RECOVERY RESIDENCE
COMMON PURPOSE

1) Program Overview

- a. Contractor will provide Recovery Residences for County SUD clients, including those participating in Adult Drug Court or other collaborative courts. Contractor currently maintains five Recovery Residences, 50 beds total; separated for men, for women; and for women with children. Participants in residential treatment often access this resource as a lower level of care that still provides an affordable supported living environment, free from any illicit drug and non-prescribed medication, while individuals rebuild their own housing and employment resources. Clients qualify for entry into Recovery Residences after being substance free for a period of 30 days and can remain housed in these environments for up to one year or longer, depending on client needs or circumstances.

2) Contractor Responsibilities

- a. Contractor to provide Recovery Residences to participants through grant funding from SUBG. Funds may be used to fund Recovery Residences for participants approved by the County. Contractor operates Recovery Residences in accordance with all applicable zoning.
- b. Individuals are required to participate in ongoing outpatient treatment or Recovery Services while they live in the Recovery Residences program, to remain illicit substance free, and are expected to be active in developing the assets for self-sufficiency such as job skills, continued education, receiving medical attention for chronic issues, and attaining permanent and safe housing. In addition to maintaining abstinence from substances, the explicit goal of transitional living is for individuals to use the time to build a solid foundation for self-sufficiency.
- c. Contractor will collaborate with the County SUD Care Coordination Team and the Housing Resource Team to ensure that individuals transition successfully from Recovery Residences to permanent housing. Housing goals should be established upon entry to Recovery Residences.
- d. Contractor will not automatically discharge a member who has tested positive on a urine analysis unless it is determined that they are an imminent risk to themselves or other clients. Instead, the member will receive an individual counseling session, to determine what triggered the use and may be reassessed to a different level of care when appropriate with a concurrent adjustment to the treatment plan. A face-to-face meeting with the County care coordinator and/or probation officer (if applicable) is also highly recommended.

3) Funding

- a. All participants that are funded for Recovery Residences with County funds must have prior authorization from Nevada County Behavioral Health Department. County will issue an authorization according to a level system:
 - i. Level 1- The County will pay 100% of the Recovery Residence cost for up to three months, depending on client need and circumstances. County payment is considered payment in full. No supplemental billing permitted of client.
 - ii. Level 2- The County will pay 50% of the Recovery Residence cost and the client will pay the remaining 50%, for up to three months, depending on client need and circumstances. No supplemental billing permitted of client above client's 50% share of Level 2 rate.
 - iii. Level 3- The County will pay 25% of the Recovery Residence cost, and the client will pay 75%, for up to three months, depending on client need and circumstances. No supplemental billing permitted of client above client's 75% share of Level 3 rate.
 - iv. Level 4- The County will pay 10% of the Recovery Residence cost while the client completes treatment and maintains employment and/or educational program, usually for a period of three months, depending on client need and circumstances. No supplemental billing permitted of client above client's 10% share of Level 4 rate.

- a. The level system allows clients in early recovery to focus on their treatment. They then gradually transition to a focus on independent living and self-sufficiency. Contractor shall not be reimbursed by County for housing unless an authorization is on file. Contractor will submit a request for reauthorization in writing to the County Department which funds the client's housing no later than 5 business days prior to expiration date of the current authorization period.
