Is there a particular reason why the BOS members deserve a pay raise? I know of nothing any one have done to help the residents of Nevada County -- other than to go along with the government edicts that have harmed businesses and citizens alike.

When the citizens are treated with respect and allowed to go about their life as usual -- and when Board Members can demonstrate their worth to the community - - then -- and only then -- will I consider a pay raise.

Seems to me -- a request such as this deserves to be put out to the community to be voted on. The Board members need to explain why a pay raise is necessary.

People are still struggling financially to recover from the impact of the covid measures you saddled us with. No way do you get a raise.

Meeting: Nevada County Board of Supervisors December 14, 2021, Meeting Agenda

Item: 37. SR 21-0887 (Introduce/Waive further reading) Ordinance amending Article 2 of Chapter II, of the Nevada County Administrative Code - Board of Supervisors, setting the Board of Supervisors compensation for services in alignment with the County elected officials, and deleting the event allowance and the assignment of a County vehicle to Fifth District Supervisor.

eComment: The BOS has done nothing but cause serious harm to this community. They need to be successfully recalled and replaced; not given pay raises. Get them all out!

eComment: I strongly oppose a raise for the board of supervisors. They took a paycheck when they shut down all of our community businesses. They supported lockdowns, damaging the local economy and only rationed a small percentage to local businesses. They should be agreeing to a pay cut. That would be the noble thing to do in a time where so many are out of work and suffering.
