RE: Nevada County Matching Contribution for Fiscal Year 2019-2020

Each year Agency on Aging \ Area 4 (AAA4) works with local partners to provide critical services for older adults who live in Nevada County and the six other counties that comprise our service area. Annual financial support from each of the seven counties, via approval by the Boards of Supervisors, ensures we can continue helping people live as independently as possible as they age. This year, the requested match reflects an expanding 60+ population and the increased service delivery costs that result.

Nevada County's share of requested match for State fiscal year 2019-2020 is \$45,599. In exchange, AAA4 will be able to leverage an estimated \$753,678 in Federal and State grants for nutrition, transportation, caregiving, information and assistance, long-term care ombudsmen and other supportive services for residents of Nevada County. For every County match dollar invested Nevada County receives \$20.52 of benefits.

In addition to meeting fiscal requirements, county match funds also help AAA4 sustain services when the State of California does not release our Federal allocations in a timely fashion.

We are providing this information so that Nevada County has time to review the information and include it in the County Budget for the upcoming fiscal year. The attached information sheet illustrates the method used to calculate each county's share of match funding.

Should you have any questions concerning this request, please do not hesitate to contact Pam Miller, Executive Director, or Lynda Webb, Fiscal Administrator, at (916) 486-1876.

Thank you for your continued support!

Sincerely,

Chris Parent, Chair
AAA4 Governing Board
