### Terms

Each term of this Contract below specifically incorporates the information set forth in the Summary at page one (1) above as to each respective section (§) therein, as the case may be.

### Services

#### 1. **Scope of Services:**

Contractor shall provide all of the services, materials and products (herein "Services") generally described in **Exhibit "A"**, according to a performance schedule, if applicable, as set forth in said exhibit (herein "Performance Schedule") . If requested, Contractor agrees to serve as an expert witness for County in any third party action or proceeding arising out of this Contract.

### Payment

#### 2. **Charges and Payments:**

The charges (herein "Charges") for furnishing the aforesaid Services under this Contract are set forth in **Exhibit "B"**, including, if applicable, hourly rates, unit pricing, and expense, mileage and cost limits. Said Charges shall be presented monthly by invoice, and shall be due within thirty (30) days of receipt unless payment is otherwise set forth in said **Exhibit "B"**, and shall remain in effect for the entire term of this Contract, and any extension hereof. In no event will the cost to County for Services to be provided under this Contract, including direct non-salary expenses, exceed the **Maximum Contract Price** set forth at §2, page one (1), above.

### Time for Performance

#### 3. **Contract Term:**

This Contract shall commence on the **Contract Beginning Date** set forth at §3, page one (1), above. All Services required to be provided by this Contract shall be completed and ready for acceptance no later than the **Contract Termination Date** set forth at §3, page one (1), above.

#### 4. **Liquidated Damages:**

County and Contractor agree that damages to County due to delays in timely providing Services in accordance with the aforesaid Performance Schedule and Contract Termination Date are impractical and difficult to ascertain. Therefore, if §4 at page one (1) hereof shall indicate a daily amount as **Liquidated Damages**, County shall have the right to assess said daily sum, not as a penalty, but as and for damages to County due to delays in providing Services not in accordance with the said Performance Schedule, or later than the Contract Termination Date (herein "Delay"). Liquidated Damages shall be offset against amounts owing to Contractor, including retention sums.

To the extent that any Delay is a result of matters or circumstances wholly beyond the control of Contractor, County may excuse said Liquidated Damages; provided however, that County may condition such excuse upon Contractor having given prompt notice to County of such delay immediately by telephone and thereafter by written explanation within a reasonable time. The time for Contractor's performance shall be extended by the period of delay, or such other period as County may elect.

#### 5. **Time of the Essence:**

Time is of the essence with respect to Contractor's performance under this Contract. Delay in meeting the time commitments contemplated herein will result in the assessment of liquidated damages, if indicated at §4 at page one (1), hereof. If Liquidated Damages are not so indicated, damages shall be as otherwise provided by law.

### Insurance

#### 6. **Commercial General Liability Insurance:** (County Resolution No. 90674)

Contractor acknowledges that it is a “Business Associate” for purposes of this contract and of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and The Health Information Technology for Economic and Clinical Health Act of 2009 (HITECH) per 45 CFR §160.103 and therefore is directly subject to the HIPAA Security Rule, Privacy Rule and Enforcement Rule, including its civil and criminal penalties and shall implement its standards.

Regarding the Use and Disclosure of Protected Health Information:

1. Except as otherwise limited in this Agreement, Contractor may use or disclose Protected Health Information (PHI) to perform functions, activities, or services for, or on behalf of, County as specified in this contract, provided that such use or disclosure would not violate the Privacy Rule if done by County and is in accordance with the “minimum necessary” policies and procedures of the County (see NCPP 200 – Use and Disclosure Policy).
2. Except as otherwise limited in this Agreement, Contractor may use Protected Health Information (PHI) for the proper management and administration of the Contractor or to carry out the legal responsibilities of the Contractor provided that the disclosure is required by law or Contractor obtains reasonable assurances from the person to whom the information is disclosed that it will be held confidentially and used or further disclosed only as required by law or for the purpose for which Contractor disclosed it to the person. And, Contractor shall also ensure that the person notifies Contractor of any instances of which it is aware in which the confidentiality of the information has been breached.
3. Contractor shall not use or further disclose the PHI it creates, receives, maintains or transmits on behalf of the County for any purpose other than as permitted or required by this agreement or as required by law.
4. Contractor shall make available PHI to the individual for which it pertains in accordance to applicable law including 45 CFR §164.524
5. Contractor shall make available PHI for amendment and incorporate any amendments to PHI records in accordance with 45 CFR §164.526.
6. Contractor shall track disclosures and make available the information required to provide an accounting of disclosures if requested by the individual or COUNTY in accordance with 45 CFR §164.528.
7. To the extent the Contractor is to carry out County’s obligations under the Privacy Rule, Contractor agrees to comply with the requirements of the Privacy Rule that apply to County in the performance of such obligations.

Contractor agrees to:

8. Protect the privacy and provide for the security of Protected Health Information (PHI) and electronic Protected Health Information (ePHI) created, received, maintained or transmitted by Contractor pursuant to this agreement in accordance with HIPAA, HITECH and regulations promulgated thereunder by the U.S. Department of Health and Human Services (the HIPAA Regulations) and other applicable laws.
9. Develop and maintain a written information privacy and security program that includes administrative, physical and technical safeguards appropriate to the size and complexity of the Contractor's operations and the nature and scope of its activities. Contractor will provide County with information concerning such safeguards as County may reasonably request from time to time.
10. Comply with County policies and procedures related to obtaining, using, disclosing, creating, maintaining and transmitting PHI and ePHI as it relates to this agreement.
11. Ensure sufficient training and utilize reasonable measures to ensure compliance with requirements of this agreement by Contractor's workforce members who use or disclose PHI (in any form) to assist in the performance of functions or activities under this agreement; and discipline such employees who intentionally violate any provisions of this agreement, including termination of employment. Workforce member training shall be documented and such documents retained for the period of this contract and made available to County for inspection if requested.
12. Ensure that any subcontractors or agents agree to comply with the same restrictions, conditions and terms that apply to the Contractor with respect to this agreement and with applicable requirements of HIPAA and HITECH by entering into a written contract including permissible uses and disclosures and provisions where the subcontractor or agent agrees to implement reasonable and appropriate security measures to protect the information (PHI or ePHI) it creates, receives, maintains or transmits on behalf of Contractor or County with respect to this agreement.
13. Report to County any security incident or any unauthorized use or disclosure of PHI (in any form). Security incidents include attempted or successful unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations in an information system and includes breaches of unsecured protected health information as required by 45 CFR §164.410. Contractor shall make this report by the next business day following discovery of the use, disclosure, or security incident. Any unauthorized use or disclosure or security incident shall be treated as discovered by Contractor on the first day on which such use or disclosure or security incident is known to the Contractor, including any person, other than the individual committing the unauthorized use or disclosure or security incident, that is an employee, officer or other agent of the Contractor, or who should reasonably have known such unauthorized activities occurred.
14. Contractor will comply with all applicable breach notification requirements including notifications to the individual/s whose PHI is the subject of a breach, as provided under the HIPAA and HITECH Acts. Contractor shall take prompt corrective action to cure any breach or action pertaining to the unauthorized disclosure of PHI or ePHI.
15. Make Contractor's internal practices, books, and records relating to the use and disclosure of Protected Health Information received from, or created or received by the Contractor on behalf of County available to the County upon request. In addition, Contractor will make these items available to the Secretary of the United States Health
