9. **Relationship of Parties**

9.1. **Independent Contractor**

In providing services herein, Contractor, and the agents and employees thereof, shall work in an independent capacity and as an independent contractor and not as agents or employees of County. Contractor acknowledges that it customarily engages independently in the trade, occupation, or business as that involved in the work required herein. Further, the Parties agree that Contractor shall perform the work required herein free from the control and direction of County, and that the nature of the work is outside the usual course of County's business. In performing the work required herein, Contractor shall not be entitled to any employment benefits, Workers' Compensation, or other programs afforded to County employees. Contractor shall hold County harmless and indemnify County against such claim by its agents or employees. County makes no representation as to the effect of this independent contractor relationship on Contractor's previously earned California Public Employees Retirement System ("CalPERS") retirement benefits, if any, and Contractor specifically assumes the responsibility for making such determination. Contractor shall be responsible for all reports and obligations including but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, workers' compensation and other applicable federal and state taxes.

9.2. **No Agent Authority** Contractor shall have no power to incur any debt, obligation, or liability on behalf of County or otherwise to act on behalf of County as an agent. 10. **Assignment and Subcontracting** Except as specifically provided herein, the rights, responsibilities, duties and services to be performed under this Contract are personal to Contractor and may not be transferred, subcontracted, or assigned without the prior written consent of County. Contractor shall not substitute or replace any personnel for those specifically named herein or in its proposal without the prior written consent of County.

Contractor shall cause and require each transferee, subcontractor, and assignee to comply with the insurance provisions and information technology security provisions set forth herein, to the extent such insurance provisions are required of Contractor under this Contract. Failure of Contractor to so cause and require such compliance by each transferee, subcontractor, and assignee shall constitute a material breach of this Contract, and, in addition to any other remedy available at law or otherwise, shall serve as a basis upon which County may elect to suspend payments hereunder, or terminate this Contract, or both.

The Indemnifying Party agrees to investigate, handle, respond to, provide defense for, and defend any such claims, demand, or suit at the sole expense of the Indemnifying Party, using legal counsel approved in writing by Indemnified Party. Indemnifying Party also agrees to bear all other costs and expenses related thereto, even if the claim or claims alleged are groundless, false, or fraudulent. This provision is not intended to create any cause of action in favor of any third party against either Party or to enlarge in any way either Party’s liability but is intended solely to provide for indemnification of the Indemnified Party from liability for damages, or injuries to third persons or property, arising from or in connection with Indemnifying Party’s performance pursuant to this Contract. This obligation is independent of, and shall not in any way be limited by, the minimum insurance obligations contained in this Contract.
13. **Standard of Performance** Contractor shall perform all services required pursuant to this Contract in the manner and according to the standards observed by a competent practitioner of the profession in which Contractor is engaged in the geographical area in which Contractor practices its profession. EXHIBIT A

SCHEDULE OF SERVICES Nevada County Office of Emergency Services, Public Relations Officer (PRO)

Timeline for Services: January 1, 2026 – June 30, 2026

The PRO is expected to work 30 hours per week with the potential to surge to 40 hours per week on an as needed and mutually agreed upon basis. The PRO is to function as the Public Information Officer for OES, tasked with leading all outreach and communications for the department, including on-going activities, seasonally specific initiatives, and pressing priorities (TBD) identified during weekly check-in meetings with the Director of Emergency Services.

Goals

- Continue to push out timely and seasonal “all hazards” communications and “Ready Nevada County” (RNC)/ “Ready, Set, Snow” (RSN) messaging (refer to OES Disaster Engagement Strategy, Outreach and Engagement Wheel); bring like organizations (Firewise Communities, Cities, NGOs etc.) into alignment with seasonally appropriate messaging to achieve peak saturation at key points during the year.
- Increase community literacy around concepts of wildfire mitigation at relevant spatial and temporal scales (i.e. individual stewardship, community/neighborhood resilience, landscape-scale).
- Build community understanding of the types of projects that are needed, best-practices, timelines, and costs so that as grant-funded work is pursued or comes online residents have a basis for understanding.
- Educate with the intent of incentivizing social will for the work that will be needed in perpetuity.
- Reframe primary aspects of website and other platforms at OES disposal to tell compelling and relatable stories.
- Connect with residents in an authentic and personal way while still providing access to core RNC/RSN materials.
- Produce project specific outreach and education materials, including for the Woodpecker Ravine Project, Phases 1 and 2 and the Nevada City and County Deer Creek Fuels Reduction Project.

Note: All public facing materials, messages, and all forms of communications will be approved by OES before being released publicly and/or shared with the stakeholders.

TASK I: Manage OES Social Media Accounts

- Generate and cross-post “all-hazards” content to OES Facebook and Instagram accounts 4-5x per week as well as post to NextDoor, as applicable. Create infographics to communicate key information about wildfire mitigation and climate resilience. Include key defensible statistics/peer-reviewed factoids to bridge the gap between technical analyses and lay-person terminology.
- Compile, edit, and organize image and content library for social media according to the OES Outreach and Engagement Wheel.
- Identify list of key images that are needed for OES PR.

- Incorporate CAL FIRE, California Fire Safe Council, or United States Forest Services branding in posts, as appropriate.
- Develop outreach materials for Woodpecker Ravine Phases 1 and 2.
- Capture key images as opportunities present.

Timeline: January 1, 2026 - June 30, 2026

Deliverable(s): Post text and links; photographs; infographics.

Metric(s) of Success: Post followers, likes, comments, and shares. Identify categories of content and track the most successful posts by content category so that messaging can be refined. Build out network of organizations that are sharing OES content by capitalizing on mission cross-over and targeting opportunities to align.

TASK 2: Maintain Updated OES Website

- Audit website on a quarterly basis to identify out-of-date information, edit redundancies, and fix broken links.
- Audit website on a quarterly basis to take advantage of missed Search Engine Optimization opportunities.
- Manage main page as newsfeed; curate and produce stories to post on a timely basis (1-2 x per week).
- Update Project Pages as new project information becomes available so that project pages are “one-stop-shop” for project information.
- Create and maintain digital “Resource Library” (strategic plans, statewide action plans, peer reviewed literature etc.).
- Produce new Project Pages as needed, including pages for Woodpecker Phases 1 and 2 and Nevada City and County Deer Creek Fuels Reduction Project.
- Update OES YouTube channel to maximize Search Engine Optimization functionality.

Timeline: January 1, 2026 - June 30, 2026

Deliverable(s): Up to date website.

Metric(s) of Success: Increased website traffic; increased feedback from community members in a multitude of settings (Virtual Office Hours, Town Halls, public meetings etc.) that indicates personal connection and understanding of pertinent wildfire mitigation issues; downloads/views of materials in the Resource Library.

TASK 3: Produce and Disseminate Press Releases

- Produce all press releases for OES.
- Draft releases, procure quotes and permissions, finalize and send to media project/event specific releases.

9. **Verification of Coverage** Contractor may be requested to furnish County with original Certificates of Insurance including all required amendatory endorsements (or copies of the applicable policy language effecting coverage required by this clause) and the County reserves the right to request a copy of the Declarations and Endorsement page of the CGL policy listing all policy endorsements to County before work begins. Failure to obtain and provide verification of the requested/required documents prior to the work beginning shall not waive Contractor's obligation to provide them. County reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.
10. **Subcontractors** Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that County is an additional insured on insurance required from subcontractors. For CGL coverage subcontractors shall provide coverage with a format at least as broad as CG 20 38 04 13.
