Dear Mr. Corkins,

On behalf of Nevada City Chamber of Commerce, this is a letter of support for the Nevada County Economic Resource Council's Proposal for Tourism Integrated Marketing being presented to the Nevada County Board of Supervisors for funding consideration.

As a community stakeholder, Nevada City Chamber of Commerce was pleased to be among the organizations invited to participate in the planning session that was held on March 15 to help identify and select the elements for inclusion in the Enhanced Integrated Marketing for tourism plan.

Therefore, Nevada City Chamber of Commerce is pleased to support Nevada County Economic Resource Council as they seek additional funds to support a strong Inbound Marketing campaign that will enhance existing marketing platforms by creating fresh and dynamic content, reestablish visitors' association memberships for marketing and promotional benefit, and create new opportunities by harnessing cultural resources. We feel that all elements included in the Tourism Integrated Marketing proposal will benefit all sectors of the community.

Sincerely,

NEVADA CITY CHAMBER OF COMMERCE

Cathy Whittlesey, Executive Director
