Indemnifying Party also agrees to bear all other costs and expenses related thereto, even if the claim or claims alleged are groundless, false, or fraudulent. This provision is not intended to create any cause of action in favor of any third party against either Party or to enlarge in any way either Party’s liability but is intended solely to provide for indemnification of the Indemnified Party from liability for damages, or injuries to third persons or property, arising from or in connection with Indemnifying Party’s performance pursuant to this Contract. III. HUD Funded Permanent Supportive Housing (PSH) Program and PLHA-funded Post-Housing Support Team (PHST)

The PSH Program and the PHST encompasses four activity areas that are supported through a combination of federal, state and local funding sources.

1. Provide Rental assistance to program participants in compliance with HUD funding requirements
2. Provide property management services at scattered site locations
3. Provide post housing supports to program participants either as the primary assigned case manager or in coordination with assigned case managers from Behavioral Health, Turning Point and other community providers.
4. When funding allows, acquire and/or rehabilitate new units of PSH housing

PSH is a HUD-funded program designed to promote long-term, community-based housing and supportive services for chronically homeless households with severe and persistent mental health disabilities. The program provides ongoing rental subsidies combined with permanent supportive services to aide participants to not return to homelessness. PSH tenants receive primary case management from NCBH or a TPCP case manager but tenants are allowed to choose their own service providers and are allowed to decline services but are still required to abide by all standard lease terms. If a participant enters the program receiving primary care management from NCBH/TPCP but later declines those services, CONTRACTOR Post Housing Support Team staff will utilize progressive engagement to provide case management aimed at re-connecting the tenants to NCBH/TPCP supports.

Within the PSH program and overseen by the CONTRACTOR Housing Program Manager, the Post-Housing Support Team delivers primary supportive services to housing participants who do not receive primary case management from Behavioral Health or Turning Point or who reside in units not connected to the PSH program. In this way supportive services can be provided to tenants according to the principals of housing first wherein residents are not required to be in a treatment program in order to receive housing and where tenants can be selected for vacancies from the By Name List through the Coordinated Entry System. The Post Housing team will provide linkage to services and overall case management support in ways that promote stability, access to services and overall coordination with other service providers as needed.

CONTRACTOR will:

Diversity, Equity, and Inclusion

Contractor will be expected to think holistically about creating services, program sites and an employee culture that is welcoming and inclusive. Contractor should track metrics on Diversity, Equity, and Inclusion outcomes within their service delivery.
