**THIS PROFESSIONAL SERVICES CONTRACT** ("Contract") is made at Nevada City, California, as of November 25, 2025 by and between the County of Nevada, ("County"), and Design Workshop, Inc. ("Contractor") (together, "Parties", individual "Party"), who agree as follows:

3. **Term** This Contract shall commence on November 25, 2025. All services required to be provided by this Contract shall be completed and ready for acceptance no later than the **Contract Termination Date** of: December 31, 2026.
4. **Facilities, Equipment and Other Materials** Contractor shall, at its sole cost and expense, furnish all facilities, equipment, and other materials which may be required for furnishing services pursuant to this Contract.
5. **Exhibits** All exhibits referred to herein and attached hereto are incorporated herein by this reference.
6. **Electronic Signatures** The Parties acknowledge and agree that this Contract may be executed by electronic signature, which shall be considered as an original signature for all purposes and shall have the same force and effect as an original signature. Without limitation, "electronic signature" shall include faxed or emailed versions of an original signature or electronically scanned and transmitted versions (e.g., via pdf) of an original signature.
7. **Time for Performance** Time is of the essence. Failure of Contractor to perform any services within the time limits set forth in Exhibit A, or elsewhere in this Contract, shall constitute material breach of this contract. Contractor shall devote such time to the performance of services pursuant to this Contract as may be reasonably necessary for the satisfactory performance of Contractor's obligations pursuant to this Contract. Neither Party shall be considered in default of this Contract to the extent performance is prevented or delayed by any cause, present or future, which is beyond the reasonable control of the Party.
8. **Liquidated Damages**  
Liquidated Damages are presented as an estimate of an intangible loss to the County. It is a provision that allows for the payment of a specified sum should Contractor be in breach of

contract. Liquidated Damages ☒shall not ☐shall apply to this contract. If Liquidated Damages are applicable to this contract, the Terms are incorporated in Exhibit E, attached hereto.

9. **Relationship of Parties**

9.1. **Independent Contractor**

In providing services herein, Contractor, and the agents and employees thereof, shall work in an independent capacity and as an independent contractor and not as agents or employees of County. Contractor acknowledges that it customarily engages independently in the trade, occupation, or business as that involved in the work required herein. Further, the Parties agree that Contractor shall perform the work required herein free from the control and direction of County, and that the nature of the work is outside the usual course of County's business. In performing the work required herein, Contractor shall not be entitled to any employment benefits, Workers' Compensation, or other programs afforded to County employees. Contractor shall hold County harmless and indemnify County against such claim by its agents or employees. County makes no representation as to the effect of this independent contractor relationship on Contractor's previously earned California Public Employees Retirement System ("CalPERS") retirement benefits, if any, and Contractor specifically assumes the responsibility for making such determination. Contractor shall be responsible for all reports and obligations including but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, workers' compensation and other applicable federal and state taxes.

9.2. **No Agent Authority** Contractor shall have no power to incur any debt, obligation, or liability on behalf of County or otherwise to act on behalf of County as an agent. Neither County nor any of its agents shall have control over the conduct of Contractor or any of Contractor's employees, except as set forth in this Contract. Contractor shall not represent that it is, or that any of its agents or employees are, in any manner employees of County.

9.3. **Indemnification of CalPERS Determination** In the event that Contractor or any employee, agent, or subcontractor of Contractor providing service under this Contract is determined by a court of competent jurisdiction or CalPERS to be eligible for enrollment in CalPERS as an employee of County, Contractor shall indemnify, defend, and hold harmless County for all payments on behalf of Contractor or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of County.

10. **Assignment and Subcontracting** Except as specifically provided herein, the rights, responsibilities, duties and services to be performed under this Contract are personal to Contractor and may not be transferred, subcontracted, or assigned without the prior written consent of County. Contractor shall not substitute or replace any personnel for those specifically named herein or in its proposal without the prior written consent of County.

Contractor shall cause and require each transferee, subcontractor, and assignee to comply with the insurance provisions and information technology security provisions set forth herein, to the extent such insurance provisions are required of Contractor under this Contract. Failure of Contractor to so cause and require such compliance by each transferee, subcontractor, and assignee shall constitute a material breach of this Contract, and, in addition to any other remedy available at law or otherwise, shall serve as a basis upon which County may elect to suspend payments hereunder, or terminate this Contract, or both.

