Dear Honorable Members of the Board,

Ursula Riina
Director

The Board of the Friends of the Truckee Library (Friends) wishes to convey our support of County Staff's recommendation to adopt the resolution accepting the foundational memo outlining the framework by which the Core Partners will proceed to form a JPA as the governing structure for the design, construction and ongoing maintenance of the new facility.

The collaborative work of Nevada County, Town of Truckee and Friends over the past two years has proven to be most positive with all parties committed to understanding and respecting each others' interests in crafting a process that will bring this project to life. We sincerely believe that with creativity and commitment we will jointly chart the path to success. The memo before you is a key step in the process. We are deeply appreciative of your ongoing support and involvement.

Sincerely,
