INDEPENDENT AUDITOR'S REPORT

The Board of Directors and Grand Jury
Nevada County
Sanitation District #1
Nevada City, California

Report on the Financial Statements

We have audited the accompanying financial statements of the proprietary fund of Nevada County Sanitation District No. 1 (District), a component unit of the County of Nevada, California, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the District as of June 30, 2014, and the changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 23, 2015 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Roseville, California

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following Management's Discussion and Analysis ("MD&A") of the County of Nevada Sanitation District No. 1 (the "District") financial performance provides an introduction to the financial statements for the year ended June 30, 2014. The information contained in this MD&A should be considered in conjunction with the information contained in the District's financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's financial statements are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles promulgated by the Governmental Accounting Standards Board. The District is structured as an enterprise operation with multiple funds to segregate the various geographical operations known as zones. The District's revenues are recognized when earned, not when received. Expenses are recognized when incurred, not when paid. Capital assets are capitalized and, with the exception of land, are depreciated over their useful lives. See the notes to the financial statements for a summary of the District's significant accounting policies.

Following this discussion and analysis are the basic financial statements of the District. The District's basic financial statements are designed to provide readers with a broad overview of the District's financial status.

The Statement of Net Position presents information on all of the District's assets and deferred outflows of resources and liabilities and deferred inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of the District's financial position.

The Statement of Revenues, Expenses and Changes in Net Position presents information showing the change in the District's net position during the fiscal year. All changes in net position are reported as soon as the underlying event occurs, regardless of timing of related cash flows. Thus, revenues and expenses are recorded and reported in this statement for some items that will result in cash flows in future periods.

The Statement of Cash Flows relates to the flows of cash and cash equivalents. Consequently, only transactions that affect the District's cash accounts are recorded in this statement. A reconciliation of the Statement of Cash Flows is provided at the bottom of the statement to assist in understanding the difference between cash flows from operating activities and operating income.

The Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

FINANCIAL HIGHLIGHTS

On June 30, 2014, the assets of the District exceeded its liabilities by \$31,839,511 (net position). Of this amount, \$5,598,012 (unrestricted net position) may be used to meet the District's ongoing obligations to citizens and creditors and \$26,241,499 is the District's net investment in capital assets.

The District's capital assets (e.g., land, infrastructure and equipment) decreased by \$1,989,540 as a result of annual depreciation of infrastructure assets.

Long-term liabilities decreased 6.4% or \$1,523,123 due to regularly scheduled principal payments on long-term debt.

Financial Position

Analysis of the District as a whole – Government Wide Financial Statements

Sanitation District's Net Position June 30, 2014 and 2013

	2014	2013	Variance	Change
Current assets	\$ 6,356,233	\$ 6,607,654	-3.80%	\$ (251,421)
Capital assets	49,798,000	51,787,540	-3.84%	(1,989,540)
Total Assets	<u>56,154,233</u>	<u>58,395,194</u>	<u>-3.84%</u>	<u>(2,240,961)</u>
Current liabilities	2,109,504	3,318,264	-36.43%	(1,208,760)
Long term liabilities	22,205,218	23,728,341	-6.42%	(1,523,123)
Total Liabilities	<u>24,314,722</u>	<u>27,046,605</u>	<u>-10.10%</u>	<u>(2,731,883)</u>
Net investment in capital assets	26,241,499	26,734,805	-1.85%	(493,306)
Unrestricted	5,598,012	4,613,784	21.33%	984,228
Total Net Position	<u>\$ 31,839,511</u>	<u>\$ 31,348,589</u>	<u>1.57%</u>	<u>\$ 490,922</u>

As shown in the schedule above, at June 30, 2014, the District's total assets are \$57,529,336. The total assets held decreased \$865,858 or 1.48% from the June 30, 2013 balance of \$58,395,194. The decrease in total assets was due primarily to the depreciation of capital assets offset by an increase in cash and investments.

