The Indemnifying Party agrees to investigate, handle, respond to, provide defense for, and defend any such claims, demand, or suit at the sole expense of the Indemnifying Party, using legal counsel approved in writing by Indemnified Party. Indemnifying Party also agrees to bear all other costs and expenses related thereto, even if the claim or claims alleged are groundless, false, or fraudulent. This provision is not intended to create any cause of action in favor of any third party against either Party or to enlarge in any way either Party's liability but is intended solely to provide for indemnification of the Indemnified Party from liability for damages, or injuries to third persons or property, arising from or in connection with Indemnifying Party's performance pursuant to this Contract. This obligation is independent of, and shall not in any way be limited by, the minimum insurance obligations contained in this Contract.

In this regard, Contractor shall furnish to County such financial information as in the judgment of County is necessary to determine the reasonable value of the services rendered by Contractor. The foregoing is cumulative and does not affect any right or remedy, which County may have in law or equity.
22. **Intellectual Property** Contractor will not publish or transfer any materials produced or resulting from activities supported by this Contract without the express written consent of County. All reports, original drawings, graphics, plans, studies and other data and documents, in whatever form or format, assembled or prepared by Contractor or Contractor's subcontractors, consultants, and other agents in connection with this Contract are "works made for hire" (as defined in the Copyright Act, 17 U.S.C. **EXHIBIT A**

**SCHEDULE OF SERVICES**

Contractor shall perform **Document Conversion Service** for the Community Development Agency outlined below in section 1 (Description of Services). Documents to be converted include the following: Permits, Plans, Calculations, Maps Photographs other material and shall be referred to as the "Documents." The products of digital or photographic reproduction processes shall be referred to as the "Image Product."

**1. DESCRIPTION OF SERVICES**

**1.1 Scanning and Indexing**

Contractor will scan/index items A – E. Removal of staples and bindings may be need on some documents in preparation of scanning. This may also include mixed document types, sizes, and document material types.

- A. Permit - Public
- B. Plans – Internal
- C. Calculations - Internal
- D. Maps –Internal
- E. Other Supporting Documents (, customer communication, conditions of approval, photographs, etc.) - Internal

Scanned files will have a meaningful file name and indexing as determined by County per permit types.

A suggested naming convention is 071451-BP1.pdf

<Permit#>\_<PermitType>\_<DocumentGroup>\_<SequentialNumber>

Permit Type: Applicable values for permit type would be building, septic, planning, etc and given to contractor with each box by County.

Document Group: Notates if the file is available for Public or Internal. Other document groups may be designated by County and instructed to contractor with each box.

Document Categories: Should match based on Document Group being Public or Internal as listed in A-E above.

Indexing should be included in a excel spreadsheet that accompanies the scanned files. That spreadsheet would look similar to below. If the files are in subfolders, then the filename should include the full path of the file.

File Name	Permit#	Doc Group	Doc Cat.	Parcel #	Site Address		City	Zip	Note
071451-BP1.pdf	071451	Public	Permit	07545514	102 Mill St		Grass Valley	95959	

- 1.1.1 Contractor shall be required to place pages in the proper document type for items A - F and de-staple/collate the entire file where necessary.
- 1.1.2 Some documents will not need to be separated and shall be scanned as one long document.
- 1.1.3 Documents will need special handling, removing staples on overlays, and subsequent possible scanning due to document sensitivity.
- 1.1.4 It is important that as the documents are uploaded, they are correctly identified as public or private.
  - a. Public documents are communication letters and permit information.

b. Private Documents are those that have an engineer or architect stamp such as plans & truss calcs.

**1.1.5** County will supply the vendor with a list of permits existing in Accela and all valid parcel numbers (both retired parcel numbers and active). Contractor will validate their indexing against those two lists to confirm a valid permit number, or if the permit number does not exist yet in Accela, then a valid parcel number.

