Introduction to Nevada County CCS & ECM

- Overview of MOU with Partnership HealthPlan for Enhanced Care Management (ECM) services
- Supporting families navigating California Children's Services (CCS)-Whole Child Model (WCM) transition
- Enhancing care coordination for children with complex needs

California Children's Services (CCS) Program

- CCS provides medical case management for children with serious conditions.
- Serves eligible children under 21.
- Ensures access to specialized care and services.

Transition to the Whole Child Model (WCH)

- WCM integrates CCS into Medi-Cal Managed Care.
- Counties retain CCS eligibility determination.
- Transition creates challenges for families.

Enhanced Care Management (ECM) as a Solution

- **ECM provides intensive case management for high-need families.**
- **Nevada County can assist with WCM navigation.**
- **Services address medical and social needs.**
