Subject: Resignation from Solid and Hazardous Waste Commission

Hi David,

While I'm thrilled to now be working full-time for the Board of Supervisors office, that means I need to now resign from the commission. I'm sorry my tenure was short-lived, but I learned a lot in that short time. I wish you best of luck with your role going forward and can't wait to see the evolution of the McCourtney Transfer Station!

Respectfully,

Sarah Holyhead
