NEVADA COUNTY BOARD OF SUPERVISORS

Board Agenda Memo

MEETING DATE: August 24, 2021

TO: Board of Supervisors

FROM: **Jill Blake**

SUBJECT: Resolution approving execution of Amendment No. 2 to Contract No. L905 with First 5 Nevada County Children and Families First Commission awarding \$25,000 annually for a total of \$100,000 for Fiscal Years 2017/18, 2018/19, 2019/20, and 2020/21 to the Public Health Department for Moving Beyond Depression Program Services to extend the Agreement term through June 30, 2022. (RES. 17-432) (RES. 19-377)

RECOMMENDATION: Approve the attached Resolution.

FUNDING: This revenue contract is funded by First 5 Nevada County Children and Families First Commission grant monies provided through the California Children and Families Trust Fund (pursuant to Health and Safety Code section 130100 et seq.). Funds will be used towards the Department's related program expenses. Funding was anticipated in the Department's FY 2021/22 budget and there are no county general fund dollars required in the Agreement.

BACKGROUND: Nevada County has demonstrated capacity to further the Goals, Objectives and Strategies in the First 5 2015-2020 Strategic Plan and First 5 approved Nevada County's proposal at its meeting on February 1, 2017.

Per Resolution 17-432, the Board of Supervisors approved Contract No. L905 with First 5 Nevada County Children and Families First Commission awarding funding to the Public Health Department for the Moving Beyond Depression Project and was subsequently amended on July 9, 2019, per Resolution 19-377. The County currently contracts with Every Child Succeeds in order to utilize their evidence-based program, Moving Beyond Depression. Moving Beyond Depression provides treatment for mothers experiencing maternal depression, leveraging home visiting services to reduce or eliminate their depression and help them create a healthy home environment.

Under this Agreement with First 5, the Nevada County Public Health Department will:

- 1) Contract with Every Child Succeeds to use the licensed Moving Beyond Depression curriculum.
- 2) Provide Moving Beyond Depression Program services for 20 to 30 women per year who are assessed as experiencing maternal depression.
- 3) Provide up to 15 in-home cognitive-behavioral therapy sessions and a 16th booster session with a licensed therapist per client.

The Amendment before you today extends the award term for an additional year through June 30, 2022. It is recommended that the Board approve the Amendment No. 2 to the First 5 Nevada County Children and Families First Commission Award as it allows for the continuation of support services that help to reduce or eliminate maternal depression and help mothers create a healthy home environment.
