for the operation of emergency shelter operations.
- Alerting and notifying appropriate agencies when disaster strikes.
- Coordinating all appropriate agencies that respond ensuring resources are

available and mobilized in times of disaster.

- Developing plans and procedures for response to and recovery from disasters.
- Developing and providing preparedness materials for the public.

DSS will coordinate with OES to plan and set up the HHSA site to operate the Disaster CalFresh Plan.

Security operations at a Local Assistance Center (LAC) will be coordinated by the OES who will arrange security personnel for the site. In cooperation with local law enforcement, security personnel will be responsible for the onsite security of the area, facility, and operations.

THE ROLE OF CALIFORNIA DEPARTMENT OF SOCIAL SERVICES (CDSS) CALFRESH POLICY

When D-CalFresh is operational, CDSS CalFresh Policy will be responsible for the following:

- Assisting the CWD in submitting any additional waiver(s) or extension requests, or in implementing any other food programs.

PROCEDURES TO REDUCE APPLICANT HARDSHIP

Nevada County Department of Social Services will strive to reduce hardship for D-CalFresh customers and for the existing caseload by providing eligibility-based services in areas close to or adjacent to the affected areas.

Staff will travel to the affected areas and assist customers with completion and submittal of D-CalFresh applications as necessary. Human Services will ensure that provisions for security, human needs, and language services are provided to D-CalFresh and existing customers.

Under the DCFP, eligibility criteria are relaxed so that applicants who might not otherwise qualify for the regular program can receive disaster benefits. Verification rules are also eased to reduce administrative burdens and to reflect the reality that households and eligibility workers may not have access to the usual verification sources. Specifically:

- Using maximum deductions (eases administrative burden).
- Verifying only the applicant's identity.
- Allowing the deduction of disaster expenses (that are not expected to be reimbursed during the 30-day disaster benefit period).

Additionally, an applicant's status as any of the following is not relevant to his or her eligibility for the DCFP:

Student

- Striker
- Citizen or noncitizen
- Work program participant
- Someone disqualified under the regular program

<u>Provision of Security and Human Comfort Needs:</u> This agency will utilize various Checklists made available by FNS to ensure all aspects of security and human comfort needs are met.

PROVISIONS FOR SERVING LIMITED ENGLISH PROFICIENCY (LEP) APPLICANTS

<u>Interpreter Services.</u> As an on-going service to customers of Nevada County Department of Social Services, new and on-going customers are provided with language services at no cost to the customer. This service will continue to be available in the event of a disaster through contracted services (when available), Language-line telephone services, and through bilingual staff who are considered First–responders.

REASONABLE ACCOMMODATIONS

See Application/Issuance Site Selection Guide for reasonable accommodations.

ELECTRONIC BENEFITS TRANSFER (EBT) CARD STOCK

After being notified by the County of the DCFP implementation, the Office of Systems Integration (OSI) - EBT Operations will obtain CDSS approval to invoke disaster EBT functionality in the EBT system and coordinates with CalSAWS to activate the disaster EBT screens. If CalSAWS is unavailable to send EBT cards via the host-to-host process, OSI-EBT Operations contacts XEROX to activate disaster EBT screens on the Administrative Application. In this case, County staff will access the disaster EBT functionality on the Administrative Application using a disaster User ID and password.

XEROX provides disaster EBT card management, which includes pre-printed disaster EBT cards and blank EBT cards stored in two separate, secured locations within the state: one in northern California and one in southern California.

All or a portion of the disaster stored EBT cards are available for overnight shipment within 12 hours of notification to XEROX by the State and/or County, seven days a week, to a location(s) identified by the State. The County may request additional delivery of pre-printed disaster EBT cards in lots of 500 up to the available inventory of disaster services cardstock. Blank EBT cards are available in lots of 2,000 cards.

When D-CALFRESH is approved, the Administrative Services Officer (or designee) in the Fiscal Unit will request that the cards be sent to the County. Upon receipt by the County, all Disaster EBT cards are stored in a secure and locked safe.

• Current internal procedure as agreed upon with the Auditor's office for the storage of EBT cards will be adhered to.

- Disaster cards will be delivered to the emergency shelter location daily (when possible).
- Supervisory or management staff will ensure EBT cards are maintained in a safe and secure location at the emergency shelter location.
- PIN Issuance DCFP EBT cards are pre-pinned. Customers will be notified of the PIN at the time of distribution.

Nevada County Department of Social Services keeps approximately 1000 EBT card stock in inventory.
