**WHEREAS**, in accordance with Section 15278 of the Education Code, and as provided in the full text of the bond measure, an independent citizens' oversight committee shall be required as part of the bond measure; and

**WHEREAS**, although the County Assessor does not make projections of assessed property valuations, the Board has been presented with projections of assessed property valuations of the property within the boundaries of the District in connection with developing the bond measure that take into consideration, among other things, the long-term historical average growth rates of assessed property valuations of the property within the boundaries of the District and the Board finds those projections to be reasonable and informed; and

**WHEREAS**, the Board has determined that, based upon such projections of assessed property valuation, if approved by voters, the tax rate levied to meet the debt service requirements of the bonds proposed to be issued will not exceed the maximum tax rate permitted by Section 15268 of the Education Code; and

**WHEREAS**, Section 1.150-2 of the Treasury Regulations requires the District to declare its reasonable official intent to reimburse prior expenditures for the projects listed in the Bond Project List with proceeds of a subsequent borrowing; and

**WHEREAS**, the Board finds that completion of no portion of the projects listed in the Bond Project List will require State matching grant funds for any phase thereof;

**NOW, THEREFORE**, be it resolved, determined and ordered by the Board of Trustees of the Union Hill School District as follows:

**Section 1.**     **Recitals.** All of the above recitals are true and correct.

**Section 2.**     **Specifications of Election Order; Required Certification.** Pursuant to Education Code Sections 5304, 5322, 15100 *et seq.*, and 15266, and paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution and subdivision (b) of Section 18

of Article XVI of the California Constitution, a special election shall be held within the boundaries of the District on June 2, 2026, for the purpose of submitting to the registered voters of the District the bond measure contained in Exhibit A attached hereto and incorporated herein. In accordance with paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution, and as provided in the full text of the bond measure, the Board hereby certifies that it has evaluated safety, class size reduction and information technology needs in developing the Bond Project List.

### **FULL TEXT OF BOND MEASURE**

#### **UNION HILL SCHOOL DISTRICT IMPROVING UNION HILL SCHOOL MEASURE**

This Proposition may be known and referred to as the “Improving Union Hill School Measure” or as “Measure \_\_\_”. *[designation to be assigned by County Registrar of Voters]*

#### **KEY FINDINGS**

Union Hill School District (the “District”) provides high-quality traditional education to over 700 students from preschool through elementary and middle school. Dedicated teachers and staff are committed to providing a safe learning environment that promotes academic excellence, responsible citizenship, and a lifelong desire for learning. Union Hill Elementary and Middle School is a strong traditional school that nurtures successful students to improve the quality of life in the community and protect the property value of local homes.

We are proud of the excellent academic opportunities in our Union Hill School and our Bearcat Discovery Preschool, but the quality and condition of the school facilities are not meeting the needs of our students. The Union Hill School District has a rich history, serving the children of our community for almost 160 years. Today, many of our classrooms and other facilities are 85 years old and require repairs and upgrades to support current safety standards and quality student instruction.

While school maintenance staff do their best to keep classrooms and school facilities safe and clean, our schools were built to safety and educational standards from a different era. Basic repairs and upgrades are needed to keep the District’s classrooms and facilities safe and functioning for our students.

Over the last year, the District has met with parents, teachers, staff, and community members to focus on planning efforts for Union Hill School classrooms and facilities. The committee worked with a school architect to create a Facilities Master Plan to prioritize and plan improvements that will provide students with a safe and up-to-date learning environment they need to be successful students and prepared for high school and beyond.

The facility improvements needed in our Union Hill School are far beyond the scope of the District’s current maintenance budget. The District is working to gain as much funding for facility upgrades from the State of California (the “State”)

as possible, but those funds typically take years to receive and will not be sufficient to finance all of the facilities improvements included in the Facilities Master Plan. A school improvement bond measure could provide dedicated local funding to repair and upgrade Union Hill School for present and future students.