11. **Licenses, Permits, Etc.** Contractor represents and warrants to County that Contractor shall, at its sole cost and expense, obtain or keep in effect at all times during the term of this Contract, any licenses, permits, and approvals which are legally required for Contractor to practice its profession at the time the services are performed.
12. **Hold Harmless and Indemnification Contract** To the fullest extent permitted by law, each Party (the “Indemnifying Party”) hereby agrees to protect, defend, indemnify, and hold the other Party (the “Indemnified Party”), its officers, agents, employees, and volunteers, free and harmless from any and all losses, claims, liens, demands, and causes of action of every kind and character resulting from the Indemnifying Party’s negligent act, willful misconduct, or error or omission, including, but not limited to, the amounts of judgments, penalties, interest, court costs, legal fees, and all other expenses incurred by the Indemnified Party arising in favor of any party, including claims, liens, debts, personal injuries, death, or damages to property (including employees or property of the Indemnified Party) and without limitation, all other claims or demands of every character occurring or in any way incident to, in connection with or arising directly or indirectly out of, the Contract. The Indemnifying Party agrees to investigate, handle, respond to, provide defense for, and defend any such claims, demand, or suit at the sole expense of the Indemnifying Party, using legal counsel approved in writing by Indemnified Party. Indemnifying Party also agrees to bear all other costs and expenses related thereto, even if the claim or claims alleged are groundless, false, or fraudulent. This provision is not intended to create any cause of action in favor of any third party against either Party or to enlarge in any way either Party’s liability but is intended solely to provide for indemnification of the Indemnified Party from liability for damages, or injuries to third persons or property, arising from or in connection with Indemnifying Party’s performance pursuant to this Contract. This obligation is independent of, and shall not in any way be limited by, the minimum insurance obligations contained in this Contract.
13. **Standard of Performance** Contractor shall perform all services required pursuant to this Contract in the manner and according to the standards observed by a competent practitioner of the profession in which Contractor is engaged in the geographical area in which Contractor practices its profession. All products of whatsoever nature which Contractor delivers to County pursuant to this Contract shall be prepared in a substantial first class and workmanlike manner and conform to the standards or quality normally observed by a person practicing in Contractor's profession.
14. **Contractor without additional compensation** Contractor’s personnel, when on County’s premises and when accessing County network remotely, shall comply with County’s regulations regarding security, remote access, safety and professional conduct, including but not limited to Nevada County Security Policy NCSP-102 Nevada County External User Policy and Account Application regarding data and access security. Contractor personnel will solely utilize County’s privileged access management platform for all remote access support functions, unless other methods are granted in writing by County’s Chief Information Officer or his/her designee.
15. **Prevailing Wage and Apprentices** To the extent made applicable by law, performance of this Contract shall be in conformity with the provisions of California Labor Code, Division 2, Part 7, Chapter 1, commencing with section 1720 relating to prevailing wages which must be paid to workers employed on a public work as defined in Labor Code section 1720, et seq., and shall be in conformity with Title 8 of the California Code of Regulations section 200 et seq., relating to apprenticeship. Where applicable:
  - Contractor shall comply with the provisions thereof at the commencement of services to be provided herein, and thereafter during the term of this Contract. A breach of the requirements of this section shall be deemed a material breach of this contract. Applicable prevailing wage determinations are available on the California Department of Industrial Relations website at <http://www.dir.ca.gov/OPRL/PWD>.

- Contractor and all subcontractors must comply with the requirements of Labor Code section 1771.1(a) pertaining to registration of contractors pursuant to section 1725.5. Registration and all related requirements of those sections must be maintained throughout the performance of the Contract.
  - Contracts to which prevailing wage requirements apply are subject to compliance monitoring and enforcement by the Department of Industrial Relations. Contractor and each subcontractor must furnish certified payroll records to the Labor Commissioner at least monthly.
  - County is required to provide notice to the Department of Industrial Relations of any public work contract subject to prevailing wages within five (5) days of award.
16. **Accessibility** It is the policy of County that all County services, programs, meetings, activities and facilities shall be accessible to all persons, and shall comply with the provisions of the Americans With Disabilities Act and Title 24, California Code of Regulations. To the extent this Contract shall call for Contractor to provide County contracted services directly to the public, Contractor shall certify that said direct services are and shall be accessible to all persons.
  17. **Nondiscriminatory Employment** Contractor shall not discriminate in its employment practices because of race, religious creed, color, national origin, ancestry, physical handicap, medical condition, marital status, sex or sexual orientation, or any other legally protected category, in contravention of the California Fair Employment and Housing Act, Government Code section 12900 et seq.
  18. **Drug-Free Workplace** Senate Bill 1120, (Chapter 1170, Statutes of 1990), requires recipients of State grants to maintain a "drug-free workplace".   19. **Political Activities** Contractor shall in no instance expend funds or use resources derived from this Contract on any political activities.
  20. **Levine Act** This contract ☒ shall not ☐ shall be subject to compliance with Government Code Section 84308 (Levine Act), which pertains to campaign contributions of more than \$500 to any member of the County of Nevada Board of Supervisors or any County of Nevada Official who will be making, participating in making, or in any way attempting to use their official position to influence a County decision to approve the contract. If Levine Act Compliance is applicable to this contract, the terms are incorporated in Exhibit G, attached hereto.
  21. **Subrecipient** This contract ☒ shall not ☐ shall be subject to subrecipient status as such: the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 CFR Part 200 et al (commonly referred to as the "OMB Super Circular" or "Uniform Guidance"). A copy of these regulations is available at the link provided herein for the Code of Federal Regulations. Subrecipient and Contractor determinations