The District's total liabilities decreased by \$1,356,780 during the current fiscal year to \$25,689,825. The decrease occurred predominantly in the long-term liabilities as loan balances were reduced by scheduled principal payments.

The District's total net position at June 30, 2014 increased from the prior year by \$490,922. Unrestricted net position of the District at June 30, 2014 amounted to \$5,598,012. The 21.33% increase from the prior year's amount of \$4,613,784 reflects the District's accumulation of resources to meet the needs of upcoming capital projects. In relation, the net investment in capital assets decreased by \$493,306 from the prior year due to a combination of depreciation of capital assets and a reduction in related debt.

The largest portion of the District's net position reflects its investment in capital assets, less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate the liabilities.

**Changes in Net Position
For the Years Ended June 30, 2014 and 2013**

	2014	2013	Variance	Change
Revenues:				
Operating	\$ 6,978,013	\$ 6,579,111	6.06%	\$ 398,902
Non-operating	76,358	35,541	114.84%	40,817
Total Revenues	<u>7,054,371</u>	<u>6,614,652</u>	<u>6.65%</u>	<u>439,719</u>
Expenses:				
Operating expenses	6,038,895	6,058,756	-0.33%	(19,861)
Non-operating expenses	523,991	557,100	-5.94%	(33,109)
Total Expenses	<u>6,562,886</u>	<u>6,615,856</u>	<u>-0.80%</u>	<u>(52,970)</u>
Change in net position	491,485	(1,204)	-40921.01%	492,689
Net Position - beginning, restated	31,348,026	31,349,793	-0.01%	(1,767)
Net Position - ending	<u>\$ 31,839,511</u>	<u>\$ 31,348,589</u>	<u>1.57%</u>	<u>\$ 490,922</u>

Revenues – The District’s revenues for fiscal year 2013-14 increased by 6.65% or \$439,719. Connection fees received by the Lake of the Pines zone from a new development was the major factor in the increase.

Expenses – The District’s expenses for fiscal year 2013-14 decreased by .8% or \$52,970. Non-operating expenses decreased by 5.94% due to a decrease in interest expense. Operating expenses decreased by .3% from the prior fiscal year due to a decrease in salary and benefit costs.

Capital Assets and Debt Administration

Capital Assets – The District’s investment in capital assets as of June 30, 2014 amounted to \$26,241,499 (net of accumulated depreciation and related debt). This investment in capital assets includes land, land improvements, infrastructure and equipment. The \$1,989,540 decrease is due to depreciation of \$2,057,392 offset by reductions in related debt. Construction in progress for the Lake Wildwood UV Disinfection Improvement project was completed during the fiscal year and design of the Penn Valley pipeline was in progress.

Additional information on the District’s capital assets can be found in Note 3 on page 17 of this report.

Long-term debt – At June 30, 2014, the District had total debt outstanding of \$23,578,400 net of unamortized discounts. Of this amount, \$1,533,436 is due within one year. The long-term debt consists of one voter-approved bond, four loans from the State of California, and two bank loans. The North San Juan Sewer Assessment bond is being repaid through a restricted revenue source. A special assessment charge is placed on the tax bills of the parcels within the specific zone that benefited from the borrowing. The four State Water Resources Control Board (SWRCB) loans are being repaid through a dedicated revenue source from the specific zones that received the loan proceeds. The two bank loans are scheduled to be repaid by August 2026. They are being repaid with operating revenues from the specific zones that received the loan proceeds.

Additional information on the District’s long-term debt can be found in Note 5 on page 18-20 of this report.

Economic Factors and Next Year's Budget

The District operates and maintains sewage collection systems and treatment facilities for Nevada County Sanitation District No. 1. There are ten (10) zones within the District with facilities that collect and treat 1,245,000 gallons of wastewater each day. The Sanitation District provides sewer service to 5,230 accounts in western Nevada County with a population of approximately 14,000.