**1.1.6** Contractor will deliver files in separate groups based on if a permit exists or not.

## **1.2 File Transportation**

Boxes shall be transported from County facility to Contractor's specified facility. Upon arrival, the boxes must be logged into Contractor's production tracking system verifying box label tracking information. Boxes shall move incrementally for preparation and document scanning. Preparation will include the removal of staples, paper clips and other impediments along with identifying fragile or non-standard materials that require special handling.

## **1.3 Document Conversion**

**1.3.1** Contractor shall produce 300 dpi color multi-page searchable PDF files, indexed as described previously. All documents will be scanned double sided, with blank page deletion.

**1.3.2** Index data will be placed in final format TBD in coordination with contractor.

**1.3.3** All pages will be scanned in accordance with the original image. i.e., if in color, scan is expected to also be in color.

**1.3.4** Images will be properly oriented for viewing (right reading).

## **1.4 Quality Control**

Contractor is required to ensure QC process from beginning to end, meaning from receiving, to prep, scan, index, final QC review, and delivery. Contractor will complete 100% QC of each box in the beginning all the way through the test scanning and delivery. Once County accepts the pilot project Contractor will commence limited production and continue 100% QC until they are satisfied, and all checks and balances are working.

Contractor will then reduce the QC percentage down from 100 to 50 to 25 to 10 and as long as they do not see any issues arising during the scanning process. Contractor will continue at 10% throughout the project duration.

Contractor must include a thorough document preparation inspection, scanning/image inspection and a final deliverable audit against original documentation in the not less than 10% of the total project.

Contractor will be responsible to reprocess any missed or illegible documents and will be required to insert the corrected or missing images into the Image Product.

Nevada County will identify and return to Contractor the appropriate missing or illegible Documents upon discovery up to one year post final completion.

## **1.5 Redaction**

Contractor shall redact any SS# and DL#. These will be found primarily on "Agreements to Pay" and "Owner Builder Forms." The contractor will use two methods:

1. As the file is being prepared for scanning staff will visually look for those forms and whether they have SS# and DL# listed and redact them with a sharpie.
2. The documents will be OCR'd for text recognition and the documents can be searched and redacted.

Contractor is responsible to QC all Redacted information and ensure redaction efforts were successful.

**1.6 Deliverable**

Contractor to deliver the digital files to County via Encrypted Electronic File Transfer. Contractor to house in a secure facility during the production phase. No images or data belonging to the County will be retained by Contractor following production acceptance.

**2. SCANNING/PROJECT COORDINATION**

The Contractor is expected to coordinate services with the County Project Manager who will connect the Contractor with the applicable contact within the Agency. It is anticipated that the work will take place over a period of time and in a phased approach working one Department at a time. (for example, Building Dept. then Planning etc.)

Should the Contractor need support throughout the duration of this Contract, the County Project Manager should be contacted immediately in order to keep this project moving forward.

County Project Manager contact information is provided in section 31 of this Contract.

**3. TEST SCANNING**

Upon Contract approval, Contractor will coordinate with the County Project Manager receipt of up to five test boxes to define and refine the transfer of files, scanning clarity, indexing format and quality control process. Once County Project Manager provides acceptance of this process work may proceed as scheduled and coordinated.

**4. MONTHLY CHECK-INS**

Contractor will meet with County Project Manager and designated Department staff to discuss progress and refinement as needed.

**5. DATA UPLOAD**

The County may request the Contractor to upload scanned data into the Accela Software or other land use software systems on behalf of the County. Should this be requested, the County Project Manager will work with the Contractor to establish protocol and ensure data transfer success.

### INSURANCE REQUIREMENTS

**Insurance.** Contractor shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by Contractor, its agents, representatives, or employees. Coverage shall be at least as broad as:

1. **Commercial General Liability CGL:** Insurance Services Office Form CG 00 01 covering CGL on an “occurrence” basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than **\$2,000,000** per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.
2. **Automobile Liability:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if Contractor has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than **\$1,000,000** per accident for bodily injury and property damage.
3. **Workers’ Compensation:** Insurance as required by the State of California, with Statutory Limits, and Employer’s Liability Insurance with limit of no less than **\$1,000,000** per accident for bodily injury or disease.