A bond measure requires a detailed project list showing how funds are expected to be used, and an independent citizens' oversight committee and annual audits to ensure funds are used as promised.

### **BOND AUTHORIZATION**

By approval of this measure by at least 55% of the voters of the Union Hill School District (the "District") voting on the measure, the District shall be authorized to issue and sell bonds of up to \$3,200,000 in aggregate principal amount to provide financing for the specific school facilities projects listed under the heading entitled "BOND PROJECT LIST" below (the "Bond Project List"), subject to all of the accountability safeguards specified below.

### **ACCOUNTABILITY SAFEGUARDS**

The provisions in this section are specifically included in this measure in order that the voters and taxpayers of the District may be assured that their money will be spent to address specific school facilities needs of the District, all in compliance with the requirements of Article XIII A, Section 1(b)(3) of the California Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Sections 15264 *et seq.* of the California Education Code (the "Education Code")).

**Evaluation of Needs.** The Board of Trustees of the District (the "Board") has evaluated the facilities needs of the District to determine which projects to finance from a local bond at this time. To address the facilities needs of the District, the Board deems it necessary and advisable to fund the specific school facilities projects listed in the Bond Project List. The Board hereby certifies that it has evaluated safety, class size reduction and information technology needs in developing the Bond Project List.

**Limitations on Use of Bonds.** Proceeds from the sale of bonds authorized by this measure shall be used only for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses. More specifically, the Bond Project List provides for the specific projects the District proposes to finance with proceeds from the sale of bonds authorized by this measure and such proceeds shall be applied only to those specific purposes.

**Independent Citizens' Oversight Committee.** In accordance with and pursuant to Education Code Section 15278 *et seq.*, the Board shall establish an independent citizens' oversight committee, within 60 days of the date that the Board enters the election results on its minutes pursuant to Section 15274 of the Education Code, to ensure that (a) bond revenues are expended only for the purposes specified in Article XIII A, Section 1(b)(3) of the California Constitution, and (b) that no funds are used for any teacher or administrative salaries or other school operating expenses. In accordance with Section 15282 of the Education Code, the citizens' oversight committee shall consist of at least seven members and shall include a member active in a business organization representing the business community located within the District, a member active in a senior citizens' organization, a member active in a bona fide taxpayers' organization, a member that is a parent or guardian of a child enrolled in the District, and a member that is both a parent or guardian of a child enrolled in the District and active in a parent-teacher organization. No employee or official of the District and no vendor, contractor or consultant of the District shall be appointed to the citizens' oversight committee.

**Annual Performance Audits.** In compliance with the requirements of Article XIII A, Section 1(b)(3)(C) of the California Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000, the Board shall conduct an annual, independent performance audit to ensure that the proceeds from the sale of bonds authorized by this measure have been expended only on the school facilities projects listed in the Bond Project List. These audits shall be conducted in accordance with the Government Auditing Standards issued by the Comptroller General of the United States for performance audits. The results of these audits shall be made publicly available and shall be submitted to the citizens' oversight committee in accordance with Section 15286 of the Education Code.

**Annual Financial Audits.** In compliance with the requirements of Article XIII A, Section 1(b)(3)(D) of the California Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000, the Board shall conduct an annual, independent financial audit of the proceeds from the sale of bonds authorized by this measure until all of those proceeds have been spent for the school facilities projects listed in the Bond Project List. These audits shall be conducted in accordance with the Government Auditing Standards issued by the Comptroller General of the United States for financial audits. The results of these audits shall be made publicly available and shall be submitted to the citizens' oversight committee in accordance with Section 15286 of the Education Code.

