ATTN: Richard Anderson.

Please encourage the BOS to send a message discouraging visitors to Nevada County (to amend) the Town of Truckee message discouraging visiting the Truckee-Tahoe Region on weekends through August 17th.

Please issue a strong statement discouraging visitation at all times until after Labor Day. The traffic and trash impacts are visible all week long. If restaurants and shops were available to the resident population, we may be able to help sustain our local businesses. AS it is now, no one among my resident neighbors and friends want to venture anywhere the crowds are gathering, especially downtown Truckee, and probably Grass Valley/NC is similar. No mandatory sidewalk mask ordinance enforcement. Lake and river areas are being destroyed.

Please help us contain this potential spread from our limited resources.

Please reach out to Gov. Newsom and encourage State Wide ordinances to shelter in your own town or County. People DO listen to those messages.

Thank you. Lillian
