The Need

The current Truckee library was built in 1975 when Truckee's population was 2,000 and has a maximum capacity of 54 people.

Today, the population of Truckee is over 16,000 and that same library serves over 200 people a day
Truckee Library JPA

In January 2024, the Nevada County Board of Supervisors and the Truckee Town Council executed a Joint Powers Authority Agreement for the new library.

The JPA is responsible for constructing and maintaining the new regional library and acquiring land tenure for the facility.