Contractor shall provide proof of debarment compliance if requested by the County. In addition, the County may (at anytime during the term of the Contract) screen the Contractor at [www.sam.gov](http://www.sam.gov) to ensure Contractor, its principal and their named subcontractors are not debarred, suspended or otherwise excluded by the United States Government in compliance with the requirements of 7 Code of Federal Regulations (CFR) 3016.35, 28 CFR 66.35, 29 CFR 97.35, 34 CFR 80.35, 45 CFR 92.35 and Executive Order 12549.

- 23.1. **Books and Records** Contractor shall maintain statistical records and submit reports as required by County. Contractor shall also maintain accounting and administrative books and records, program procedures and documentation relating to licensure and accreditation as they pertain to this Contract. - 23.2. **Inspection** Upon reasonable advance notice and during normal business hours or at such other times as may be agreed upon, Contractor shall make all of its books and records, including general business records, available for inspection, examination or copying, to County, or to the State Department of Health Care Services, the Federal Department of Health and Human Services, the Controller General of the United States and to all other authorized federal and state agencies, or their duly authorized representatives.

Any audit may be conducted on Contractor's premises or, at County's option, Contractor shall provide all books and records within fifteen (15) days upon delivery of written notice from County. Contractor shall promptly refund any moneys erroneously charged and shall be liable for the costs of audit if the audit establishes an overcharge of five percent (5%) or more of the correct amount owed during the audit period.

**Termination**

- A. A material breach, as defined pursuant to the terms of this Contract or otherwise, in addition to any other remedy available at law or otherwise, shall serve as a basis upon which County may elect to immediately suspend payments hereunder, or terminate this Contract, or both, without notice.
- B. If Contractor fails to timely provide in any manner the services materials and products required under this Contract, or otherwise fails to promptly comply with the terms of this Contract, or violates any ordinance, regulation or other law which applies to its performance herein, County may terminate this Contract by giving **five (5) calendar days written notice to Contractor.**

Either Party may terminate this Contract for any reason, or without cause, by giving **thirty (30) calendar days written notice** to the other, which notice shall be sent by registered mail in conformity with the notice provisions, below. In the event of termination not the fault of Contractor, Contractor shall be paid for services performed to the date of termination in accordance with the terms of this Contract. ## EXHIBIT A

### SCHEDULE OF SERVICES

**Project Objective:** This project includes the design of an Outdoor Visitor Center and Trailhead on the southwest side of Van Norden Meadow, near Soda Springs Road. The contract provides for a design and construction administration for the project including (1) pre-design, (2) schematic/conceptual design, (3) design development, and (4) additional services as requested.

The following narrative describes a comprehensive list of services required to prepare Construction Documents for the Soda Springs Trailhead. Efficiently organizing the work will be essential to completing the project in a timely fashion. While the following narrative is organized in a linear manner, many of the sub-tasks may proceed in a parallel or concurrent fashion.

#### **Task 1: Design**

##### *Task 1.1. Pre-Design*

The Pre-Design Phase will include developing an understanding of the work that has been completed to date, conducting a site visit; and acquiring a preliminary understanding of the project program. We will focus on creating a base map and summary of key takeaways from a code review to guide subsequent design decisions.

This phase will include site visit and reconnaissance, agency code review, and client program development. This will not be an exhaustive effort of all existing conditions and will not include forensic investigation. Information obtained will be enough to allow for Schematic Design studies. We will research pertinent agency code requirements and document conditions requiring agency preliminary design approval. HOA, Planning & Zoning approval process, if required, will be an additional service.

Through partnership with the County, we will seek to coordinate early and as often as needed with permitting authorities to help streamline agency approvals and minimize rework later in the schedule. The specific tasks to be completed are as follows:

- Review pertinent codes, current entitlements, conditions of approval, background information on prior projects applications and previously gathered public feedback which may inform the site development concepts.
- Review the existing geotechnical report, topographic survey and other information provided by the County and prepare base maps for use during the site visit and site concept generation.
- Attend kickoff meeting with County and Project Partners and review relevant documents such as Van Norden Meadow Recreation and Restoration NEPA Document; Tahoe National Forest style guides; Donner Summit Public Use, Trails, and Recreation Facilities Plan; Nevada County Recreation and Resiliency Plan; and the Soda Springs Area Plan.
- Visit the site to become familiar with the site conditions such as soils, slopes, views and context surrounding the site.
- Attend meetings with the County and other consultants. We anticipate two meetings for this task which may require travel which is budgeted under reimbursable.
- Conduct a limited geotechnical survey.
- Preparation of a topographic and Alta survey.