Wastewater treatment plants that discharge to surface waters are required to obtain a National Pollutant Discharge Elimination System (NPDES) permit. The permits are normally renewed every 5 years by the California Regional Water Quality Control Board (CRWQCB) and may contain new treatment objectives and discharge regulations. The Penn Valley treatment facility has been issued a Cease and Desist Order by the CRWQCB to address problems related to a lack of storage capacity. The order requires improvements to address capacity issues to be completed by August 2014. Transporting the wastewater to the Lake Wildwood treatment facility via a pipeline has been determined to be the most cost effective alternative to address the Cease and Desist Order. The District has been awarded a State Revolving Fund grant with 100% loan forgiveness and a Community Development Block Grant to finance the project. The project is currently in the design and engineering phase with construction expected to begin in 2016.

The operating costs of the Cascade Shores treatment plant are not being met with their current rate structure. The District is proposing to change the Cascade Shores treatment facility from a tertiary treatment plant to land application of effluent to reduce operating costs and is exploring purchasing land for this purpose. The District is pursuing a State Revolving Fund loan for the project as well as requesting loan forgiveness for the existing loan.

The cost of many resources required by the District's treatment plants to meet permitting requirements continues to increase. The District has been able to absorb these costs utilizing available unrestricted net position in fiscal year 2014-15 without rate increases.

Request for Information

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Nevada County Auditor-Controller, Marcia L. Salter, 950 Maidu Avenue, Nevada City CA 95959. This entire report is available online at <http://mynevadacounty.com/nc/auditor/>.

NEVADA COUNTY SANITATION DISTRICT NO. 1
(A Component Unit of the County of Nevada, California)

Notes to Basic Financial Statements
For the Year Ended June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Nevada County Sanitation District No. 1 (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental agencies. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

A. Reporting Entity

The District is a public agency formed on August 2, 1965, by order of the Nevada County Board of Supervisors pursuant to provisions of the California Health and Safety Code. As of June 30, 2014, the District is composed of ten zones and the Wastewater Management System.

The District, for financial purposes, includes all of the activity relevant to the operations of the District in eleven enterprise funds, as follows:

Wastewater Management System	Sanitation District Zone 6 – Penn Valley <ul style="list-style-type: none">• O & M
Sanitation District Zone 1 – Lake Wildwood <ul style="list-style-type: none">• O & M• Debt Assessment• Capital Improvement• Lasalle Project	Sanitation District Zone 7 – Mountain Lake Estates <ul style="list-style-type: none">• O & M
Sanitation District Zone 2 – Lake of the Pines <ul style="list-style-type: none">• O & M• Debt Assessment• Capital Improvement• Lasalle Project	Sanitation District Zone 8 – Cascade Shores <ul style="list-style-type: none">• O & M• Capital Improvement• Debt Assessment
Sanitation District Zone 4 – North San Juan <ul style="list-style-type: none">• O & M• Sewer Assessment	Sanitation District Zone 9 – Eden Ranch <ul style="list-style-type: none">• O & M
Sanitation District #5 – Gold Creek <ul style="list-style-type: none">• O & M	Sanitation District Zone 11 – Higgins Village <ul style="list-style-type: none">• O & M
	Sanitation District Zone 12 – Valley Oak <ul style="list-style-type: none">• O & M

The financial statements included in this report are intended to present the financial position and results of operations of only the District. They are not intended to present the financial position or results of operations of the County of Nevada taken as a whole.

The District is considered to be a component unit of the County of Nevada. The Board of Supervisors is the governing body of the District. The District is a legally separate entity for which the County is considered to be financially accountable and for which the nature and significance of the District's relationship with the County is such that exclusion would cause the combined financial statements to be misleading.

The District is considered a blended component unit of the County of Nevada and is reported as a major enterprise fund in the County of Nevada's financial statements.

NEVADA COUNTY SANITATION DISTRICT NO. 1
(A Component Unit of the County of Nevada, California)

Notes to Basic Financial Statements
For the Year Ended June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation

The fund financial statements provide information about the District's funds. Funds are organized into the proprietary category. An emphasis is placed on major funds within the proprietary category; each is displayed in a separate column. For presentation purposes all zones of the District are combined into one major fund.