**Special Bond Proceeds Account; Annual Report to Board.** In compliance with the requirements of California Government Code Section 53410 *et seq.*, upon approval of this measure and the sale of any bonds approved, the Board shall take actions necessary to establish an account in which proceeds of the sale of bonds authorized by this measure shall be deposited. In compliance with the requirements of California Government Code Section 53411, as long as any proceeds of the bonds remain unexpended, the Superintendent of the District shall cause a report to be filed with the Board at least once a year, stating (a) the amount

of funds collected and expended in that year, and (b) the status of any project required or authorized to be funded from bond proceeds. The report may relate to the calendar year, fiscal year, or other appropriate annual period as the Superintendent of the District (or other officer designated by the District) shall determine, and may be incorporated into the annual budget, audit, or other appropriate routine report to the Board.

### **FURTHER SPECIFICATIONS**

**Joint-Use Projects.** The District may enter into agreements with other public agencies or nonprofit organizations for joint use of the school facilities financed with the proceeds from the sale of bonds authorized by this measure in accordance with Education Code Section 17077.42 (or any successor provision). This measure hereby specifies and acknowledges that, subject to the limitations on the uses provided for herein, the proceeds from the sale of bonds authorized by this measure will or may be used to fund all or a portion of the local share for any eligible joint-use projects identified in the Bond Project List or as otherwise permitted by California State regulations, as the Board shall determine.

**Single Purpose.** All of the purposes enumerated in this measure shall be united and voted upon as one single measure, pursuant to Education Code Section 15100, and all the enumerated purposes shall constitute the specific single purpose of the bonds, and the proceeds from the sale of bonds authorized by this measure shall be spent only for such purpose, pursuant to California Government Code Section 53410.

**Other Terms of the Bonds.** When sold, the bonds shall bear interest at an annual rate not exceeding the statutory maximum, and that interest shall be made payable at the time or times permitted by law. The bonds may be issued and sold in several series, and no bond shall be made to mature more than the statutory maximum number of years from the date borne by that bond.

### **BOND PROJECT LIST**

The Bond Project List below lists the specific projects the District proposes to finance with proceeds of the bonds. The Bond Project List shall be considered a part of this bond measure and shall be reproduced in any official document required to contain the full statement of the bond measure. Listed projects will be completed as needed at a particular school or school facility site according to Board-established priorities, and the order in which such projects appear on the Bond Project List is not an indication of priority for funding or completion. In so far as permitted by law, each project is assumed to include its share of costs of the election and bond issuance, construction-related costs, such as project and construction management, architectural, engineering, permitting and entitlements, inspection and similar planning and testing costs, demolition and interim housing costs, legal, accounting and similar fees, costs related to the independent annual financial and performance audits, a contingency for unforeseen design and construction costs,

and other costs incidental to or necessary for completion of the listed projects (whether the related work is performed by the District or third parties). The final cost of each project will be determined as plans are finalized, construction bids are awarded, and projects are completed. Some projects may be subject to further government approvals, including by State officials and boards and/or local environmental or agency approval. Inclusion of a project on the Bond Project List is not a guarantee that the project will be completed (regardless of whether bond funds are available). The Board has found and determined that all projects listed below are capital expenditures. Any project listed below may be accomplished by construction, reconstruction, rehabilitation or replacement, as applicable and as determined by the Board, and includes furniture or equipment related thereto. The District may also undertake demolition at a school facility. The District may acquire or replace furniture and equipment in connection with each project as necessary. Headings and subheadings in the Bond Project List are the projects the District intends to undertake.

All bond proceeds must be used for capital expenditures as described herein, and no funds may be used for any teacher or administrative salaries or other school operating expenses.

