Terms

Each term of this Contract below specifically incorporates the information set forth in the Summary at page one (1) above as to each respective section (§) therein, as the case may be.

Services

1. **Scope of Services:**

Contractor shall provide all of the services, materials and products (herein "Services") generally described in **Exhibit "A"**, according to a performance schedule, if applicable, as set forth in said exhibit (herein "Performance Schedule"). If requested, Contractor agrees to serve as an expert witness for County in any third party action or proceeding arising out of this Contract.

Payment

2. **Charges and Payments:**

The charges (herein "Charges") for furnishing the aforesaid Services under this Contract are set forth in **Exhibit "B"**, including, if applicable, hourly rates, unit pricing, and expense, mileage and cost limits. Said Charges shall be presented monthly by invoice, and shall be due within thirty (30) days of receipt of said invoice unless payment is otherwise set forth in said **Exhibit "B"**, and shall remain in effect for the entire term of this Contract, and any extension hereof. In no event will the cost to County for Services to be provided under this Contract, including direct non-salary expenses, exceed the **Maximum Contract Price** set forth at §2, page one (1), of this Contract. If a Catalog of Federal Domestic Assistance ("CFDA") number is designated at §33, page one (1), of this Contract, then all components of compensation billed to County shall be calculated in accordance with Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 CFR Chapter I, Chapter II, Part 200, et al (commonly referred to as the "OMB Super Circular" or "Uniform Guidance").

Time for Performance

3. **Contract Term:**

This Contract shall commence on the **Contract Beginning Date** set forth at §3, page one (1), of this contract. All Services required to be provided by this Contract shall be completed and ready for acceptance no later than the **Contract Termination Date** set forth at §3, page one (1), of this Contract.

4. **Liquidated Damages:**

County and Contractor agree that damages to County due to delays in timely providing Services in accordance with the aforesaid Performance Schedule and Contract Termination Date are impractical and difficult to ascertain. Therefore, if §4 at page one (1) hereof shall indicate a daily amount as **Liquidated Damages**, County shall have the right to assess said daily sum, not as a penalty, but as and for damages to County due to delays in providing Services not in accordance with the said Performance Schedule, or later than the Contract Termination Date (herein "Delay"). Liquidated Damages shall be offset against amounts owing to Contractor, including retention sums.

To the extent that any Delay is a result of matters or circumstances wholly beyond the control of Contractor, County may excuse said Liquidated Damages; provided however, that County may condition such excuse upon Contractor having given prompt notice to County of such delay immediately by telephone and thereafter by written explanation within a reasonable time. The time for Contractor's performance shall be extended by the period of delay, or such other period as County may elect.

5. **Time of the Essence:**

Time is of the essence with respect to Contractor's performance under this Contract. Delay in meeting the time commitments contemplated herein will result in the assessment of liquidated damages, if indicated at §4 at page one (1), hereof. If Liquidated Damages are not so indicated, damages shall be as otherwise provided by law.

Insurance

6. **Commercial General Liability Insurance:** (County Resolution Nos. 90-674, 02-439)

If §6 at page one (1) hereof shall indicate a **Commercial General Liability** insurance policy is required, Contractor shall promptly provide proof of such insurance evidenced by a certificate of insurance with properly executed endorsements attached, which insurance shall include the following:

- (i) Broad form coverage for liability for death or bodily injury to a person or persons, and for property damage, combined single limit coverage, in the minimum amount indicated at said §6;
- (ii) An endorsement naming County as an additional insured under said policy, with respect to claims or suits arising from the Services provided or the relationships created under this Contract;
- (iii) A provision that said insurance shall be primary and non-contributory, that other insurance maintained by the County of Nevada shall be excess only and that neither the insured nor the insurer shall seek contribution from any other insurance or self-insurance available to County;
- (iv) A provision that said insurance shall provide for thirty (30) days written notice to County of any termination or change in coverage protection, or reduction in coverage limits (except ten (10) days notice for non-payment of premium).

7. Automobile Liability Insurance: (County Resolution No. 90-676)

If §7 at page one (1) hereof shall require either a Business Rated or a Commercial Automobile Liability insurance policy, for each vehicle used including non-owned and hired automobiles, Contractor shall promptly provide proof of such insurance evidenced by a certificate of insurance with properly executed endorsements attached, which insurance shall include the following provisions:

- (i) Liability protection for death or bodily injury to a person or persons, property damage, and uninsured and underinsured coverage, combined single limit coverage, in the minimum amount indicated at said §7;
- (ii) An endorsement naming County as an additional insured under said policy, with respect to claims or suits arising from the Services provided or the relationships created under this Contract;
- (iii) A provision that said insurance shall be primary and non-contributory, that other insurance maintained by the County of Nevada shall be excess only and that neither the insured nor the insurer shall seek contribution from any other insurance or self-insurance available to County;
- (iv) A provision that said insurance shall provide for thirty (30) days written notice to County of any termination or change in coverage protection, or reduction in coverage limits (except ten (10) days notice for non-payment of premium).

