Hi, my name is Jennifer Langton. I live in Greater Nevada City 95959 and I'm just calling I don't know what the number is but I'm calling to support the app the supervisors following the CDC guidelines around moving forward and especially supporting mask use in public. I have an autoimmune condition. I live in close proximity and I'm a prime support of two geriatric parents. I feel so strongly that wearing masks something so simple and easy that will enable us to you know, continue to support each other to support our local businesses. I just feel like that is that is the statement of community solidarity that has to be made right now the idea that everybody can make their own choice. It's just laughable. We're either all in this together or we're all going to fall alone. And I just can't bear that idea part of the reason. I moved to Nevada county home was to support my parents and because I loved the sense of community here and it feels like this is one of those issues where we just really need to stand up and support each other off. So that is my position. Thank you for considering it and I do hope Y'all make the right choice. Thank you.

Hi, my name is Risa Roseman. I live in Grass Valley and code 95945 [REDACTED]. I'd like to comment that I'm full support of a guideline to have Maps Warren in public. I think it's fantastic idea. It's easy to do and I would love it if the board unanimously supported the idea. It helps support our economy. It makes it safe for us to stop and it brings towards to us without any risk of all of us getting sick. Thank you very much. Bye-bye.
