**Other experience you feel would be helpful to the Board of Supervisors in making this appointment:**

The murder of my daughter, Laura, by a person with severe mental illness in 2001 made me realize that mental health care is not only an important matter for individuals and their families, but also for communities. Experiencing the tragic consequence of a person with severe mental illness resisting treatment led me to work on the passage and implementation of "Laura's Law", which allows for court-ordered outpatient mental health treatment. I also recognized the need for more funding for mental health care and was a financial supporter and advocate for Proposition 63, the Mental Health Services Act, in 2004. My participation on the Nevada County Suicide Prevention Task Force, Foothills & Truckee Health Babies Community Advisory Board, and more recently, on the Mental Health Advisory Board has informed me of the many needs, issues and challenges faced by consumers, families and providers.