#### **Other Insurance Provisions:**

The insurance policies are to contain, or be endorsed to contain, the following provisions:

1. **Additional Insured Status: County, its officers, employees, agents, and volunteers are to be covered as additional insureds** on the CGL policy with respect to liability arising out of the work or operations performed by or on behalf of Contractor including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to Contractor’s insurance (at least as broad as ISO Form CG 20 10 11 85 or both CG 20 10, CG 20 25, CG 20 33, or CG 20 38; and CG 20 37 forms if later revisions used.)
2. **Primary Coverage** For any claims related to this contract, **Contractor’s insurance shall be primary** insurance primary coverage at least as broad as ISO CG 20 01 04 13 as respects County, its officers, employees, agents, and volunteers. Any insurance or self-insurance maintained by County, its officers, employees, agents, and volunteers shall be excess of Contractor’s insurance and shall not contribute with it.
3. **Notice of Cancellation** This policy shall not be changed without first giving thirty (30) days prior written notice and ten (10) days prior written notice of cancellation for non-payment of premium to County.
4. **Waiver of Subrogation** Contractor hereby grants to County a waiver of any right to subrogation which any insurer or said Contractor may acquire against County by virtue of the payment of any loss under such insurance. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not County has received a waiver of subrogation endorsement from the insurer.

5. **Sole Proprietors** If Contractor is a Sole Proprietor and has no employees, they are not required to have Workers Compensation coverage. Contractor shall sign a statement attesting to this condition, and shall agree they have no rights, entitlements or claim against County for any type of employment benefits or workers' compensation or other programs afforded to County employees.
6. **Deductible and Self-Insured Retentions** Deductible and Self-insured retentions must be declared to and approved by County. County may require Contractor to provide proof of ability to pay losses and related investigations, claims administration, and defense expenses within the retention. The policy language shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or County.
7. **Acceptability of Insurers:** Insurance is to be placed with insurers authorized to conduct business in the State with a current A.M. Best's rating of no less than A:VII, unless otherwise acceptable to County.
8. **Claims Made Policies** if any of the required policies provide coverage on a claims-made basis:
  - a. The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.
  - b. Insurance must be maintained, and evidence of insurance must be provided for at least five (5) years after completion of the contract of work.
  - c. If the coverage is canceled or non-renewed, and not replaced with another **claims-made policy form with a Retroactive Date**, prior to the contract effective date, Contractor must purchase "extended reporting" coverage for a minimum of **five (5)** years after completion of contract work.
9. **Verification of Coverage** Contractor shall furnish County with original Certificates of Insurance including all required amendatory endorsements (or copies of the applicable policy language effecting coverage required by this clause) and a copy of the Declarations and Endorsement Page of the CGL policy listing all policy endorsements to County before work begins. However, failure to obtain and provide verification of the required documents prior to the work beginning shall not waive Contractor's obligation to provide them. County reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.
10. **Subcontractors** Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that County is an additional insured on insurance required from subcontractors. For CGL coverage subcontractors shall provide coverage with a format at least as broad as CG 20 38 04 13.
11. **Special Risks or Circumstances** County reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.
12. **Conformity of Coverages** If more than one policy is used to meet the required coverages, such as an umbrella policy or excess policy, such policies shall be following form with all

other applicable policies used to meet these minimum requirements. For example, all policies shall be Occurrence Liability policies, or all shall be Claims Made Liability policies, if approved by County as noted above. In no cases shall the types of policies be different.

13. **Premium Payments** The insurance companies shall have no recourse against County and funding agencies, its officers, and employees or any of them for payment of any premiums or assessments under any policy issued by a mutual insurance company.
14. **Material Breach** Failure of Contractor to maintain the insurance required by this Contract, or to comply with any of the requirements of this section, shall constitute a material breach of the entire Contract.
