Congratulations! We are excited to announce that your organization has been awarded \$20,000 for your submitted proposal titled: **Mobile Hotspots for Circulation in support of the All of Us Research Program**. This project will run between the dates of 08/01/2020-04/30/2021.

At this point, we still need to work with our Office of Contract and Grants Administration to set up your award, which will take several weeks, but, if your institution allows, you do not need to wait for that to finish before proceeding with your project activities. [REDACTED]