The District reports the following major proprietary fund:

- The Sanitation District fund is an enterprise fund used to account for activity related to providing customers with sanitation management and billing for services provided by the District.

C. Basis of Accounting and Measurement Focus

The proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include revenues from grants, entitlements, and donations. Under the accrual basis, revenue from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of proprietary funds are charges to customers for services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Cash, Cash Equivalents and Investments

The District pools cash and investments of all funds with the County of Nevada. Each fund's share in this pool is displayed in the accompanying financial statements as cash and investments.

Participant's equity in the investment pool is determined by the dollar amount of participants' deposits, adjusted for withdrawals and distributed investment income. Investment income is determined on the amortized cost basis. Amortized premiums and accreted discounts, accrued interest, and realized gains and losses, net of expenses, are apportioned to pool participants every quarter based on the participant's average daily cash balance at quarter end in relation to the total pool investments. This method differs from the fair value method used to value investments in these financial statements. The pool has not provided or obtained any legally binding guarantees during the period to support the value of investments.

The County monitors and reviews the management of public funds maintained in the investment pool in accordance with the County investment policy and the California Government Code. The Board of Supervisors review and approve the investment policy annually. The County Treasurer prepares and submits a comprehensive investment report to the Board of Supervisors every month. The report covers the type of investments in the pool, maturity dates, par value, actual cost and fair value.

NEVADA COUNTY SANITATION DISTRICT NO. 1
(A Component Unit of the County of Nevada, California)

Notes to Basic Financial Statements
For the Year Ended June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Cash, Cash Equivalents and Investments (Continued)

Required disclosure information regarding categorization of investments and other deposit and investment risk disclosures can be found in the County's financial statements. The County of Nevada's financial statements may be obtained by contacting the County of Nevada Auditor-Controller at 950 Maidu Avenue, Nevada City, CA 95959, www.mynevadacounty.com/nc/auditor/.

For purposes of the accompanying statement of cash flows, the District considers all highly liquid investments with a maturity of three months or less when purchased, and their equity in the County Treasurer's investment pool, to be cash equivalents.

E. Receivables

Management only accrues those revenues it deems collectible; as such, the District has no allowance for uncollectible accounts.

F. Capital Assets

Capital assets, including public domain (infrastructure assets such as water, sewer, and similar items) are defined by the District as assets with a cost of more than \$5,000 for equipment and \$50,000 for structures and infrastructure and an estimated useful life of more than one year. Capital assets are recorded at historical or estimated historical cost if actual historical cost is unavailable. Contributed capital assets are recorded at their estimated fair market value at the date of donation.

Capital assets used in operations are depreciated or amortized using the straight-line method over the assets estimated useful life. The range of estimated useful lives by type of asset is as follows:

<u>Depreciable Asset</u>	<u>Estimated Life</u>
Equipment	2-25 years
Structures and Improvements	5-50 years
Infrastructure	20-75 years

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements which significantly increase values, change capacities, or extend useful lives are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

G. Interfund Transactions

Interfund transactions are reflected as either loans, services provided or used, reimbursements or transfers.

Loans reported as receivables and payables are referred to as either "due to/from other funds" (i.e. the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans) as appropriate and are subject to elimination upon consolidation.

(A Component Unit of the County of Nevada, California)

Notes to Basic Financial Statements
For the Year Ended June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Interfund Transactions (Continued)

Services provided or used, deemed to be at market or near market rates, are treated as revenues and expenses. These services provide information on the net cost of each government function and therefore are not eliminated in the process of preparing the government-wide statement of activities.

Reimbursements occur when the funds responsible for particular expenses repay the funds that initially paid for them. Such reimbursements are reflected as expenses in the reimbursing fund and reductions to expenses in the reimbursed fund.

