PROJECT MANAGEMENT AND PAYMENT PROVISIONS

1. The Governor of the State of California has designated the California Department of Transportation (Caltrans) Division of Rail and Mass Transportation (DRMT) as the sole agency to be the recipient of Federal Transit Administration (FTA) grant programs that are described below. The FTA receives its authority from Chapter 53 of Title 49 of the United States Code (USC).
2. The following terms, when appearing in all capitals within this Agreement, are defined as follows.
 - A. **AGREEMENT:** This Agreement, including all of its Exhibits and incorporated references, as executed by the parties signing the Agreement.
 - B. **CONTRACTOR:** The local agency who is party to this Agreement, who may be referred to as a subrecipient, and has been granted Federal Transit Administration funds by the STATE for the purposes of carrying out the Project described in this Agreement.
 - C. **PROJECT:** Transportation services, as marked in Exhibit A and further described in Article I, which are performed by the CONTRACTOR and funded by FTA grant funds under the terms of this Agreement.
 - D. **STATE:** The California Department of Transportation Division of Rail and Mass Transportation, a governmental subdivision of the State of California.

 - A. **FTA Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities (5310 Program).** The 5310 Program is discretionary, providing grant funding for the provision of transportation services meeting the special needs of seniors and/or persons with disabilities, for whom mass transportation services are otherwise unavailable, insufficient, or inappropriate. Eligible applicants are private nonprofit corporations, private for-profit corporations and public agencies. Applications are scored and prioritized for funding. The terms and conditions in FTA Circular 9070.1G "Enhanced Mobility of Seniors and Individuals with Disabilities Program Guidance and Application Instructions", dated July 7, 2014, (5310 Circular) and any later revision thereto, are expressly incorporated herein for any project funded by the 5310 Program.
 - B. **FTA Section 5311 Formula Grants for Rural Areas (5311 Program).** The 5311 Program funds projects in rural areas for the purposes of planning, public transportation capital projects, operating costs, job access reverse commute projects, and the acquisition of public transportation service. Available funds are determined based on an FTA formula that includes population and transit service miles. Eligible subrecipients may include states and local governmental authorities, nonprofit organizations, tribal governments, and operators of public transportation or intercity bus service that receive FTA grant funds indirectly through a recipient. Intercity bus projects are funded from a subprogram of the 5311 Program. The 5311(f) Subprogram is discretionary, with applications scored and prioritized for funding. Private for-profit operators of transit services or intercity bus services may participate in the 5311(f) Subprogram as third-party contractors for recipients or as subrecipients.  - C. **Congestion Mitigation and Air Quality Program (CMAQ Program).** CMAQ Program funds that are transferred from the Federal Highway Administration (FHWA) to FTA to use for transit projects are subject to the program requirements that are applicable to the Section 5311 program. Prior to project selection and programming, projects eligible for funding from the CMAQ Program must meet certain criteria set by FHWA. Refer to FHWA's Interim Program Guidance, dated November 12, 2013, (CMAQ Circular), which is available at the following website: https://www.fhwa.dot.gov/environment/air_quality/cmaq/policy_and_guidance/2013_guidance/cmaq2013.pdf.

Funding is discretionary and applications are scored to determine funding priority. Eligible subrecipients include public agencies or private nonprofit organizations engaged in public transportation, including those providing services open to a segment of the general public, as defined by age, disability, or low income. 12. Transportation services under this AGREEMENT shall be provided for a minimum of 20 hours per week.
13. It is the parties' intention that grant funds will be available for timely expenditure, commencing with the State fiscal year when this AGREEMENT is executed. In the event that funds are not appropriated for the purpose of this AGREEMENT in an amount sufficient to allow the encumbrance of grant funds in accordance with this section, the parties agree that this AGREEMENT will terminate at the end of the fiscal year for which funds have been encumbered. The CONTRACTOR's obligations under this AGREEMENT shall remain in effect until the PROJECT is completed under the terms of this AGREEMENT. Upon closeout of this AGREEMENT, any unreimbursed funds will revert as described in

Article I and no further invoices shall be paid to CONTRACTOR.