If §7 at page one (1) hereof shall require a Personal Auto policy, for each vehicle used including non-owned and hired automobiles, Contractor shall promptly provide proof of such insurance for a minimum of three hundred thousand dollars, (\$300,000), in combined single limits, and naming the County as additionally insured.

8. Workers' Compensation: (County Resolution No. 90-674)

If §8 at page one (1) hereof shall indicate a **Workers' Compensation** insurance policy is required, Contractor shall maintain said policy as required by law, and shall promptly provide proof of such insurance evidenced by a certificate of insurance, or other documentation acceptable to County. The Workers' Compensation insurer shall agree to waive all rights of subrogation against the County, its agents, officers, employees, and volunteers for losses arising from work performed by Contractor for the County.

Before commencing to utilize employees in providing Services under this Contract, Contractor warrants that it will comply with the provisions of the California Labor Code, requiring Contractor to be insured for workers' compensation liability or to undertake a program of self-insurance therefor.

9. Errors and Omissions:

If §9 at page one (1) hereof shall indicate **Errors and Omissions** insurance is required, Contractor shall maintain either a professional liability or errors & omissions policy in the minimum amount indicated, and shall promptly provide proof of such insurance evidenced by a certificate of insurance, or other documentation acceptable to County.

10. Miscellaneous Insurance Provisions: (County Resolution Nos. 90-674, 90-675)

All policies of insurance required by this Contract shall remain in full force and effect throughout the life of this Contract and shall be payable on a "per occurrence" basis unless County specifically consents to "claims made" coverage. If the County does consent to "claims made" coverage and if

Contractor changes insurance carriers during the term of this Contract or any extensions hereof, then Contractor shall carry prior acts coverage. The following additional conditions apply to "claims made" coverage: In order for the acts and omissions of Contractor and all its agents during the term of this Agreement to be "continually covered" there must be insurance coverage for the entire contract period commencing on the effective date of this Agreement and ending on the date that is three (3) years beyond the final date this Agreement is effective, including any extensions or renewals of this Agreement. Contractor acknowledges that the provision of this Section may necessitate the purchase of "tail insurance" if coverage lapses. The requirement to maintain tail insurance shall survive termination of this Agreement.

Insurance afforded by the additional insured endorsement shall apply as primary and non-contributory insurance, and neither the insured nor the insurer shall seek contribution from any other insurance or self-insurance maintained by County, its officers, agents and/or employees. Any insurance or self-insurance maintained by County, its officers, agents and/or employees shall be excess only and not contributing with insurance required or provided under this agreement.

At all times, Contractor shall keep and maintain in full force and effect throughout the duration of this Contract, policies of insurance required by this Contract which policies shall be issued by companies with a Best's Rating of B+ or higher (B+, B++, A-, A, A+ or A++), or a Best's Financial Performance Rating (FPR) of 6 or higher (6, 7, 8 or 9) according to the current Best's Key Rating Guide, or shall be issued by companies approved by the County Risk Manager. In the event the Best's Rating or Best's FPR shall fall below the rating required by this paragraph, Contractor shall be required to forthwith secure alternate policies which comply with the rating required by this paragraph, or be in material breach of this Contract.

Failure to provide and maintain the insurance policies (including Best's ratings), endorsements, or certificates of insurance required by this Contract shall constitute a material breach of this agreement (herein "Material Breach"); and, in addition to any other remedy available at law or otherwise, shall serve as a basis upon which County may elect to suspend payments hereunder, or terminate this Contract, or both. (See §13, ¶2, below, as these provisions additionally apply to subcontractors.)

11. Indemnity:

Nothing herein shall be construed as a limitation of Contractor's liability, and Contractor shall indemnify, defend and hold harmless the County and its officers, officials, employees, agents and volunteers from any and all liabilities, claims, demands, damages, losses and expenses (including, without limitation, defense costs and attorney fees of litigation) which result from the negligent act, willful misconduct, or error or omission of Contractor, except such loss or damage which was caused by the sole negligence or willful misconduct of County or its officers, officials, employees, agents and volunteers.