All other interfund transactions are treated as transfers. Transfers between funds are netted as part of the reconciliation to the government-wide presentation.

H. Compensated Absences

It is the District's policy to permit employees to accumulate a limited amount of earned but unused vacation or personal paid leave. An unlimited amount of sick leave may be accrued in accordance with the bargaining unit's MOU and, upon separation from District's service, will either be paid to the employee or converted to PERS service credit. In proprietary funds the accrued compensated absences is recorded as an expense and related liability in the year earned, with the current portion estimated based on historical trends. The District includes its share of social security and medicare taxes payable on behalf of the employees in the accrual for compensated absences.

I. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense) until then. At June 30, 2014, the District did not have any deferred outflows of resources.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. At June 30, 2014, the District did not have any deferred inflows of resources.

J. Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NEVADA COUNTY SANITATION DISTRICT NO. 1
(A Component Unit of the County of Nevada, California)

Notes to Basic Financial Statements
For the Year Ended June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. New Accounting Pronouncements – Future Years

Governmental Accounting Standards Board Statement No. 68

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, is effective for periods beginning after June 15, 2014. The principal objective of this statement is to improve the usefulness of information for decisions made by the various users of the general purpose external financial reports of governments whose employees – both active employees and inactive employees – are provided with pensions. An additional objective is to improve the information provided in government financial reports about pension-related financial support provided by certain nonemployer entities that make contributions to pension plans that are used to provide benefits to the employees of other entities.

NOTE 2: CASH AND INVESTMENTS

A. Financial Statement Presentation

At June 30, 2014, the District's cash and investments consisted of the following:

Investments:	
Nevada County Treasurer's Pool	<u>\$ 6,356,231</u>
Total Cash and Investments	<u><u>\$ 6,356,231</u></u>

B. Cash

Custodial Credit Risk for Deposits – Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover its deposits or collateral securities that are in the possession of an outside party. The County's investment policy requires that deposits in banks must meet the requirements of the California Government Code. Under this code, deposits of more than \$250,000 must be collateralized at 105 percent to 150 percent of the value of the deposit to guarantee the safety of the public funds. The first \$250,000 of the District's deposits are insured by the Federal Deposit Insurance Corporation (FDIC). Deposits more than the \$250,000 insured amount are collateralized.

At year end, the District had no deposits outside the Nevada County Treasury.

C. Investments

The investment policy provides the basis for the management of a prudent, conservative investment program. Funds are invested to provide the maximum security of principal with secondary emphasis on achieving the highest return, while meeting daily cash flow needs. All investments are made in accordance with the Government Code and, in general, the investment policy is more restrictive than state law. Under the provisions of the County's investment policy the County may invest or deposit in the following:

- Banker's Acceptances
- Commercial Paper
- Local Agency Investment Fund
- Medium Term Corporate Notes

NEVADA COUNTY SANITATION DISTRICT NO. 1
(A Component Unit of the County of Nevada, California)

Notes to Basic Financial Statements
For the Year Ended June 30, 2014

NOTE 2: CASH AND INVESTMENTS (CONTINUED)

C. Investments (Continued)

- Money Market Funds
- Negotiable Certificates of Deposit
- Repurchase Agreements
- Reverse Repurchase Agreements
- Securities of the Federal Government or its Agencies
- California State Registered Warrants, Treasury Notes and Bonds
- Local Agency Obligations
- Certificates of Deposit
- Pass-Through Security

Interest Rate Risk – Interest rate risk is the risk of loss due to the fair value of an investment falling due to interest rates rising. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the County manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations. The County limits its exposure to interest rate risk inherent in its portfolio by limiting individual maturities to 5 years or less.

Credit Risk – Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The County's investment policy sets specific parameters by type of investment to be met at the time of purchase. As of June 30, 2014, the District's investments were all pooled with the County Treasury which is not rated by a nationally recognized statistical rating organization.

