NEVADA COUNTY SANITATION DISTRICT NO. 1 BOARD OF DIRECTORS
Board Agenda Memo – Informational Only

MEETING DATE: December 11, 2018
TO: Board of Directors
FROM: **Trisha Tillotson, Director of Public Works**
SUBJECT: Informational Update Re. Board Item SR18-1077

INFORMATIONAL ONLY:

Mr. Michael Fitzwater, representing the Cascade Shores Alliance for Land Safety, has submitted an email dated December 9, 2018 to all Board members regarding his concerns with the environmental approval for the proposed Cascade Shores Leach Field Project (attached). Although his email mentions Board Item SR 18-1077 requesting the extension of the design contract with Coastland Civil Engineering, Inc., his request is specifically tied to the environmental approval of the project and requests a business item be discussed by the Board.

For clarification purposes, Board Item SR 18-0877 is only to extend the design contract term and does not authorize construction or construction dates for the proposed project. Continuing design work is critical to identifying any potential project impacts and additional items relating to the project should be anticipated by the Board in the near future. Meanwhile, I have emailed Mr. Fitzwater explaining this and offering to meet with him or to have him reach out to Supervisor Hall if he should have any additional concerns or questions.