The specific projects authorized to be financed with proceeds of the bonds under this proposition are as follows:

## **GENERAL PROVISIONS**

**Interpretation.** The terms of this bond measure and the words used in the Bond Project List shall be interpreted broadly to effect the purpose of providing broad and clear authority for the officers and employees of the District to provide for the school facilities projects the District proposes to finance with the proceeds of the sale of bonds authorized by this measure within the authority provided by law, including Article XIII A, Section 1(b)(3) of the California Constitution, Education Code Section 15000 *et seq.* and the Strict Accountability in Local School Construction Bonds Act of 2000. Without limiting the generality of the foregoing, such words as repair, improve, upgrade, expand, modernize, renovate, and reconfigure are used in the Bond Project List to describe school facilities projects in plain English and are not intended to expand the nature of such projects beyond, or have an effect on, and shall be interpreted to only permit, what is authorized under Article XIII A, Section 1(b)(3) of the California Constitution, Education Code Section 15000 *et seq.* and the Strict Accountability in Local School Construction Bonds Act of 2000. In this regard, the Bond Project List does not authorize, and shall not be interpreted to authorize, expending proceeds of the sale of bonds authorized by this measure for current maintenance, operations or repairs. The school facilities projects on the Bond Project List only authorize capital expenditures.

**Estimated Ballot Information.** The Board hereby declares, and the voters by approving this bond measure concur, that the information included in the statement of the bond measure to be voted on pursuant to Section 13119 of the California

Elections Code is based upon the District's projections and estimates only and is not binding upon the District. The amount of money to be raised annually and the rate and duration of the tax to be levied for the bonds may vary from those presently estimated due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the District based on need for project funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

**Severability.** The Board and the voters hereby declare that every portion, section, subdivision, paragraph, clause, sentence, phrase, word, application and individual project (individually referred to as "Part" and collectively as "Parts"), of this bond measure has independent value, and the Board and the voters would have adopted each Part hereof regardless of whether any other Part of this bond measure would be subsequently declared invalid. Upon approval of this bond measure by the voters, should any Part of this bond measure be found by a court of competent jurisdiction to be invalid for any reason, all remaining Parts hereof shall remain in full force and effect to the fullest extent allowed by law, and to this end the Parts of this bond measure are severable.

If the bond measure is approved by at least 55% of the voters of the District voting on the bond measure, the District expects to issue the bonds in a single series. Principal and interest on the bonds will be payable from the proceeds of tax levies made upon the taxable property in the District. The following information is provided in compliance with Sections 9400 through 9405 of the California Elections Code.

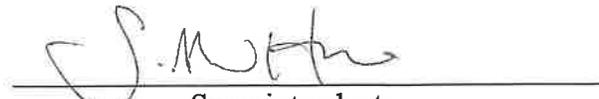

1. The best estimate of the average annual tax rate that would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on assessed valuations available at the time of filing of this statement, is \$29.34 per \$100,000 of assessed valuation. The final fiscal year in which the tax to be levied to fund this bond issue is anticipated to be collected is fiscal year 2052-53.
2. The best estimate of the highest tax rate that would be required to be levied to fund this bond issue, based on estimated assessed valuations available at the time of filing of this statement, is \$30.00 per \$100,000 of assessed valuation in fiscal year 2028-29.
3. The best estimate of the total debt service, including the principal and interest, that would be required to be repaid if all of the bonds are issued and sold is approximately \$5,900,000.

Voters should note that estimated tax rates are based on the *ASSESSED VALUE* of taxable property on the County's official tax rolls, *not* on the property's market value, which could be more or less than the assessed value. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective tax rate than described above. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions.

Attention of all voters is directed to the fact that the foregoing information is based upon the District's projections and estimates only, which are not binding upon the District. The average annual tax rate, the highest tax rate, the final fiscal year in which the tax is anticipated to be collected and the year or years in which they will apply, and the actual total debt service, may vary from those presently estimated for a variety of reasons, including, without limitation, due to variations in the timing of bond sales, the amount or amortization of bonds sold, market conditions at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount or amortization of bonds sold at any given time will be determined by the District based on need for project funds and other factors, including the legal limitations on bonds approved by a 55% affirmative vote. Market conditions, including, without limitation, interest rates, are affected by economic and other factors beyond the control of the District and will depend on the bond market at the time of each sale. Actual future assessed valuation will

depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process. The growth or decline in assessed valuation is the result of a number of economic and other factors outside the control of the District.