Unless otherwise agreed in writing by the County's Risk Manager, Contractor shall cause and require each transferee, subcontractor and assignee to comply with the insurance provisions set forth herein at §§6, 7, 8, 9 and 10, in the same amounts and subject to the same terms as are required of Contractor under this Contract, unless otherwise provided by County's Risk Manager. Said insurance shall include all upstream parties (including the Contractor and the County) as additional insureds using a Blanket Additional Insured Endorsement (ISO form number CG 20 38 04 13) or coverage at least as broad. Contractor shall verify that all subcontractors provide a policy endorsement in compliance with this Paragraph and shall provide a copy of the same to County at least ten (10) working days prior to commencement of any work by subcontractor. Failure of Contractor to so cause and require such compliance by each transferee, subcontractor and assignee, or to timely provide County with a copy of the

required policy endorsement, shall constitute a Material Breach of this agreement, and, in addition to any other remedy available at law or otherwise, shall serve as a basis upon which County may elect to suspend payments hereunder, or terminate this Contract, or both.

14. Licensing and Permits:

Contractor warrants (i) Contractor is qualified and competent to provide all Services under this contract; (ii) Contractor and all employees of Contractor hold all necessary and appropriate licenses therefor, including those licenses set forth at §14, page one (1) hereof; and, (iii) Contractor shall obtain, and remain in compliance with, all permits necessary and appropriate to provide said Services. Contractor will treat youth in the Yes Court program and utilize the Co-Occurring Disorders (COD) practice where clinically appropriate.

5. Program Description/Services:

Contractor will specifically provide the following services to approximately 20 clients with co-occurring mental health and substance abuse disorders.

A. **Intake and Assessment** County will assess all clients and refer clients to Contractor who have moderate mental health needs and moderate to high substance abuse needs. Nevada County Children's Behavioral Health will refer Yes Court clients. The family perspective will be included in the assessments. All planned, routine (non-emergency) mental health services must be pre-authorized in writing by County and must be part of a Treatment Plan for the client. Adult clients will take the Basis-24 at intake and again in six months to measure progress. Youth and parents will take the Problem Oriented Screening Instrument for Teenagers and Parents "POSIT" at intake and again in six months to measure progress.

B. **Treatment for individuals with Co-Occurring Disorders** will be provided using evidence-based practices specific to the target population(s). Mental Health treatment will be provided by Licensed Professionals of the Healing Arts (Licensed or licensed waived Clinical Social Workers, Licensed or licensed waived Marriage and Family Therapist, Licensed or licensed waived Professional Clinical Counselor or licensed clinical psychologist) and by Personal Service Coordinators pursuant to an Individualized Service/Treatment Plan prepared by Contractor and the Client.

Psychotherapy is provided to each client, where medically necessary, on a schedule based on assessment and need of the client. Psychotherapy is provided as a support for the overall program and to assist the client in making sustainable changes in their life. Contractor will provide psychotherapy until the client's symptoms have decreased to a degree where services are no longer medically necessary. If the client is under eighteen, the decision on when to terminate therapy will include input by client's family. Psychotherapy may continue beyond the substance abuse treatment. If the client comes to treatment with a therapist who is willing to work with our program then we encourage the client to retain their therapist.

Motivational Interviewing, Cognitive-Behavioral Therapy (and its derivative Dialectical Behavioral Therapy) and other Evidence Based Practices, which may include addressing trauma exposure, will be utilized according to the individual client's needs for both youth and adults. Motivational Interviewing is an evidence-based strategy designed to address ambivalence to change. According to SAMHSA's Center for Substance Abuse Treatment, Motivational Interviewing is a client-centered, directive method for enhancing

intrinsic motivation to change (by exploring and resolving ambivalence) that has proven effective in helping clients clarify goals and commit to change. Treatment will reflect the stages of change as defined by Motivational Interviewing.

Cognitive-Behavioral Therapy is a form of psychotherapy proven in numerous clinical trials to be effective for a wide variety of disorders. The therapist and client work together as a team to identify and solve problems. Therapists help clients to overcome their difficulties by changing their thinking, behavior, and emotional responses.

Contractor will continue to explore other emerging evidence based practices for this specialty population. Treatment goals, objectives, and interventions will be reflected on an Individualized Service Plan, including individual and family strengths and desired results. All clients will be assessed for and placed in the most appropriate treatment group based on gender, age, and presenting issues. Youth who turn 18 will be allowed to continue to work in the program they are currently enrolled in.

Youth Curriculum: For youth and younger TAY, managing the co-occurring disorder is supported through one-on-one work with therapists who will utilize Living in Balance Co-Occurring Disorder Curriculum. Contractor will endeavor to include the family from the very start with a family mapping process and throughout treatment, supporting their involvement as appropriate and desired. Contractor will bring together family members and supportive agencies for Family Team Meetings to create a strategic plan for success.

The Curriculum will have appropriate fidelity and be consistent with the U.S. Department of Health and Human Services Substance Abuse and Mental Health Services Administration (SAMHSA) Evidence-Based Practices Kit entitled “Evaluating Your Program Integrated Treatment for Co-Occurring Disorders.”

