**FOR COVERED ENTITY CONTRACTORS**

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA):  
HEALTH CARE PROVIDER AGREEMENT

Contractor acknowledges that she is a "health care provider" and therefore is a Covered Entity, for purposes of the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and the Health Information Technology for Economic and Clinical Health Act of 2009 ("HITECH") and therefore is directly subject to the privacy, security and breach notification requirements therein and the civil and criminal penalties and shall implement its standards.

Contractor agrees to:

1. Use or disclose Protected Health Information ("PHI") obtained from County only for purposes of providing diagnostic or treatment services to patients.
2. Develop and maintain a written information privacy and security program that includes the designation of Privacy and Security Officer and establishes and maintains appropriate safeguards to prevent any use or disclosure of PHI other than as provided for by this Contract and applicable law. Safeguards shall include administrative, physical, and technical safeguards appropriate to the size and complexity of Contractor's operations and the nature and scope of its activities. Contractor will provide County with information concerning such safeguards as County may reasonably request from time to time.
3. Track disclosures and make available the information required to provide an accounting of disclosures if requested by the individual or County in accordance with 45 CFR §164.528.
4. Ensure sufficient training and utilize reasonable measures to ensure compliance with requirements of this Contract by Contractor's workforce members who use or disclose PHI (in any form) to assist in the performance of functions or activities under this contract; and discipline such employees who intentionally violate any provisions of this Contract, including termination of employment. Workforce member training shall be documented and such documents retained for the period of this Contract and made available to County for inspection if requested.
5. Take prompt corrective action in the event of any security incident or any unauthorized use or disclosure of PHI to cure any such deficiencies and to take any action required by applicable federal and state laws and regulations.
6. Report to County any security incident or any unauthorized use or disclosure of PHI (in any form). Security incidents include attempted or successful unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations in an information system. Contractor shall make this report by the next business day following discovery of the use, disclosure, or security incident. Any unauthorized use or disclosure or security incident shall be treated as discovered by Contractor on the first day on which such use or disclosure or security incident is known to Contractor, including any person, other than the individual committing the unauthorized use or disclosure or security

incident, that is an employee, officer or other agent of Contractor, or who should reasonably have known such unauthorized activities occurred.

7. Make Contractor's internal practices, books, and records relating to the use and disclosure of Protected Health Information received from or created or received by Contractor on behalf of County available to County upon request. In addition, Contractor will make these items available to the Secretary of the United States Health and Human Services for purposes of determining County's or Contractor's compliance with HIPAA and its implementing regulations (in all events Contractor shall immediately notify County of any such request, and shall provide County with copies of any such materials).
8. Contractor agrees that this Contract may be amended from time to time by County if and to the extent required by the provision of 42 U.S.C. § 1171, et seq., enacted by HIPAA and regulations promulgated thereunder, in order to assure that this Contract is consistent therewith; and authorize termination of the Contract by County if County determines that Contractor has violated a material term of this Contract.
9. Ensure that Contractor will enter into "Business Associate Agreements" as required by HIPAA including provisions that the Business Associate agrees to comply with the same restrictions, conditions and terms that apply to Contractor with respect to this Contract and with applicable requirements of HIPAA and HITECH. The Business Associate Agreement must be a written contract including permissible uses and disclosures and provisions where the Business Associate agrees to implement reasonable and appropriate security measures to protect the information (PHI or ePHI) it creates, receives, maintains or transmits on behalf of Contractor or County with respect to this Contract.