The following products will be prepared/delivered:

- Geotechnical Investigation, including a memorandum with the results of a review of the existing geotechnical report, a site visit and a new, limited geotechnical report.
- Topographic and Alta Survey.
- Site base map.
- Code review references/key takeaways.

#### *Task 1.2 Schematic/Conceptual Design (30%)*

In the Schematic/Conceptual Design Phase (30%), we will develop up to two concept alternatives illustrating site organization, landscape elements, ADA-compliant circulation, and visitor amenities including a restroom and an optional overlook/shade structure. Following a review meeting, we will refine the preferred concept to serve as the basis for design development. The specific tasks to be completed are as follows:

- Create site plan concept defining development of property, based on vision and goals.
- Prepare two schematic level design concepts to include:
  - Attend kickoff meeting with project partners and review relevant documents such as Van Norden Meadow Recreation and Restoration NEPA Document; Tahoe National Forest Style guides; Donner Summit Public Use, Trails, and Recreation Facilities Plan; and the Soda Springs Area Plan.
  - Layout for hardscape surfaces for pedestrians and vehicles, ADA accessibility routes, seating and viewing areas, etc.
  - Location for site amenities and furnishings such as restrooms, seating and picnic areas, kiosk and interpretive signage and creative interpretive opportunities, potential shade structure/viewing platform.
  - Landscape improvements including restoration areas and tree locations to provide shade.
  - Architect to provide design input on shade structure and prefab restroom.
- Conceptual grading plan.

Partner feedback at this stage will be fully integrated into the final design package.

After Client's selection of design alternative and authorization to proceed, the civil engineer will prepare Design Development Site Improvement plans including preliminary site layout, grading and BMP sizing, including preparation of project design narrative.

Specific tasks include:

- Attend second meeting with Project Partners to review feedback and select site concept.
- Prepare Site Plans, Exterior Elevations, Site Sections, Structural Plans and Landscape Plans, incorporating feedback from Project Partners. Pending design intent of the shade structure/overlook, JKAE Arch and Structural will exclude Shade Structure design. This is below the line and depends on size of Structure proposed, if pursued.

Note that architectural information will be included on structural drawings. A separate set of architectural drawings is not anticipated. This may require printing which is covered in the budget under reimbursable.

Following completion of the design work, we will assist the County in preparing for the next phase of the project by providing the drawings and specifications to be included in the construction bid package prepared by the County. We will respond to technical questions during the competitive bidding process and provide limited support, as needed, during the early stages of the pre-construction phase.

#### **Other Insurance Provisions:**

The insurance policies are to contain, or be endorsed to contain, the following provisions:

1. **Additional Insured Status: County, its officers, employees, agents, and volunteers are to be covered as additional insureds** on the CGL policy with respect to liability arising out of the work or operations performed by or on behalf of Contractor including materials, parts, or equipment furnished in connection with such work or operations. Umbrella or Excess policies shall be provided on a true "following form" or broader coverage basis, with coverage at least as broad as provided on the underlying Commercial General Liability insurance. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the County has received a waiver of subrogation endorsement from the insurer.
6. **Sole Proprietors** If Contractor is a Sole Proprietor and has no employees, they are not required to have Workers Compensation coverage. Contractor shall sign a statement attesting to this condition, and shall agree they have no rights, entitlements or claim against County for any type of employment benefits or workers' compensation or other programs afforded to County employees.

9. **Verification of Coverage** Contractor may be requested to furnish County with original Certificates of Insurance including all required amendatory endorsements (or copies of the applicable policy language effecting coverage required by this clause) and the County reserves the right to request a copy of the Declarations and Endorsement page of the CGL policy listing all policy endorsements to County before work begins. Failure to obtain and provide verification of the requested/required documents prior to the work beginning shall not waive Contractor's obligation to provide them. County reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.
10. **Subcontractors** Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that County is an additional insured on insurance required from subcontractors. For CGL coverage subcontractors shall provide coverage with a format at least as broad as CG 20 38 04 13.
11. **Special Risks or Circumstances** County reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.
12. **Premium Payments** The insurance companies shall have no recourse against County and funding agencies, its officers, and employees or any of them for payment of any premiums or assessments under any policy issued by a mutual insurance company.
13. **Material Breach** Failure of Contractor to maintain the insurance required by this Contract, or to comply with any of the requirements of this section, shall constitute a material breach of the entire Contract.
