Re: SR 17-0382

Dear Supervisor Miller,

Please ensure Nevada County Sanitation District #1's budget expends no public funds on Lake Wildwood's transportation infrastructure including excavation, repairs, paving, and the like.

In pursuit of excellence, Lake Wildwood was granted control of its roads by Nevada County Code Sec. G-IV 3.A.27. Paying our own way allows us to exclude legal, licensed motorcycles from our exceptional community. (Wildwood riders can pay \$150/yr. for a space at gate impound lots but riding home is strictly prohibited!) Any tax dollars spent on Lake Wildwood's roads could endanger our ability to be rigidly intolerant of motorcyclists.

Thank you,

John Lippiatt
