I am against the Board of Supervisors spending \$769,000 to buy and renovate the house at 13192 Brunswick Road in order to house reoffending criminals. We don't want known reoffending criminals living in our neighborhood, possibly endangering our lives and property.

Instead of spending money to help criminals, the money should be used to help offset the loss of property values for law abiding residents owning property in the vicinity of the proposed Idaho Maryland Mine. If the mine's application is approved, (and I hope it isn't), realtors tell us our property values will be dramatically lower. And as my grandmother, mother, and uncles did, I expect one day I will have to sell my house and use the money to move my wife and I into an assisted living facility. Any reduction in value could affect our future care.