Adult Curriculum: Contractor will utilize the Living in Balance Co-Occurring Disorder Curriculum.

The Curriculum will have appropriate fidelity and be consistent with the U.S. Department of Health and Human Services Substance Abuse and Mental Health Services Administration (SAMHSA) Evidence-Based Practices Kit entitled “Evaluating Your Program Integrated Treatment for Co-Occurring Disorders.”

- C. Monthly staffing: Contractor staff will meet monthly with Nevada County Behavioral Staff to review the treatment of individuals and their families. There will be separate monthly meetings for adult and child clients. Contractor will meet regularly with any outside providers who may be working with the clients they serve, e.g. wraparound providers. Contractor will meet monthly with County to review participant progress of all clients receiving services under this agreement.

D. **Strengths-Based Care Coordination with Service Coordinator:** Care coordination will be used to increase access and appeal of services, and post-treatment monitoring, support, and early re-intervention. Strengths-Based Care Coordination will span from pre-treatment, through primary treatment, to aftercare, providing clients with a single point of access to multiple health, social services, and other basic needs services. Contractor will provide clients support for asserting direct control over their search for resources and help clients examine their own strengths and assets as the vehicle for resource acquisition. Contractor's care coordination will be provided by a service coordinator to assist COD clients in achieving their goals in the areas of stable living, transportation, employment, education, childcare, etc. The service coordinator will meet with clients and work with them to establish short- and long-term goals. For adults this will include Basis-24 which is an assessment and screening tool the client completes every six months. This care coordination can be done by any professional on the team and in conjunction with the treatment plan created by the client, their family or other natural supports and the therapist. This service will meet the Medi-Cal requirement for Targeted Case Management.

E. **Aftercare:** Aftercare is an important element to an effective recovery-oriented system of care. Contractor's after care program consists of two plans (one for adults, and one for youth). Both will receive supportive "recovery check-ins" by phone or email for up to one year. The following additional free after-care supports will be provided to adults:

1. Participation in existing AA and NA groups.
2. Participation in Contractor's existing Recovery Alumni Association.
3. Contractor will support the formation of a Dual Recovery Anonymous (DRA) group identifying leaders and providing on-site space.
4. Contractor will provide a "warm hand-off" to clients upon discharge, assuring that they are personally connected to appropriate supports, such as DRA groups, an ongoing counselor, etc.

For youth, recovery check-in will be complemented by opportunities to maintain involvement in supportive peer groups, such as the "Young and the Restless" and will be encouraged to be involved in NEO New Generation meetings and activities. NEO is committed to inspiring the community to create and support more youth friendly areas and drug free activities.

F. **Medical (Physical Health) Services:** Medical Services are provided as part of the overall continuum of care and will be provided to COD clients that may benefit from these services. Clients will have access to Western Sierra Medical Clinic (WSMC) services on site at CoRR's facility and/or at other WSMC service sites in the community. The Contractor's Medical Director will be incorporated into the treatment team on an as needed basis. Contractor will utilize established MOUs with Sierra Nevada Memorial Hospital and WSMC to facilitate smooth and effective cross-referral for clients.

When a youth needs to see a Child Psychiatrist, Contractor will refer these children to Children's County Behavioral Health Department. Contractor

therapists will attend meetings with the Child Psychiatrist, youth and the family on case by case basis where clinically appropriate.

When an adult needs to see a Psychiatrist, Contractor will contact County's Adult Behavioral Health Access team. Contractor will introduce the client to the access worker using the phone and, if the client would like the support, contractor will go to the first appointment with the Behavioral Health Access Therapist. Contractor will coordinate with Behavioral Health on the treatment plan.

Medical (Physical Health) services provided by Contractor's Medical Director will not be reimbursed under this contract. These services will be billed under Contractors existing Medical/Physical Health reimbursement process.

- G. **Drug testing:** Drug testing under the Co-Occurring Disorder Program will be on a voluntary and individualized basis. It will not be used as an abstinence tool, nor as a punitive tool, but as a therapeutic and assessment tool. The drug testing will not be performed by the client's counselor; but by Contractor's drug testing department. Results are only reported with signed consent and/or when there is a requirement from the clients' court, probation, or parole orders to report results.

Program Description Yes Court:

Target Population: Youth (ages 13 through 18) who are transitioning from out-of-home placement or at risk of entering/re-entering the Foster Care System. Although Nevada County Behavioral Health will make all direct referrals for treatment, referrals for the program may originate from Juvenile Probation, Courts, Child Protective Services, Behavioral Health, CalWORKs, Schools, Smart Team, Parents and self-referrals. Contractor will address Mental Health treatment needs of all youth in Yes Court.