Custodial Credit Risk for Investments – Custodial credit risk for investments is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover its deposits or collateral securities that are in the possession of an outside party. To mitigate the custodial credit risk the County's investment policy requires that all investments owned by the County with the exception of certificates of deposit shall be held in safekeeping by a third party under contract with the County.

With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to local government's indirect investments in securities through the use of mutual funds or government investment pools.

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer of securities. When investments are concentrated in one issuer, this concentration presents a heightened risk of potential loss. State law and the investment policy of the County contain limitations on the amount that can be invested in any one issuer. All investments of the District are in the County investment pool which contains a diversification of investments.

(A Component Unit of the County of Nevada, California)

Notes to Basic Financial Statements
For the Year Ended June 30, 2014

NOTE 5: LONG-TERM LIABILITIES (CONTINUED)

Individual issues of debt payable outstanding at June 30, 2014, are as follows:

Business-Type Activities

Special Assessment Bonds with County Commitment:

USDA Rural Development Bond – North San Juan, issued July 19, 1988, in the amount of \$76,130 and payable in annual installments of \$1,000 to \$3,000 with an interest rate of 5.00% and maturity on September 2, 2018. Bond proceeds were used to construct improvements in the north San Juan Sewer Assessment District. \$ 15,000

Total Special Assessment Bonds With County Commitment 15,000

Loans:

State Water Resources Control Board loan, issued November 13, 2010, in the amount of \$339,164 and payable in annual installments of \$16,958, with an interest rate of 0.0% and maturity on June 30, 2029. Loan proceeds were used for the acquisition and construction of improvements to the Cascade Shores Wastewater system. The loan includes a loan discount of \$56,528. 254,373

SWRCB Revolving loan, issued December 12, 2006, in the amount of \$170,367 and payable in annual installments of \$8,445 to \$11,116 with an interest rate of 3.10% and maturity on January 22, 2016. Loan proceeds were used to finance modifications to the Cascade Shores Wastewater collection system with upgrade and modification to the existing lift station. The lift station was impaired and removed from the capital assets schedule. 21,898

Banc of America Leasing and Capital, LLC loan, issued August 1, 2009, in the amount of \$2,500,000 and payable in annual installments of \$73,529, with an interest rate of 3.55% and maturity on August 1, 2026. Loan proceeds were used for interim financing for the acquisition and construction of improvements to the Lake of the Pines Zone 2 wastewater system. 1,838,236

Banc of America Leasing and Capital, LLC loan, issued August 1, 2009, in the amount of \$1,000,000 and payable in annual installments of \$29,412, with an interest rate of 3.55% and maturity on August 1, 2026. Loan proceeds were used for interim financing for the acquisition and construction of improvements to the Lake Wildwood Zone 1 wastewater system. 735,294

State Water Resources Control Board loan, issued September 13, 2010, in the amount of \$12,122,824 plus accrued interest of \$110,523 and payable in annual installments of \$492,213 to \$739,310 with an interest rate of 1.20% and maturity on November 23, 2027. Loan proceeds were used for the acquisition and construction of improvements to the Lake Wildwood Zone 1 wastewater system. 9,098,793

NEVADA COUNTY SANITATION DISTRICT NO. 1
(A Component Unit of the County of Nevada, California)

Notes to Basic Financial Statements
For the Year Ended June 30, 2014

NOTE 6: NET POSITION

The proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted.

- Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted net position – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets”.

Net Position Flow Assumption

When a government funds outlays for a particular purpose from both restricted and unrestricted resources, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted net position is available, it is considered that restricted resources are used first, followed by the unrestricted resources.

NOTE 7: EMPLOYEE BENEFITS

A. Employee’s Retirement Plan

The District is a component unit of the County of Nevada and as such the District’s employees are covered under the retirement plan of the County of Nevada.

The County contributes to the California Public Employees Retirement System (PERS), an agent multiple-employer public employee defined benefit plan. PERS provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. PERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by statute. Copies of PERS’ annual financial report may be obtained from their executive office – 400 Q Street, Lincoln Plaza East, Sacramento, CA 95811 or www.calpers.ca.gov.

