NEVADA COUNTY BOARD OF SUPERVISORS

Board Agenda Memo

MEETING DATE: June 12, 2018

TO: Board of Supervisors

FROM: **Jill Blake**

SUBJECT: Resolution approving execution of Amendment A01 to Standard Agreement No. 16-10698 with the California Department of Public Health (CDPH) for the Nevada County Public Health Department to implement Project LAUNCH (Linking and Addressing the Unmet Needs for Children's Health) activities throughout Nevada County pursuant to decreasing the total maximum amount from \$367,931 to \$263,106 (a decrease of \$104,825) and to extend the contract term three months for a revised term of October 1, 2016 to September 30, 2019.

RECOMMENDATION: Approve the attached Resolution.

FUNDING: This amended grant agreement is for Federal funds from the Substance Abuse and Mental Health Services Agency (SAMHSA), passed through CDPH to awarded local health jurisdictions. The contract reduction is due to a decrease in federal funding that is being passed on to all participating counties. Since this is a budget reduction, no budget amendment is necessary and there are no county general fund dollars required in the Agreement.

BACKGROUND: The Board of Supervisors approved Agreement No. 169-10698 with the California Department of Health for the California Project LAUNCH on March 28, 2017 per Resolution No. 17-147. California Project LAUNCH is a program funded by the Substance Abuse and Mental Health Services Agency (SAMHSA) that replicates specific successful early childhood strategies resulting in improved mental health, reduced substance use, increased parenting skills, and improved maternal and child health. Under this contract, Nevada County Department of Public Health will replicate the strategies of:

- 1) Mental health consultation into home visiting;
- 2) Parent Cafes;
- 3) Integrating systems that support families' successes in their home visiting program, including health, mental health, education and family support.

This will be accomplished by contracting with First 5 Nevada County to implement key scope of work components and by participating in technical assistance and training provided by the lead local health jurisdiction, Alameda County Public Health, and its contractors.

Pursuant to this Amendment, the funding amounts for Fiscal Years 2017/18 and 2018/19 are being reduced due to federal program funding reductions and the contract term is being extended by three months to September 30, 2019. The funding for the additional three months is \$21,926.

It is recommended the Board approve this Agreement as it supports close collaboration with the Maternal, Infant and Early Childhood Home Visiting (MIECHV) Program/California Home Visiting Program (CHVP) to provide an opportunity for collaboration and partnership at the federal, state, and community levels to improve outcomes for families who reside in at-risk communities through evidence-based home visiting programs.
