Yolande Wilburn
Acting County Librarian
Nevada County Library
980 Helling Way
Nevada City, CA 95959-8619

Dear Yolande,

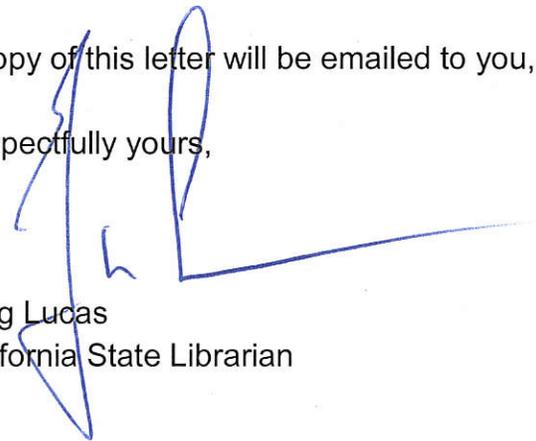

The federal Library Services and Technology Act allows the State Library to offer the Nevada County Library \$10,000 in collection development funds to help meet the needs of your communities as a result of the devastating Pleasant, Neu Wind Complex, and Farad wildfires this year.

The California State Library understands Nevada County residents may seek help from the county library to rebuild and cope with property and personal loss. These one-time funds are aimed at helping your library system meet that demand.

It's clear, particularly in the wake of these wildfires, how essential libraries are to Nevada County's residents. Hopefully, this funding will help you respond even more nimbly to the unique challenges created by wildfires and other unexpected natural disasters.

A copy of this letter will be emailed to you, along with directions for ordering materials.

Respectfully yours,

Greg Lucas
California State Librarian
