NEVADA COUNTY BOARD OF SUPERVISORS
Board Agenda Memo

MEETING DATE: November 8, 2016
TO: Board of Supervisors
FROM: Joshua Pack, Principal Civil Engineer
SUBJECT: **Environmental Clearance for the 2017 Microsurface Project**

RECOMMENDATION: Approve the attached Resolution.

FUNDING: Not Applicable

BACKGROUND:

The project consists of pavement microsurfacing along approximately 18.3 miles of County-maintained roads as shown in the attached street listing. All work will be performed on roads maintained within existing Permanent Road Divisions (PRDs) or County Service Areas (CSAs). Microsurfacing is applied to help preserve and protect the underlying pavement structure and provide a new driving surface. PRD and CSA roads chosen for microsurfacing application generally have low to moderate distress and narrow crack width, and they have sufficient fund balance and annual assessments to fund the project. The project is tentatively scheduled for summer 2017.

This Department has reviewed the project for compliance with the California Environmental Quality Act (CEQA) and has identified the project as a Class I project. Class I projects consist of repair or minor alteration of an existing public facility involving negligible or no expansion of use. Therefore, the project is categorically exempt from the provisions of CEQA, per Section 15301 (c) of the California Code of Regulations. A Notice of Exemption has been prepared for the project and, upon approval by the Nevada County Board of Supervisors, will be filed with the Nevada County Clerk's Office.

Item Initiated by: Joshua Pack, Principal Civil Engineer