Required disclosure information regarding employee’s retirement plan can be found in the County’s audited financial statements.

B. Other Postemployment Benefits (OPEB)

The District is a component unit of the County of Nevada and as such the District’s employees are covered under the postemployment benefit plan of the County of Nevada.

The County of Nevada provides, under a defined benefit plan, retiree healthcare benefits to qualifying employees retiring directly from the County. The benefit level is determined by date of hire and length of service. The County has contracted for medical coverage to be provided through an agent multiple-employer CalPERS Healthcare (PEMHCA) plan.

NEVADA COUNTY SANITATION DISTRICT NO. 1
(A Component Unit of the County of Nevada, California)

Notes to Basic Financial Statements
For the Year Ended June 30, 2014

NOTE 7: EMPLOYEE BENEFITS (CONTINUED)

B. Other Postemployment Benefits (OPEB) (Continued)

A portion of the County's postemployment benefit costs have been allocated to the District as follows:

Annual Required Contribution	\$ 97,692
Interest on Prior OPEB Obligations	5,298
Amortization of Prior Year Net OPEB Obligation	<u>(6,737)</u>
Annual OPEB Cost	96,253
Pay As You Go Contribution	(39,845)
Funding of Full ARC Contribution	<u>(39,849)</u>
Increase (Decrease) in Net OPEB Obligation	16,559
Net OPEB Obligation - Beginning of Year	<u>95,792</u>
Net OPEB Obligation - End of Year	<u><u>\$ 112,351</u></u>

Required disclosure information regarding OPEB can be found in the County's audited financial statements.

NOTE 8: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Because of the close relationship the District has with the County of Nevada, the District's coverage is provided by the County of Nevada. Disclosure of complete information on risk management can be found in the County of Nevada's financial statements.

NOTE 9: RELATED PARTY TRANSACTIONS

The District has related party transactions with the County of Nevada.

The following is a summary of payables to the County of Nevada by fund at June 30, 2014:

Wastewater Management System	\$ 36,072
Sanitation District Zone 1- Lake Wildwood	68
Sanitation District Zone 8 - Cascade Shores	<u>1,457</u>
Total Due to County of Nevada	<u><u>\$ 37,597</u></u>

NEVADA COUNTY SANITATION DISTRICT NO. 1
(A Component Unit of the County of Nevada, California)

Notes to Basic Financial Statements
For the Year Ended June 30, 2014

NOTE 10: OTHER INFORMATION

A. Commitments and Contingencies

The wastewater treatment projects are financed with long-term debt to be repaid from special assessments. The District had encumbrances of \$1,980 at June 30, 2014.

B. Subsequent Events

Management has evaluated events subsequent to June 30, 2014 through January 23, 2015, the date on which the financial statements were available for issuance. Management has determined no subsequent events requiring disclosure have occurred.

NOTE 11: PRIOR PERIOD ADJUSTMENT

Adjustments resulting from errors or a change to comply with provisions of the accounting standards are treated as adjustments to prior periods. Accordingly, the County reports these changes as restatements of beginning net position. During the fiscal year ending June 30, 2014, the County restated the beginning balance in the OPEB liability by \$563.

The impact of the restatement on the net position on the governmental activities financial statements as previously reported is presented below:

	<u>Sanitation District</u>
Net Position, June 30, 2013, as previously reported	\$ 31,348,589
Adjustment associated with: Change in OPEB liability	<u>(563)</u>
Net Position, July 1, 2013, as restated	<u>\$ 31,348,026</u>

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Board of Directors and Grand Jury
Nevada County Sanitation District #1
Nevada City, California

We have audited the accompanying financial statements of the proprietary fund of Nevada County Sanitation District No. 1 (District), a component unit of the County of Nevada, California, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated January 23, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Board of Directors and Grand Jury
Nevada County Sanitation District #1

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in cursive script that reads "Gallina LLP".