14. Any 5311 Program funds, exclusive of 5311(f) Program funds, awarded for PROJECT cannot be carried over more than one (1) year by the CONTRACTOR.
15. Invoices may be submitted no more frequently than once per month for the PROJECT.
16. The full PROJECT invoice, showing both Federal Share and Local Share, shall be submitted by CONTRACTOR to the STATE for review and approval prior to payment. CONTRACTOR's certification that goods or services purchased have been received and accepted shall accompany the invoice. Proof of payment made to the vendor or a copy of the method of payment must be submitted by the CONTRACTOR. Proof of payment includes bank statements or cancelled checks showing check number and "Paid in Full" or CONTRACTOR accounting records showing the transaction.
18. The CONTRACTOR's invoices and the vendor's invoices shall be consistent internally and with any purchase order applicable to the PROJECT and shall include a breakdown of equipment unit costs, sales tax, registration fees, and any other items procured with said purchase orders, including items and costs not reimbursable under this PROJECT and any items not subject to sales tax. The latter includes "items and materials when used to modify a vehicle for physically handicapped persons", which are exempt from sales tax under Revenue and Taxation Code Section 6369.4.
19. Only work performed or goods or services received that fall on or between the Performance Period dates in Exhibit A are eligible for reimbursement. Invoices shall show dates of work, services or receipt of goods.
20. Eligibility for reimbursement of costs for the PROJECT shall be determined as follows.

21. Direct and Indirect Costs.
 - A. The CONTRACTOR shall comply with 2 CFR Part 225 or 2 CFR Part 230 (as determined in Article I. Section 18) and certifies that all direct costs (and indirect costs, if permitted by STATE) billed are allowable. All direct costs, even for PROJECT administration activities, must be adequately supported with proper documentation.
 - B. For Public Agencies only in all programs besides the 5310 Program, indirect costs may approved for reimbursement at the discretion of the STATE and Program Manager. If allowed, indirect costs must be supported by an approved Cost Allocation Plan (CAP) and/or Indirect Cost Rate Proposal (ICRP). The CONTRACTOR shall obtain approval of the CONTRACTOR's CAP from the STATE's Audits and Investigations Office prior to submitting any invoices for payment for the PROJECT. Indirect charges incurred prior to STATE's approval of the CAP or ICRP are not an

allowable expense.

- C. Under no circumstances are indirect costs an allowable expense for a 5310 Program Project.
22. Payment for services satisfactorily provided, work satisfactorily performed or goods received under this AGREEMENT shall be made on a reimbursement basis and in arrears only for actual eligible costs.
 23. Incomplete or disputed invoices shall be returned unpaid to the CONTRACTOR for correction. Corrected invoices must be resubmitted to STATE prior to the payment of the invoice.

 25. Final invoice shall be submitted to the STATE as stipulated in Exhibit A. If a Final Invoice Date is not specified in Exhibit A, a final invoice shall be submitted no later than ninety (90) days after the expiration of this AGREEMENT.
 26. Project Closeout.
 - A. For discretionary programs, such as 5310 Program, 5311(f) Subprogram and 5339 Program, any remaining balance/cost savings will be returned to STATE. For formula programs, such as 5311 Program (except for projects funded from 5311(f) Subprogram), CONTRACTOR agrees that once PROJECT is complete, any outstanding balance of \$5,000.00 or less shall be returned to the STATE for statewide redistribution or reallocation per FSTIP requirements. Program manager may elect to allow CONTRACTOR to apply outstanding balances over \$5,000.00 to future projects if CONTRACTOR makes a written request to that effect at time of final invoice.
 - B. Upon successful completion of the PROJECT or upon termination of this AGREEMENT by the STATE, the parties shall determine the amount of compensation, if any, to be repaid by the CONTRACTOR to STATE in order to avoid any STATE liability to FTA due to payments erroneously made to the CONTRACTOR in excess of the total PROJECT amount eligible for Federal reimbursement.
